## MEDICAL DEPARTMENT.

**Calcutta.** *No. 1025Medl.—The 27th March 1919.*—Major W. V. Coppinger, I.M.S., did general duty at the Medical College Hospitals, Calcutta, from the 1st to the 10th March 1919.

**Khulna.** *No. 1053Medl.—The 31st March 1919.*—Third Grade Assistant Surgeon Pashupati Mitra, Medical Officer, Eastern Bengal Railway, Khulna, is appointed temporarily to act as Civil Surgeon of that district, in addition to his own duties, during the absence, on leave, of Babu Sarashi Lal Sarkar, officiating Civil Surgeon.

J. DONALD,
*Secy. to the Govt. of Bengal.*

## NOTIFICATION.

*No. 1035Medl.—The 28th March 1919.*—It is hereby notified for general information that the Governor in Council is pleased to make the following modifications in the rules for the management, admission and training of students in the Government Medical Schools, published under Notification No. 228T.—Medl., dated the 4th October 1916, at pages 1883-1898 of Part I of the *Calcutta Gazette* of the 11th idem, as subsequently amended, viz.—

(1) *Substitute* the following revised rules *for* existing rules 16, 17 and 18, respectively :—

*Rule 16. Admission.*—Every male student before admission shall pay an entrance fee of Rs. 6 and the first quarterly instalment Rs. 18-12 of the tuition fee. He shall also pay the annual sports and athletic club fee of Rs. 2.

*Rule 17.* Muhammadan students are required to pay full fees, but a certain number of Muhammadans will obtain on application certain scholarships from the Mohsin Fund the value and number of which will depend on the amount of the grant available from that Fund.

*Rule 18. Tuition fee.*—The tuition fee of Rs. 75 a year shall be paid in quarterly instalments of Rs. 18-12 in advance on or before the 15th of the first month of the quarter for which it is due. Should the 15th fall on a Sunday or school holiday, the fee shall be payable on the reopening day. In the case of Durga Puja and Summer vacations the fees shall be paid in full before departure. Otherwise a late fee of Re. 1 shall be paid in the case of payments not made up to the 20th and a late fee of Rs. 2 in the case of payments not made up to the end of the month. Failure to pay all fees due in full by the last day of the month shall automatically entail removal of the student's name from the rolls until the commencement of the next Summer session.

*N.B.*—Students admitted before July 1919 will continue to pay their tuition fee at the old rate of Rs. 4 a month, subject to the conditions set forth in this rule.

(2) *Rule 21.*—In line 1 *for* "Rs. 4" *substitute* "Rs. 6" and *omit* "(or Rs. 2 in the case of a Muhammadan)".

(3) *Rules 23 and 39.—For* "Rs. 4" *substitute* "Rs. 6".

J. DONALD,
*Secy. to the Govt. of Bengal.*

***Order by the Governor of Bengal in Council.***

### MUNICIPAL AND LOCAL.

NOTIFICATIONS.

**24-Parganas.**

*No. 977M.—The 26th March 1919.*—In exercise of the power conferred by section 86 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to sanction the levy under sub-section (*la*) of section 279 of that Act of a water-rate within Wards II and III of the Baranagore Municipality, in the district of the 24-Parganas, which may vary with the distance of houses or lands from the nearest stand-pipe or other source of water-supply, within the aforesaid wards.

2. In exercise of the power conferred by clause (*a*) of the first proviso to section 279 of the said Act, the Governor in Council is pleased to direct that the water-rate shall not be levied upon any house or land within Wards II and III of the said municipality, no part of which lies within a radius of 500 feet from the nearest stand-pipe or other supply of water available to the public.

**Calcutta.**

*No. 990M.—The 28th March 1919.*—In pursuance of section 49, sub-section (*1*) of the Calcutta Improvement Act, 1911 (Bengal Act V of 1911), it is hereby notified for general information that, in exercise of the power conferred by section 48 of that Act, the Governor in Council is pleased to sanction the Street Scheme known as Scheme No. XIV (Shambazar Park), which has been submitted to him by the Board of Trustees for the Improvement of Calcutta under section 47 of the said Act.

2. The boundaries of the area comprised in the scheme are as follows:—

*North*—From a point on Canal West Road which is 40 feet north-east from the south-eastern corner of No. 46, Canal West Road, running westwards in a straight line to a point on the western edge of Raja Dinendra Narayan Roy Street.

*West*—From this point southwards along the western edge of Raja Dinendra Narayan Roy Street to a point at the junction of the said street and the widened Dhania Bagan Road.

*South*—From this point south-eastwards in a line along the northern edge of the widened Dhania Bagan Road and its proposed extension to Canal West Road. Thence south-eastwards, about 40 feet to the centre of Canal West Road.

*East*—From this point approximately northwards in a line along the centre line of Canal West Road to the starting point.

3. A list of holdings to be acquired is annexed.

4. A plan of the proposed lay-out of the area included in the scheme can be inspected at the office of the Calcutta Improvement Trust, No. 5, Clive Street, Calcutta.

LIST OF HOLDINGS TO BE ACQUIRED.

*Government lands.*

| | |
|---|---|
| Canal West Road | ... 40 (portion), 41, 43, 44, 45, 46 (portion), 46-1. |

*Corporation lands.*

In addition to the details required on the statement clear information should be given below under the following heads:—

| | |
|---|---|
| (*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the borrowing body has taken or has agreed to take in order to make good the deficiency. | (*a*) The ordinary surplus will be sufficient to meet the charges of the proposed and previous loans. The loan of Rs. 40,000 which this Municipality took from Government and for which the Municipality has to pay two instalments of Rs. 2,146-4-2 each annually will be completely paid up in November 1919. The present loan is intended to take the place of that loan and there will be no difficulty in paying the two annual instalments of Rs. 2,016-7-8 each for the new loan. Moreover, the income of the Municipality will be considerably increased by the revision of assessment which is now going on, and by increasing the percentage of latrine-fees and water-rate. |
| (*b*) The reserve of taxation or other possible means of increase in the revenue of the local body. | (*b*) Introduction of meters which is under contemplation, and if necessary a further increase in the percentage of latrine-fees. |
| (*c*) A statement of all outstanding loans as well as the annual charges involved on their account. | (*c*) Outstanding balance of the several loans taken from Government amount to Rs. 1,44,706-8-1. |

Annual charges on account of principal and insterest of above loans are—

Loan of Rs. 40,000—Rs. 4,892-8-4 in 2 instalments up to 5th November 1919.

Loan of Rs. 1,12,000—Rs. 8,188-7-8 in 2 instalments up to 1st February 1933.

Loan of Rs. 63,000—Rs. 4,605-15-10 in 2 instalments up to 15th May 1934.

The balance will be nil after payment of the principal and interest on 15th May 1934 if no other loans are taken.

**Burdwan.**

*No. 981 L.S.-G.—The 27th March 1919.*—The following draft of an order, which the Governor in Council intends to make under section 38 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 9th May 1919, and any objection or suggestion, which may be received by the undersigned through the Magistrate of the district before that date, will be duly considered.

*Draft order.*

In exercise of the power conferred by section 38 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to constitute the following group of villages in thana Ausgram, in the district of Burdwan, into a Union :—

| Name of the District Board within whose jurisdiction the Union is constituted. | Name of Union. | Number of members of which the Union Committee shall consist. | Names of villages which constitute the Union, with their numbers in jurisdiction list. | Boundaries of the Union. |
|---|---|---|---|---|
| Burdwan ... | Ghushkara | 9 | Keleti ... 161<br>Punyagar ... 163<br>Dharmapur ... 164<br>Doluipur ... 165<br>Kamalnagar ... 166<br>Dilalpur ... 167<br>Ghushkara ... 168<br>Itachanda or Halimpur ... 169<br>Ramchandrapur Chak ... 170<br>Sihda ... 171<br>Diasa ... 172<br>Noada ... 173<br>Nandanpur or Aligram ... 111 | North—<br>Villages Soara 119, Sibrambati 159 and Digha 160.<br>East—<br>The boundaries of thanas Sahebgunj and Mangalkote.<br>South—<br>Villages Belgram 174 and Dignagar 110.<br>West—<br>Villages Dignagar 110, Dariapur 114, Alutia 115, Kantatikri 162 and Soara 119. |

2. In exercise of the power conferred by section 41 of the same Act, the Governor in Council is pleased to direct that three of the members of the said Ghushkara Union shall be appointed by the Commissioner of the Burdwan Division and six of them shall be elected as prescribed by section 39 of the Act.

3. This cancels Notification No. 414L.S.-G., dated the 4th February 1919.

L. S. S. O'MALLEY,
*Secy. to the Govt. of Bengal.*

## PART II.

### *Advertisements.*

## LAND SALE NOTICES.

### Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Rajshahi, will be put up to sale at the Rajshahi Collectorate, on 23rd June 1919, corresponding with 8th Asar 1326 :—

The purchaser will be subject to the following conditions of sale :—

*Conditions of sale.*

*1st.*—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

*2nd.*—The sale to be subject to the existing leases and to the rights conferred by the settlement proceedings, and by the laws in force ; and purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

*3rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

*4th.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

| Number on the district roll. | Name of the estate and pargana. | Approximate area in acres. | Government revenue assessed. | Remarks. |
|---|---|---|---|---|
| Tauzi No. 773 of the Rajshahi Collectorate | 1½ anna share of estate Jalanda, pargana Gangarampur. | A. R. P.<br>27 2 13 | Rs. A. P.<br>9 6 0 | The Government interest which is 1½ anna of the entire estate will be sold. |

Collector's Office, Rajshahi, the 13th March 1919.

CASSELL, Collector.

## Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Burdwan-Howrah Chord Railway, in the district of Hooghly, will be put up to sale at 12-30 o'clock on Saturday, the 17th May 1919, corresponding with the 3rd Jaista 1326 B.S. at Sheoraphully railway station.

The purchasers of the several plots of land will be subject to the following conditions :—

*1st*—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

*2nd*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th*—The plots of land will be sold revenue-free to the highest bidders.

*5th*—The purchasers shall be put in possession on receipt by the Collector of the orders of the Commissioner confirming the sale.

SUMMONS FOR DISPOSAL OF SUIT.

(ORDER 5, RULES 1 AND 5.)

**In the Court of the Munsif at Hathras, District Aligarh.**

SUIT No. 690 OF 1918.

Seth Chiranji Lal, adopted son of L. Mohan Lal Vaish Churuwal, resident of Hathras, plaintiff, *versus* Dr. Khirod Chandra Chatterji, son of Rashk Bihari Lal, Bengali, residing at Sri Rampur Bandibai, district Hooghly, defendant.

To Dr. Khirod Chandra Chatterji.

WHEREAS the plaintiff has instituted a suit against you for Rs. 816-8, you are hereby summoned to appear in this Court in person or by a pleader duly instructed and able to answer all material questions relating to the suit, or who shall be accompanied by some person able to answer all such questions on the 24th day of April 1919, at 10 o'clock in the forenoon, to answer the claim; and, as the day fixed for your appearance is appointed for the final disposal of the suit, you must be prepared to produce on that day all the witnesses upon whose evidence, and all the documents upon which, you intend to rely in support of your defence.

Take notice that, in default of your appearance on the day beforementioned, the suit will be heard and determined in your absence.

Given under my hand and the seal of the Court, this 25th day of March 1919.

[ILLEGIBLE], Munsarim.

4. The contractors may quote for all the items or any of items I, II, III and IV Rates quoted should include the supply of all materials and Tools and Plant necessary

5. The amount of the earnest money will be returned in full to unsuccessful tenderers.

6. A three-storied building will also be constructed for menials' godowns, for which tenders will be called as soon as the specification has been decided.

7. The successful tenderer will be required to deposit 5 per cent. in G. P. Notes on their market value as security for the due performance of the contract work.

D. J. BLOMFIELD, Captain,
Executive Engineer, Darjeeling Division.

Darjeeling, the 20th March 1919.

## Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Unconvenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three-and-a-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries, Imperial Secretariat Buildings, Calcutta.

*Paper No. 21*—Letter No. C.M.-2-1919, dated the 11th February, 1919, from the Secretary, Calcutta Trades Association.

WE, the undersigned Members of the Select Committee to which the Bill to make provision for the prevention of adulteration of food in Bengal was referred, have considered the Bill and the papers noted in the margin, and have the honour to submit this, our Report, with the Bill as amended by us, annexed hereto.

In reprinting the Bill, all changes made by us have, so far as possible, been underlined, but in the present Report we refer specifically to such changes only as appear to us to be of major importance. A few minor alterations are not discussed.

2. *Clause 1, sub-clause (1).*—We have altered the short title to "the Bengal Food Adulteration Act," as indicating more clearly the scope of the proposed Act.

*Sub-clause (2).*—We have provided for previous publication of notifications under this sub-clause [*see* section 24 of the Bengal General Clauses Act, 1899], in order to give the public reasonable notice of the proposed extension of the Act to any local area in respect of any specified article of food.

3. *Clause 2, sub-clause (1).*—The definition of "adulterated" has been revised on the lines of section 1(7) of the Sale of Food and Drugs Act, 1899 (62 & 63, Vict., c. 51), so as to make it more comprehensive.

*Sub-clause (2).*—The definition of "food" has also been extended on the lines of section 26 of the same Statute.

*Sub-clause* (*3*).—The definition of "local area" has been put in general terms.

*Sub-clause* (*4*).—The Municipal Commissioners have been substituted for the Chairman of a Municipality as being more appropriate, and in the case of a local area other than a Municipality or a Cantonment, power has been given to the Local Government to appoint the local authority for that area.

*Sub-clause* (*5*).—The alteration made in the definition of "public analyst" is consequential on the amendment made in clause 3.

4. *Clause 3.*—Provision has been made for the appointment of a public analyst by a local authority with the approval of the Local Government.

5. *Clause 4* has been revised so as to follow more closely the wording of section 4 of the Sale of Food and Drugs Act, 1899.

6. *Clause 5, sub-clause* (*1*).—In this sub-clause, and also in *sub-clauses* (*1*) *and* (*2*) *of clause 6*, certain alterations have been made in order to make it clear that the prohibitions contained in these sub-clauses are to apply not only to the vendor but also to any person acting on his behalf.

The words "or is represented" have been inserted in order to make the intention of the clause clearer.

*Provisos* (*c*) *and* (*d*) *to sub-clause* (*1*) have been omitted. As regards proviso (*c*), we consider that the provisions regarding warranties would tend to defeat the object of the Bill. As regards proviso (*d*), we are of opinion that its retention would protect dealers who sell adulterated articles purchased from others, knowing them to be adulterated.

7. *Clause 6, sub-clause* (*1*).—We have omitted the reference in the first two lines in the original Bill to the proposed section 5 as we consider it inappropriate.

A reference to sterilized and desiccated milk in addition to condensed milk has been inserted. Specific provisions as regards "wheat flour" have also been embodied.

*Sub-clause* (*1*) (*iii*).—The condition as regards "ghee" has been restricted to substances derived from the milk of cows and buffaloes, with the exception of curds, which have been definitely excluded.

The provision that ghee "shall fulfil such conditions as may be prescribed by the Local Government" has been inserted as we consider it desirable that the Government should notify the standard in the case of ghee as well as in the cases of milk and butter under *sub-clauses* (*i*) *and* (*ii*).

*Sub-clause* (*3*) has been omitted, as we consider its provisions would tend to make prosecutions nugatory.

8. *Clause 7.*—The omission of this clause is consequential on the omission of the reference to a warranty in clauses 5 (*1*) and 6.

9. *Clause 8*(*1*).—The word "manufactory, shop or place" have been substituted for "factory" in order to make the intention clearer.

10. *Clause 15* (*2*), *proviso.*—We have made an alteration so as to allow the Court to order an analysis on its own initiative.

We have also substituted the Sanitary Commissioner for Bengal for the Chemical Examiner to Government, as being the officer on whom the work of analysis would ordinarily devolve. As it may not be possible for the Sanitary Commissioner to deal with all cases of analysis provision has been made to enable the Local Government to appoint other officers for this purpose.

11. *Clause 18, sub-clause* (*2*) has been omitted in view of the provisions of section 555 of the Code of Criminal Procedure, 1898, and the fifth schedule to that Code.

12. *Clause 19.*—We have inserted a provision in this clause in respect of the crediting of fines, etc., to the district fund.

13. *Clause 19A.*—We consider it advisable to make persons acting under clause 13 "public servants" within the meaning of the Indian Penal Code.

14. *Clause 20(2) (a).*—The amendment made here is consequential on the alteration made in clause 4.

15. *Clause 21.*—We have provided for the punishment of imprisonment for a period not exceeding three months for a second or subsequent breach of the provisions of clauses 5(*1*), 6(*1*) and 6(*2*). The imprisonment may be imposed as an alternative to, or in addition to, the fine prescribed by the Bill as introduced, for a subsequent offence.

16. *The Schedule.*—In the fourth foot-note the provision allowing the analyst to record his opinion as to "whether ingredients or materials mixed are or are not injurious to health", has been omitted, as being a matter outside the scope of the analyst's duties.

17. We recommend that the Bill, as thus amended, be passed.

A

# BILL

*to make provision for the prevention of adulteration of food in Bengal.*

WHEREAS it is expedient to make provision for the prevention of adulteration of food in Bengal;

It is hereby enacted as follows:—

## CHAPTER I.

### PRELIMINARY.

**1.** (*1*) This Act may be called the Bengal Food Adulteration Act, 1919.

(*2*) This section shall extend to the whole of Bengal, except Calcutta as defined in clause (*7*) of section 3 of the Calcutta Municipal Act, 1899; and the Local Government may, after previous publication, by notification in the *Calcutta Gazette*, extend all or any of the other sections of this Act to any local area outside Calcutta in Bengal.

(*3*) The Local Government in extending all or any of the sections of this Act, as provided in sub-section (*2*), may extend the same in respect of all articles of food or may limit the operation of the section or sections extended to any specified article of food.

**2.** In this Act, unless there is anything repugnant in the subject or context,—

(*1*) an article of food shall be deemed to be "adulterated" if it has been mixed or packed with any other substance, or if any part of it has been abstracted so as in either case to affect injuriously its quality, substance or nature;

(*2*) "food" includes every article used for food or drink by man, other than drugs or water, and any article which ordinarily enters into or is used in the composition or preparation of human food; and also includes flavouring matters and condiments;

(*3*) "local area" means any area, urban or rural, declared by the Local Government by notification in the *Calcutta Gazette* to be a local area for the purposes of this Act;

(*4*) "local authority" means—

(*i*) in the case of any Municipality, the Municipal Commissioners;

(*ii*) in the case of a Cantonment, the cantonment authority; and

*(Chapter I.—Preliminary.—Chapter II.—General Provisions.—Clauses 3—5.)*

(*iii*) in the case of any other local area, such authority or officer as the Local Government may appoint in this behalf;

(*5*) "public analyst" means any person appointed by the Local Government, or by a local authority with the approval of the Local Government, to perform the duties and to exercise the powers of a public analyst prescribed by this Act.

**3.** The Local Government, or a local authority with the approval of the Local Government, may appoint a person to be the public analyst for any area under their control, and such appointment shall be notified in the *Calcutta Gazette*.

**4.** The Local Government may declare the normal constituents of any article of food and may determine, by rules in this behalf, what deficiency in any of these constituents, or what addition of extraneous matter or proportion of water in a sample of any article of food, shall, for the purposes of this Act, raise a presumption until the contrary is proved that the article of food is not genuine or is injurious to health; and a public analyst shall have regard to such rules in certifying the result of an analysis under this Act.

## CHAPTER II.

### GENERAL PROVISIONS.

*Sale of food.*

**5.** (*1*) No person shall, directly or indirectly, himself or by any other person on his behalf, sell to the prejudice of the purchaser any article of food which is not of the nature, substance or quality of the article demanded by such purchaser; and no person shall, directly or indirectly, himself or by any other person on his behalf, manufacture for sale any article of food which is not of the nature, substance or quality which it purports or is represented to be :

Provided that an offence shall not be deemed to be committed under this section in the following cases, that is to say :—

(*a*) where any matter or ingredient not injurious to health has been added to any article of food because the same is required for the production or preparation thereof as an article of commerce, in a state fit for carriage or consumption, and not fraudulently to increase the bulk, weight or measure of the article or to conceal the inferior quality thereof; or

(*b*) where any article of food is unavoidably mixed with some extraneous matter in the process of collection or preparation; or

(*c*) (*Omitted.*)

(*d*) (*Omitted.*)

*(Chapter II.—General Provisions.—Clause 6.)*

(*e*) where a patent has been granted under any law for the time being in force in respect of any article of food, and the article is sold in the state required by the specification of the patent.

(*2*) In any prosecution under this section it shall be no defence to allege that the vendor or manufacturer was ignorant of the nature, substance or quality of the article sold, exposed for sale or manufactured for sale, by him.

(*3*) In any prosecution under this section the Court shall, unless and until the contrary is proved, presume that any article of food found in the possession of a person who is in the habit of manufacturing like articles for sale has been manufactured for sale by such person.

Prohibition of sale, etc., of articles of food which are not of the prescribed standard of purity.

**6.** (*1*) No person shall, directly or indirectly, himself or by any other person on his behalf, sell, expose for sale, or manufacture or store for sale, any of the following articles, namely :— [*Cf.* Bom. Act III of 1888, ss. 415 and 417A.]

(*a*) milk (other than condensed, sterilized or desiccated milk in hermetically closed receptacles),

(*b*) butter,

(*c*) ghee,

(*cc*) wheat flour,

(*d*) mustard oil, and

(*e*) any other article of food which may be notified by the Local Government in this behalf,

unless the following conditions are fulfilled, namely :—

(*i*) in the case of milk (other than condensed, sterilized or desiccated milk in hermetically closed receptacles), the animal from which the milk is derived shall be definitely stated in such manner as the local authority may, by general or special order, require, and the article sold, exposed for sale or stored for sale, as the case may be, shall be the natural secretion from the udder of such animal, from which no ingredient has been extracted and to which no water or other substance (including any preservative) has been added, and shall not contain a less proportion of non-fatty solids and of fat than such as the Local Government may prescribe;

(*ii*) in the case of butter, it shall be exclusively derived from milk or cream (other than condensed, sterilized or desiccated milk, or cream), or both, with or without salt or other preservative, and with or without the addition of colouring matter, such preservative or colouring matter being of such a nature and in such quantity as not [*Cf.* 50 & 51 Vict., c. 29, s. 3; and 7 Edw 7, c. 21, ss 3 (b) and 4.]

*(Chapter II.—General Provisions.—Clauses 7, 8.)*

to render the article injurious to health, and shall not contain a greater proportion of water than may be prescribed by the Local Government in this behalf;

(*iii*) in the case of ghee, it shall contain only substances, other than curds, which are derived exclusively from the milk of cows or of buffaloes, and shall fulfil such conditions as may be prescribed by the Local Government;

(*iii a*) in the case of wheat flour, it shall not contain any substance which is not derived exclusively from wheat;

(*iv*) in the case of mustard oil, it shall be derived exclusively from mustard seed; and

(*v*) in the case of any food notified by the Local Government under clause (*e*), it shall fulfil such conditions as may be prescribed by the Local Government in regard to such food.

(*2*) No person shall, directly or indirectly, himself or by any other person on his behalf, sell, expose for sale, or manufacture or store for sale anything which is similar to any of the articles specified in clauses (*a*), (*b*), (*c*), (*cc*) and (*d*) of sub-section (*1*) or to any article notified by the Local Government under clause (*e*) of that sub-section, under a name which in any way resembles the name of such article.

(*3*) (*Omitted.*)

(*4*) In any prosecution under this section it shall be no defence to allege that the vendor, manufacturer or storer was ignorant of the nature, substance or quality of the article sold, exposed for sale, or manufactured or stored for sale, by him.

(*5*) In any prosecution under this section the Court shall, unless and until the contrary is proved, presume that any of the articles specified in clauses (*a*), (*b*), (*c*), (*cc*) and (*d*) of sub-section (*1*) or any article notified by the Local Government under clause (*e*) of that sub-section found in the possession of a person who is in the habit of manufacturing or storing like articles for sale, has been manufactured or stored for sale by such person.

**7.** (*Omitted.*)

Prohibition of adulterants in places where ghee, wheat flour etc., are manufactured.

**8.** (*1*) No person shall keep or permit to be kept in any manufactory, shop or place, in which butter, ghee, wheat flour, mustard oil or any article notified by the Local Government under clause (*e*) of sub-section (*1*) of section 6 is manufactured, any substance intended to be used for the adulteration of such butter, ghee, wheat flour, mustard oil or other article. [*Cf.* Ben. Act III of 1899, s. 49 B.]

(*2*) If any article capable of being so used is found in such manufactory, shop or place, the Court shall, unless and until the contrary is proved, presume in any prosecution under this section that it is intended to be used for the purposes of adulteration.

*(Chapter II.—General Provisions.—Clauses 9—11.)*

Receptacles for separated or skimmed condensed milk to be marked

**9.** No person shall sell or expose for sale any tin or other receptacle containing condensed milk which has been separated or skimmed, unless such tin or receptacle bears a label on which and on its wrapper (if any) it is clearly indicated, both in English and in Bengali, that the milk has been skimmed and is not suitable for feeding infants under one year of age. [Hongkong Ordinance No 20 of 1911, s. 2.]

*Analysis of food.*

Power of purchaser to have article of food analysed.

**10.** Any purchaser of an article of food shall be entitled, on payment of such fee as the Local Government may prescribe, to have such article analysed by the public analyst appointed for the area within which such article is purchased and to receive from him a certificate, in the form prescribed in the Schedule to this Act, of the result of his analysis. [*Cf.* U. P. Act VI of 1912, s. 7.]

Compulsory sale of food, etc., for purpose of analysis.

**11.** (*1*) Any person duly authorised by the Local Government or by any local authority empowered by the Local Government in this behalf, may require, on tendering the price for it, the sale to him during the process of manufacture, for the purpose of analysis, of such quantity of— [*Cf.* Ben. Act III of 1899, s. 507.]

(*i*) any food, or

(*ii*) any ingredients used in the manufacture of food,

as is reasonably requisite for division and disposal under section 12; and any person in possession of the said food or ingredients shall be bound to sell such quantity.

(*2*) Any person duly authorised by the Local Government or by any local authority empowered by the Local Government in this behalf, may also require the surrender to himself, for the purpose of analysis, of such quantity as is reasonably requisite for division and disposal under section 12, of any food which for the purpose of sale is—

(*a*) in course of transit in any local area, or

(*b*) stored in any place in the said local area;

and any person in possession of the said food shall be bound to surrender such quantity:

Provided that in every such case the price of the food so surrendered shall be payable from such fund as the Local Government may prescribe to the owner of the food, if claimed by such owner within one month from the date of the said surrender.

(*3*) Any person duly authorised by the Local Government or by any local authority empowered by the Local Government in this behalf, may also require, by tender of the price, the sale to him, for the purpose of analysis, of such quantity of any food exposed or intended for sale, as is reasonably requisite for division or disposal under section 12; and any person in possession of or exposing the same for sale shall be bound to sell such quantity.

*(Chapter II.—General Provisions.—Clauses 12—14.)*

Procedure for analysis of food

**12.** (*1*) Any purchaser who wishes to have an article of food analysed under section 10, and any person who purchases, for the purpose of analysis, a sample of food under section 11, sub-section (*1*) or sub-section (*3*), shall, after the purchase has been completed, forthwith notify to the seller, or his agent selling the article, his intention to have the same analysed, and shall divide the article into three parts, to be then and there separated, and each part to be marked and sealed or fastened up in any manner which its nature will permit. [*Cf.* U. P. Act VI of 1912, s. 9.]

(*2*) The person purchasing the article or sample shall deliver one of the said parts to the seller or his agent, and shall retain another part for future comparison, and shall send the remaining part to the public analyst appointed for the area where the article is sold.

(*3*) When any food is surrendered under section 11, sub-section (*2*), the person to whom it is surrendered shall forthwith notify to the person in charge of the said food his intention to have the same analysed, and shall thereupon deal with the food so surrendered in the manner provided in sub-sections (*1*) and (*2*). [*Cf.* Ben. Act III of 1899, s. 507 (2).]

*Inspection and seizure of food.*

Power to seize food which is believed to be adulterated.

**13.** (*1*) Any person duly authorised in this behalf by rule made under this Act may, at any time by day or by night, inspect and examine any food which is being manufactured for sale, or is in course of transit or stored for sale, or is hawked about or exposed for sale, and any utensil or vessel used for preparing, manufacturing or containing any such food; and no person shall offer resistance to, or obstruct, any such inspection or examination. [*Cf.* Ben. Act III of 1899, s. 503.]

(*2*) If the person so authorised has reason to believe any such food to be adulterated, he may seize and remove such food, utensil or vessel in order that the same may be dealt with in accordance with the provisions of section 14; and no person shall offer resistance to, or obstruct, any such seizure or removal.

(*3*) The person authorised as aforesaid may, instead of carrying away any food, utensil or vessel seized under sub-section (*2*), leave the same in such safe custody as he thinks fit in order that the same may be dealt with as provided in section 14; and no person shall remove such food, utensil or vessel from such custody or interfere or tamper with the same in any way while so detained.

(*4*) When any food is seized under sub-section (*2*), the person seizing it shall separate therefrom such quantity as is reasonably requisite for division and disposal for the purposes of this sub-section, and shall thereupon divide and dispose of such quantity in the manner provided in section 12, sub-sections (*1*) and (*2*).

Food, etc., seized under section 13 to be taken before Magistrate.

**14.** (*1*) Any food, utensil or vessel seized under section 13, sub-section (*2*), shall, subject to the provisions of sub-sections (*3*) and (*4*) of that section, be taken as soon as may be after such seizure, before a Magistrate. [*Cf.* Ben. Act III of 1899, s. 505.]

*(Chapter II.—General Provisions.—Clauses 15—18.)*

(2) If it appears to the Magistrate that any such food is adulterated, or that any such utensil or vessel is used for preparing, manufacturing or containing the same, he shall cause the food, utensil or vessel to be forfeited to the local authority for the area in which the seizure has taken place, in order that it may be destroyed or otherwise disposed of by that authority, at the cost of the person in whose possession it was at the time of its seizure, and such cost shall be realized as if it were a fine imposed under this Act.

(3) If it appears to the Magistrate that any such food is not adulterated, or that any such utensil or vessel is not used for preparing, manufacturing or containing the same, the person from whose shop or place the food, utensil or vessel was taken shall be entitled to have it restored to him, and it shall be in the discretion of the Magistrate to award to such person from such fund as the Local Government may prescribe in this behalf, such compensation, not exceeding the actual loss which he has sustained, as the Magistrate may think proper.

*Miscellaneous.*

Duty of public analyst to supply certificate of analysis.

**15.** (1) Every public analyst to whom any article of food has been submitted for analysis under this Act, shall deliver to the person so submitting it a certificate in the form prescribed in the Schedule to this Act, specifying the result of his analysis, and shall send a copy of the same to the local authority concerned. [*Cf.* U. P. Act VI of 1912, s. 11.]

(2) Any document purporting to be such certificate signed by a public analyst shall be sufficient evidence in any inquiry, trial or proceeding under this Act of the result of such analysis:

Provided that any Court before which a case may be pending under this Act, whether exercising original, appellate or revisional jurisdiction, may, of its own motion, or at the request either of the accused or the complainant, cause any article of food to be sent for analysis to the Sanitary Commissioner for Bengal, or any other officer whom the Local Government may appoint in this behalf, who shall thereupon analyse the same and report the result of such analysis to the said Court; and the expense of such analysis shall be paid by the accused or the complainant as the Court may, by order, direct.

Cognizance of offences.

**16.** No prosecution for any offence under this Act shall be instituted without the order or consent in writing of the local authority within whose jurisdiction the offence is committed. [*Cf.* U. P. Act VI of 1912, s. 12.]

Jurisdiction.

**17.** No Magistrate whose powers are less than those of a Magistrate of the second class shall try any offence under this Act. [*Cf.* U. P. Act VI of 1912, s. 13.]

Limitation for prosecutions.

**18.** (1) No summons shall issue for the attendance of any person accused of an offence under this Act unless the same is applied for within thirty days from the date upon which the order or consent referred to in section 16, shall have been made or given. [*Cf.* U. P. Act VI of 1912, s. 15.]

*(Chapter II.—General Provisions.—Clauses 19-20.)*

*(2) (Omitted.)*

Fines, etc., how to be credited

**19.** All fines realised under this Act in any local area to which all or any of the sections of this Act have been extended, and all other sums, if any, which the Local Government may direct to be utilized for the purposes of this Act, shall be credited—

(*i*) to the municipal fund, if the local area be within the limits of any Municipality;

(*ii*) to the cantonment fund, if the local area be within the limits of any Cantonment;

(*ii a*) to the district fund, if the local area be within the jurisdiction of any District Board; or

(*iii*) to such fund as the Local Government may direct, in the case of any other local area.

Certain persons to be deemed public servants.

**19A.** Every person authorised under section 13 shall be deemed to be a public servant within the meaning of section 21 of the Indian Penal Code. Act XLV of 1860.

Power of Local Government to make rules.

**20.** (*1*) The Local Government may, subject to the condition of previous publication, make rules to carry out the purposes of this Act. [*Cf.* Ben Act VI of 1914, s 33.]

(*2*) In particular, and without prejudice to the generality of the foregoing power, the Local Government may make rules—

(*a*) determining what deficiencies in or additions to any article of food, the normal constituents of which have been declared under section 4, shall raise the presumption that such article is not genuine or is injurious to health;

(*b*) prescribing the proportion of non-fatty solids and of fat which must be contained in milk sold, exposed for sale or stored for sale;

(*c*) prescribing the maximum proportion of water which may be contained in butter sold, exposed for sale or stored for sale;

(*d*) prescribing the conditions to be fulfilled by any food notified by the Local Government under clause (*e*) of sub-section (*1*) of section 6;

(*e*) providing for the appointment by the Local Government, or by any local authority empowered by the Local Government in this behalf, of persons to perform the duties and to exercise the powers mentioned in section 11, or section 13;

(*f*) prescribing the fees to be charged by a public analyst for analysing articles of food under this Act; and

(*g*) prescribing the funds to which fines and other sums shall be credited under clause (*iii*) of section 19.

*(Chapter III.—Penalties.—Clause 21.)*

## CHAPTER III.

### PENALTIES.

Penalties

**21.** Whoever contravenes any of the provisions of this Act mentioned in the first column of the following table shall be punished, for a first offence, with fine to the extent mentioned in that behalf in the third column of the said table, and, for a second or subsequent offence, with fine or imprisonment, or with both, to the extent mentioned in the fourth column thereof.

*Explanation.*—The entries in the second column of the following table, headed "Subject", are not intended as definitions of the offences described in the provisions mentioned in the first column, or even as abstracts of those provisions; but are inserted merely as references to the subject thereof:—

| 1 | 2 | 3 | 4 |
|---|---|---|---|
| Provisions of the Act. | Subject. | Maximum fine which may be imposed for a first offence. | Maximum fine or imprisonment, or both, which may be imposed for a second or subsequent offence. |
| Section 5, sub-section (*1*). | Sale, etc., of adulterated food. | Two hundred rupees. | One thousand rupees, or imprisonment for three months, or both. |
| Section 6, sub-section (*1*). | Sale, etc., of milk, butter, ghee, wheat flour, mustard oil or notified article which is not of the prescribed quality. | Ditto ... | Ditto. |
| Section 6, sub section (*2*). | Sale, etc., of articles similar to milk, butter, ghee, etc. | One hundred rupees. | Five hundred rupees, or imprisonment for three months, or both. |
| Section 8, sub-section (*1*). | Keeping or permitting to be kept substance intended to be used for adulteration of butter, ghee, wheat flour, mustard oil, etc. | Ditto .. | Five hundred rupees. |
| Section 9. | Sale of a tin or other receptacle containing separated or skimmed condensed milk, not properly labelled. | Two hundred rupees. | One thousand rupees. |
| Section 11, sub-sections (*1*), (*2*) and (*3*). | Refusal to sell or surrender articles of food required for purposes of analysis. | Two hundred rupees. | ..... |
| Section 13, sub-sections (*1*) and (*2*). | Offering resistance or obstruction to any authorised person inspecting or examining food or seizing or removing food believed to be adulterated. | Ditto ... | ..... |
| Section 13, sub-section (*3*). | Removing, interfering or tampering with food, etc., seized and left in custody. | Ditto ... | ..... |

*(The Schedule.)*

## THE SCHEDULE.

### FORM OF CERTIFICATE.

(*See sections 10 and 15.*)

To[1]

I, the undersigned, public analyst for the , do hereby certify that I received on the day of 19 . from[2] a sample of for analysis (which then weighed[3] ) and have analysed the same and declare the result of my analysis to be as follows :—

I am of opinion that the same is a sample of

[4]*Observations.*

Signed this day of 19

A. B.

at

[1] Here insert the name of the person submitting the article for analysis.

[2] Here insert the name of the person delivering the sample. If the sample is received by post or by railway, entry should be made accordingly.

[3] When the article cannot be conveniently weighed, this passage may be erased or the blank may be left unfilled.

[4] Here the analyst may insert, at his discretion, his opinion as to whether the mixture (if any) was for the purpose of rendering the article potable or palatable, or of preserving it, or of improving the appearance, or was unavoidable, and may state whether it was in excess of what is ordinary or otherwise.

NOTE.—In the case of a certificate regarding milk, butter or any article liable to decomposition, the analyst shall specially report whether any change had taken place in the constitution of the article that would interfere with the analysis.

## PART V.

### Acts of the Indian Legislative Council assented to by the Governor General.

GOVERNMENT OF INDIA.

**LEGISLATIVE DEPARTMENT.**

The following Act of the Indian Legislative Council received the assent of the Governor General on the 19th March, 1919, and is hereby promulgated for general information :—

### ACT No. V OF 1919.

*An Act to make provision to determine the date of the termination of the present war and for purposes connected therewith.*

WHEREAS it is expedient to make provision to determine the date of the termination of the present war and for purposes connected therewith ; It is hereby enacted as follows :—

**1.** This Act may be called the Termination of the Present War (Definition) Act, 1919.

Short title.

**2.** For the purposes of any provision in any enactment or in any notification or rule issued or made thereunder, and, except when the context otherwise requires, of any provision in any contract, deed or other instrument referring, expressly or impliedly, and in whatever form of words, to the present war or the present hostilities,—

Date of termination of present war to be such as may be declared by His Majesty in Council.

(*1*) the present war shall be treated as having continued to and as having ended on such date as His Majesty in Council may declare in that behalf in pursuance of the provisions of the Termination of the Present War (Definition) Act, 1918, and 8 & 9 Geo. V., c. 59.

(*2*) the date of the termination of war between His Majesty and any particular State shall be the date similarly declared under sub-section (*3*) of section 1 of the said Act.

H. M. SMITH,
*Offg. Secretary to the Government of India.*

GOVERNMENT OF INDIA.

## LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 19th March, 1919, and is hereby promulgated for general information :—

## ACT No. VI OF 1919.

*An Act further to amend the Indian Oaths Act, 1873.*

WHEREAS it is expedient further to amend the Indian Oaths Act, 1873 ; It is hereby enacted as follows :— X of 1873.

1. This Act may be called the Indian Oaths (Amendment) Act, 1919. Short title.

2. In section 3 of the Indian Oaths Act, 1873, after the word "prescribed," the words "by or under any Instruction under the Royal Sign Manual of His Majesty or" shall be inserted. X of 1873. Amendment of section 3, Act X of 1873.

H. M. SMITH,
*Offg. Secretary to the Government of India.*

GOVERNMENT OF INDIA.

## LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 19th March, 1919, and is hereby promulgated for general information :—

### Act No. VII of 1919.

*An Act to extend the operation of the Indian Defence Force Act, 1917.*

WHEREAS it is expedient to extend the operation of the Indian Defence Force Act, 1917; It is III of 1917. hereby enacted as follows :—

**1.** This Act may be called the Indian Defence Force (Amendment) Act, 1919.

Short title.

**2.** In sub-section (*3*) of section 1 of the Indian Defence Force Act, 1917, III of 1917. for the words "six months" the words "one year" shall be substituted.

Amendment of section 1, Act III of 1917.

H. M. SMITH,
*Offg. Secretary to the Government of India.*

GOVERNMENT OF INDIA.

## LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 19th March, 1919, and is hereby promulgated for general information :—

## ACT No. VIII OF 1919.

*An Act further to amend the Negotiable Instruments Act, 1881.*

WHEREAS it is expedient further to amend the Negotiable Instruments Act, 1881 ; It is hereby enacted as follows :—

Short title.

**1.** This Act may be called the Negotiable Instruments (Amendment) Act, 1919.

Amendment of section 9, Act XXVI of 1881.

**2.** In section 9 of the Negotiable Instruments Act, 1881, (hereinafter called the said Act), for the words "payable to, or to the order of, a payee," the words "payable to order" shall be substituted.

Amendment of section 13, Act XXVI of 1881.

**3.** For sub-section (*1*) of section 13 of the said Act, the following sub-section shall be substituted, namely :—

"(*1*) A "negotiable instrument" means a promissory note, bill of exchange or cheque payable either to order or to bearer.

*Explanation* (*i*).—A promissory note, bill of exchange or cheque is payable to order which is expressed to be so payable or which is expressed to be payable to a particular person, and does not contain words prohibiting transfer or indicating an intention that it shall not be transferable.

*Explanation* (*ii*).—A promissory note, bill of exchange or cheque is payable to bearer which is expressed to be so payable or on which the only or last indorsement is an indorsement in blank.

*Explanation* (*iii*).—Where a promissory note, bill of exchange or cheque, either originally or by indorsement, is expressed to be payable to the order of a specified person, and not to him or his order, it is nevertheless payable to him or his order at his option."

Amendment of section 48, Act XXVI of 1881.

**4.** In section 48 of the said Act, for the words "payable to the order of a specified person, or to a specified person or order," the words "payable to order" shall be substituted.

Amendment of section 121, Act XXVI of 1881.

**5.** In section 121 of the said Act, for the words "payable to, or to the order of, a specified person," the words "payable to order" shall be substituted.

H. M. SMITH,
*Offg. Secretary to the Government of India.*

GOVERNMENT OF INDIA.

## LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 19th March, 1919, and is hereby promulgated for general information:—

## ACT No. IX OF 1919.

*An Act to supplement the Punjab Courts Act, 1918.*

WHEREAS it is expedient to supplement the Punjab Courts Act, 1918; It is hereby enacted as follows:— Punjab Act, VI of 1918.

Short title and commencement.

**1.** (*1*) This Act may be called the Punjab Courts (Supplementing) Act, 1919.

(*2*) It shall come into force on such date as may be notified by the Governor General in Council in this behalf.

Provisions regarding proceedings pending in the Chief Court of the Punjab.

**2.** All suits, appeals, revisions, applications, reviews, executions and other proceedings whatsoever, whether civil or criminal, pending in the Chief Court of the Punjab, shall be continued and concluded in the High Court of Judicature at Lahore as if the same had been instituted in such High Court; and the High Court of Judicature at Lahore shall exercise the same jurisdiction in relation to all such proceedings as if the same had been instituted and continued in such High Court.

H. M. SMITH,
*Offg. Secretary to the Government of India.*

GOVERNMENT OF INDIA.

## LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 20th March, 1919, and is hereby promulgated for general information :—

## ACT No. X OF 1919.

*An Act to impose a duty on excess profits arising out of certain businesses.*

WHEREAS it is expedient to impose a duty on excess profits arising out of certain businesses ; It is hereby enacted as follows :—

Short title and commencement.

**1.** (*1*) This Act may be called the Excess Profits Duty Act, 1919.

(*2*) It shall come into force on the 1st April, 1919.

Definitions.

**2.** In this Act, unless there is anything repugnant in the subject or context,—

"accounting period" means the twelve months ending on the 31st March, 1919, or if the accounts of the business have been made up within the said twelve months for the purposes of the Indian Income-tax Act, 1918, in respect of a year ending on any date other than the said 31st March, then the year ending on that other date ; VII of 1918.

"business" includes any trade, commerce or manufacture, or any adventure or concern in the nature of trade, commerce or manufacture ;

"Chief Revenue-authority" means the Board of Revenue or the Financial Commissioner in provinces where those authorities exist, and in any other case such authority as the Local Government may declare to be the Chief Revenue-authority for the purposes of this Act ;

"prescribed" means prescribed by rules made under this Act.

All expressions used or embodied by reference in this Act which are not hereinbefore defined shall have the same meaning as is attributed to them by the Indian Income-tax Act, 1918. VII of 1918.

Application of Act.

**3.** This Act shall apply to every business (other than the businesses specified in Schedule I) which is, during any part of the accounting period, either carried on in British India by any person or owned or carried on in any place in India by a person ordinarily resident in British India.

Imposition of excess profits duty.

**4.** Subject to the provisions of this Act, there shall, in respect of any business to which this Act applies, be charged, levied and paid on the amount by which the profits in the accounting period exceed the standard profits, a duty (in this Act referred to as "excess profits duty") of an amount equal to fifty per cent. of that excess :

Provided that the amount of the said duty shall not exceed such sum as would reduce the profits in the accounting period below thirty thousand rupees.

Ascertainment of profits in the accounting period.

**5.** The profits of a business in the accounting period shall, at the option of the person by whom the excess profits duty in respect of that business is payable be or be deemed to be,—

(*a*) the taxable income as finally ascertained for the purposes of the Indian Income-tax Act, 1918, or VII of 1918.

(*b*) when the accounting period in respect of the business ends on any date other than the 31st March, 1919, and the accounts of the business are made up for an additional period ending on the said 31st March, a sum which bears the same proportion to the taxable income of the total period (such taxable income being ascertained as nearly as may be in accordance with the provisions of the said Act) as a period of one year bears to the total period.

*Explanation.*—The profits in the accounting period shall, notwithstanding any composition in force for the purposes of the said Act, be actually ascertained in accordance with the provisions of that Act.

Standard profits.

**6.** (*1*) The standard profits of a business shall be as follows :—

(*a*) an amount calculated at the rate of 10 per cent. or at such rate not being less than 10 per cent. as may be prescribed, on the capital of the business as existing at the end of the accounting period, in which case the capital of the business shall, for the purposes of this Act, be ascertained in accordance with the provisions of Schedule II ; or

(*b*) at the option of the person by whom excess profits duty in respect of the business is payable—

(*i*) if the profits of the business have been assessed in the years 1913 and 1914 for the purposes of the income-tax law then in force —the aggregate of half of the profits so assessed and half of the interest, if any, received in those years on securities forming part of the assets of the business ; or

(*ii*) if the profits of the business have been assessed for the said

purposes in the years 1913 and 1914, and in two only of the three years 1915, 1916 and 1917—the aggregate of one-fourth of the profits so assessed and one-fourth of the interest, if any, received in the same four years on securities forming part of the assets of the business; or

(iii) if the profits of the business have been assessed for the said purposes in all the five years 1913, 1914, 1915, 1916 and 1917—the aggregate of one-fourth of the profits assessed in the years 1913 and 1914 and in such two of the years 1915, 1916 and 1917 as may be selected by the said person and one-fourth of the interest, if any, received in the same four years on securities forming part of the assets of the business:

Provided that if the average capital employed in the business in the years adopted for the purpose of determining the standard profits is less or more than the capital so employed at the end of the accounting period there shall be made to or from the standard profits an addition or a deduction, as the case may be, which shall bear to the standard profits the same proportion as such increase or decrease of capital bears to the average capital so employed in the years so adopted.

*Explanation.*—For the purpose of ascertaining the average capital employed, the capital employed in the business in any year shall be deemed to be the capital so employed at the end of that year:

Provided further that if the assessment in any of the said years was made in respect of a period of less than twelve months, that assessment shall, for the purpose of determining the standard profits, be proportionately increased.

(2) If a composition for income-tax was in force in any of the years 1913, 1914, 1915, 1916 and 1917, such composition shall be deemed for the purposes of clause (*b*) of sub-section (*1*) to have been the assessment and the profits shall be determined in accordance therewith:

Provided that the person by whom excess profits duty in respect of the business is payable shall, notwithstanding any such composition, be entitled to have an assessment of the profits of the business made for the purpose of determining the standard profits, in the same way as the assessment would have been made if no such composition had been agreed upon.

(3) Each of the years referred to in sub-sections (*1*) and (*2*) shall be deemed to be the twelve months commencing with the 1st of April in the year mentioned.

(4) Notwithstanding anything contained in this section no increase of capital made after the 31st December, 1918, shall be taken into account in any case, and no such increase before that date shall be taken into account when it appears or to the extent to which it appears that the increase was made with intent to evade or has the effect of evading the payment of the excess profits duty.

Power to Collector to make allowances for special circumstances.

**7.** On the application (made in accordance with the provisions of clause (*b*) of sub-section (*2*) of section 11) of any person chargeable with excess profits duty alleging that, owing to any of the following circumstances, namely:—

(*a*) any change in the constitution of a partnership of which he is or was a member,

(*b*) any postponement or suspension, as a consequence of the present war, of renewals or repairs,

(*c*) any exceptional depreciation or obsolescence (including the cost of replacement during the accounting period) due to the present war of assets employed in the business,

(*d*) the provision in connection with the requirements of the present war of plant or machinery which will not be required for the purposes of the business after the termination of the war,

(*e*) the fact that the assets of the business consist to any material extent of shares in a company the business of which is itself chargeable to excess profits duty,

(*f*) the liability of any part of the profits of the business to excess profits duty in the United Kingdom, or

(*g*) any special circumstances connected with the nature of the business or the period for which any profits are ascertained or determined,

the provisions of this Act for the calculation of excess profits duty operate unfairly in his case, the Collector may make such allowances in calculating the amount of the duty as seem to him to be necessary to meet the special circumstances, provided that any such allowance shall not reduce the amount of duty payable under the provisions of the Act by more than twenty-five per cent. without the previous sanction of the Commissioner.

Appeal to Chief Revenue-authority.

**8.** (*1*) If any person who has applied under section 7 is dissatisfied with the decision of the Collector on his application, he may appeal to the Chief Revenue-authority which shall, at the option of such person, either itself decide such appeal or refer it to a Board of Referees to be appointed by the Local Government. The Board shall hear and consider any appeal so referred and shall communicate its decision to the Chief Revenue-authority.

(2) The Chief Revenue-authority and the Board shall be entitled to take into account any of the circumstances specified in section 7, and to modify the decision of the Collector with reference thereto in such way and to such extent as they may consider just and equitable.

(3) Every Board of Referees appointed under this section shall consist of three or, in cases which the Local Government considers to be of difficulty or importance, of four persons. When the Board consists of four persons, the Local Government shall appoint one of the members to be Chairman. In any case at least two members of

the Board shall be persons not in the service of Government and having in the opinion of the Local Government adequate business experience.

(4) In case of a difference of opinion between the members of the Board, the opinion of the majority shall prevail. When the Board consists of four members and the members are equally divided in opinion, the Chairman shall have a second or casting vote.

(5) The decision of the Chief Revenue-authority on any appeal under this section or of the Board where an appeal is referred to it shall, notwithstanding any other provision of this Act be final, and shall be deemed to be the basis of assessment in the particular case.

Power of Governor General in Council to deal with hardship in case of a class of business.

**9.** (1) The Governor General in Council may, on the application made before the 30th June, 1919, of any person alleging that owing to special circumstances to be stated in the application the provisions of this Act for the calculation of excess profits duty would operate unfairly in the case of any class of business in which such person is engaged, refer such application for the report of a Board of special Referees to be appointed in this behalf by the Governor General in Council.

(2) Every Board appointed under this section shall consist of four persons, of whom at least two shall be persons not in the service of Government. The Governor General in Council shall appoint one member to be Chairman.

(3) On receipt of the report of the Board, the Governor General in Council shall consider the same and pass thereon such orders as he thinks fit. Any such order may vary the basis or method of assessment in respect of the class of business so reported on, and any variations so made shall be deemed to be modifications of this Act in respect of the matters to which they relate, and this Act shall apply accordingly.

Notice to be given by liquidator that excess profits have been made.

**10.** Every liquidator of a company which is being wound up at the commencement of this Act or is wound up after the commencement of this Act and which is chargeable to excess profits duty shall before the 31st May 1919, or within two months of the commencement of the winding up, as the case may be, give notice of the fact to the Collector.

Returns for the purposes of the Act.

**11.** (1) The Collector may, for the purposes of this Act, require any person whom he believes to be engaged in any business to which this Act applies, or to have been so engaged during the accounting period or in the year ending on the 31st March, 1912, or on the 31st March in any year thereafter, to furnish him within two months after service upon him of a notice to that effect with such particulars in connection with the business as the Collector may require.

(2) At the time of furnishing such particulars such person shall—

(a) state the method which he desires to be adopted for the purpose of—

(i) ascertaining the profits of the business in the accounting period under section 5, and

(ii) determining the standard profits under section 6, and

(b) make any application which he desires to make under section 7 for an allowance in the calculation of the amount of the excess profits duty.

(3) Where any person fails, without reasonable cause or excuse, to comply with the provisions of clause (a) of sub-section (2), the Collector shall proceed to ascertain the profits of the accounting period and to determine the standard profits by such method provided in this Act as he thinks fit.

Penalty.

**12.** If a person fails, without reasonable cause or excuse, to give to the Collector in due time any notice required by section 10 or to furnish any particulars referred to in section 11, he shall on conviction by a Magistrate be punishable with fine which may extend to thirty rupees for every day during which the default continues.

Assessment.

**13.** The amount of excess profits duty to be paid in respect of any business shall be assessed by the Collector, who may in any case where he thinks fit allow the duty to be paid in instalments of such amounts payable at such times as he may direct.

Person liable to be assessed.

**14.** The duty may be assessed on any person for the time being owning or carrying on the business whether as agent for the owner or otherwise or, where the business has ceased during the accounting period, on the person who owned or so carried on the business immediately before the time at which the business ceased, and where there has been a change of ownership of the business during the accounting period, the Collector shall make the assessment in the prescribed manner.

Application of provisions of Act VII of 1918.

**15.** The provisions of sections 20, 21, 22, 23, 24, 26, 27, and of Chapters IV and V and of sections 42, 45, 46, 47 and 49 to 52 of the Indian Income-tax Act, VII of 1918. 1918, shall apply, with such modifications, if any, as may be prescribed, as if the said provisions referred to excess profits duty instead of to income-tax, and every officer or authority exercising powers under the said provisions may exercise the like powers under this Act in regard to excess profits duty as he or it exercises in regard to income-tax under the said Act:

Provided that references in the said provisions to the assessee shall be construed as references to a person by whom excess profits duty is payable.

Income-tax papers to be available for the purposes of this Act.

**16.** Notwithstanding anything contained in the Indian Income-tax Act, 1918, or in any Act repealed thereby, all information contained in any statement or return made or furnished under the provisions of any of the said Acts or obtained or collected for the purposes of any such Act may be used for the purposes of this Act. VII of 1918.

Prohibition of and penalty for fictitious transactions.

**17.** (1) A person shall not for the purposes of avoiding payment of excess profits duty enter into a fictitious or artificial transaction or carry out any fictitious or artificial operation, and if he has entered into any such transaction or carried out any such operation before the commencement of this Act shall inform the Collector of the nature of the transaction or operation.

*Explanation.*—For the purposes of this section an artificial transaction or operation includes every device of whatever nature adopted for the purposes of presenting the accounts of a business in a

misleading form or manner with intent to evade or having the effect of evading any obligation imposed by this Act.

(2) If any person acts in contravention of, or fails, without reasonable cause or excuse, to comply with, the provisions of sub-section (1), he shall on conviction by a Magistrate be punishable with fine which may extend to one thousand rupees.

Power to make rules.

**18.** (1) The Governor General in Council may, by notification in the Gazette of India, make rules for carrying into effect the provisions of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may provide for—

(a) the rate to be allowed in respect of any business or class of business for the purpose of clause (a) of sub-section (1) of section 6;

(b) the procedure to be followed by Boards of Referees appointed under this Act;

(c) the basis and method of assessment when there has been a change of ownership during any period which can be selected for the purpose of determining standard profits, or during any subsequent period prior to the commencement of this Act; and

(d) the adaptation to excess profits duty of any of the provisions of the Indian Income-tax Act, 1918, which are made applicable to that duty by section 15. VII of 1918.

(3) All rules made under this section shall have effect as if enacted in this Act.

Excess profits duty and super-tax to be alternately chargeable.

**19.** Where the profits of any business in the accounting period are chargeable to excess profits duty under the provisions of this Act and to super-tax under the provisions of the Super-tax Act, 1917, then— VIII of 1917.

(1) if the amount chargeable as excess profits duty exceeds that chargeable as super-tax, excess profits duty shall alone be charged, and

(2) if the amount chargeable as super-tax exceeds that chargeable as excess profits duty, super-tax shall alone be charged,

and the provisions of this Act and the Super-tax Act, 1917, shall be construed accordingly. VIII of 1917.

Excess profits duty an allowance for the purposes of Act VII of 1918.

**20.** The amount of excess profits duty paid in respect of any business shall be allowed as a deduction at the adjustment made in the year ending on the 31st March, 1920, in respect of the profits of that business for the purposes of section 10 of the Indian Income-tax Act, 1918: VII of 1918.

Provided that if the amount of excess profits duty payable has not been ascertained at the time when the said adjustment is made the amount by which the income-tax would have been reduced if effect had been given to the deduction shall be deducted from the amount payable for excess profits duty.

## SCHEDULE I.

### EXCEPTED BUSINESSES.

*(See section 3.)*

1. Any business the income from which is agricultural income.

2. Offices or employments.

3. Any profession the profits of which are dependent mainly on the personal qualifications of the person by whom the profession is carried on, and in which no capital expenditure is required or only capital expenditure of an amount which is small when compared with the profits which the person carrying on the profession makes:

Provided that the business of any person taking commissions in respect of any transactions or services rendered, or any agent of any description (not being a whole-time officer or servant of the business or a commercial traveller, or an agent whose remuneration consists wholly of a fixed and definite sum not dependent on the amount of business done or any other contingency) shall not be included in this exception.

4. Any business which is liable to pay in respect of the accounting period excess profits duty in the United Kingdom.

5. Any business of which the profits in the accounting period do not exceed thirty thousand rupees.

## SCHEDULE II.

### ASCERTAINMENT OF CAPITAL.

*(See section 6.)*

1. The amount of the capital of a business shall, so far as it does not consist of money, be taken to be—

(a) so far as it consists of assets acquired by purchase, the price at which these assets were acquired, subject to any proper deduction for depreciation or for unpaid purchase money,

(b) so far as it consists of assets being debts due to the business, the nominal amount of those debts subject to any reduction which has been allowed or is allowable in respect of those debts under the Indian Income-tax Act, 1918, and VII of 1918.

(c) so far as it consists of any other assets which have not been acquired by purchase, the value of the assets at the time when they became assets of the business, subject to any proper deduction for depreciation:

Provided that nothing in this provision shall prevent accumulated profits (other than those made in the accounting period) employed in the business being treated as capital.

2. Any borrowed money or trade debts shall be deducted in computing the amount of capital for the purposes of this Act.

3. Where any asset has been paid for otherwise than in cash, the cost price of that asset shall be taken to be the value of the consideration at the time the asset was acquired, but where the business has been converted into a company and more than two-thirds of the shares in the company are held by the person who was the owner of the business no value shall be attached to those shares so far as they are represented by good-will or otherwise than by material assets of the company, unless the Collector in special circumstances otherwise directs. Patents and secret processes shall be deemed to be material assets.

H. M. SMITH,
*Offg. Secretary to the Government of India.*

GOVERNMENT OF INDIA.

## LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 21st March, 1919, and is hereby promulgated for general information :—

## ACT No. XI OF 1919.

*An Act to cope with anarchical and revolutionary crime.*

WHEREAS it is expedient to make provision that the ordinary criminal law should be supplemented and emergency powers should be exercisable by the Government for the purpose of dealing with anarchical and revolutionary movements ;

And whereas the previous approval of the Secretary of State in Council has been accorded to the making of this law ; It is hereby enacted as follows :—

Short title, extent and duration.

**1.** (*1*) This Act may be called the Anarchical and Revolutionary Crimes Act, 1919 ;

(*2*) It extends to the whole of British India ; and

(*3*) It shall continue in force for three years from the date of the termination of the present war.

Definitions.

**2.** (*1*) In this Act, unless there is anything repugnant in the subject or context,—

"Chief Justice" means the Judge of highest rank in a High Court ;

V of 1898. "The Code" means the Code of Criminal Procedure, 1898 ;

"High Court" means the highest Court of criminal appeal or revision for any local area ;

"Scheduled offence" means any offence specified in the Schedule.

(*2*) All words and expressions used in this Act and defined in the Code, and not hereinbefore defined, shall be deemed to have the meanings respectively attributed to them in the Code.

### PART I.

Condition of application of Part I.

**3.** If the Governor General in Council is satisfied that, in the whole or any part of British India, anarchical or revolutionary movements are being promoted, and that scheduled offences in connection with such movements are prevalent to such an extent that it is expedient in the interests of the public safety to provide for the speedy trial of such offences, he may, by notification in the Gazette of India, make a declaration to that effect, and thereupon the provisions of this Part shall come into force in the area specified in the notification.

Initiation of proceedings.

**4.** (*1*) Where the Local Government is of opinion that the trial of any person accused of a scheduled offence should be held in accordance with the provisions of this Part, it may order any officer of Government to prefer a written information to the Chief Justice against such person.

(*2*) No order under sub-section (*1*) shall be made in respect of, or be deemed to include, any person who has been committed under the Code for trial before a High Court or a Court of Session, but, save as aforesaid, an order under that sub-section may be made in respect of any scheduled offence whether such offence was committed before or after the issue of the notification under section 3.

(*3*) The information shall state the offence charged and so far as known the name, place of residence, and occupation of the accused, and the time and place when and where the offence is alleged to have been committed and all particulars within the knowledge of the prosecution of what is intended to be proved against the accused.

(*4*) The Chief Justice may by order require any information to be amended so as to supply further particulars of the offence charged to the accused, and shall direct a copy of the information or the amended information, as the case may be, to be served upon the accused in such manner as the Chief Justice may direct.

Constitution of Court.

**5.** Upon such service being effected, and on application duly made to him, the Chief Justice shall nominate three of the High Court Judges (hereinafter referred to as the Court) for the trial of the information, and shall fix a date for the commencement of the trial :

Provided that, when the total number of Judges of the High Court does not exceed three, the Chief Justice shall nominate not more than two such Judges, and shall complete the Court by the nomination of one or, if necessary, two persons of either of the following classes, namely :—

(*a*) persons who have served as permanent Judges of the High Court ; or

(*b*) with the consent of the Chief Justice of another High Court, persons who are Judges of that High Court.

Place of sitting.

**6.** The Court may sit for the whole or any part of a trial at such place or places in the province as it may consider desirable:

Provided that if the Advocate-General certifies to the Court that it is in his opinion necessary in the interests of justice that the whole or any part of a trial shall be held at some place other than the usual place of sitting of the High Court, the Court shall, after hearing the accused, make an order to that effect, unless for reasons to be recorded in writing it thinks fit to make any other order. It shall not be necessary for the certificate of the Advocate-General to be supported by any affidavit, nor shall he be required to state the grounds upon which such certificate was given.

Application of Code of Criminal Procedure subject to this Part.

**7.** The provisions of the Code shall apply to proceedings under this Part, in so far as the said provisions are not inconsistent with the provisions of this Part and such proceedings shall be deemed to be proceedings under the Code, and the Court shall have all the powers conferred by the Code on a Court of Session exercising original jurisdiction.

Trial.

**8.** (*1*) The trial shall be commenced by the reading of the information, and thereafter the prosecutor shall state shortly by what evidence he expects to prove the guilt of the accused.

(*2*) The Court shall then, subject to the provisions of this Part, in trying the accused, follow the procedure prescribed by the Code for the trial of warrant cases by Magistrates.

Adjournment.

**9.** If a charge is framed, the accused shall be entitled to ask for an adjournment for fourteen days, or any less period that he may specify, and the Court shall comply with his request, but, subject to the adjournment provided for by this section, the Court shall not be bound to adjourn any trial for any purpose, unless such adjournment is in its opinion necessary in the interests of justice.

Record of evidence.

**10.** The Court shall cause the evidence of each witness who is examined to be recorded in full in such manner as the Court may direct.

Prohibition or restriction of publication of reports of trial.

**11.** The Court, if it is of opinion that such a course is necessary in the public interest or for the protection of a witness, may prohibit or restrict in such way as it may direct the publication or disclosure of its proceedings or any part of its proceedings.

Examination of accused.

**12.** (*1*) No questions shall be put by the Court to the accused in the course of a trial under this Part until the close of the case for the prosecution. Thereafter, and before the accused enters on his defence, the Court shall inform the accused that he is entitled, if he so desires, to give evidence on oath on his own behalf, and shall at the same time inform him that if he does so, he will be liable to cross-examination. Unless the accused then states that he desires to give evidence on oath, the Court may at any time thereafter question the accused generally on the case in accordance with the provisions of section 342 of the Code.

(*2*) If, when so called upon, the accused states that he desires to give evidence on oath, the Court shall not at any subsequent stage put any question to him:

Provided that if the accused does not so give evidence, then, after the witnesses for the defence have been examined, the Court may question the accused generally on the case in accordance with the provisions of the said section.

(*3*) The failure of the accused to give evidence on oath shall not be made the subject of any comment by the prosecution, nor shall the Court draw any inference adverse to the accused from such failure.

(*4*) If the accused gives evidence on oath, the following rules shall be observed, namely:—

(*a*) He may be asked any question in cross-examination notwithstanding that it would tend to criminate him as to the offence charged.

(*b*) He shall not be asked, and if asked shall not be required to answer, any question tending to show that he has committed or been convicted of, or has been charged with, any offence other than that with which he is then charged, or has a bad character, unless—

(*i*) proof that he has committed or been convicted of such other offence is admissible evidence to show that he is guilty of the offence with which he is then charged, or

(*ii*) witnesses for the prosecution have been cross-examined with a view to establish his own good character, or he has given evidence of his good character, or the nature or the conduct of the defence is such as to involve imputations on the character of the witnesses for the prosecution, or

(*iii*) he has given evidence against any other person charged with the same offence.

(*c*) Unless otherwise ordered by the Court, he shall give his evidence from the witness-box or other place from which the other witnesses give their evidence.

Right of reply.

**13.** If the accused or any one of the accused calls and examines any witness, the right of final reply shall lie with the prosecution, but in all other cases with the accused:

Provided that the examination of an accused as a witness shall not of itself confer the right of final reply on the prosecution.

Differences of opinion.

**14.** In the event of any difference of opinion among the members of the Court, the opinion of the majority shall prevail.

Accused may be convicted of any offence referred to in Schedule.

**15.** At any trial under this Part the accused may be charged with and convicted of any offence against any provision of the law which is referred to in the Schedule.

Sentence.

**16.** The Court may pass upon any person convicted by it any sentence authorised by law for the punishment of the offence of which such person

is convicted, and no order of confirmation shall be necessary in the case of any sentence passed by it:

Provided that a sentence of death shall not be passed upon any accused person in respect of whose guilt there is a difference of opinion among the members of the Court.

Exclusion of interference of other criminal Courts.

**17.** The judgment of the Court shall be final and conclusive and, notwithstanding the provisions of the Code or of any other law for the time being in force, or of anything having the force of law by whatsoever authority made or done, there shall be no appeal from any order or sentence of the Court, and no High Court shall have authority to revise any such order or sentence or to transfer any case from such Court, or to make any order under section 491 of the Code or have any jurisdiction of any kind in respect of any proceedings under this Part:

Provided that nothing in this section shall be deemed to affect the powers of the Governor General in Council or of the Local Government to make orders under section 401 or section 402 of the Code in respect of any person sentenced by the Court.

Special rules of evidence.

I of 1872.

**18.** (*1*) Notwithstanding anything to the contrary contained in the Indian Evidence Act, 1872, where—

(*a*) the statement of any person has been recorded by a Magistrate, and such statement has been read over and explained to the person making it and has been signed by him, or

(*b*) the statement of any person has been recorded by the Court, but such person has not been cross-examined,

such statement may be admitted in evidence by the Court if the person making the same is dead or cannot be found or is incapable of giving evidence, and it is established to the satisfaction of the Court that such death, disappearance or incapacity has been caused in the interests of the accused.

(*2*) Depositions recorded under section 512 of the Code may, in the circumstances specified in that section, be given in evidence at the trial of an accused under this Part.

Recall of witnesses on reconstitution of Court.

**19.** In case of any reconstitution of the Court during the trial, the Court so reconstituted shall, if the accused so desires, recall and re-hear any witness who has already given evidence in the case.

Power to make rules.

**20.** The Chief Justice may from time to time make rules providing for—

(1) the appointment and powers of a President of the Court, and the procedure to be adopted to complete the Court in the event of any Judge of the Court being prevented from attending throughout the trial of an accused; and

(2) any matters (including the intermediate custody of the accused and his release on bail) which appear to him necessary for carrying into effect or supplementing the provisions of this Part preliminary or ancillary to trials.

## PART II.

Condition of application of Part II.

**21.** If the Governor General in Council is satisfied that anarchical or revolutionary movements which are, in his opinion, likely to lead to the commission of scheduled offences are being extensively promoted in the whole or any part of British India, he may, by notification in the Gazette of India, make a declaration to that effect, and thereupon the provisions of this Part shall come into force in the area specified in the notification.

Powers exercisable when Part II is in force.

**22.** (*1*) Where, in the opinion of the Local Government, there are reasonable grounds for believing that any person is or has been actively concerned in such area in any movement of the nature referred to in section 21, the Local Government may place all the materials in its possession relating to his case before a judicial officer who is qualified for appointment to a High Court and take his opinion thereon. If, after considering such opinion, the Local Government is satisfied that action under the provisions of this section is necessary, it may by order in writing containing a declaration to the effect that such person is or has been actively concerned in such area in any movement of the nature referred to in section 21, give all or any of the following directions, namely: that such person—

(*a*) shall, within such period as may be specified in the order, execute a bond with or without sureties undertaking, for such period not exceeding one year as may be so specified, that he will not commit, or attempt or conspire to commit, or abet the commitment of, any offence against any provision of the law which is referred to in the Schedule;

(*b*) shall notify his residence and any change of residence to such authority as may be so specified;

(*c*) shall remain or reside in any area in British India so specified:

Provided that, if the area so specified is outside the province, the concurrence of the Local Government of that area to the making of the order shall first have been obtained;

(*d*) shall abstain from any act so specified which, in the opinion of the Local Government, is calculated to disturb the public peace or is prejudicial to the public safety; and

(*e*) shall report himself to the officer in charge of the police-station nearest to his residence at such periods as may be so specified.

(*2*) Any order under clauses (*b*) to (*e*) of sub-section (*1*) may also be made to take effect upon default by the person concerned in complying with an order under clause (*a*) of that sub-section.

Service of orders under section 22.

**23.** An order made under section 22 shall be served on the person in respect of whom it is made in the manner provided in the Code for service of summons, and upon such service such person shall be deemed to have due notice thereof.

Enforcement of orders.

**24.** The Local Government and every officer of Government to whom a copy of any order made under section 22 may be directed by, or under the general or special authority of, the Local Government, may use all means reasonably necessary to enforce compliance with the same.

Interim nature of order made by Local Government.

**25.** An order made under section 22 shall only continue in force for a period of one month, unless it is extended by the Local Government as hereinafter provided in this Part.

Reference to investigating authority.

**26.** (*1*) When the Local Government makes an order under section 22, such Government shall, as soon as may be, forward to the investigating authority to be constituted under this Act a concise statement in writing setting forth plainly the grounds on which the Government considered it necessary that the order should be made, and shall lay before the investigating authority all material facts and circumstances in its possession relevant to the inquiry.

(*2*) The investigating authority shall then hold an inquiry *in camera* for the purpose of ascertaining what, in its opinion, having regard to the facts and circumstances adduced by the Government, appears against the person in respect of whom the order has been made. Such authority shall in every case allow the person in question a reasonable opportunity of appearing before it at some stage in its proceedings and shall, if he so appears, explain to him the nature of the charge made against him and shall hear any explanation he may have to offer, and shall make such further investigation (if any) as appears to such authority to be relevant and reasonable :

Provided that—

(*a*) nothing in this sub-section shall be deemed to entitle the person whose case is before the investigating authority to appear or to be represented before it by pleader, nor shall the Local Government be so entitled :

(*b*) the investigating authority shall not disclose to the person in question any fact the communication of which might endanger the public safety or the safety of any individual :

(*c*) if the person in question requests the investigating authority to secure the attendance of any person or the production of any document or thing, such authority shall, unless for reasons to be recorded in writing it deems it unnecessary so to do, cause such person to attend or such document or thing to be produced, and for that purpose shall have all the powers conferred on a District Magistrate in respect of those matters by the Code.

(*3*) Subject to the provisions of sub-section (*2*) the inquiry shall be conducted in such manner as the investigating authority considers best suited to elicit the facts of the case; and in making the inquiry, such authority shall not be bound to observe the rules of the law of evidence.

(*4*) Any statement made to an investigating authority by any person other than the person whose case is under investigation shall be deemed to be information given to a public servant within the meaning of section 182 of the Indian Penal Code. XLV of 1860.

(*5*) On the completion of the inquiry, the investigating authority shall report in writing to the Local Government the conclusions at which it has arrived, and shall adduce reasons in support thereof. In so reporting the investigating authority shall state whether or not, in its opinion, the person whose case is under investigation is or has been actively concerned in any movement of the nature referred to in section 21.

(*6*) If the investigating authority has not completed the inquiry within the period for which the duration of the order is limited by section 25, such authority may recommend to the Local Government that the period of duration of the order shall be extended for such period as it may consider necessary, and on such a recommendation the Local Government may extend the duration of the order accordingly.

Disposal of report of investigating authority.

**27.** (*1*) On receipt of the report of the investigating authority, the Local Government may discharge the order made under section 22, or may make any order which is authorised by that section :

Provided that—

(*a*) any order so made shall recite the conclusions of the investigating authority as reported by that authority ; and

(*b*) a copy of such order shall be furnished to the person in respect of whom it is made.

(*2*) No order made under sub-section (*1*) shall continue in force for more than one year from the date of the order made under section 22.

(*3*) On the expiry of an order made under sub-section (*1*), the Local Government may, if it is satisfied that such a course is necessary in the interests of the public safety, again make in respect of the person to whom such order related any order which is authorised by section 22 :

Provided that before an order is made under this sub-section, a copy of the order which it is proposed to make shall be furnished to the person concerned, who may submit to the Local Government a representation in regard to such order. Any such representation shall be forwarded by the Local Government to the investigating authority for inquiry and report, and such authority, after inquiry conducted in accordance with the provisions of section 26, shall report thereon, and the Local Government shall consider such report :

Provided further that no order made under this sub-section shall continue in force for more than a year from the date on which it was made.

(*4*) Any order made under this section may at any time be discharged or may be altered by the substitution of any other order authorised by section 22 :

Provided that no such alteration shall have the effect of prolonging the period for which such order would have been in force.

(*5*) The provisions of section 24 shall apply to the enforcement of orders made under this section.

Penalty for disobedience to order.

**28.** If any person fails to comply with, or attempts to evade, any order (other than an order to furnish security) made under section 22 or section 27, he shall on conviction by a Magistrate be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

Provisions as to bonds.

**29.** The provisions of section 514 of the Code shall apply to bonds executed under the provisions of this Part, with this modification that the powers conferred by that section on the Court shall be exercisable by any District Magistrate or Chief Presidency Magistrate, on application made on behalf of the Local Government.

Investigating authorities.

**30.** (*1*) As soon as may be after a notification has been issued bringing this Part into force, the Local Government shall appoint one or more investigating

authorities for the purposes of this Part, and may appoint additional investigating authorities when necessary.

(2) Every investigating authority shall be appointed by order in writing, and shall consist of three persons, of whom two shall be persons having held judicial office not inferior to that of a District and Sessions Judge, and one shall be a person not in the service of the Crown in India.

(3) The Local Government may by like order appoint persons to fill casual vacancies occurring by reason of death, resignation of office or otherwise on any investigating authority, but in so doing shall observe the provisions of sub-section (2).

Visiting Committees.

**31.** (1) The Local Government shall by order in writing appoint such persons as it thinks fit to be Visiting Committees to report upon the welfare and treatment of persons under restraint under this Part, and shall by rules prescribe the functions which these Committees shall exercise:

Provided that, in making such rules, provision shall be made for periodical visits to persons under restraint under the provisions of this Part:

Provided further that a person in respect of whom an order has been made under section 22 or section 27 requiring him to abstain from any specified act or to report himself to the police shall not be deemed to be under restraint for the purposes of this section.

(2) All rules made under sub-section (1) shall be published in the local official Gazette, and on such publication shall have effect as if enacted in this Part.

Power to make rules by Local Government.

**32.** (1) The Local Government may make rules prescribing the authorities before whom and the manner in which bonds under this Part shall be executed, and providing for the procedure to be followed regarding the notification of residence and reports to the police by persons in respect of whom orders have been made under section 22 or section 27.

(2) All rules made under sub-section (1) shall be published in the local official Gazette, and on such publication shall have effect as if enacted in this Part.

## PART III.

Condition of application of Part III.

**33.** If the Governor General in Council is satisfied that in the whole or any part of British India anarchical or revolutionary movements are being promoted and that scheduled offences in connection with such movements are prevalent to such an extent as to endanger the public safety, he may, by notification in the Gazette of India, make a declaration to that effect, and thereupon the provisions of this Part shall come into force in the area specified in the notification.

Powers exercisable when Part III is in force.

**34.** (1) Where, in the opinion of the Local Government, there are reasonable grounds for believing that any person has been or is concerned in such area in any scheduled offence, the Local Government may place all the materials in its possession relating to his case before a judicial officer who is qualified for appointment to a High Court and take his opinion thereon. If after considering such opinion the Local Government is satisfied that such action is necessary it may make in respect of such person any order authorised by section 22, and may further by order in writing direct—

(a) the arrest of any such person without warrant;

(b) the confinement of any such person in such place and under such conditions and restrictions as it may specify:

Provided that no such person shall be confined in that part of a prison or other place which is used for the confinement of convicted criminal prisoners as defined in the Prisons Act, 1894; and IX of 1894.

(c) the search of any place specified in the order which, in the opinion of the Local Government, has been, is being, or is about to be, used by any such person for any purpose connected with any anarchical or revolutionary movement.

(2) The arrest of any person in pursuance of an order under clause (a) of sub-section (1) may be effected at any place where he may be found by any police-officer or by any other officer of Government to whom the order may be directed.

(3) An order for confinement under clause (b) or for search under clause (c) of sub-section (1) may be carried out by any officer of Government to whom the order may be directed, and such officer may use all means reasonably necessary to enforce the same.

Arrest.

**35.** Any person making an arrest in pursuance of an order under clause (a) of sub-section (1) of section 34 shall forthwith report the fact to the Local Government and, pending receipt of the orders of the Local Government, may by order in writing commit any person so arrested to such custody as the Local Government may by general or special order specify in this behalf:

Provided that no person shall be detained in such custody for a period exceeding seven days unless the Local Government so directs, and in no case shall such detention exceed fifteen days.

Search.

**36.** An order for the search of any place issued under the provisions of clause (c) of sub-section (1) of section 34 shall be deemed to be a search warrant issued by the District Magistrate having jurisdiction in the place specified therein, and shall be sufficient authority for the seizure of anything found in such place which the person executing the order has reason to believe is being used, or is likely to be used, for any purpose prejudicial to the public safety, and the provisions of the Code, so far as they can be made applicable, shall apply to searches made under the authority of any such order and to the disposal of any property seized in any such search.

Application of Part II, procedure.

**37.** Where an order (other than an order for arrest or search) has been made under section 34, the provisions of sections 23 to 27 shall apply in the same way as if the order were an order made under section 22, save that, on receipt of the report of the investigating authority, the Local Government may, subject to the conditions prescribed by section 27, make any order which is authorized by section 34, and sections 23 to 27 and 29 to 32 shall be deemed to be included in this Part.

Penalty for disobedience to orders under this Part.

**38.** If any person fails to comply with, or attempts to evade, any order made under section 34 or section 37 other than an order to furnish security, he shall be punishable

with imprisonment for a term which may extend to one year, or with fine which may extend to one thousand rupees, or with both.

PART IV.

IV of 1915.

Persons already under executive control.

**39.** (*1*) On the expiration of the Defence of India (Criminal Law Amendment) Act, 1915, every person in respect of whom an order under rule 3 of the Defence of India (Consolidation) Rules, 1915, was in force immediately before the expiration of that Act, and who has in the opinion of the Local Government been concerned in any scheduled offence, shall be deemed to be a person resident in an area in which a notification under section 21 is in force, and the provisions of Part II shall apply to every such person accordingly; and every person who is on such expiration in confinement in accordance with the provisions of the Bengal State Prisoners Regulation, 1818, shall be deemed to be a person resident in an area in which a notification under section 33 is in force, and the provisions of Part III shall apply to every such person accordingly:

III of 1818.

Provided that within one month from the expiration of the Defence of India (Criminal Law Amendment) Act, 1915, the Local Government may, subject to the conditions prescribed in the first proviso to sub-section (*3*) of section 27 as made applicable by section 37, make any order of restraint which is authorised by Part III in respect of any person who is in confinement in accordance with the provisions of the said Regulation, and if such an order is so made it shall be deemed to be an order made under sub-section (*3*) of section 27 as made applicable by section 37, and the provisions of that Part regarding such an order shall apply accordingly.

IV of 1915.

V of 1914.

I of 1915.

III of 1914.

(*2*) On the expiration of the Ingress into India Ordinance, 1914, as continued in force by the Emergency Legislation Continuance Act, 1915, any person in respect of whom an order was in force immediately before such expiration under section 2 of that Ordinance read with clause (*b*) or clause (*c*) of sub-section (*2*) of section 3 of the Foreigners Ordinance, 1914, shall be deemed to be a person resident in an area in which a notification under section 21 is in force, and the provisions of Part II shall apply to every such person accordingly:

V of 1914.

Provided that within one month from the expiration of the Ingress into India Ordinance, 1914, the Local Government may, subject to the conditions prescribed in the first proviso to sub-section (*3*) of section 27, make any order of restraint which is authorised by that Part in respect of any such person, and if such an order is so made it shall be deemed to be an order made under sub-section (*3*) of section 27, and the provisions of that Part regarding such an order shall apply accordingly.

PART V.

Effect of cancellation of notifications under section 3, 21 or 33.

**40.** When a notification issued under section 3 or section 21 or section 33 is cancelled, such cancellation shall not affect any trial, investigation or order commenced or made under this Act, and such trial, investigation or order may be continued or enforced, and on the completion of any such investigation, any order which might otherwise have been made may be made and enforced, as if such notification had not been cancelled.

Effect of orders made under Parts II and III outside notified area.

**41.** (*1*) An order made under Part II or Part III, directing a person to remain or reside in any area in British India outside the area in which such Part is in force, shall be as valid, and enforceable in like manner, as if such Part were in force throughout British India.

(*2*) An order made under clause (*a*) of sub-section (*1*) of section 34 for the arrest of any person may be executed at any place in British India outside the area in which Part III is in force, and the same procedure shall be followed as if Part III was in force throughout British India:

Provided that, if the arrest is made outside the province of the Local Government which made the order, the report required by section 35 shall be made to that Local Government, and the maximum period of detention limited by the proviso to that section shall be extended to twenty-one days.

Orders under this Act not to be called in question by the Courts.

**42.** No order under this Act shall be called in question in any Court, and no suit or prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Act.

Powers of Act to be cumulative.

**43.** All powers given by this Act shall be in addition to, and not in derogation of, any other powers conferred by or under any enactment, and all such powers may be exercised in the same manner and by the same authority as if this Act had not been passed.

## THE SCHEDULE.

(*See section 2.*)

(1) Any offence under the following sections of the Indian Penal Code, namely:—sections 121, 121-A, 122, 123, 124, 131 and 132. XLV of 1860

(2) Any of the following offences, if, in the opinion of Government, such offence is connected with any anarchical or revolutionary movement, namely:—

(*a*) any offence under sections 124-A, 148, 153-A, 302, 304, 326, 327, 329, 332, 333, 385, 386, 387, 392, 394, 395, 396, 397, 398, 399, 400, 401, 402, 431, 435, 436, 437, 438, 440, 454, 455, 457, 458, 459, 460, and 506 of the Indian Penal Code; XLV of 1860.

(*b*) any offence under the Explosive Substances Act, 1908; VI of 1908.

(*c*) any offence under section 20 of the Indian Arms Act, 1878. XI of 1878.

(3) Any attempt or conspiracy to commit or any abetment of any of the above offences.

## PART VI.

### Bills introduced in the Indian Legislative Council, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

GOVERNMENT OF INDIA.

**LEGISLATIVE DEPARTMENT.**

BILL No. 1 OF 1919.

[AS AMENDED BY THE SELECT COMMITTEE.]

**[Words printed in italics indicate the amendments suggested by the Select Committee.]**

*A Bill to provide for the amendment of the Indian Penal Code and the Code of Criminal Procedure, 1898.*

WHEREAS it is expedient to amend the Indian Penal Code and the Code of Criminal Procedure, 1898, in order to deal more effectively with certain acts dangerous to the State; It is hereby enacted as follows:—

(XLV of 1860. V of 1898.

1. This Act may be called the Indian Criminal Law (Amendment) Act, 191 .

Short title.

2. After section 196-A of the Code of Criminal Procedure, 1898, (hereinafter referred to as the said Code), the following section shall be inserted, namely:—

Insertion of new section 196-B in Act V of 1898.

"196-B. In the case of any offence referred to in section 196 or 196-A, the District Magistrate or the Chief Presidency Magistrate may, notwithstanding anything contained in those sections or in any other part of this Code, order a preliminary inquiry by a police-officer not below the rank of an Inspector, in which case such police-officer shall have the powers referred to in section 155 (3)."

Preliminary inquiry in certain cases.

3. To section 343 of the said Code, the following *Explanation* shall be added, namely:—

Amendment of section 343, Act V of 1898.

"*Explanation.*—A promise of protection to an accused person against criminal force or any promise properly *and reasonably* incidental to a promise of such protection, shall not be deemed to be the use of influence within the meaning of this section:

*Provided that the presiding Judge or Magistrate has been informed of the terms of any such promise before the accused person is examined as a witness.*

*Where the presiding Judge or Magistrate has been so informed, he shall not disclose to the defence the terms of any such promise except to such extent as he may consider it necessary so to do in the interests of justice.*"

**4.** After section 510 of the said Code, the following section shall be inserted, namely:—

Insertion of new section 510-A in Act V of 1898.

"510-A. On the trial of an offence under Chapter VI of the Indian Penal Code, the following facts shall be relevant—*for the purpose of proving criminal intention*, namely:—

XLV of 1860. Evidence of previous conviction and association with previous convicts *to be relevant for certain purposes* at a trial for offences under Chapter VI, Act XLV of 1860.

(*a*) that the person accused has previously been convicted of an offence under that Chapter, and

(*b*) that such person has associated *in such circumstances as afford reasonable grounds for believing that the association was for the purpose of committing an offence under that Chapter* with any person who has been convicted of an offence under that Chapter:

Provided that such facts shall nevertheless not be *proved* under the provisions of this section, unless written notice of the intention to call evidence thereof has been served on the accused at least seven days before *such evidence is tendered*, together with reasonable particulars of the conviction or association intended to be proved."

**5.** After section 565 of the said Code, the following section shall be inserted, namely:—

Insertion of new section 565-A in Act V of 1898.

"565-A. (*1*) When any person is convicted of an offence punishable under Chapter VI of the Indian Penal Code, the Court may, if it thinks fit, at the time of passing sentence on such person, order him, on his release after the expiration of such sentence, to execute a bond with sureties *undertaking, for such period not exceeding two years as may be specified in the order, that he will not commit, or attempt or conspire to commit, or abet the commission of, any offence under the said Chapter.*

XLV of 1860. Security on conviction of an offence under Chapter VI of Act XLV of 1860.

(*2*) An order under sub-section (*1*) may also be made by an Appellate Court, or by the High Court when exercising its powers of revision.

(*3*) If the Court makes an order under sub-section (*1*), it shall further direct that, until the person who is the subject of the order furnishes the required security, such person shall notify to the Local Government or to such officer as the Local Government may by general or special order appoint in this behalf, his residence and any change of residence after release for the period for which security is required.

(*4*) Where any person is under an obligation to notify, in accordance with the provisions of sub-section (*3*), his residence and any change of residence after release, the Local Government may by order in writing direct that such person—

(*a*) shall not enter, reside or remain in any area specified in the order,

(*b*) shall reside or remain in any area in British India so specified, and

(*c*) shall abstain from addressing public meetings for the furtherance or discussion of any subject likely to cause disturbance *of the public tranquillity.*

(*5*) Any person refusing or neglecting to comply with any direction under sub-section (*3*) or any order under sub-section (*4*), shall be punishable as if he had committed an offence under section 176 of the Indian Penal Code. XLV of 1860.

(*6*) If the conviction is set aside on appeal or otherwise, all orders made under the provisions of this section shall become void.

*Explanation.*—In this section the expression "public meeting" has the same meaning as is assigned to it by section 3 of the Prevention of Seditious Meetings Act, 1911." X of 1911.

H. M. SMITH,
*Offg. Secretary to the Government of India.*

*No. 74 (second publication).*—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 200 of 1919), are republished:—

*Position on charts.*—In the southern approach to Iloilo strait.
Lat. 10° 33′ N., long. 122° 23′ E.

*Description.*—A 5-fathom shoal marked "Not examined (1914). (P.A.)"

*Remarks.*—This shoal does not exist and is to be expunged from the charts.

*Charts affected.*—No. 2578, Eastern part of the Sulu or Mindoro Sea.
" 943, Molucca passage to Manila.
" 1263, China Sea.

*Publication.*—Eastern Archipelago Pilot, Part I, 1911, page 327; Revised Supplement (2), 1917.

*Authority.*—U.S.A. Government Chart. (*H. 7600/18.*)

## JAPAN, INLAND SEA—SUWO NADA.

### *Hime Shima Channel—Existence of Rock.*

*No. 75 (second publication).*—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 217 of 1919), are republished:—

*Position.*—At a distance of 16 cables, 248° (*S. 72° W. Mag.*), from Hime Shima 874-foot ▲.
Lat. 33° 43′ N., long. 131° 38′ E.

*Depth.*—3¾ fathoms.

*Variation.*—4° W.

*Charts affected.*—No. 770, Hime Shima roads.
" 2875, Naikai or Inland sea.

*Publication.*—Japan Pilot, 1914, page 403.

*Authority.*—Tokyo Notice No. 200 of 1918. (*H. 7545-18.*)

## BAY OF BENGAL.

*Caution—Report of a wreck.*

*No. 76 (second publication).*—

*Subject.*—The Master of the SS. "Clan Chattan" reports having passed on the 7th March 1919 at 15-40 Greenwich Mean Time, setting South-East, a wreck as follows:—

*Details.*—A wooden vessel about 100 feet long, copper sheathed, floating bottom up, with bows bushed in, showing above water.

*Position.*—Lat. 16° 33¾′ N., long. 85° 25½′ E.

*Remarks.*—Mariners are hereby cautioned.

*Charts affected.*—No. 829, Cocanada to Bassein river.
„ 70, Bay of Bengal.

*Authority.*—Port Officer, Chittagong, notice dated 12th March 1919.

## BAY OF BENGAL.

*Caution.—Report of a submerged derelict.*

*No. 77 (second publication).*—

*Subject.*—The Master of the SS. "Bharata" reports having sighted on the 14th March 1919 a submerged derelict about 80 feet long, also a piece of wreckage in the following position. The current was setting Easterly:—

*Position.*—Lat. 16° 50′ N., long. 92° 56′ E.

*Remarks.*—Mariners are hereby warned.

*Charts affected.*—No. 829, Cocanada to Bassein river.
„ 70, Bay of Bengal.
„ 830, Bassein river to Pulo Penang.

*Authority.*—Master of the SS. "Bharata" telegram dated 15th March 1919.

*The 10th March 1919.*

## CHINA SEA AND PACIFIC OCEAN.

*Traffic Regulations, Extinction of Lights, and Discontinuance or Withdrawal of Aids to Navigation.*

*No. 70 (third publication).*—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 155 of 1919), are republished:—

*Former Notice.*—No. 1245 of 1918; hereby cancelled.

### 1. PHILIPPINE ISLANDS.—MANILA BAY.

1. The south channel of the entrance to Manila bay is closed to all traffic, both incoming and outgoing, at all times, day or night, and under no circumstances shall it be used. The seaward limits of the entrance to this channel extend from La Monja island on the north to Limbones island on the south; and the inner limits from Corregidor island to San Nicolas shoal light.

2. The North channel is closed to traffic inward from sunset to sunrise, except to certain vessels engaged in public service. The seaward entrance to this channel is designated as being between Guardia shoal on the north and La Monja island on the south. Vessels will be permitted to leave Manila bay by the North channel without restriction as to time. The speed of all vessels passing through the North channel in the area enclosed by a line joining Guardia shoal and La Monja island, and one joining Lokanin (Limay) point and San Nicolas shoal light shall not exceed five knots.

3. The headquarters of the Naval Patrol is based in Mariveles harbour. A Naval Signal Station has been established on the highest elevation of Cochinos point at the western entrance to Mariveles harbour, as an adjunct to the Patrol Vessel.

4. A vessel desiring to enter Manila bay shall proceed to the vicinity of a position having La Monja island and Corregidor lighthouse in line, with Luzon point bearing 330° (*N. 31° W. Mag.*), flying her national colours, together with International Code number and there stop until communicated with by the Harbour Patrol Vessel which will be in that vicinity. In the event of the absence of the Patrol Vessel from this locality, the vessel will proceed at a speed not exceeding five knots toward a line joining Guardia shoal and La Monja island, and there await instructions from Cochinos point Signal Station; this line shall not be passed until permission to do so has been granted.

5. In the event of a vessel being ordered by the Patrol Vessel or Cochinos Signal Station to proceed into Mariveles harbour, she shall under no circumstances cross to the eastward of a line joining Gorda point and La Monja island.

6. When a vessel has been granted permission to proceed through the North channel she will be given a code signal which shall be hoisted immediately and kept flying while within the restricted area above described. Under no circumstance shall she, on entering, pass a line joining Gorda point and La Monja island without displaying this signal.

7. The Cochinos Signal Station is provided with International signals, but routine signals may be made by shapes; that is to say, by ball, cubes (showing as squares), and cones.

Signals.

Proceed.—One Ball on yardarm (or Flag Signal).

Stop.—One Cube (Square) on yardarm or Rocket followed by Red Star (or Flag Signal).

Enter Mariveles Harbour.—One cone on yardarm point up, or Rocket followed by two Green Stars.

Patrol Ship Will Visit You.—Two Balls in vertical line from yardarm.

Hoist Safe Conduct Signal.—Cone, apex down, over Cube (Square). To be accompanied by designated letters.

8. Vessels are cautioned to use clean signal flags of sufficient size to be readily distinguished.

9. In case of a typhoon, a vessel arriving off the entrance of the North channel, and seeking shelter at night, shall burn a flare-up light at intervals. The signal granting permission to enter will be a rocket followed by two green stars, and this signal shall be repeated by a rocket fired from Corregidor. The vessel will then be entitled to proceed to an anchorage in Mariveles bay.

Failure to comply with any of the above regulations may result in the destruction of the offending vessel.

*Variation.*—1° E.

SÚBIC BAY.

Súbic bay is closed to traffic; any unauthorised vessel attempting to enter the port does so at her peril.

III. SWATAU.

The following Regulations have been made by the Local Military Authorities at Swatau with reference to the existence of mines in the approaches to that port, and are now in force:—

1. Vessels are forbidden to proceed by the channel northward of Sugar Loaf lighthouse.

2. All vessels, including men-of-war, must enter and leave the port by the channel to the southward of Sugar Loaf lighthouse.

3. All vessels, including men of war, when entering and leaving, must, when at a distance of 3 miles from Sugar Loaf lighthouse, slow down to a speed not exceeding 6 knots.

4. Vessels leaving or approaching Sugar Loaf lighthouse may not anchor within a distance of 4 miles outside and 2 miles inside thereof, nor throw overboard heavy articles, to do so being dangerous.

5. A guardboat will be stationed by the authorities, which, in case of changes in the minefield, will approach and guide incoming and outgoing steamers.

6. All incoming and outgoing men-of-war and armed steamers should give 24 hours' notice of their expected arrival or departure to the Swatau police.

7. If vessels, including men-of-war, disregard the above rules and thereby incur risks, the local authorities will not accept responsibility.

8. The time for leaving and entering the port is fixed for the hours between 6 A.M. and 6 P.M.

## DEPARTMENT OF STATISTICS, INDIA.

### CALCUTTTA TRADE FLUCTUATIONS.

THE following tables are intended to show the trade by all routes, *i.e.*, by rail, river, canal, road, and sea, of the Calcutta Block* in certain selected articles during the months of April, 1918 to January, 1919, as compared with the corresponding period of 1917-18 and 1916-17. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the Collectors of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.

## General Summary.

**Imports.**—The imports of rice, including paddy†, into Calcutta* by rail, river, canal, road, and sea (coastwise) during the months of April, 1918 to January, 1919, amounted to 12,675,000 maunds as against 11,175,000 maunds in the corresponding period of the preceding year,—an increase of 13 per cent. There was an increase (15 per cent) in the imports of coal and coke (72,370,000 maunds as against 62,653,000 maunds last year). The value of the imports by rail, river, road, and sea (coastwise) of Indian cotton piece goods showed an increase of 57 per cent, the total value amounting to Rs. 4,94,63,000 as against Rs. 3,14,72,000 last year. The quantity of indigo imported during the months of April, 1918 to January, 1919, decreased by 6,000 maunds, or 28 per cent, to 15,000 maunds. The imports of raw jute amounted to 4,283,000 bales as against 3,816,000 bales,—an increase of 12 per cent. The importations of gunny bags also showed an increase of 4 per cent (366 million bags as against 351 millions in the preceding year). The total imports of oilseeds (linseed and rape and mustard seed) increased by 77 per cent from 3,665,000 maunds to 6,492,000 maunds. The imports of tea decreased by 19 per cent from 3,375,000 maunds to 2,724,000 maunds.

**Exports.**—The exports of cotton piece goods, foreign, from Calcutta* by all routes during the months of April, 1918 to January, 1919 increased by 7 per cent (Rs. 20,86,92,000 as against Rs. 19,40,30,000 last year). The exports of gunnybags (including the exports by sea to foreign countries) decreased from 1,161 million bags to 1,066 million bags, but the shipments of gunny bags to other Indian ports increased from 20 millions to 31 millions in number in the period under review. The quantity of kerosine oil despatched from Calcutta and Budge-Budge by internal routes and by sea (coastwise) decreased from 4,694,000 maunds to 4,017,000 maunds, or by 14 per cent.

* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.

† One maund of paddy is equivalent to 25 seers of rice.

## DISTRICT REPORTS ON WEATHER AND CROPS.

**For the week ending on the 27th March 1919.**

**Summary.**—There was practically no rain throughout the Presidency. Preparation of lands for jute and paddy is being greatly retarded owing to continuous drought. Harvesting of spring crops continues. The condition of standing crops is generally reported to be unfavourable. The average price of common rice remains almost stationary. Distress continues to prevail in Bankura and Brahmanbaria subdivisions of the Tippera district. In Bankura 3,149 persons were in receipt of gratuitous relief and 4,415 persons were engaged in District Board work. In Brahmanbaria Rs. 1,11,665 has been distributed as agricultural loans up to date and 1,289 persons worked daily on an average in test works.

*No. 3425Agri.—The 8th April 1919.*—The following draft of rules which the Governor in Council intends to make under section 43 of the Co-operative Societies Act, 1912 (II of 1912), in supersession of the rules published with Notification No 291T.R.,, dated the 24th April 1913, in the *Calcutta Gazette* of the 30th *idem*, as amended by Notification No. 4002Agri., dated the 23rd May 1917 is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 21st May 1919, and any suggestions or objections received by the undersigned before that date will be duly considered.

M. C. MCALPIN,
*Secy. to the Govt. of Bengal.*

*Draft Rules.*

1. In these rules—

Definitions.

(*a*) "Act" means the Co-operative Societies Act, 1912;

(*b*) "Rules" means rules made under the Act and for the time being in force; and

(*c*) "Registrar" includes any person appointed under section 3 of the Act to assist the Registrar for the province, and on whom all or any of the powers of the Registrar under the Act have been conferred.

Payment of fees for inspection of public documents filed in the office of Registrar, Co-operative Societies.

2. (*1*) Any member of the public may, on payment of a fee of Re. 1 for each occasion of inspection, inspect, for any lawful purpose, any public document (exclusive of documents privileged under sections 123, 124, 129 and 131 of the Indian Evidence Act, 1872) filed in the office of the Registrar of the Co-operative Societies and in particular the following documents, namely:—

(*a*) Registration register.

(*b*) Registration certificate of a society.

(*c*) The registered by-laws of a society and amendments effected in such by-laws

(*d*) An order cancelling the registration of such a society.

(*e*) An order directing the liquidation of such a society.

(*f*) The annual accounts of a society.

Payment to be made for certified copies of documents.

(*2*) Certified copies of any document which any person has a right under the foregoing sub-rule to inspect shall be supplied on payment of Rs. 3 for a registration certificate and in the case of other documents a sum calculated at the rate of three annas for each hundred words of the copy or extract.

Restriction on payment of withdrawable share capital by a society.

3. No society shall make any payment of withdrawable share capital while any claim due on account of a deposit is unsatisfied.

Restriction on interest of member of society with limited liability and a share capital.

4. Where the liability of the members of a society is limited by shares no member other than a registered society shall hold more than one-fifth of the share capital of the society.

Application for registration

5. (*1*) Every application for the registration of a society shall be submitted to the Registrar in the form contained in the schedule to these rules and shall be signed by the applicants.

(*2*) With every such application there shall be submitted three copies of the by-laws which the society proposes to adopt signed by the applicants. On the approval and registration of the by-laws the three copies shall be stamped with the official seal of the Registrar. One of the said copies shall thereupon be retained in the Registrar's office, another copy shall be returned to the society, and the third copy shall be sent to the central bank, if

the society is affiliated to a central bank, or retained in the Registrar's office to be made over to any central bank to which the society may in future be affiliated.

(3) In any case where one of the applicants is a registered society, the application for registration and copies of the by-laws submitted therewith, under this rule, shall be signed on its behalf by the office-bearer who is empowered by the by-laws of such society to sign documents on its behalf.

(4) In every case in which an application is made in accordance with the provisions of this rule, except in the case of an application which is forwarded to the Registrar through a central bank of which the chairman is the Collector or Subdivisional Officer, a copy of the application shall be forwarded simultaneously to the Subdivisional Officer of the area in which it is proposed to start the society, or if there be no Subdivisional Officer for such area, to the Collector of the district, for information, and the Registrar shall be informed accordingly.

Procedure of registration on receipt of application.

6. (1) When the Registrar has received an application for the registration of a society, he shall defer the consideration of it for ten days in order to allow time to the Collector or Subdivisional Officer to report thereon and shall thereafter examine the application along with the by-laws submitted therewith and consider the report (if any) received from the Collector or Subdivisional Officer in order to satisfy himself as to—

(a) whether they are in conformity with the Act and the rules;

(b) whether the by-laws are suitable for ensuring the safe conduct of business and for carrying out the purposes of the Act; and

(c) whether the proposed society has complied with the provisions of the Act and the rules;

and may direct any alterations to be made in the application or by-laws in order to bring them into conformity with the Act or the rules.

(2) If the Registrar is not satisfied on all the points mentioned in clauses (a), (b) and (c) of sub-rule (1) he shall refuse to register the society; but if he is so satisfied, he may, if he thinks fit, register the society and its by-laws and grant a certificate of registration to such society.

(3) In every case in which the Registrar refuses to register a society he shall record in writing the reasons for his refusal and shall communicate his decision to the applicants.

Power to make by-laws.

7. (1) A society shall make by-laws in respect of the following matters, namely:—

(a) the name and registered address of the society;

(b) the area of its operations;

(c) the objects for which the society is established and the purposes to which its funds may be applied;

(d) the qualifications required for membership and the terms of admission of members;

(e) the rights and liabilities of membership;

(f) the manner in which the capital may be raised;

(g) the rates of interest to be charged on loans;

(h) the mode of appointment and removal of the Committee and officers of the society and the duties and powers of such Committee;

(i) the mode of summoning and conducting meetings and the right of voting;

(j) the general conduct of the business of the society; and

(k) the disposal of profits.

(2) In addition to the above, a society may make by-laws on any other matters incidental to the management of its business, including—

(a) the imposition of fines and forfeitures on members and the consequences of the non-payment of any sums due by members to the society; and

(b) the authorization of any officer or officers to sign documents on behalf of the society.

Amendment of by-laws.

8. (*1*) After the registration of a society and its by-laws such society may amend its by-laws by altering or rescinding any by-law or by making a new by-law. Every such amendment shall be made only in accordance with a resolution passed at a general meeting of the society:

Provided that—

(*a*) due notice of any proposal to amend is given in accordance with the by-laws;

(*b*) the resolution is passed by not less than two-thirds of the members present at the general meeting, and by not less than half of the total number of members; and

(*c*) the amendment is approved and registered by the Registrar:

Provided also that the Registrar may, in special cases, sanction and register an amendment passed by two-thirds of the members present at a general meeting at which the number of members required by proviso (*b*) did not attend, if he is satisfied, for reasons to be recorded by him in writing,—

(*i*) that it is impossible for the society to secure the attendance of half of the total number of members at a general meeting;

(*ii*) that the adoption of the proposed amendment would be in the interests of the society; and

(*iii*) that such amendment is likely to meet with the approval of the general body of members.

(*2*) In every case in which the by-laws of a registered society are amended an application for the registration of the new or altered by-law or for the rescission of an existing by-law shall be submitted to the Registrar signed by the Secretary and three members of the Committee of Management. The application shall contain information as to—

(*a*) the date of the general meeting at which the amendment was passed;

(*b*) the number of members present at the meeting;

(*c*) the number of the members who voted in support of the amendment; and

(*d*) the number of members on the roll of the society at the date of the general meeting.

Together with the application shall be submitted three copies of the new or altered by-law, or in the case of a rescinded by-law, three copies of the resolution approving the rescission

(*3*) If the Registrar considers that the new or altered by-law or the rescission and the method of its adoption are not contrary to the Act and the rules, he may—

(*i*) in the case of a new or altered by-law, register it and retain one copy in his office, return another copy to the society together with a certificate of registration and forward the third copy to the central bank, if the society is affiliated to a central bank, and if not, retain it until the society is so affiliated, and

(*ii*) in case of a rescinded by-law, retain one copy of the resolution approving the rescission, return another copy to the society with a certificate of approval and forward the third copy to the central bank, if the society is affiliated to a central bank, and if not, retain it until the society is so affiliated.

Restriction on membership of a society with unlimited liability.

9. No person who is a member of a society with unlimited liability and no person who has within two years ceased to be a member of a society with unlimited liability shall be eligible, without the special permission of the Registrar, for membership of any other society with unlimited liability.

Joint-stock company not to be a member of society.

10. No joint-stock company may be a member of a registered society.

Borrowing.

11. (*1*) A registered society may borrow, in accordance with law, from either members or non-members; and all borrowings shall be regulated by the by-laws:

Provided that the issue of debentures by any such society shall be subject to such conditions as the Registrar may prescribe.

(2) The maximum amount of borrowings of any registered society shall be determined annually at a general meeting of the society, but may be revised at any subsequent general meeting during the year. No registered society shall contract any loan beyond the maximum amount so determined and in force for the time being:

Provided that the Registrar may revise the limit fixed at any general meeting, and when he does so, the limit as fixed by him shall not be exceeded.

(3) No society with limited liability shall, by accepting deposits, borrowing or otherwise, incur liabilities exceeding ten times the sum of the paid-up share capital and the reserve fund for the time being separately invested outside the society.

(4) No society shall incur liabilities to persons or societies who are not members in excess of a maximum to be fixed from time to time in general meetings of the society and to be approved of by the Registrar.

Special general meeting.

12. Notwithstanding anything contained in the by-laws of a registered society as to the mode of summoning general meetings and the object, time and place of such meetings, the Registrar, or any person authorised by the Registrar in that behalf, may—

(a) summon at any time a special general meeting of the society in such manner and at such time and place as he may direct, and

(b) specify what matters shall be discussed by the meeting:

Provided that such meeting shall have all the powers of a meeting called according to the by-laws of the society.

Balance sheet of society to be laid before general meeting.

13. The balance sheet of each registered society shall be laid before a general meeting of the society once a year.

Membership of Managing Committee.

14. (1) In every registered society the members of the Managing Committee by whatever name it may be called shall be elected by nomination and open vote at a general meeting.

(2) In any registered society no person who is under the age of 21 years or who is in receipt of a salary from the society shall be a member of the Managing Committee by whatever name it may be called.

(3) In every registered society a member of the Managing Committee by whatever name it may be called shall cease to hold office (a) if he become of unsound mind, or (b) if he be adjudged an insolvent, or (c) if he has been sentenced by any Court for any non-bailable offence, such sentence not having been subsequently reversed or quashed.

Conditions of appointment of a salaried officer in a society.

15. The appointment of a salaried officer in any society shall be subject to such conditions as to qualifications and the furnishing of security as may be prescribed by the Registrar.

Prohibition against inspection of society by an unlicensed salaried officer.

16. No salaried officer of a registered society shall be authorized to inspect registered societies unless he holds a license from the Registrar to do so.

Power of Registrar to remove office-bearer or member of Managing Committee of an unlimited liability society.

17. In any registered society with unlimited liability the Registrar shall have power to remove any office-bearer or member of the Managing Committee by whatever name it may be called and to nominate a member of the society in his place.

Books and registers to be maintained by the Managing Committee.

18. The Managing Committee shall keep such books and registers as may be prescribed by the Registrar and in particular shall make and maintain correctly up to date a register of members.

Maintenance of accounts and books and publication of balance sheet.

19. A society shall keep such accounts and books as may from time to time be prescribed or approved by the Registrar, and shall publish a balance sheet annually in such manner as the Registrar may by general or special order prescribe.

Audit fees.

20. Every registered society shall pay the audit fee prescribed by Government.

Returns.

21. A society shall submit to the Registrar such returns as that officer may from time to time prescribe.

Certifying copies of entries in books.

22. For the purposes of section 26 of the Act, a copy of any entry in a book of a registered society may be certified by a certificate written at the foot of such copy declaring that it is a true copy of such entry, that such entry is contained in one of the ordinary books of the society, and was made in the usual and ordinary course of business and that such book is still in the custody of the society: such certificate being dated and subscribed by the Secretary of the society or by any other officer approved by the Registrar.

Register of members and of shares.

23. In every registered society there shall be made and maintained corrected up to date a register of members and, where the liability of the members is limited by shares, a register of shares.

Disputes.

24. (*1*) Any dispute touching the business of a registered society between members or past members of the society, or persons claiming through a member or past member, or between a member or past member or persons so claiming and the Committee or any officer, shall be referred in writing to the Registrar.

(*2*) The Registrar, on a reference being made to him under the preceding sub-rule, shall, at his discretion, either decide the dispute himself or shall appoint an arbitrator, or shall refer it to three arbitrators of whom one shall be nominated by each of the parties to the dispute and the third shall be nominated by the Registrar and shall act as Chairman. Where any party to a dispute fails to nominate an arbitrator within fifteen days the Registrar may himself make the nomination.

(*3*) In such proceedings the Registrar or the arbitrator or arbitrators shall have power to administer oaths or solemn affirmations, to summon and enforce the attendance of all parties concerned and of witnesses, and to compel the production of all books and documents relating to the matter of the dispute by the same means and in the same manner as is provided in the case of a Civil Court under the Code of Civil Procedure, 1908.

(*4*) The Registrar or the arbitrator or arbitrators shall record a brief note in English or the vernacular of the evidence of the parties and witnesses who attend, and upon the evidence so recorded and after consideration of any documentary evidence produced by either side, a decision or award, as the case may be, shall be given in accordance with justice, equity and good conscience and shall be reduced to writing. In the absence of any party duly summoned to attend, the dispute may be decided against him in default. In cases where three arbitrators are appointed the opinion of the majority shall prevail.

(*5*) Any party aggrieved by an award of an arbitrator or arbitrators may appeal to the Registrar within one month of the date of the award. In cases which the Registrar has decided himself under sub-rule (*2*) without reference to arbitration, an appeal within one month of the date of the decision shall lie to the Commissioner of the Division in which the society is situate.

(*6*) An award of the arbitrators or a decision of the Registrar under sub-rule (*4*), if not appealed against within one month, and an order of the Registrar or of Commissioner in appeal under sub-rule (*5*) shall, as between the parties to the dispute, not be liable to be called in question in any Civil or Revenue Court and shall be in all respects final and conclusive.

(*7*) Decisions and awards mentioned in sub-rule (*6*) shall, on application to any Civil Court having local jurisdiction, be enforceable in the same manner as a decree of such Court.

(*8*) In proceedings held under sub-rules (*2*) to (*5*) no party shall be represented by any legal practitioner.

Withdrawal, removal or expulsion of member.

25. (*1*) A member of any registered society may, if he is not in debt to the society or is not surety for an unpaid debt, withdraw from the society after giving one month's notice in writing to the Secretary.

(*2*) A member may be removed or expelled from a registered society only for such causes and in accordance with such procedure as may be prescribed by the by-laws.

(*3*) A member withdrawing, removed or expelled from the society shall be entitled, after the period prescribed by section 23 of the Act, to repayment without interest of any money paid by him or his predecessor in interest towards the purchase of a share or shares.

(*4*) A member who ceases to be qualified under the by-laws may be removed by the Managing Committee.

Nominees of deceased members.

26. (*1*) Any member of a registered society may, by a writing under his hand delivered at or sent to the registered office of the society or by a declaration duly made, nominate any person to whom or to whose credit the share or interest or the value of such share or interest and all other moneys referred to in section 22 of the Act may, on the death of such member, be paid or transferred under the provisions of the said section :

Provided that—

(*a*) such member may from time to time revoke or vary such nomination by a writing under his hand similarly delivered or sent or by a declaration similarly made ; and

(*b*) the value of a member's share or interest shall be represented by the sum actually paid by the member to acquire such share or interest.

(*2*) Every registered society shall keep a register of all persons (if any) so nominated.

(*3*) In case the nominee of a member dies the member shall report the death to the society.

(*4*) The nominee of a deceased member of a registered society may become a member of the society only if admitted by the Managing Committee.

Loans to members.

27. (*1*) No loan shall be made to an individual member of any registered society with unlimited liability which shall bring the amount of his debts to the society up to a sum exceeding Rs. 250 without the previous consent of the Managing Committee of any other registered society of which the aforesaid society is itself a member.

(*2*) In any registered society in which the liability of members is limited by shares, no loan shall be made to a member which shall bring the amount of his debts to the society up to a sum exceeding Rs. 1,000, without at the same time sending information to the Registrar that such loan is being given.

(*3*) In any registered society in which the liability of members is limited by shares, no loan shall be given to a member exceeding ten times the amount of the share capital paid up by him.

(*4*) In any registered society a member applying for a loan shall apply in writing and shall state in his application the purpose for which he requires the loan.

(*5*) No extension of the period for which a loan has been granted by a registered society to a member shall be made except for good cause shown and on the written application of the member and with the consent of his sureties.

Reserve fund.

28. (*1*) In every registered society in which the liability of members is limited by shares, not less than one-fourth of the net profits shall be annually carried to a reserve fund.

(*2*) In every registered society with unlimited liability and without shares, the whole of the net profits every year shall be carried to a reserve fund.

(*3*) In every registered society with shares and with unlimited liability, not less than one-half of the net profit in any year shall be carried to a reserve fund until that fund is equal to one-half of the total liabilities of the society other than the reserve fund and share capital. Thereafter not less than one-third of the net profits in any year shall be added to the reserve fund, provided that if, by any increase in liabilities other than reserve fund and share capital, the proportion of reserve fund to such liabilities is reduced below one-half, the share of the net profits to be credited annually to the reserve fund shall be raised to one-half until the proportion is restored.

(*4*) The reserve fund of every registered society shall be invested or deposited in one or more of the modes mentioned in section 32, sub-section (*1*), clauses (*a*), (*b*), (*c*) and (*d*) of the Act, or in any other way approved of by the Registrar.

Number of members of an unlimited liability society.

29. Without the sanction of the Registrar no registered society with unlimited liability shall have more than fifty members.

Limitation of dividend.

30. (*1*) In any registered society with shares and unlimited liability, the balance of the net profits in any year, after crediting the reserve fund with the amount prescribed in rule 28, sub-rule (*3*), under section 43, sub-section (*2*), clause (*p*) of the Act, may be divided among the share-holders as dividend on their shares, subject to a maximum of 6¼ per cent. per annum on the amount paid up on each share. No dividend shall be distributed in such societies without the previous sanction of the Registrar.

(*2*) In every registered society in which the liability of the members is limited by shares, dividends may be declared up to a maximum of 12½ per cent. per annum on the amount paid up on shares.

(*3*) In any society in which the liability of the members is limited by shares, if the auditor reports that any asset is irrecoverable, no dividend shall be paid without the sanction of the Registrar.

(*4*) Notwithstanding anything in the foregoing rules the Registrar shall have power to permit any registered society, in which the liability of the members is limited by shares, to declare a dividend at a rate higher than 12½ per cent.

Procedure to be followed by liquidator.

31. (*1*) (*a*) When a liquidator has been appointed under section 42, of the Act, the Registrar shall at once publish in the *Calcutta Gazette* and in such other manner as he may think proper a notice requiring all claims against the dissolved societies to be submitted to the liquidator within one month of the publication of the notice:

Provided that the liabilities recorded in the account-book of the society shall be deemed *ipso facto* to have been duly notified.

(*b*) When a liquidator is appointed under section 42 he shall forthwith take charge of the books of the society and all the property, effects and actionable claims to which the society is entitled in order to take necessary steps to wind up its affairs.

(*c*) If necessary, the liquidator may institute suits for the recovery of sums due to the society.

(*d*) The liquidator shall then proceed to determine the assets and liabilities of the society as they stood on the date of the cancellation of its registration. He shall next determine the contributions to be made by the members and past members of the society, respectively, to the assets of the society. He shall also determine by what persons and in what proportions the costs of the liquidation are to be borne.

(*e*) For the purposes of clause (*d*) the liquidator may issue summonses to persons whose attendance is required either to give evidence or to produce documents. He may compel the attendance of any person to whom a summons has been issued and for that purpose issue a warrant for his arrest

(*f*) The liquidator shall send all such notices, summonses or warrants for service to the District or Subdivisional Officer concerned.

(*g*) The District or Subdivisional Officer, upon receipt thereof, shall proceed as if such notices, summonses or warrants had been issued by him and shall return them to the liquidator with the record (if any) of the proceedings taken with regard thereto.

(*h*) The liquidator shall keep short notes of the depositions of the persons thus summoned to give evidence.

(*i*) The liquidator shall thereupon make an order, after consultation with the Registrar, if necessary, noting the names of members and past members of the society and the amount to be realized from each as contribution under clause (*b*) of sub-section (*2*) of section 42, as costs of liquidation under clause (*d*) of the same sub-section.

(*j*) If the liquidator decides to proceed by taking action in the Civil Court, a copy of the above order accompanied, if necessary, by a list of the property of each member or past member against whom the decree will have to be enforced, shall be filed in the Civil Court having local jurisdiction, to be enforced as laid down in clause (*a*), sub-section (*5*) of section 42.

(*k*) If the Civil Court is unable, under the above order, to recover the sums assessed against any member or members, the liquidator may frame a subsidiary order or orders against any other member or members up to the extent of the liability of each for the debts of the society. This subsidiary order or these subsidiary orders shall be filed in the Civil Court having local jurisdiction for enforcement until the whole amount due from the members is realized.

(2) If the liquidator decides to proceed under the Bengal Public Demands Recovery Act, 1913, he shall observe the following rules :—

(*a*) He shall proceed as in clauses (*d*), (*e*), (*f*), (*g*), (*h*) and (*i*) of sub-rule (*1*).

(*b*) He shall then prepare, in the form prescribed in the Bengal Certificate Manual, a requisition for a certificate against each member or past member for the amount of his contribution, and shall forward this requisition in duplicate to the Registrar, who may file one copy of the requisition in his office and return the other countersigned to the liquidator, or return both copies for such modifications as he may think fit and resubmission.

(*c*) When the liquidator receives the countersigned requisition from the Registrar, he shall file it in the court of the Certificate Officer having jurisdiction and thereafter proceed according to the instructions in the Bengal Certificate Manual and such further instructions as the Registrar may prescribe.

(*d*) If the contribution of any member is not realized within a reasonable time, the liquidator may frame subsidiary order or orders against any other member or members up to the extent of the liability of each for the debts of the society and submit subsidiary requisitions to the Registrar for countersignature and file the countersigned subsidiary requisitions in the court of the Certificate Officer having jurisdiction, and so on until the whole amount due from the member is realized.

(3) The liquidator shall submit to the Registrar a quarterly report in such form as the Registrar may prescribe, showing the progress made in the liquidation of the societies placed under his charge.

(4) All funds in charge of the liquidator should be kept and deposited in the Post Office Savings Bank or with such other bank or person as may be approved of by the Registrar.

(5) After recovery of the dues of the society and the realization of the contribution and costs of liquidation from the members and past members, the liquidator shall, after meeting the liabilities of the society, wind up the affairs of the society and submit a final report to the Registrar.

(6) No appeal shall lie from the order of a liquidator under section 42.

(7) The appointment of a liquidator shall be published in the *Calcutta Gazette*.

## SCHEDULE.

[See rule 5 (*1*).]

V. C. FRENCH,

*Treasurer, Charitable Endowments, Bengal.*

NOTIFICATION.

*No. 3547Mis.—The 4th April 1919.*—With reference to the Notification No. 10506Mis., dated the 19th November 1918, published at page 1605, Part I of the *Calcutta Gazette* of the 20th idem, the Governor in Council hereby declares, under section 25 of the Negotiable Instruments Act, XXVI of 1881, the 3rd June 1919 to be a public holiday on account of the birthday of His Majesty the King Emperor of India.

J. DONALD,
*Secy. to the Govt. of Bengal*

## MEDICAL DEPARTMENT.

### The Charitable Endowments Act, 1890.

NOTIFICATION.

*No. 1074Medl.—The 4th April 1919.*—It is hereby notified that the Governor in Council in exercise of the powers conferred upon him by sections 4 and 5 of the Charitable Endowments Act. VI of 1890, and upon the application and with the concurrence of Babu Gunendra Krishna Roy, of Bhagyakul, thana Sreenagar, zilla Dacca, now residing at 57, Shovabazar Street, Hatkhola, Calcutta, son of the donor, the late Babu Giridhari Lall Roy, of Bhagyakul, doth hereby order and direct that the land, buildings, chattels and securities described in the First Schedule hereunder written shall, as from the date of the first publication of this Notification, vest and be thenceforth vested in the Treasurer of Charitable Endowments for the Territories subject to the Government of Bengal, to be held by him and his successors, subject to the provisions of the said Act and the Rules from time to time framed thereunder by the Governor General of India in Council, upon trust to permit the same and the income thereof to be used for the endowment and maintenance of a permanent fund for a Charitable Dispensary in the village of Serajdikhan, in the district of Dacca, to be called (in memory of the late father of the donor) "The Gopi Mohan Roy Charitable Dispensary Fund" in accordance with the terms of a scheme of management the particulars whereof are set forth in the Second Schedule hereunder written.

And it is hereby further notified that the said Scheme shall come into operation on the vesting of the said property in the said Treasurer of Charitable Endowments for the Territories subject to the Government of Bengal.

FIRST SCHEDULE

PART I.

Land acquired by Government at the expense of the donor's estate for the purposes of the dispensary and buildings erected thereon, namely :—

A plot of land containing an area of 1 acre 2 roods 38 poles (or 5 bighas 5 cottahs 6 chitaks), more or less, situate in the village of Serajdikhan, sub-district Munshiganj, district Dacca, bounded as follows :—

*North*—By the land of Apurba Krishna Roy and others,
*South*—By the land of Apurba Krishna Roy and a ditch adjoining the Local Board's road,
*East*—By the land of Apurba Krishna Roy and a dry khal,
*West*—By the land of Apurba Krishna Roy.

Buildings thereon—

(*1*) Dispensary building (one-storeyed, brick-built containing five rooms and one verandah divided into two by a partition wall).
(*2*) Doctor's quarters (the holding is surrounded by bamboo tarja fencing and contains two tile-roofed houses, one with pucca plinth and one kitchen of tiled roof).
(*3*) Compounder's quarters (the holding is surrounded by bamboo tarja fencing and contains one house with pucca plinth and tiled roof and one kitchen of tiled roof).

A tank is also attached to the dispensary.

. Furniture and equipment, a schedule of which has been prepared and deposited with Government.

| | | | | | 35,000 |

SECOND SCHEDULE.

SCHEME.

1. The Endowment hereby created shall be called "The Gopi Mohan Roy Charitable Dispensary Fund".

2. The Endowment is created for the maintenance of the Gopi Mohan Roy Dispensary in the village of Serajdikhan, in the district of Dacca, which shall be open to all indigent persons for treatment and medicine without charge, but persons who can afford to pay may also receive treatment and medicine on payment for the medicine at such rates as the administrators may from time to time determine.

3. The Fund shall be administered by a Committee consisting of four *ex-officio* members and three *non-official* members as follows:—

| | |
|---|---|
| 1. The Collector of Dacca (who shall be President) ... ... ... | *Ex-officio.* |
| 2. The Sub-Registrar of Assurances at Serajdikhan .... ... ... ... | |
| 3. The President of the Panchayat of Rasunia Union ... ... ... ... | |
| 4. The Chairman of the Union Committee, Rasunia Union ... ... ... | |
| 5. Babu Syam Lal Roy of Abirpara... ... | *Non-official.* |
| 6. „ Tarini Charan Sarkar of Abirpara ... | |
| 7. Dr. Radha Ballav Pal of Abirpara ... | |

4. In the event of any of the said *ex-officio* members ceasing to be available for the purpose of the Committee by reason of the removal of the Sherajdihhan Registry Office or police-station to other places or the dissolution of the said Panchayat or of the said Union Committee other members may be appointed in their places by the Local Government upon the nomination of the Collector of Dacca. The decision of the Collector as to whether a member has ceased to be available shall be final.

5. If any non-official member shall die or resign the Local Government acting through the Commissioner of Dacca may appoint another member in his place upon the nomination of the Collector of Dacca.

6. The Committee shall meet and make such rules for the conduct of their business and for the management of the Hospital subject to the approval of the Local Government acting through the Collector of Dacca as they shall think fit.

7. At any prescribed meeting of the Committee any question shall be decided by a majority of the votes of those members present, and in case of equality of votes the President shall have a casting vote provided always that the sanction of the Collector shall in all cases be obtained to any proposed action by the Committee not authorized by the rules made under clause 6 hereof.

8. If upon enquiry the Local Government acting through the Commissioner of Dacca are satisfied that the dispensary is being mismanaged (as to which the decision of the Commissioner shall be final) all or any of the members of the said Committee may be removed by the Local Government acting through the Commissioner and any new members or member either *ex-officio* or personally may be appointed by the Commissioner in substitution therefor.

9. The income of the said fund shall be remitted by the Treasurer of Charitable Endowments when and as received by the Collector of Dacca or such person as he may appoint and be paid over to the Committee or as they may direct to be applied towards the maintenance and upkeep of the said dispensary including repairs to buildings as may be necessary. The Committee or the Collector may receive donations or contributions towards the expenses of the dispensary and shall apply the same as if part of the said income.

10. Proper accounts shall be kept by the Committee in connection with the dispensary and such accounts shall be submitted to and passed by the officer of the Local Government deputed for the purpose as may be required by Government and shall at all times be open to the inspection of any member of the said Committee or the Treasurer of Charitable Endowments or any officer of Government appointed for that purpose.

J. DONALD,
*Secy. to the Govt. of Bengal.*

### NOTIFICATION.

### Examination of Compounders at the Campbell Medical School.

IN accordance with the Government of Bengal Notification No. 1410Medl., dated the 7th July 1913, notice is hereby given that the next half-yearly examination of Compounders will begin at 11 A.M., on Thursday, Friday and Saturday, the 24th, 25th and 26th April 1919, at the Campbell Medical School.

2. Male candidates must forward to the Superintendent of the Campbell Medical School, at least one week before the 24th April 1919, an examination fee of Rs. 5. Female candidates will be examined free of charge. No certificate or fee will be received on Sundays or public holidays.

3. Should any candidate fail to pass the examination, he will forfeit his fee.

*Note.*—The attention of candidates is drawn to rules 9 and 10 and of the persons granting the certificates to rules 11 and 14 (3) and to the Certificate Forms C (3), D, E and F in the Schedule of the Government of Bengal's aforesaid notification as circulated by the Surgeon-General with the Government of Bengal to all Civil Surgeons, Superintendents of Calcutta Hospitals, Medical Schools, Lunatic Asylums and Chief Medical Officers, etc., with his Circular No. 25, dated the 22nd July 1913.

A. LEVENTON, F.R.C.S.I., D.P.H., LT.-COL., I.M.S.,
*Superintendent, Campbell Medical School and Hospital.*

CAMPBELL MEDICAL SCHOOL, CALCUTTA, *the 6th March 1919.*

### NOTIFICATION.

IT is hereby notified for general information that the next examination for admission of students to the Compounder Class, Campbell Medical School, will be held on Wednesday, the 30th April 1919, between 11 A.M. and 3 P.M. Candidates should register their names in the office of the undersigned between 1st and 15th of April next (except on Sundays and authorised holidays) together with a fee of Rs. 2 only.

A. LEVENTON, F.R.C.S.I., D.P.H., LT.-COL., I.M.S.,
*Superintendent, Campbell Medical School and Hospital.*

CAMPBELL MEDICAL SCHOOL, CALCUTTA, *the 7th March 1919.*

NOTICE.

THE examination for admission of students to the Compounder and Dresser Class, Sadar Hospital, Mymensingh, will be held on the 25th April 1919 at 8 A.M.

Applications for admission with certificates of residence, respectability and character (*a*) from a Government servant not below the rank of Deputy Magistrate, (*b*) from the Head Master of the School where he was educated last, will be received by the undersigned up to the 15th April 1919.

J. N. MITRA,
*Civil Surgeon.*

NOTICE.

**Examination of Compounders at the Mymensingh Sadar Hospital.**

The qualifying examinations of Compounders and Dressers will be held on the 21st April 1919 at 8 A.M. and subsequent days.

The examination will be conducted in accordance with Bengal Government Notifications Nos. 1410 and 1411Medl., dated the 7th July 1913.

(*a*) The Examination Committee will consist of—

| | | |
|---|---|---|
| Dr. J. N. Mitra, Civil Surgeon, Mymensingh | ... | *President.* |
| Assistant Surgeon attached to the Sadar Dispensary | ... | *Members.* |
| Teacher of Compounder Class ... ... | ... | |

No person will be admitted to this examination unless he produces certificates as required by rules 9, 10, 11 and 12 of Government Notification No. 1410Medl., dated the 7th July 1913.

(*b*) All male candidates must forward to the undersigned an examination fee of Rs. 5 at least one week before the commencement of the examination, a fresh fee must be paid on each occasion that the candidate enters for the examination; but a candidate who, after payment of the fee, is unable, through illness, to attend the examination, will be allowed, on producing a satisfactory medical certificate to that effect, to attend the next examination without payment of a fresh fee.

J. N. MITRA,
*Civil Surgeon.*

NOTICE.

**Examination of Compounders at the Dacca Medical School.**

IT is hereby notified for general information that the next half-yearly Examination of Compounders will be held on the 28th April 1919 and subsequent days.

The examination will be conducted in accordance with Bengal Government Notifications Nos 1410 and 1411Medl., dated the 7th July 1913.

(*a*) The Examination Committee will consist of—

| | | |
|---|---|---|
| Superintendent, Dacca Medical School | ... | *President.* |
| Teacher of Midwifery ... | ... | *Members.* |
| Teacher of Anatomy ... | ... | |

(*b*) No person will be admitted to this examination unless he produces certificates as required by rules 9, 10, 11 and 12 of Government Notification No. 1410Medl., dated the 7th July 1913.

(c) All male candidates must forward to the Deputy Superintendent Dacca Medical School, an examination fee of Rs. 5, at least one week before the commencement of the examination; a fresh fee must be paid on each occasion that the candidate enters for the examination; but a candidate, who, after payment of the fee, is unable, through illness, to attend the examination will be allowed, on producing a satisfactory medical certificate to that effect, to attend the next examination without payment of a fresh fee.

NOTE.—Women candidates are examined free of charge.

Passed Compounders, who have completed a further three months course of dressing prescribed in rule 13, and students of the Licentiate class of this School, on the completion of their second year's course will be allowed to appear at an examination, to be conducted by the Superintendent of the School as President and two of the teachers as members, in bandaging sterilization of dressings and instruments, and in the minor duties of hospital work. A fee of Rs. 2 shall be charged for this examination.

This examination is also open to persons qualified for admission to the examination prescribed under the Rules for the grant of certificates to compounders, on production of a certificate that they have received instruction in a hospital or dispensary recognized by Government in bandaging preparation of antiseptic lotions and dressings, sterilization of dressings and instruments, and in the duties of a hospital dresser. Such persons shall be required to pay a fee of Rs. 2 for this examination.

*Addition.*

Eastern Commercial Company (late P. Johansen & Co.), Bangkok.

*Removal.*

Johansen, P., & Co., Bangkok

A. H. LEY,

*Secretary to the Govt. of India.*

# The Calcutta Gazette

WEDNESDAY, APRIL 9, 1919.

## PART IB.

***Order by the Governor of Bengal in Council.***

### MUNICIPAL AND LOCAL.

NOTIFICATIONS.

**Murshidabad.**

*No. 1032M.—The 2nd April 1919.*—In exercise of the power conferred by clause (*a*) of section 59 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to approve the resolution passed by the Commissioners of the Murshidabad Municipality under section 23 of that Act electing Syed Sadeq Reza to be Chairman of that Municipality.

**24-Parganas.**

*No. 1065L.S.-G.—The 5th April 1919.*—In exercise of the power conferred by section 74 of the Bengal Local Self-Government Act, (Bengal Act III of 1885), the Governor in Council is pleased to direct that the Kanchrapara station road described below, which lies within the Halisahar Municipality in the district of the 24-Parganas and which was exempted from the operation of the Bengal Municipal Act, 1884, by Notification No. 3M, dated the 6th April 1916, published at page 754 of Part I of the *Calcutta Gazette* of the 12th idem, be placed under the control and administration of the District Board of the 24-Parganas for the purposes of the said Act of 1885.

*Description of road.*

The Kanchrapara station road measures (1) 27 feet on either side of the centre line of the metalling of the road up to a distance of 2,100 feet from the Kanchrapara station building, and (2) 25 feet on either side of the centre line of the metalling of the road beyond this length as far as the place where it joins the Ghoshpara road

**Rangpur.**

*No. 1060L.S.-G.—The 5th April 1919.*—In exercise of the power conferred by section 8 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor in Council is pleased to fix the number of members of the Local Boards in the district of Rangpur as follows, namely :—

| Local Boards. | Number of members. |
|---|---|
| Sadar ... ... ... | 18 |
| Gaibandha ... ... ... | 9 |
| Kurigram ... ... ... | 12 |
| Nilphamari .. ... ... | 9 |

2. This cancels so much of notification, dated the 28th February 1890, as relates to the fixing of the number of members of these Local Boards.

*No. 1063L.S.-G.—The 5th April 1919.*—It is hereby notified that, under section 7 of the Bengal Local Self-Government Act, 1885, the Governor in Council is pleased to direct that the District Board of Tippera shall consist of 24 members, of whom five shall be elected by the Sadar Local Board, four by the Brahmanbaria Local Board and three by the Chandpur Local Board.

**Tippera.**

2. This cancels so much of notification, dated the 20th August 1890, as relates to the fixing of the number of members of the District Board and the number to be elected by the Local Boards.

W. GRAHAM,
*Secretary, Committee of Legal Education, High Court.*

CALCUTTA, *the 4th April 1919.*

## EDUCATION DEPARTMENT, BENGAL.

### NOTIFICATION.

**Post Graduate Research Scholarships to be awarded in 1919.**

Post Graduate Scholarships will be awarded for the encouragement of original research to candidates who have high and special qualifications and who appear to be likely to conduct original research with success. The value of each scholarship is Rs. 100 a month and is tenable for a maximum period of three years.

2. Ordinarily one scholarship will be awarded annually to a student who proposes to carry on original research in scientific subjects, including such branches as natural and physical science, chemistry, mathematical science, etc., and another scholarship will similarly be awarded for research in literary subjects, including such branches as languages, comparative philology, paleography, epigraphy, philosophy, history, archæology, anthropology, etc., and the remainder will be awarded for research either in a literary or in scientific subject. No application for a research scholarship will be considered unless a candidate submits certificates showing that he has the capacity for undertaking the research proposed and a programme indicating a definite course of inquiry.

3. Election will be made in the first instance for one year only, with effect from 1st July 1919, but a scholarship may be renewed from year to year up to the limit of three years provided the candidate has throughout the year vigorously prosecuted original research in the subject which he selected.

4. Each candidate for a scholarship must submit his application through the head of the institution in which he read last to the Director of Public Instruction, Bengal, on or before 10th May next, and must produce evidence of having passed from a Bengal College, the M.A. or M.Sc. examination of the Calcutta University or of having obtained some other equivalent or higher degree, such as Doctor in Science or Master in Engineering of the Calcutta University in 1916 or 1917 or 1918. He must state as definitely as possible the subject or part of a subject in which he intends, if elected to a scholarship, to carry on his original investigations. He must also indicate the institution in which he proposes to work with evidence that the authorities of the institution are able and willing to provide facilities for him, or if no institution is mentioned, the circumstances or conditions under which he proposes to work should be stated.

5. Applications for this year's scholarships should be submitted in prescribed forms which are obtainable from the Personal Assistant to the Director of Public Instruction, Bengal, Writers' Buildings, Calcutta.

W. C. WORDSWORTH,
*Director of Public Instruction, Bengal.*

CALCUTTA, *the 7th April 1919.*

---

## Examination qualifying for admission to the second grade of Divisional Accountants of the Public Works Department.

**Previously called the fourth grade P. W .D. Accountants Examination.**

THE examination will be conducted by the Principal of the Civil Engineering College, Sibpur, on June 2nd, 4th and 5th, 1919, at the following centres :—

| | |
|---|---|
| (1) The Civil Engineering College, Sibpur. | For candidates registered by— |
| (There is no other centre at Calcutta.) | The Accountant-General, Bengal.<br>The Accountant-General, Posts and Telegraphs.<br>The Examiner of Accounts, Eastern Bengal Railway.<br>The Government Examiner of Accounts, East Indian Railway.<br>The Government Examiner of Accounts, Bengal-Nagpur Railway. |
| (2) Office of the Accountant-General, Bihar and Orissa, Ranchi.<br>(3) The Behar School of Engineering, Bankipore. | For candidates registered by the Accountant-General, Bihar and Orissa. |
| (4) The Office of the Comptroller, Assam, Shillong. | For candidates registered by him. |
| (5) The Office of the Accountant-General, Burma, Rangoon. | Ditto ditto. |
| (6) The Office of the Government Examiner of Railway Accounts, Chittagong. | Ditto ditto. |

Candidates must apply for registration to one of the Government officials on the above list. Those over 25 years of age and not in Government service must apply for registration to the Principal only if they are residents of Bengal. Those resident elsewhere will apply to the Accountant-General of their Province.

Applications *on the prescribed form* must reach the office of the registering officer not later than 3rd May 1918. Each must be accompanied by a fee of Rs. 10, and the following certificates in original, or true copies of

them certified by an officer of the Engineer or Accounts Branch. These certificates will not be returned :—

(*i*) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(*ii*) Certificate of age, baptismal or of birth (not required, if the candidate is already in permanent Government employ).

(*iii*) Certificate that the application is in the candidate's own handwriting.

Copies of rules may be had on application from the undersigned.

### *Advertisements.*

## LAND SALE NOTICES.

### Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Rajshahi, will be put up to sale at the Rajshahi Collectorate, on 23rd June 1919, corresponding with 8th Asar 1326 :—

The purchaser will be subject to the following conditions of sale :—

*Conditions of sale.*

*1st.*—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

*2nd.*—The sale to be subject to the existing leases and to the rights conferred by the settlement proceedings, and by the laws in force : and purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

*3rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

*4th.*—If the amount of purchase money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

| Number on the district roll. | Name of the estate and pargana. | Approximate area in acres. | Government revenue assessed. | Remarks. |
|---|---|---|---|---|
| | | A. R. P. | Rs. A. P. | |
| Tauzi No. 773 of the Rajshahi Collectorate | 1½ anna share of estate Jalanda, pargana Gangarampur. | 27 2 13 | 9 6 0 | The Government interest which is 1½ anna of the entire estate will be sold |

Collector's Office, Rajshahi, the 13th March 1919.

A. CASSELL, Collector.

## Advertisement of Sale.

NOTICE is herby given that the undermentioned plots of land, no longer required by Government, situated along the Burdwan-Howrah Chord Railway, in the district of Hooghly, will be put up to sale at 12-30 o'clock on Saturday, the 17th May 1919, corresponding with the 3rd Jaista 1326 B.S. at Sheoraphully railway station.

The purchasers of the several plots of land will be subject to the following conditions :—

*1st*—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

*2nd*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th*—The plots of land will be sold revenue-free to the highest bidders.

*5th*—The purchasers shall be put in possession on receipt by the Collector of the orders of the Commissioner confirming the sale.

### In the 2nd Court of the Sub-Judge, Alipore, District 24-Parganas.

SUIT No. 29 of 1916 (MORTGAGE) EXECUTION.

Peary Lal Shah, plaintiff decree-holder, *versus* Ram Lal Chaudhury and others, defendants judgment-debtors.

TO be sold by the Nazir of the Court in his sale room at the Judge's Court, Alipore, at 12 o'clock noon on the 14th of April 1919 the undermentioned properties for the realisation of the money, viz., Rs. 5,658-3, due to the abovenamed decree-holder on account of the mortgage decree in the above suit :—

*Lot No. 1.*—4 bighas 18 cottahs 12 chitaks 44 square feet of land included in old holdings Nos. 12, 13, 20 and 21, new holding No. 9, Division V, Subdivision B, mauza Koreya, Panchannagram, being premises Nos. 32, 33, 34-1 and 35, Karayabazar Road, for which an annual rent of Rs. 17-11-11 is payable to the Collectorate of 24-Parganas, being plot B-1 of the map of the Commissioner for partition in Suit No. 85 of 1907 of this Court. The abovementioned land with boundary wall, tank, trees, etc., with the passage on the east.

*Lot No. 2.*—3 cottahs 5 chitaks 7 square feet of land included in new holdings Nos. 74-75, Division IV, Subdivision A, mauza Karaya, Panchannagram, premises No. 8-1, Karayabazar Road, for which an annual rent of annas 15 is payable to the Collectorate of 24-Parganas.

The above two lots with property No. 1 of Schedule "Kha" of the above mortgage decree are subject to the following incumbrances :—

(*a*) Mortgage decree for Rs. 8,948-5 in suit No. 10 of 1917 of this Court.

(*b*) Mortgage, dated 11th January 1909, for Rs. 2,750 carrying interest at 1 per cent. per month with quarterly rests. This mortgage debt now amounting to Rs. 9,966 is due to Mussammat Janaki, widow of Ram Dayal Shah, deceased assignee of the said mortgage.

(*c*) Charge mortgage, dated 15th May 1909, for Rs. 1,500 carrying interest at 6 per cent. per annum. This charge mortgage debt now amounting to Rs. 7,177 8 is due to Kalika Prasad Tewari as assignee of the said charge mortgage.

The lots are to be sold subject to the abovementioned incumbrances.

Full particulars and details can be obtained on searching the records of the above case.

P. CHOWDHURY, Sub-Judge.

Alipore, the 4th April 1919. (971—1)

---

### Sheriff's Sale Proclamation.

TO be peremptorily sold, pursuant to an order of the Calcutta High Court, dated the 3rd February 1919, in the matter of the Indian Arbitration Act, IX of 1889, and in the matter of a reference to arbitration (Syam Lal Sen *versus* Ram Lal Sen) and in execution of an award, dated the 24th June 1916, and filed on the 21st of July 1916, by the Sheriff of Calcutta by public auction in his sale-room in the court-house on Friday, the 9th day of May 1919, at 12 o'clock noon.

The right, title and interest of the defendant Ram Lal Sen, under the last Will of Ram Gopal Sen, deceased, to and in the undermentioned properties, namely :—

(1) All that the four-storied brick-built house together with the piece of rent redeemed land thereunto belonging and on part whereof the same is erected and built containing by estimation 8 cottahs be the same a little more or less, being premises No. 39, Armenian Street, in the North Division of the town of Calcutta, Block No. XII, Holding No. 118, and bounded on the north by the premises No. 13, Noormull Lohea Lane

on the south by Armenian Street, on the east by Noormull Lohea Lane and on the west by the premises No. 40, Armenian Street.

(2) All that the three-storied brick-built house together with the piece of rent redeemed land thereunto belonging and on part whereof the same is erected and built containing by estimation 10 cottahs be the same a little more or less, being premises No. 40, Armenian Street, in the North Division of the town of Calcutta of Block No. XII, Holding No. 119, and bounded on the north partly by premises No. 13, Noormull Lohea Lane, and partly by the tenanted house of Sarbaranjan Bysack, on the south by Armenian Street, on the east by the premises No. 39, Armenian Street, and on the west by the premises No. 41, Armenian Street.

(3) All that the partly two-storied and partly three-storied brick-built house together with the piece of land thereunto belonging and on part whereof the same is erected and built containing by estimation 10 cottahs be the same a little more or less, being premises No. 97, Beniatolla Street, in Sootanutty, in the North Division of the town of Calcutta, and bounded on the north and west by filled up municipal sewered ditches, on the south by Beniatolla Street and on the east by the premises No 96, Beniatolla Street.

(4) All that the partly two-storied and partly three-storied brick-built house together with the piece of land thereunto belonging and on part whereof the same is erected and built containing by estimation 10 cottahs be the same a little more or less, being premises No. 96, Beniatolla Street, in Sootanutty, in the North Division of the town of Calcutta, and bounded on the north by a filled up municipal sewered ditch, on the south by Beniatolla Street, on the east by the premises Nos. 95-1 to 95-4, Beniatolla Street, and on the west by the premises No. 97, Beniatolla Street.

It appears from searches made in the office of the Registrar of Assurances, Calcutta, that, with the exception of the charge mentioned in the following note (*b*), there are no prior encumbrances affecting the properties to be sold.

NOTE.—(*a*) The premises Nos. 39 and 40, Armenian Street are affected by Scheme No. XXVIII (Howrah Bridge Approach Alignment) of the Calcutta Improvement Trust which has been approved of and sanctioned by Government.

(*b*) The interest of the defendant Ram Lal Sen, in among others, the said premises Nos. 39 and 40, Armenian Street, and 96 and 97, Beniatolla Street, is charged by an Award, dated the 9th day of November 1885 and confirmed by a decree of this Court made in Suit No. 335 of 1886 and dated the 26th August 1886 with the payment of Rs 25,000 with interest thereon at the rate of 4 per cent. per annum to the estate of the said Ram Gopal Sen, deceased, there being a provision in the said Award and decree for the deduction of this sum and interest out of the share of Ram Lal Sen when the joint properties are partitioned. No partition has yet been effected.

*N.B.*—Ram Lal Sen contends that the decree is time barred.

(*c*) A suit, namely, Suit No. 44 of 1916 (Ram Lal Sen *versus* Bidhumukhi Dasee and others) is now pending on the Original Side of this Court for the construction of the Will of the said Ram Gopal Sen, for the declaration of the rights of the parties and for other reliefs.

The sale has been ordered for the recovery of the sum of Rs. 7,000 together with interest thereon at the rate of six per cent. per annum from 10th July 1916 until realization payable by the said Ram Lal Sen under the said Award and the costs of execution herein.

The conditions of sale may be seen at the office of the Sheriff of Calcutta on any day before the sale and will be produced at the sale.

J. C. Dutt, Plaintiff's Attorney.

High Court, Sheriff's Office, Calcutta, the 5th April 1919.

AKRAM HOSAIN, Sheriff.

### Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries, Imperial Secretariat Buildings, Calcutta.

## FOREST DEPARTMENT, BENGAL.

### *Stipendiary Studentships for the Provincial Forest Service Class, 1920-22.*

APPLICATIONS for one stipendiary studentship for the Provincial Forest Service class will be received by the Conservator of Forests, Darjeeling, up to the 15th of May 1919.

2. Applicants must be not less than 18 and not more than 25 years of age on the 1st April 1920.

3. Applications should be made in the applicant's own hand-writing and must be accompanied by the following certificates (in original) :—

(*a*) Certificate that the candidate is a "Native of India" within the meaning assigned to those words by section 6 of 33 Vict., cap. 3.

(*b*) A certificate of age.

(*c*) A health certificate in the form prescribed by article 49 of the Civil Service Regulations, 5th edition, signed by the Civil Surgeon of the district and testifying to the candidate's sound constitution, good vision and hearing, and general physical fitness for a rough outdoor life in the Forest Department, and to the fact that he bears on his body marks of successful vaccination or of small-pox.

(*d*) A certificate showing that the candidate is of good social standing and good moral character.

(*e*) A certificate that the candidate possesses a thorough knowledge of colloquial English which will permit of his following a highly technical course and generally of good education.

(*f*) A certificate showing the highest educational tests passed by the candidate.

NOTE.—The certificates (c) and (d) must bear date not further back than the 1st April 1919 and certificates (d) and (e) must be signed by a gazetted officer of high standing.

4. Applications should be submitted through the Collector of the district in which the candidate resides, and also through the Divisional Forest Officer if the candidate resides in a Forest Division.

5. From the applications received the Conservator will make a preliminary selection and these candidates will be required to undergo a qualifying examination in English and in Mathematics. From the candidates who qualify at these examinations the Conservator will select not more than two who will be tested in the Forests by a course of preliminary training for not less than four months, commencing in November 1919, during which the candidates will receive a monthly allowance of Rs 40.

6. The final selection of the candidate for deputation to the Forest Research Institute will be made by the Government of Bengal in accordance with the results of the preliminary training, preference being given to the man who is considered likely to make the best Forest Officer. The selected candidate will be obliged to execute the agreement and security bond prescribed by Government.

7. While at the Forest Research Institute, the selected candidate will be granted a monthly stipend of Rs 50 (which will be supplemented by a bonus of Rs. 1,000 at the end of the course only if the candidate passes the course with "Honours" and if he is well reported on by the President : the amount of the bonus is reducible by Government in the event of the report not being entirely satisfactory).

H. A. FARRINGTON,
Conservator of Forests, Bengal.

Darjeeling, the 27th March 1919.

## PUBLIC WORKS DEPARTMENT, BENGAL.

### Northern Circle, Darjeeling Division.

## LIST OF BUSINESS—ITEM No. 1.

## STARRED QUESTIONS.

The following questions which had been starred were put and answered :—

**By the Hon'ble Rai Radha Charan Pal Bahadur:—**

***1.**

(*a*) Is it a fact that a memorial was addressed to His Excellency the Governor of Bengal by the lower grade assistants of the Bengal Secretariat in December, 1917?

(*b*) If so, will the Government be pleased to state what action, if any, has been taken on it?

(*c*) Is it a fact—

(*i*) that the strength of the upper division is not sufficient to cope with the work, and that a fairly large number of the lower division assistants are actually employed to do the work without proper remuneration;

(*ii*) that many deserving assistants in the lower division who entered the Secretariat long before the re-organization scheme of 1910 and have put in a qualifying service of 15 years or more, are still in the grade of Rs. 70 or Rs. 80 and have not yet been promoted to the upper division; and

(*iii*) that many outsiders who have been appointed direct to the upper division do not possess the necessary office experience or better educational qualifications and in most cases do routine work?

(*d*) Will the Government be pleased to state the number of candidates who appeared at the clerkship examination for admission into the lower grade of the Bengal Secretariat during the years 1916, 1917 and 1918, as well as the number of vacancies which occurred in those years?

**Answer by the Hon'ble Mr. Donald:—**

" (*a*) Yes.

(*b*) It was held that the lower division clerks had no cause for complaint, except that in the case of two Departments orders passed in 1910 regarding the promotion of such clerks to the upper division had not been fully adhered to. Steps have been taken to remedy this grievance.

(*c*) (*i*) No.

(*ii*) No.

(*iii*) No.

| | | Candidates. | Vacancies. |
|---|---|---|---|
| (*d*) | 1916 ... ... ... | 4 | 17 |
| | 1917 ... ... ... | 17 | 7 |
| | 1918 ... ... ... | 16 | 10 " |

*Questions and Answers.*

**By the Hon'ble Rai Debender Chunder Ghose Bahadur:—**

***11.**

Will the Government be pleased to state what proportion of the cost of primary education controlled or provided by local bodies in England, Wales, Scotland and Ireland is contributed by the State in those parts of the United Kingdom, respectively, so far as such information is available to the Government?

**Answer by the Hon'ble Mr. O'Malley:—**

" On the average of the five pre-war years 46·9 per cent. of the total expenditure on elementary education in England and Wales was from Parliamentary grants. Statistics for the war years are not available since the compilation of statistics in England and Wales was suspended during the war. For comparative purposes, therefore, the five pre-war years have been taken in the case of Scotland and Ireland. Expenditure from Parliamentary grants for education in Scotland during this period was 54·2 per cent. of the total expenditure by School Boards. It is not possible to say how much of this was on " elementary " as opposed to " secondary " schools, both of which are, in accordance with the Education Act of 1872, under School Boards. In Ireland the expenditure by the Commissioners of National Education from Parliamentary grants in the same quinquennial period was 84·9 per cent. This latter figure excludes 3·5 per cent. which is provided for the erection and maintenance of school houses provided for in the vote of the Board of Works."

## UNSTARRED QUESTIONS.

*(Answers to which were laid on the table)*

**By the Hon'ble Babu Brojendra Kishor Ray Chaudhuri:—**

**1.**

(*a*) With reference to the observations made by the Hon'ble Mr. Hornell, in connection with the discussion of the budget in April, 1915, in which he expressed his anxiety to overhaul the whole system of primary education, will the Government be pleased to state what progress, if any, has since been made in the matter, and when the whole question is likely to be referred to a " large committee " as foreshadowed by Mr. Hornell in his said speech?

(*b*) Has Mr. Hornell drawn up any programme in this connection?

**Answer by the Hon'ble Mr. O'Malley:—**

" (*a*) The reorganization of the system of primary education involves a number of reforms such as—

(1) the improvement of the pay and prospects of teachers,

(2) the training of teachers,

(3) the establishment of more primary schools and the proper maintenance and equipment of those already established, and

(4) the revision of the curriculum.

Progress has been impeded by financial exigencies imposed by the war, but during the quinquennium ending in 1917-18 the pay of trained teachers in aided primary schools and *maktabs* for boys was increased by Rs. 6 a month with the help of Imperial grants and that of untrained teachers by Re. 1 a month. An allotment has since been made from the 5½ lakhs grant to enable local bodies to raise the stipends of untrained teachers to Rs. 2 a month where they are below that figure. The stipends of *gurus* under training have been raised to Rs. 10 a month and a comprehensive scheme for training teachers has been prepared which will require the sanction of the Secretary of State. A scheme for establishing a lower primary school of an

*Questions and Answers.*

improved type in each panchayati union has been held in abeyance owing to financial stringency, but will now be resumed : it is hoped shortly to establish 120 schools of this class. As regards maintenance and equipment, arrangements have been made for district boards undertaking the annual repair of Board primary schools, Government contributing two-thirds of the cost, and about 50 per cent. of the existing primary schools have been furnished with additional equipment. A survey of primary education both in Calcutta and the districts has been carried out; and a revised curriculum has been prepared, which it is proposed to publish for criticism. It is not at present proposed to convene a committee.

(*b*) Mr. Hornell, who has been on deputation since the latter part of 1917, had a definite plan of action but did not submit a programme to Government."

**By the Hon'ble Babu Brojendra Kishor Ray Chaudhuri:—**

**2.**

(*a*) Are the Government aware that there is, in Bengal, a particular class of people who practise with remarkable success an indigenous system of treatment, and supply nurses, in small-pox cases?

(*b*) Has the attention of Government been drawn to the action recently taken by the District Board of Mymensingh in announcing rewards and prizes to these men for their encouragement and for promotion of the system of treatment they practise?

(*c*) Is it a fact that the number of these men has been decreasing in recent years?

(*d*) Are the Government considering the desirability of taking steps to insure that the above indigenous system of treatment of small-pox largely availed of by the people, particularly in rural areas, and often with very good results, may not die out for want of support?

**Answer by the Hon'ble Mr. Donald:—**

" (*a*) Government have made inquiry as to the facts relative to the Mymensingh district. It is said that there exists there a class of people called *tikadars* who nurse small-pox patients, but it is not clear that these persons possess or even claim to possess an indigenous system of treatment.

(*b*) and (*c*) In November last the Mymensingh District Board resolved to allot a sum of Rs. 2,000, in the budget for 1919-20, for rewards to persons credibly reported to have nursed small-pox patients. The sanitation committee of the Board had expressed the opinion that it was desirable to prevent the class of *tikadars* from dying out.

(*d*) The information available does not permit of a definite answer; further inquiry will be made."

**By the Hon'ble Babu Brojendra Kishor Ray Chaudhuri:—**

**3.**

(*a*) Are the Government in a position to make a statement showing how far the utilisation by the people of water-hyacinth for manurial and commercial purposes has helped to check the spread of the plant in the water-courses of Eastern Bengal?

(*b*) Is it a fact that Mr. R. S. Finlow, Fibre Expert, Government of Bengal, is of opinion that the low grade ash of water-hyacinth growing in shallow water cannot benefit either the producer or the buyer?

*Questions and Answers.*

(*c*) Is it also a fact that the low grade ash has only a restricted use as a manure and that Messrs. Shaw, Wallace & Co. are not prepared to buy water-hyacinth ash containing less than 15 *per cent.* of potash?

(*d*) If so, how do the Government propose to deal with the problem of checking the spread of water-hyacinth?

**Answer by the Hon'ble Mr. McAlpin:—**

"(*a*) It is too early to make any definite pronouncement on the subject. On inquiry it is, however, found that a considerable and increasing quantity of the plant is being used by the people for manure and fodder for cattle and also as fuel.

(*b*) Mr. R. S. Finlow, Fibre Expert to this Government, is of opinion that for commercial purposes the production of low grade ash will be unprofitable, but that for manurial purposes on the part of the producer or his immediate neighbours it is of value commensurate with its potash content.

(*c*) As to the first part of the question the Hon'ble Member is referred to the reply to question (*b*). The answer to the second part is in the affirmative.

(*d*) The question assumes that, because the low grade ash has only a restricted use, the problem of checking the spread of water-hyacinth is seriously affected thereby. This is not the case, as experiments show that a considerable proportion of the plant is capable of yielding an ash of sufficiently good quality for commercial purposes; morover, a simple process has been evolved for extracting the potash in the form of crystals.

The fact that low grade ash has only a restricted use is also not an undesirable drawback; for it is obvious that, if the ash were too profitable, there would be a tendency to cultivate the plant rather than to exterminate it.

At present it is considered that the best method of checking the spread of the pest is the extended destruction and utilisation of the plant by the people for (*i*) manure, (*ii*) fuel, (*iii*) fodder and (*iv*) the manufacture of ash.

The Public Works Department of this Government are taking steps to root out the plant gradually from all canals or *khals* maintained by Government or declared under the Canals or Embankment Act. Some of the District Boards are also co-operating in the matter of extermination."

**By the Hon'ble Babu Bhabendra Chandra Ray:—**

**4.**

With reference to my unstarred question No. 15, asked at the meeting of the Council on the 18th February last, suggesting that opinions should be invited from the local bodies regarding the proposals contained in the Government of India Resolution on Local Self-Government dated the 16th May, 1918, and the reply thereto, are the Government aware that opinions have been so invited and collected by the Government of Madras, and that the Government of the United Provinces of Agra and Oudh have appointed a committee consisting of the official and non-official members of the Legislative Council to consider the proposals made in the said resolution?

**Answer by the Hon'ble Mr. O'Malley:—**

"This Government have no information on the subject."

*Questions and Answers.*

**By the Hon'ble Babu Bhabendra Chandra Ray:—**

**5.**

With reference to my unstarred question No. 16 asked at the meeting of the Council on the 18th February last, inquiring as to whether Government have addressed the district boards for the purpose of ascertaining which among them desire to have non-official chairmen, are the Government aware that the Government of Bihar and Orissa have addressed the district boards in the matter?

**Answer by the Hon'ble Mr. O'Malley:—**

" The reply is in the negative. As stated in the reply to question No. 16 asked at the meeting of the Council on 18th February, 1919, Government are considering the question of extending the system of elected non-official chairmen of district boards; and it is hoped to make an announcement on the subject shortly."

**By the Hon'ble Babu Bhabendra Chandra Ray:—**

**6.**

Are the Government aware of the procedure by which, under rule 13 of the United Provinces Legislative Council Rules, a committee of official and non-official members of the Council is appointed to consider and recommend legislation on any particular subject, before a Bill is formally introduced into the Legislative Council of the United Provinces?

**Answer by the Hon'ble Mr. Kerr:—**

" Rule 13 of the United Provinces rules for the conduct of business empowers the President of the Council to appoint a committee of members of the Council for the consideration of any question of public interest on which legislation is proposed or likely to be required, and also to appoint a chairman of such committee.

The procedure for the appointment of such committee and of the chairman of such committee appears to be for the President to announce these appointments at a meeting of the Legislative Council."

**By the Hon'ble Babu Bhabendra Chandra Ray :—**

**7.**

Are the Government aware of the existence of a Board of Education in the United Provinces, and of its constitution and functions?

**Answer by the Hon'ble Mr. O'Malley:—**

" The answer is in the affirmative."

**By the Hon'ble Babu Bhabendra Chandra Ray :—**

**8.**

(*a*) With reference to the questions asked at previous meetings of the Council regarding the imported Rangoon rice, the wholesale price of which has been fixed by Government for the Calcutta market, have the Government any information as to the appropriate wholesale and retail rates at which the said rice is available in the different district towns and subdivisional headquarters, as compared with the wholesale and retail rates in Calcutta?

*Questions and Answers.*

(*b*) (*i*) What quantities of the said rice have been imported into Calcutta, since its wholesale price was fixed;

(*ii*) how much thereof has been exported beyond the limits of Bengal; and

(*iii*) how much of the same has been supplied to the different districts?

**Answer by the Hon'ble Mr. McAlpin:—**

"(*a*) In view of the reply to question (*b*) (*iii*) this question asks for the solution of a hypothetical problem.

(*b*) (*i*) 79,485 tons passed through the Customs up to the end of February.

(*ii*) It is calculated that 47,000 tons out of the above amount were exported to other provinces up to the end of February.

(*iii*) So far as is known, nothing has been despatched to any distirct in Bengal."

**By the Hon'ble Babu Bhabendra Chandra Ray:—**

**9.**

(*a*) Are the Government considering the question of the organisation of a Provincial Department of Industries on the lines recommended by the Industries Commission?

(*b*) Is it a fact that the Government of India have asked for the views of the Local Government on the said question?

(*c*) If so, have the Government formulated their views thereon ?

**Answer by the Hon'ble Mr. Donald:—**

"(*a*) Yes.

(*b*) Yes.

(*c*) The matter is under the consideration of Government, but it is hoped that it will shortly be possible to initiate action on the lines of the Report."

**By the Hon'ble Babu Bhabendra Chandra Ray:—**

**10.**

(*a*) Is it a fact that there has been recently an unusual outbreak of dacoities in certain parts of the province?

(*b*) Is it also a fact that an unusually large number of dacoities has been committed in the district of Bogra during recent months? If so, what special measures have been adopted for preventing and detecting such crimes in the said district, and with what results?

**Answer by the Hon'ble Mr. Kerr:—**

"(*a*) Yes. 753 cases of dacoity were reported in 1918, against 525 in 1917. The increase is most noticeable in the districts of Bogra, Rajshahi, Dinajpur, Pabna, Bakarganj, Hooghly, Birbhum, Murshidabad and Nadia.

(*b*) Yes. Twenty-seven cases of dacoity were reported in the Bogra district during the last half of the year 1918, against seven cases during the corresponding period of 1917.

*Questions and Answers.*

The following special measures have been taken to deal with the outbreak in this district, viz. :—

(*i*) An extra Assistant Superintendent of Police was posted there in January last.

(*ii*) Special police patrols have been introduced with the assistance of an extra force of sub-inspectors and constables.

(*iii*) Four officers of the Criminal Investigation Department are assisting in the investigation of the cases.

Several specific cases have been detected and it is believed that the gangs responsible for the outbreak have been traced. Since the introduction of these special measures, the number of cases has decreased."

**By the Hon'ble Maulvi A. K. Fazl-ul-Haq:—**

**11.**

Will the Government be pleased to state—

(*i*) the names of the journalists who have been dealt with under the provisions of the Defence of India (Criminal Law Amendment) Act, 1915, up to the 31st January, 1919, and

(*ii*) the reasons for taking action in each case?

**Answer by the Hon'ble Mr. Kerr:—**

" Orders under the Defence of India Rules have been passed in respect of 22 persons who were journalists by profession, but in 13 of these cases the reasons for the orders were not connected with the journalistic activities of the persons concerned. Government do not consider it advisable in the public interests to give the names of the individuals, or the detailed reasons for the action taken. In each case the Local Government were satisfied that there were reasonable grounds for believing that the individual in respect of whom the order was passed had acted, was acting or was about to act in a manner prejudicial to the public safety."

**By the Hon'ble Babu Siv Narayan Mukharji:—**

**12.**

Will the Government be pleased to lay on the table the complete registers of water-supply up to date, the maintenance of which is authorised in Government resolution No. 15-18 L.S.-G., dated the 11th November, 1912 ?

**Answer by the Hon'ble Mr. O'Malley:—**

" Government regret that they are unable to comply with the request owing to the undue amount of labour which would be involved in making copies of the registers for all districts. The registers, for instance, of the 24-Parganas alone are contained in 38 volumes."

**By the Hon'ble Babu Siv Narayan Mukharji:—**

**13.**

Will the Government be pleased to lay on the table a statement showing the amount of Public Works cesses that is credited annually to the funds of the district boards of the Presidency and the expenditure incurred on sanitary and anti-malarial measures by the district boards, sub-division by sub-division, of the several districts, since the transfer of the Public Works cess to the district boards was effected in November, 1913?

*Questions and Answers.*

**Answer by the Hon'ble Mr. O'Malley:—**

"A statement is laid on the table. The information asked for as to the expenditure on anti-malarial measures is not available, as such expenditure is entered under different heads and figures for different sub-divisions are not compiled."

*Statement referred to in the answer by the Hon'ble* MR. O'MALLEY *to question No. 13 (unstarred) asked by the Hon'ble* BABU SIV NARAYAN MUKHARJI *at the Council Meeting of the 13th March, 1919, showing the amount of Public Works cesses credited to District Boards from 1913-14 to 1917-18.*

**By the Hon'ble Babu Siv Narayan Mukharji:**

**14.**

(*a*) Will the Government be pleased to state whether the rule insisting on the contribution of a third of the cost of works on water-supply has been relaxed? If not, why not?

*Questions and Answers.*

(*b*) Is the number of cases in which the rule has been so relaxed small? If so, are the Government considering the advisability of impressing on the district boards the necessity of taking adequate measures for the supply of pure drinking-water in the rural areas on an extensive scale, in view of the fact that the funds of the district boards have at present been augmented by the surrender of the Public Works cess?

**Answer by the Hon'ble Mr. O'Malley:—**

"(*a*) In circular No. 15 L.S.-G., dated 17th February, 1917, of which a copy is laid on the table, it was made clear that there is no rule or order of Government requiring the local public to contribute one-third of the cost of improving the water-supply in rural areas.

(*b*) The question does not arise."

*Circular referred to in the answer by the Hon'ble* MR. O'MALLEY *to question No. 14 (unstarred) asked by the Hon'ble Babu* SIV NARAYAN MUKHARJI *at the Council meeting of the 13th March, 1919.*

Circular No. 15 L.S.-G., dated Calcutta, the 17th February, 1917.

From—L. S. S. O'MALLEY, ESQ., I.C.S., Secretary to the Government of Bengal, Municipal Department,
To—All Commissioners of Divisions.

In continuation of the correspondence ending with Circular No. 13 L.S.-G., dated the 12th March, 1917, on the subject of expenditure on water-supply by District Boards, I am directed to forward a copy of a question asked and of the answer given to it at the meeting of the Bengal Legislative Council held on the 23rd January, 1917.

2. In circular No. 12 T.—M., dated the 20th May, 1904, Government made a promise that it would contribute a third of the cost of improving the water-supply in rural areas subject to a maximum of Rs. 5,000 for any one district and of Rs. 50,000 for the whole province, provided that the District Boards contributed one-third of the cost and the public another third. The condition that the public should contribute one-third of the cost before a Government grant was made was withdrawn in Eastern Bengal by Government letter No. 4945 M., dated the 20th July, 1908, to the Secretary, Sanitary Board, Eastern Bengal and Assam, in which it was stated that the grant placed at the disposal of the Sanitary Board for the improvement of the water-supply in rural areas should be allotted under such agreements as to private contributions as they might find practicable and suitable to local conditions. In West Bengal the condition was withdrawn in Circular No. 16 T.—L.S.-G., dated the 4th October, 1911, in which Government agreed to contribute one-third of the expenditure incurred by District Boards in any one year on the improvement of the local water-supply subject to a maximum of Rs. 3,000 in each case, irrespective of the amount contributed by the public. It was at the same time explained that the expenditure of the District Boards should supplement and not supersede local efforts. Subsequently the District Funds were considerably augmented by the surrender of the Public Works cess, and it was accordingly announced in resolution No. 228 L.S.-G., dated the 24th January, 1914, that Government would in future give no special grants for the improvement of water supply in rural areas as the District Boards should have no difficulty in providing sufficient funds for the purpose

3. I am to request that you will make it clear to District Boards in your division that there is no rule or order of Government requiring that the local public should contribute one-third of the cost of improving the water-supply. It is left to the discretion of the District Boards to decide what contribution the public should make, but as stated in Circular No. 16 T.—L.S.-G., dated the 4th October, 1911, the idea should not be allowed to gain ground that the need for local co-operation has disappeared.

[4. A copy of Circular No. 16 T.—L.S.-G., dated the 4th October, 1911, is enclosed.]

*Questions and Answers.*

*Question asked and the answer given to it at the meeting of the Bengal Legislative Council held on the 23rd January, 1917.*

*Question.*—With reference to the remarks made by the Hon'ble Nawab Sir Syed Shams-ul-Huda in the course of the debate on the rural water-supply resolution, moved in the Council by the Hon'ble Mr. P. C. Mitter in September last, are the Government considering the advisability of withdrawing the circular issued under orders of Sir Andrew Fraser which insisted upon a local contribution of one-third of the total expenses of excavating tanks, etc?

*Answer.*—The circular of 1904 to which the Hon'ble Member refers laid down *inter alia* that one-third of the cost of any project for improving the supply of drinking-water in rural areas should be met from public subscriptions before a Government grant was made. This condition was withdrawn by the Government of Eastern Bengal and Assam in 1908, and by the Government of Bengal in 1911. The orders contained in the circular of 1904 applied only when grants were made by Government to District Boards for the improvement of the rural water-supply and not when District Boards spent money for this purpose without receiving a Government subvention. As there appears to be considerable misapprehension on the subject, a circular will shortly issue explaining the position.

**By the Hon'ble Babu Siv Narayan Mukharji:—**

**15.**

With reference to the answer to starred question No. 17 (*iii*) asked at the Council meeting of the 3rd July 1918, are the Government considering the advisability of developing the scheme for the erection of refuge mounds on the right side of the Damodar into a practical measure by excavating a number of tanks in the spill area, or at any rate for the present in certain important villages or centres within that area, and by utilizing the banks of these tanks to serve the purposes of refuge mounds?

**Answer by the Hon'ble Mr. Cowley:—**

"Government have under consideration proposals for the construction of refuge mounds on the right bank of the Damodar but not on the lines indicated in the Hon'ble Member's question."

**By the Hon'ble Rai Mahendra Chandra Mitra Bahadur:—**

**16.**

Will the Government be pleased to lay on the table a statement showing, district by district, the total number of suits, appeals and miscellaneous cases pending for six months and one year, respectively, in the different sub-judges' courts in the Presidency of Bengal up to December, 1918?

**Answer by the Hon'ble Mr. Duval:—**

"Statistics are not compiled of cases pending *for* six months and *for* one year. A statement showing, district by district, the total number of suits, appeals and miscellaneous cases pending for *over* six months and for *over* one year in courts of the subordinate judges in the Presidency, is laid on the table."

*Questions and Answers.*

**By the Hon'ble Rai Mahendra Chandra Mitra Bahadur:—**

**17.**

Will the Government be pleased to lay on the table a statement showing, in tabular form, the total number of—

(*a*) original civil suits, and

(*b*) (*i*) title, (*ii*) rent, (*iii*) money, and (*iv*) miscellaneous, appeals

decided by each of (*1*) the sub-judges, (*2*) the district judges and (*3*) the additional judges, in the various districts in the Presidency of Bengal during each of the three years 1915, 1916 and 1917?

**Answer by the Hon'ble Mr. Duval:—**

"Government have no information beyond that contained in the annual reports of the High Court on the administration of Civil Justice, to which the Hon'ble Member is referred. Government are not prepared to undertake the compilation of further statistics as it would involve an amount of trouble and labour wholly incommensurate with any object to be achieved."

**By the Hon'ble Rai Mahendra Chandra Mitra Bahadur:—**

**18.**

(*a*) Is it a fact that the litigants of the Court of Small Causes, Calcutta, experience inconvenience in filing suits for the want of the requisite stamps on the day they intend to file a suit and during the hours usually fixed for filing suits in the said court?

(*b*) What is the average number of stamps sold *per diem* there?

(*c*) What is the total number of suits filed daily during the month of January and up to the 15th February, 1919, in the said court?

(*d*) Will the Government be pleased to state the present arrangements for the sale of stamps in the said court?

(*e*) Are the Government considering the advisability of making some suitable arrangements to cope with the work in connection with the sale of stamps for the convenience of the suitors?

**Answer by the Hon'ble Mr. Duval:—**

(*a*) It is a fact that inconvenience has been recently experienced.

(*b*) 620·2.

(*c*) A statement is laid on the table.

(*d*) and (*e*) There are two salaried stamp vendors in the court. Owing to the absence in November last of one of them, who had an attack of influenza, inconvenience was caused to litigants and legal practitioners. On the representation of the Registrar and subsequently of the pleaders of the court, the Collector of Stamp Revenue has directed the sale of stamps up to 4 P.M. instead of up to 2-30 P.M. and is considering the question of strengthening the staff of the stamp department attached to the Court."

*Questions and Answers.*

*Statement referred to in the answer by the* HON'BLE MR. DUVAL *to question No. 18 (Unstarred) asked by the* HON'BLE RAI MAHENDRA CHANDRA MITRA BAHADUR *at the Council meeting of the 13th March, 1919, showing the total number of suits filed daily in the Small Cause Court, Calcutta, during the month of January and up to the 15th February, 1919.*

Of these 664 suits are of the value of Rs. 1,000 and above. 3,172 suits are below Rs. 1,000 and 3 are Municipal appeals without valuation.

## DEATH OF SIR ANDREW FRASER.

**The President** said :—

"Hon'ble Members will wish, I think, that there should appear on the record of our proceedings some expression of our feeling of sorrow at the death of an ex-Lieutenant-Governor of this Province, Sir Andrew Fraser. Sir Andrew Fraser came to Bengal to administer the Province at a time of great difficulty. He had to face the full force of public hostility which was roused by the partition of the Province and, as Hon'ble Members will remember, his life was saved on one occasion by an act of conspicuous gallantry on the part of my Hon'ble colleague the Maharajadhiraja Bahadur of Burdwan. Sir Andrew Fraser consistently endeavoured to bring the non-official and the public into close touch with the Government of the Province. For example, the practice of calling in

non-official members to assist in the preparation of the Budget originated with him, and it was his invariable practice, I believe, to hold conferences and informal consultations with the representatives of the public upon all measures of importance which he had in contemplation. He was a man of very strong religious proclivities and he took an enthusiastic interest in all matters of social reform. It was under his administration that the Juvenile Jail was established and it was under his auspices that the Disorderly Houses Act was passed. His interest in the cultivator found practical expression in a variety of ways. As for example the passing of the Bengal Tenancy (Amendment) Act which had for its object the securing of the interest of landlord and tenant and the protection of the tenant from undue raising of rent. Again, he was deeply interested in the Agricultural Department, the Department of Land Records, the appointment of a Director as the head of the former, and the establishment of an Agricultural College at Sabour. As I have said he came to Bengal at a time of great difficulty. He retired from this country ten years ago after five years of very strenuous labour as Lieutenant-Governor and after a total of thirty-seven years of service in India, and I cannot doubt that when the dust raised by the acute political controversy which darkened his term of office in this Province has blown aside, there will stand revealed to the impartial eye of the historian a valuable output of solid and lasting achievement."

## THE BENGAL VILLAGE SELF-GOVERNMENT BILL, 1919.

**The Hon'ble Sir Henry Wheeler** presented the further report of the Select Committee on the Bengal Village Self-Government Bill, 1919.

He said :—

"My Lord, I beg to present the further report of the Select Committee on the Bengal Village Self-Government Bill, 1919.

The circumstances under which this Bill was recommitted to the Select Committee are fresh in the memory of the members of the Council. The only new material which the Select Committee had before it was the mass of amendments of which notice had been given in Council, and these papers, therefore, formed the basis of our further examination of the question.

The report draws attention to the important changes which we have made, and it will be seen that we started by going through the amendments which, had the Bill been taken in Council on the last occasion, would have been moved by myself. Of these we have embodied 14 in the Bill. We then went through various other amendments which, on the occasion of a previous examination of the list by the official members, seemed susceptible of acceptance without objection if the current of discussion in Council showed that feeling was in favour of them. Out of these amendments we have inserted some 16 in the Bill. Apart from that, there are two other small points in respect of which we made changes. Finally, our consideration of the amendments of which notice had been given, and the further incidental scrutiny of the papers, revealed three other points in which we thought that alterations might be made. In all, therefore, we have made 35 major changes in the Bill, and I hope to that extent the subsequent discussion of the Bill in this Council will be lightened.

The report explains most of them, and I need hardly go through them all. I would invite attention to the amendment mentioned in paragraph 2(10) which undoubtedly drew attention to a defect in the Bill, viz., the absence of any specification of the time within which notice of a desire to move for the transfer of a suit from the union bench should be given. The provision that we are now placing in the Bill is somewhat on the lines of the corresponding section of the Criminal Procedure Code. Then, in paragraph

*The Bengal Village Self-Government Bill.*

*Sir H. Wheeler.*

2(13), we have endeavoured, in part, to meet an amendment of the Hon'ble Babu Akhil Chandra Datta, who desired that the income derived from all pounds and ferries within the union should be made over to the union board. Under the Cattle Trespass Act that is already permissible and we have made no change, but we have amended the Ferries Act so as to render it similarly possible for Government to make over the proceeds from ferries to the union board. In paragraph 3 (*b*) reference is made to an amendment by which we have tried to meet a fairly widely expressed wish that, in respect of voters, the residential qualification should be made rather more elastic, though we have preserved it as originally drafted in respect of candidates. It seemed to us that it might reasonably be said that the member of a union board should be a *bona fide* resident of the area with the administration of which he has been charged, but on the other hand, a man might not have been resident within the original meaning of the draft Bill so as to entitle him to vote, whereas, owing to his interest in the union, he might reasonably be interested in the selection of his representatives.

In paragraph 3(*c*) we have endeavoured to make it clearer what person should vote on behalf of a joint family. The amendment accepted in paragraph 3(*f*) is of considerable importance, and we have practically reverted to the original position under Act VI of 1870 in respect of the appointment of daffadars. The change which the Bill contemplated, and for which there is much to be said, was the subject of some criticism by way of amendment, and on the whole we have thought it best to maintain the existing practice.

In paragraph 3(*j*) we have taken the opportunity of making what, I think, is an improvement in the basis of assessment, and in paragraph 3(*k*) we have referred to an amendment which was moved by Kumar Shibshekhareswar Ray which reduces the penalty realisable along with the arrear to half the arrear, instead of the whole which is permissible under the present Chaukidari Act. In paragraph 3(*o*) we have taken another amendment of the same Hon'ble Member which entails the omission of a section which was designed with the good intention of ensuring that the class of suits were instituted in the union court for which that body was intended, instead of being taken to the ordinary courts, but on further consideration, we thought that, as it appeared to be controversial and was unlikely often to be used, it might well be omitted. Otherwise, perhaps the most noticeable change we have made is in removing the authority to delegate to circle officers the power to amend an assessment list. A certain amount of wish had been expressed to that effect, which, on the whole, we thought it expedient to meet.

It will be observed that two minutes of dissent are annexed to the report. That of Babu Mahendra Nath Ray, who throughout has given us in the Select Committee much assistance in the consideration of these proposals, deals with two points, the most important of which is the question whether any statutory obligation should be laid on district boards to give financial assistance to union boards. The other note of dissent is by the Hon'ble Babu Bhabendra Chandra Ray, who, unfortunately, did not find himself able to attend our supplementary meetings, and we have therefore been unable to influence him by argument or discussion in respect of the points on which he has now put in a note of dissent.

The only other point to which I would like to invite the attention of the Council is that we propose to take up the consideration of this Bill on the 7th of April. That being so, the latest date for the filing of amendments will be 11 o'clock on the 24th March, and if Hon'ble Members still desire to move in respect of the re-amended Bill the same amendments of which they gave notice to the Bill as first examined by the Select Committee, it will be necessary to give fresh notice, because we must have a clear intimation as to how many of the amendments in that list still stand in the light of the further changes we have made in the Bill. Of couse it will be quite sufficient to refer to the numbers of that list in giving this second notice."

*Revised Financial Statement.*

## LIST OF BUSINESS—ITEM No. 3.

## THE REVISED FINANCIAL STATEMENT.

**The Hon'ble Sir Henry Wheeler** presented the Revised Financial Statement for Bengal for 1919-20.

He said :—

"My Lord, I have the honour to present the Revised Financial Statement of Bengal for the year 1919-20. Since the draft amended Financial Statement was laid before the Council, certain changes have been made in the figures, and these are dealt with in the Memorandum which I think is in the possession of Hon'ble Members. Under the instructions of the Government of India we have raised our receipts from Excise in the revised estimates for 1919-20 by Rs. 3 lakhs, all of which will come to us, and our receipts under Stamps by a like sum, of which we shall get half. So that we have benefited under those two heads to the extent of Rs. 4½ lakhs. In the Budget for the ensuing year there is a corresponding addition of Rs. 3 lakhs under the Excise head, while in respect of Income-tax certain changes contingent upon the Excess Profits Act and the exemption of small incomes, have now been inserted in the estimates.

On the expenditure side we have made some important changes, one of which, that relating to Famine Relief, affects some of the resolutions of which notice has been given to day. It will be noticed that a *communiqué* was issued recently improving the pay of the officers of the Imperial Police and the officers of the Indian Medical Service. In respect of these two reorganizations, we have had to make financial provision, which will entail an increase under Police of Rs. 2½ lakhs, and an increase under Medical of Rs. 1½ lakh. Under Scientific and Miscellaneous Departments we have made a further lump provision of Rs. 2 lakhs in the hope that during the coming year we may be able to make a beginning on the lines of the recommendations of the Industrial Commission—a provision which I trust will commend itself to all—while in respect of Famine Relief, the situation now being slightly worse than it was when we originally framed the Budget, we have made a further provision of Rs. 2 lakhs for relief measures, of which Rs. ½ lakh is debitable to us and the balance to Imperial. In the net result, at the end of 1919-20, our closing balance is estimated to be Rs. 3,23,23,000 in place of Rs. 3,22.23,000, at which it stood before.

Hon'ble Members will notice that there is an error of printing in the heading 'revised estimate, 1919-20', which really, of course, should be the revised estimate for 1918-19."

# REVISED FINANCIAL STATEMENT, BENGAL, 1919-20.

## GOVERNMENT OF BENGAL.

### FINANCIAL DEPARTMENT.

### Finance.

*Calcutta, the 12th March 1919.*

MEMORANDUM.

IN accordance with rule 14 (*1*) and (*2*) of the Bengal Legislative (Financial Statement) Rules, 1912, published with Notification No. 4482 F., dated the 10th December 1912, the following memorandum is circulated, indicating alterations in the figures which have been made since the circulation of the Amended Draft Financial Statement, Bengal, for 1919-20 on the 4th instant.

*Revised Financial Statement.*

2. The following changes have been made under the orders of the Government of India :—

## REVISED ESTIMATE, 1918-19.

### Receipts.

The revised estimates under the following heads have been raised by the amounts noted against each, with reference to the increase in receipts in February.

| | Total increase. | Provincial share. |
|---|---|---|
| | Rs. | Rs. |
| IV—Stamps ... ... | 3,00,000 | 1,50,000 |
| V—Excise ... ... | 3,00,000 | 3,00,000 |

3. These changes have raised the estimates of total receipts from Rs. 7,25,07,000 to Rs. 7,29,57,000. The closing balance now stands at Rs. 3,70,52,000.

## BUDGET, 1919-20.

### Receipts.

*V. Excise*—The estimate has been raised by Rs. 3,00,000, from Rs. 1,84,00,000 to Rs. 1,87,00,000, in view of the increase in the revised estimate for 1918-19.

The alterations mentioned in the memorandum circulated on the 4th March 1919, viz., VIII—Income-tax reduced from Rs. 1,15,00,000 to Rs. 88,75,000, and "Transfers between imperial and provincial revenues" raised from Rs. 5,34,000 to Rs. 31,59,000, have now been incorporated in the Estimates.

The total provincial receipts now stand at Rs. 7,29,83,000 against Rs. 7,26,83,000 as previously adopted.

### Expenditure.

*20—Police.*—The estimate under this head has been raised by Rs. 2,50,000 to give effect to the revision of the rates of pay of Imperial Police officers which has recently been sanctioned by the Secretary of State.

The total estimate under this head is now Rs. 1,36,21,000.

*24—Medical.*—An additional provision of Rs. 1,50,000 has been made in view of the recent announcement in regard to the emoluments of the officers of the Indian Medical Service. The total allotment under Medical now stands at Rs. 27,69,000.

*26-B.—Scientific and Miscellaneous Departments.*—With a view to give immediate effect, as far as possible, to the recommendations of the Indian Industrial Commission, the lump provision of Rs. 50,000 for the development of industries has been raised to Rs. 2,50,000. The total estimate under this head now amounts to Rs. 10,68,000.

*33—Famine Relief.*—To relieve the distress prevailing in certain parts of the Presidency, owing to unfavourable agricultural conditions, a provision of Rs. 2,00,000 has been made for relief measures; of this sum Rs. 50,000 is debitable to provincial, and the balance to imperial, revenues.

4. The total charges for 1919-20 are now raised from Rs. 7,70,62,000 to Rs. 7,77,12,000 and the closing balance from Rs. 3,22,23,000 to Rs. 3,23,23,000 as shown below :—

| | Revised estimate, 1918-19 | Budget estimate, 1919-20. |
|---|---|---|
| | Rs. | Rs. |
| Opening balance ... | 3,67,64,000 | 3,70,52,000 |
| Receipts ... ... | 7,29,57,000 | 7,29,83,000 |
| Expenditure ... ... | 7,26,69,000 | 7,77,12,000 |
| Closing balance ... | 3,70,52,000 | 3,23,23,000 |

5. Copies of the Revised Financial Statement incorporating these changes are circulated herewith.

H. WHEELER.

*Revised Financial Statement.*

# REVISED FINANCIAL STATEMENT OF THE GOVERNMENT OF BENGAL FOR 1919-20.

## PART I.—Memorandum by the Finance Member.

### General Financial Situation.

THIS statement is presented to the Council under rule 14(*1*) of the Rules for the Discussion of the Annual Financial Statement, published with Notification No. 4482-F., dated the 10th December 1912. On the 18th of December last, when the departmental budgets were under preparation, the Hon'ble Members of the Finance Committee were invited in an informal meeting to advise Government as to the selection of new schemes for inclusion in the coming year's budget. As required by rule 6(*1*) of the Bengal Legislative (Financial Statement) Rules, 1912, copies of the Draft Financial Statement were formally presented to the Finance Committee on the 24th January 1919, and the committee was asked to advise on the distribution of the "unallotted" expenditure provisionally allowed by the Government of India in passing orders on the first edition of the budget. On the 26th of February 1919, all the Hon'ble Members of this Council were supplied with copies of the Amended Draft Financial Statement, together with copies of the second edition of the Civil Budget Estimates.

This memorandum is divided into two parts. Part I gives a brief but fairly comprehensive review, and Part II more detailed particulars, of the provincial transactions. As Part II gives detailed explanations of the estimates of revenue and expenditure, it is not necessary here to do more than refer to the more important figures.

2. The budget for the current year provided for an opening balance of Rs. 3,77,52,000, but the actual opening balance amounted to Rs. 3,67,64,000 or Rs. 9,88,000 less than the estimate. This was the result of a diminution in receipts and an increase in expenditure in 1917-18 as compared with the results anticipated at the time the estimate was made. The fall in the receipts was shared principally by Income-tax (Rs. 1,54,000), Forests (Rs. 1,23,000), Jails (Rs. 1,98,000) and Miscellaneous (Rs. 1,30,000). These decreases were, however, counterbalanced to some extent by larger receipts under Excise (Rs. 1,36,000), Interest (Rs. 85,000) and Transfers between Imperial and Provincial (Rs. 2,87,000). The expenditure was Rs. 9,03,000 in excess of the revised estimate, due mainly to an increase under Police (Rs. 3,29,000), Ports and Pilotage (Rs. 1,25,000) and Civil Works, Public Works Department (Rs. 6,46,000). The excesses were, however, to some extent counterbalanced by savings under Sanitation, and under Scientific and Miscellaneous Departments. The transactions of the year thus showed a surplus of Rs. 28,00,000 against the surplus of Rs. 37,88,000 anticipated in the revised estimate, thereby reducing the opening balance by Rs. 9,88,000.

3. Turning now to the general financial situation of the province in the current and coming financial years, the following is a summary of the position :—

| | Budget estimate, 1918-19. | Revised estimate, 1918-19. | Budget estimate, 1919-20. |
|---|---|---|---|
| | Rs. | Rs. | Rs. |
| Opening balance ... | 3,77,52,000 | 3,67,64,000 | 3,70,52,000 |
| Receipts ... ... | 6,96,34,000 | 7,29,57,000 | 7,29,83,000 |
| Expenditure ... | 7,36,54,000 | 7,26,69,000 | 7,77,12,000 |
| Closing balance ... | 3,37,32,000 | 3,70,52,000 | 3,23,23,000 |

*Revised Financial Statement.*

The current year's budget provided for an opening balance of Rs. 3,77,52,000, adding which to the revenue estimate of Rs. 6,88,67,000, and allowing for a net transfer from imperial to provincial revenues of Rs. 7,67,000, a total of Rs. 10,73,86,000 is arrived at. Of this sum it was proposed to spend Rs. 7,36,54,000, leaving a closing balance of Rs. 3,37,32,000. The revised estimates show how far these anticipations have been realised in actual working. They are an attempt to forecast the probable receipts and expenditure of the year by adding to the actuals of the first nine months an estimate of the transactions of the remaining period. As the actuals of each successive month become available, the estimates are further revised, and the figures, therefore, are liable to modification up to the time the budget is finally passed. So far as can be seen at present, receipts this year will be Rs. 33,23,000 better than the budget figure. The table below compares the budget and revised estimates for the current year under the chief major heads :—

| Heads of Revenue | Actuals, 1917-18 | Budget estimate, 1918-19 | Revised estimate, 1918-19. | Variations between budget and revised (column 4 column 3). |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |
| | Rs. | Rs. | Rs. | Rs. |
| I. Land Revenue ... | 1,61,20,000 | 1,65,48,000 | 1,66,21,000 | + 73,000 |
| IV. Stamps ... ... | 1,16,06,000 | 1,20,50,000 | 1,24,00,000 | + 3,50,000 |
| V. Excise ... ... | 1,56,36,000 | 1,60,00,000 | 1,78,00,000 | +18,00,000 |
| VIII. Income-tax ... | 1,03,96,000 | 1,07,50,000 | 1,10,00,000 | + 2,50,000 |
| IX. Forests ... ... | 13,77,000 | 16,00,000 | 18,00,000 | + 2,00,000 |
| X. Registration ... ... | 19,04,000 | 19,60,000 | 19,00,000 | 60,000 |
| XVIA. Law and Justice—Courts of Law. | 11,22,000 | 12,23,000 | 10,67,000 | - 1,56,000 |
| XVIB. Jails ... ... | 12,02,000 | 13,52,000 | 13,00,000 | — 52,000 |
| XVIII. Ports and Pilotage ... | 10,06,000 | 10,30,000 | 13,10,000 | + 2,80,000 |
| XIX. Education ... ... | 9,52,000 | 9,79,000 | 9,89,000 | + 10,000 |
| XXIB. Scientific and Miscellaneous Departments. | 26,35,000 | 19,09,000 | 18,80,000 | - 29,000 |
| XXV. Miscellaneous ... | 5,65,000 | 6,81,000 | 9,53,000 | + 2,72,000 |
| XXX. Minor Works and Navigation—Public Works Departments. | 4,24,000 | 3,80,000 | 5,00,000 | + 1,20,000 |
| XXXI. Civil Works—Public Works Department. | 4,79,000 | 4,66,000 | 5,65,000 | + 99,000 |
| Other heads ... ... | 20,50,000 | 19,39,000 | 19,88,000 | + 49,000 |
| Transfer between Imperial and Provincial Revenues. | 11,94,000 | 7,67,000 | 8,84,000 | + 1,17,000 |
| Total ... | 6,86,68,000 | 6,96,34,000 | 7,29,57,000 | +33,23,000 |

The main features of the figures here presented are the large increases under Stamps, Excise, Income-Tax, Forests, Ports and Pilotage, Miscellaneous and Minor Works and Navigation, an increase in transfers between Imperial and Provincial, and a set back in Registration and Law and Justice—

*Revised Financial Statement.*

Courts of Law. The largest increase occurs under Excise. The revenue under this head recovered in 1917-18 from the fall in the three successive years ending in 1916-17. Particularly was this so in Calcutta, where the adoption of measures for the better control of the trade, and in particular the prevention of dilution and the fixing of maximum prices, contributed to a large increase in the consumption of licit country spirit. It was anticipated that this recovery would be followed by an increase in the receipts in 1918-19, and the budget estimate was placed at Rs. 5 lakhs above the revised estimate of the previous year. The growth of this revenue, however, has much exceeded the forecast and a yield of Rs. 18 lakhs over the budget figure is now expected.

The framing of the estimates of Income-tax under present conditions is a matter of great difficulty, not only because of the introduction of different rates of taxation, but also in consequence of the uncertain and varied effects of the war on trade generally; the increase in profits in various trades is also very unequal, and accentuates the difficulty in arriving at accurate figures. The jute trade enjoyed prosperity in the early part of 1917, and from companies engaged in this trade a considerable increase in income-tax was foreseen. Companies of other kinds, however, showed greater variations in their working. In view of these facts the estimate for the current year was fixed at Rs 1,07,50,000, but the first ten months' actuals indicate that this forecast was an under-estimate, and this year's receipts are likely to be higher by Rs. 2,50,000 than the sanctioned figure.

The receipts under Stamps fell off in 1914-15, but there was a satisfactory recovery in the two following years. In the year 1917-18 there was again a set-back, but a recovery was anticipated this year, and the estimate for 1918-19 was placed at Rs. 5 lakhs higher than the revised estimate for 1917-18. Owing to improved prosperity in certain trades the actual revenue has exceeded anticipations and is now expected to be higher than the budget figure by Rs. 3½ lakhs.

The large increase under Forests is due partly to larger supplies of timber and sleepers to the Munitions Board for war purposes and partly to the payment this year, by the Munitions Board, of the cost of timber and sleepers supplied to them in the latter part of 1917-18.

The increase under Miscellaneous is due to a special receipt from the sale of the police hospital in Amherst Street. The large increase under Ports and Pilotage is the result of the temporary imposition of a surcharge on pilotage fees in order to counter-balance the increase in expenditure due to the introduction of the system of guaranteed remuneration to the officers of the Pilot Service, while that under Minor Works and Navigation is due mainly to the improved condition of the Madaripur Bil Canal and to a general increase in water-borne goods traffic owing to the shortage of railway wagons.

Transfers between Imperial and Provincial funds show a *plus* entry of Rs. 1,17,000. This difference as compared with the budget figure is mainly due to the additional assignments of Rs. 1,50,000 for the Bengal War Publicity Board, Rs. 47,000 for the Director of Civil Supplies, Bengal, Rs. 95,000 for anti-malarial schemes, Rs. 1,07,000 for improvements and repairs to "Belvedere", Rs. 1,80,000 for agricultural education and Rs. 1,75,000 in connection with the financial arrangements made for the payment of quinine purchased in Java. These additions were counter-balanced to some extent by larger contributions from Provincial funds as compensatory payment to Imperial revenues for the additional taxation accruing from income-tax. The total yield from additional taxation under VIII—Income-tax, which was originally estimated at Rs. 55,72,000, will, it is now anticipated, amount to Rs. 60,00,000. The fall in revenue under Registration is mainly due to adverse economic conditions, and under Law and Justice—Courts of Law, to smaller receipts from fines and process serving fees.

On the expenditure side, against the budget estimate of Rs. 7,36,54,000, the revised estimate stands at Rs. 7,26,69,000, showing a net anticipated saving of Rs. 9,85,000. The conditions induced by the war have rendered the observance of strict economy essential, and expenditure which can be deferred for the present without causing serious administrative inconvenience has been

*Revised Financial Statement.*

postponed. This partly accounts for the savings enumerated above, while other contributory causes are detailed below. The statement below gives particulars of the more important heads :—

| Heads of expenditure | Actuals, 1917-18 | Budget estimate, 1918-19 | Revised estimate, 1918-19 | Variations between budget and revised (column 4—column 3) |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |
| | Rs. | Rs. | Rs. | Rs. |
| 3. Land Revenue ... ... | 34,94,000 | 36,28,000 | 35,18,000 | - 1,10,000 |
| 7. Excise ... ... | 10,00,000 | 10,85,000 | 10,47,000 | - 38,000 |
| 11. Forests ... ... | 7,39,000 | 7,50,000 | 8,30,000 | + 80,000 |

| 32. Miscellaneous ... | 3,25,000 | 9,14,000 | 7,96,000 | - 1,18,000 |
| 43. Irrigation—Minor Works and Navigation, Public Works Department ... ... | 11,72,000 | 13,50,000 | 14,17,000 | + 67,000 |
| 45. Civil Works, Civil ... | 12,25,000 | 12,49,000 | 11,83,000 | - 66,000 |
| 45. Civil Works, Public Works Department. | 77,96,000 | 84,88,000 | 95,00,000 | + 10,12,000 |
| Other heads ... ... | 17,33,000 | 18,64,000 | 18,29,000 | - 35,000 |
| Total ... | 6,58,67,000 | 7,36,54,000 | 7,26,69,000 | - 9,85,000 |

The largest difference between the budget and revised estimate appears under the head "22—Education", and it will be observed that a saving of Rs. 18,01,000 is expected under this head during the current year. The savings are mainly due to the non-utilization in full of the grants made by the Government of India, but are also partly due to the transfer of money to the Public Works Department for educational works. When the budget was framed the Imperial grants were provided in full in the hope that schemes would be ready early this year, and that most of the provision would be utilized. The nine months' actuals, however, indicate that these expectations are not likely to be fulfilled. Under "20—Police" a saving of Rs. 7,40,000 is expected. This is mainly due to the transfer of about Rs. 6 lakhs to the Public Works Department budget for the construction of buildings, the balance

*Revised Financial Statement.*

being due to vacancies in the rank and file of the force, which under present conditions it has been difficult to fill.

The savings under Land Revenue are partly due to savings under salaries owing to the deputation of a number of officers to military duty, and partly to the non-utilization in full of the provision for outlay on improvement in Government estates.

Large savings also occur under "Sanitation" and "Miscellaneous", but they are more apparent than real. The savings under the former head are mainly due to the transfer of Rs. 1,90,000 to Irrigation for anti-malarial works. It has been the practice to include under the head "Miscellaneous", a small reserve of Rs. 2 lakhs to meet expenditure under any head of account for which money may be immediately necessary. As the Local Government is precluded from drawing on its balances, it is essential that there should be some money in reserve, for though lapses do generally occur under many heads of expenditure, these lapses seldom become available until late in the year, and in the meantime some provision must be at hand to meet urgent and unforeseen demands. All appropriations out of this reserve, as well as all sanctions accorded by His Excellency the Governor from his petty grants allotment and the adjustments of expenditure on grain compensation allowance, appear under the appropriate major heads; this accounts mainly for the large savings under the head Miscellaneous. The largest excess in expenditure occurs under "Jails", and is mainly due to an increase in the number of prisoners, and to the abnormal rise in the price of cotton, woollen yarns, cloth, blankets, medicines and raw materials for manufacturing purposes.

The increased expenditure under "Law and Justice—Courts of Law", is mainly due to the appointment in several districts of additional District Judges, Subordinate Judges and Munsifs to clear up arrears of judicial work, and to the entertainment of establishment for them.

The difference between the budget and revised estimates for the current year under "26B—Scientific and Miscellaneous Departments" is the result of a large outlay in the purchase of quinine from Java to replace the stocks which have been largely drawn on for military requirements during the past four years.

The large increase under "45—Civil Works, Public Works Department" is chiefly due to the augmentation of the grant under this head by transfers of funds for Educational, Police, Jail and other works, and is, therefore, more apparent than real.

1. In consequence of these changes in the figures of receipts and expenditure, the estimated closing balance of the current year, which is the starting point of the budget for 1919-20, has been taken at Rs. 3,70,52,000, or Rs. 33,20,000 better than the budget. Of the closing balance Rs. 20 lakhs represents the prescribed minimum closing balance of the province, which must be kept intact, while Rs. 2,34,12,000 represents the unspent balances of Imperial recurring and non-recurring grants, or grants which are ear-marked for specific purposes, as detailed below, and which must be spent on those objects. The free Provincial balance, therefore, amounts to Rs. 1,16,40,000 which may be spent in future years :—

| | Rs. |
|---|---|
| Balance of Imperial grants for Education ... | 1,20,98,000 |
| Ditto ditto Medical purposes | 1,30,000 |
| Ditto ditto Agricultural Education ... | 1,00,000 |
| Ditto ditto Sanitation ... | 66,43,000 |
| Ranchi lunatic asylum ... ... ... | 17,41,000 |
| Amount ear-marked for Provincial equipment ... | 24,00,000 |
| Total ... | 2,34,12,000 |
| Minimum closing balance ... ... | 20,00,000 |
| Total ... | 2,54,12,000 |
| Available free balance ... ... ... | 1,16,40,000 |
| Total ... | 3,70,52,000 |

*Revised Financial Statement.*

5 Turning to the budget estimate for 1919-20 the following table summarizes the receipts under the chief heads of revenue :—

| Heads of Revenue | Budget estimate, 1918-19 | Revised estimate, 1918-19 | Budget estimate, 1919-20. | Difference between the revised estimate, 1918-19 and budget estimate, 1919-20 |
|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 |

Beyond the explanations given in Part II of this memorandum few of the figures call for remarks. It is difficult at a time when everything is largely unsettled by the cessation of the war, and when the immediate future is to some extent uncertain, to adjust the revenues with reference to those of the past four years or to pre-war times. It is anticipated, however, that the improvement in the Stamp revenue will be maintained, and that the reorganisation of the Excise Department will result in a still further rise in the Excise receipts. Income-tax receipts are expected, however, to be less than those of the present year. The profits of the jute industry are expected to be better, while there has been increased prosperity in certain mercantile trades. On the other hand, the cotton piece-goods trade has suffered, and there will be loss in revenue on account of the exemption from assessment of all incomes below Rs. 2,000 per annum, and also on account of the rebate of income-tax that shall have to be given in respect of the amounts paid as excess profits duty. Taking it all round, a decrease of Rs. 21½ lakhs as compared with the revised estimate for the current year is expected. With the cessation of the war the receipts from Jail manufactures and from the sales of quinine are likely to diminish also. In the Transfer Budget the only items calling for mention are the assignment in favour of the Government of Bihar and Orissa for the Ranchi lunatic

asylum, and the Imperial assignments to this Government for expenditure on the Director of Civil Supplies, Bengal, and for the improvement of the port of Chittagong, and the assignment to compensate this Government on account of the loss in income-tax revenue necessitated by the changes in taxation.

For next year a total expenditure of Rs. 7,77,12,000 has been provided, which is higher by Rs. 40,58,000 and Rs. 50,43,000 than the current year's budget and revised estimates, respectively. Details by chief major heads are given in the following table :—

| Heads of Expenditure | Budget Estimate, 1918-19. | Revised estimate, 1918-19 | Budget estimate, 1919-20 | Difference between revised estimate, 1918-19 and budget estimate, 1919-20. |

| Total ... | 7,36,54,000 | 7,26,69,000 | 7,77,12,000 | + 50,43,000 |

In framing the estimates of expenditure full weight has been given to the spending power of the various departments, with particular reference to their ability to utilize the lump grants made to them for particular purposes, and while making full provision for these grants, large sums have been deducted as probable savings with reference to the expenditure of recent years. A large provision of Rs. 13,84,000, or Rs. 4,34,000 over and above the recurring Imperial assignment, has been made, in accordance with the policy initiated last year, for schemes of sanitary improvement and anti-malarial works, in addition to provision for an enquiry into the hookworm disease, for kala-azar research, for an investigation into river pollution and for other minor improvements. In the Irrigation budget too increased provision has been made for drainage schemes in connection with the malaria problem. The schemes for mitigating the effects of the floods of the rivers in the Burdwan Division and for creating a spill from the Bidyadhari river, for the partial canalization of Tolly's Nala, for the reconstruction of the Kidderpore Bridge and for the construction of buildings at Khulna required in connection with the establishment of a new permanent waterways division, have necessitated further large provision in the coming year's Irrigation budget. Agricultural development has also received marked attention. In continuance of the scheme for the distribution of improved paddy and jute seed it is proposed to establish two new district agricultural farms, while in order to complete the cadre

*Revised Financial Statement.*

of district agricultural officers, which is necessary in connection with this scheme, provision has been made for nine additional appointments of this class. It is also in contemplation to strengthen the establishment for the control and audit of Co-operative Societies, which are rapidly rising in numbers. Further, with the view of giving full effect to a resolution which was adopted by this Council in the course of the budget debate last year in regard to the development of Co-operative Societies for industrial purposes, a sum of Rs. 38,000 has been so allotted. These are the more important items of expenditure on Sanitation and Agriculture, and they follow on a further development of the policy which has been pursued during the current year. Turning to other important items of expenditure, there is a provision of Rs. 1,25,000 as a first instalment of the expenditure to be incurred on Circle officers appointed in anticipation of the hoped for development of village self-government. This and larger provision under Survey and Settlement operations in the Darjeeling, Terai and Kalimpong Government estates, and the provision of Rs. 25,000 for settlement of waste lands in the 24-Parganas, Sundarbans, under the raiyatwari system, account for the increase under the Land Revenue head. Under Registration a lump provision of Rs. 18,000 has been put down for a partial revision of the pay of the clerks and muharrirs of the sub-registry offices in the Presidency, a long delayed reform which has hitherto been barred by financial stringency. A provision of Rs. 11,000 has also been made towards the revision of the cadre of district sub-registrars, which has been sanctioned by the Secretary of State, and the introduction, as a tentative measure, in a few selected districts, of a system of district registrars, on the lines followed in Madras, by which district officers will be relieved of all legal and routine duties connected with registration. Another item which has often been the subject of attention in this Council is that of the pay of munsifs. The Governor in Council has recently published a Resolution on this subject in connection with the report of the Public Service Commission, and it seems probable that during the coming year effect will be given, at any rate, in part, to the revision of the pay of these officers. A provision of Rs. 1,25,000 has been made on this account. Under the Scientific and Miscellaneous head, funds have been set apart for the Director of Industries, the Director of Civil Supplies and their staff, while a sum of Rs. 78,100 has been allotted for the completion of the research tannery, together with its establishment, in addition to a lump provision of Rs. 2,50,000 for the development of industries, with a view to give immediate effect, as far as possible, to the recommendations of the Indian Industrial Commission. The estimate of Police expenditure is some Rs. 1½ lakh less than the budget provision of the current year. The reduction is due mainly to two causes. In the first place no allotment has been made for capital expenditure in connection with the reorganization of the subordinate police. Expenditure on this account has been shown in recent years under the head Police so long as the assignment for the purpose made by the Government of India remained unexhausted. That assignment having now been expended, further provision, will in future, be made under the Civil Works head. Secondly, large probable savings have been deducted in the light of the expenditure incurred by the department in recent years. While provision has been made for normal development, and for the furtherance of the schemes for raising the pay of head-constables and the proportion of the ordinary reserve, the only new schemes of importance are (1) revision of the rates of pay of Imperial Police officers recently sanctioned by the Secretary of State, (2) the reorganisation and extension of the traffic police, Calcutta—a measure necessitated by the growth of the city and the general extension of motor traffic, (3) additional staff in connection with the Public Vehicles Department—a consequence of the transfer from the Corporation of Calcutta to the Calcutta police of the control of hackney carriages, etc. (this it may be noted will be largely met by receipts), (4) the raising of the strength of the Dacca military police battalion by the addition of one company, and (5) the improvement of pay and prospects of European inspectors and sergeants of the Calcutta police in order to facilitate recruitment to make up the full complement. The large increase under Ports and Pilotage is mainly due to

*Revised Financial Statement.*

the necessity for provision to meet the additional expenditure consequent on the system of guaranteed remuneration to pilots, and to meet charges for the reorganization of the various shipping offices, provision for freight charges and for the purchase of marine stores. The provision for Education also shows a decrease of about Rs. 5 lakhs as compared with the current year. This reduction is more apparent than real, and is due to large deductions made on account of probable savings The department has been unable to spend in full the annual grants made to them by the Government of India, and in the case of several schemes it does not appear probable that sanction will be accorded, and expenditure incurred, during the coming year. A provision of Rs. 15 lakhs has been made, in accordance with the instructions of the Government of India for expenditure on schemes arising out of the report of the Calcutta University Commission, but as it is not anticipated that such expenditure will be of any considerable amount in 1919-20, a sum of Rs. 12 lakhs has been set off as probable savings against this item. The allotment for grant-in-aid has been increased by Rs. 1 lakh to meet a capital grant to the Calcutta Girls' High School and a provision of Rs. 1,55,000 has been made for the completion of the scheme for the improvement of the sewerage and drainage of the Sibpur Civil Engineering College. Other educational allotments of importance are those of Rs. 30,000 for the furtherance of the scheme of madrassa reforms, and Rs. 24,000 for the appointment of additional inspectresses of schools. Details as to the distribution of the Imperial grant of Rs. 5,50,000 for the development of primary education, are given in paragraph 28 in Part II of this memorandum. The increase under Medical is mainly due to a provision of Rs. 1,50,000 for raising the emoluments of the officers of the Indian Medical Service. Owing to the unfavourable agricultural conditions prevailing in certain parts of the Presidency a provision of Rs. 2 lakhs has been made under "33—Famine Relief" for expenditure on relief measures. Of this sum only Rs. 50,000 is debitable to Provincial revenues and the balance to Imperial revenues. In the Civil Works budget, there is provision to the extent of Rs. 34.20,000 for new works including minor works, details of which are given in Part II of this memorandum, while the usual necessary allotment has been made for works in progress, repairs and establishment. The allotment for works in progress and repairs is considerably higher than that of recent years, as it includes provision for the works in progress in connection with the partition of the districts of Midnapore and Mymensingh and the police reorganization schemes, and allows for the expenditure necessary to effect repairs neglected while the financial situation was adverse.

Large reductions appear under Jails and Scientific and other Miscellaneous Departments. The smaller provision under the former is due to a reduction in the estimate for the purchase of raw material, and under the latter mainly to the absence of any provision for the purchase of quinine from private firms.

The closing balance has been placed at Rs. 3,23,23,000. Of this Rs. 20 lakhs represents the prescribed minimum closing balance of the Province, which must be kept intact, while Rs. 2,21,27,000, represents the unspent balances of Imperial recurring and non-recurring grants, or sums which are ear-marked for specific purposes as detailed below, and which must be spent on those objects. The free Provincial balance therefore amounts to Rs. 81,,96,000 which may be spent in future years :—

| | Rs. |
|---|---|
| Balance of Imperial grants for Education ... | 1,17,04,000 |
| Ditto ditto Medical purposes | 4,30,000 |
| Ditto ditto Sanitation ... | 60,98,000 |

| Land records ... | 70,801 | 62,401 | 64,222 | 69,000 | 64,000 | 76,000 |
| Total ... | 34,76,687 | 34,92,481 | 34,94,026 | 36,28,000 | 35,18,000 | 38,14,000 |

**REVENUE.**

1. The Provincial share of this head of revenue is one-half, except for receipts from Government estates and from recovery of the cost of maintenance of boundary pillars, which are wholly provincial.

The budget estimate for the current year was fixed at Rs. 1,65,48,000, but on the basis of the latest actuals the revised estimate for the current year has been placed at Rs. 1,66,21,000. The increase of Rs. 73,000 in the revised estimate as compared with the sanctioned estimate, is mainly under the head—"Ordinary revenue—fixed collections" due to better collection of arrears in the earlier part of the year and under "Recovery of the cost of maintenance of boundary pillars". The sanctioned estimate under the latter

*Revised Financial Statement.*

head is only Rs. 1,000, but the revised estimate has been fixed at Rs. 21,000 on the basis of the latest actuals.

On the assumption that agricultural conditions next year will, on the whole, be normal, the estimate for the year 1919-20 has been fixed at Rs. 1,66,21,000 which is the same as the revised estimate for the current year.

**EXPENDITURE.**

2. The total provincial expenditure for 1919-20 is estimated at Rs. 38,14,000 against the revised estimate of Rs. 35,18,000 for the current year and the sanctioned budget estimate of Rs. 36,28,000 for 1918-19. The large saving in the revised estimate is mainly under the head "Management of Government estates," consequent on the non-utilization of the full provision for outlay on improvements in Government estates. It is also due to the discontinuance of the payment of exchange compensation allowance and savings under salaries owing to the deputation of additional officers to military duty.

As regards the budget estimates for 1919-20 larger provisions under (1) survey and settlement, and (2) charges of district administration account mainly for the increase of Rs. 1,86,000 as compared with the sanctioned estimate for the current year. The large increase under (1) is mainly due to a lump provision of Rs. 57,000 for the initiation of settlement operations in the Darjeeling Terai (Rs. 32,000) and Kalimpong Government estates (Rs. 25,000), and to increased provision for minor settlements. The main reason for the increase under (2) is the inclusion of a provision of Rs. 1,25,000 for the appointment of circle officers against a provision of Rs. 25,000 in the current year's budget for the same purpose. The war bonus recently sanctioned for menials also contributes towards the increase. Under management of Government estates, the estimate includes a lump provision of Rs. 25,000 for the settlement of waste lands in the Sundorbans, of the 24-Parganas, under the raiyatwari system, while the small increase under land records is due to larger provision for the revision of land registration registers and to the increase in the pay of menials recently sanctioned.

## IV and 6—Stamps.

**REVENUE.**

3. The receipts represent the share, credited to this major head, of the sale-proceeds of the unified postal and revenue stamps, the sale-proceeds of bills of exchange and other general stamps, and of stamped papers for the copies of documents, court-fee stamps and plain papers, the duty on embossing receipt, cheque and other stamps, the duty levied under the Indian Stamp Act, 1899, on documents brought for adjudication and on documents unstamped or insufficiently stamped, and fines and penalties levied by Judicial and Revenue officers under the Stamp Act on insufficiently stamped instruments. The revenue from the unified postal and revenue stamps is credited to the imperial head "Post Office", but a sum of Rs. 4,99,000 is credited under the sub-head "Sale of general stamps", as the Civil Department share of the sale-proceeds of these stamps.

The actuals of 1917-18 amounted to Rs. 2,32,12,000, but the collections up to the end of December 1918 show an increase of Rs. 9,30.000 as compared with the corresponding period of the last year. The increase is mainly under the head "Sale of general stamps", and is partly due to improved prosperity in certain trades in the earlier part of the year in Calcutta, and partly to the execution of a greater number of documents in the mufassil on account of the high prices of food grains in the latter part of the year. Owing to adverse economic conditions, however, there has been a falling off in litigation. The fall in revenue under the head "Sale of court-fee stamps" would have been larger but for the payment of large administration duties in respect of certain estates as well as a large number of applications for administration grants in the High Court. With uncertainty as to trade, pending the final settlement of war and peace problems, no great increase in the revenue from "Stamps" can safely be anticipated during the next few months of this year, and the revised estimate for 1918-19 has been placed at Rs. 2,48,00,000.

With the prospect of new industrial development and a revival of trade next year an improvement in the stamp revenue may be confidently hoped for, and allowing for an increase of 7 lakhs over the revised the estimate for 1919-20 has been fixed at Rs. 2.55,00,000. The provincial share is one-half, and amounts to Rs. 1,24,00,000 for 1918-19, and Rs. 1,27,50,000 for 1919-20.

**EXPENDITURE.**

4. The estimate for 1918-19 was Rs. 7,37,000, but this has been reduced to Rs. 6,31,000 in the revised estimate owing partly to a fall in the consumption of plain paper, resulting in smaller charges under "Stamps and plain paper supplied from Central Stores", and partly to less expenditure under "Discount on sale of other general stamps," and "Charges on sale of court-fee stamps". The saving under the last named head is due to a falling off in litigation resulting in a fall in revenue, as already explained. The small saving under "Superintendence" is mainly under

*Revised Financial Statement.*

the head "Establishment" and is due to the Superintendent of the Stamp office having been transferred to the Income-tax office, no one being appointed to fill his post.

The budget estimate for 1919-20 has been fixed at Rs. 6,83,000, and includes larger provision as compared with the revised estimate for discount on the sale of stamps and a larger issue of stamp papers. The charges of this department are divided equally between imperial and provincial revenues, and the provincial shares amount to Rs. 3,16,000 and Rs. 3,42,000, respectively.

## V and 7—Excise.

### Revenue.

| Total ... | 7,74,858 | 9,39,493 | 9,99,661 | 10,85,000 | 10,47,000 | 11,37,000 |

### REVENUE.

5. The actuals of 1917-18 amounted to Rs. 1,56,36,000, and those in the first nine months of the current year show an increase of Rs. 14,84,000 as compared with the actuals of the corresponding period of the preceding year; the revised estimate for the current year has therefore been fixed at Rs. 1,78,00,000. The rise in revenue is mainly due to an increase in the consumption of country spirit in Calcutta and the adjoining districts of Hooghly, Howrah and the 24-Parganas; the total consumption for the first nine months of the year in this part of the Presidency has risen from 263,582 proof gallons in 1917-18 to 327,585 proof gallons in 1918-19. This increase is

*Revised Financial Statement.*

the result of the extension to the industrial areas round Calcutta, with effect from 1st April 1918, of the restrictive measures of fixed prices and the monthly adjustment of license fees which obtains in Calcutta. There has also been an increase in revenue from the duty on Indian-made foreign liquor and a rise in the opium receipts due to the higher treasury price of opium.

With the cessation of hostilities the probabilities are that there will be a further increase in the consumption of excisable articles, bringing in larger receipts in license fees and duty. The budget estimate for 1919-20 has therefore been fixed at Rs. 1,87,00,000.

**EXPENDITURE.**

6. The total expenditure for 1918-19 was originally estimated at Rs. 10,85,000, but in view of the actuals of the first nine months, the revised estimate for the current year has been placed at Rs. 10,47,000, savings being anticipated mainly in salaries under "Superintendence," and "Presidency Establishment" and in the estimates for establishment and contingencies under "Distilleries."

The estimate for the coming year has been framed at Rs. 11,37,000. Besides allowing a larger provision of Rs. 29,000 for travelling allowance of officers and establishment under "District Executive Establishment" based on recent actuals, the estimate includes Rs. 2,160 for the appointment of a prosecutor in Excise and Salt cases, Calcutta, Rs. 2,520 for the entertainment of additional establishment in the areas in which the tree tax system has been introduced, and Rs. 2,880 for the employment of female Excise preventive officers to detect smuggling of excisable articles by women employed by smugglers.

## VI.—Provincial Rates.

**Revenue.**

| | Actuals. | | | Budget estimate. 1918-19. | Revised estimate. 1918-19. | Budget estimate. 1919-20. |
|---|---|---|---|---|---|---|
| | 1915-16. | 1916-17. | 1917-18. | | | |
| | Rs. | Rs. | Rs. | Rs. | Rs. | Rs. |
| Public Works Cess ... | 1,27,682 | 29,219 | 3,675 | ... | ... | ... |
| General rates for the management of private estates. | 1,06,171 | 1,05,622 | 1,35,416 | 1,17,000 | 1,22,000 | 1,24,000 |
| Total ... | 2,33,853 | 1,34,841 | 1,39,091 | 1,17,000 | 1,22,000 | 1,24,000 |

This head is not open to discussion.

**REVENUE.**

7. Since the surrender of the Public Works Cess to District Boards this head of revenue is now practically confined to the general rates which are levied from Wards estates so as to cover approximately the cost of management (including supervision charges and contributions for pension and leave allowances) of the staff employed. The variations in the receipts from year to year are due to old estates being released from management by the Court of Wards and new ones being taken up. The increase in the revised estimate for the current year is due to the assumption of charge of certain large estates in the districts of Dinajpur, Malda and Mymensingh. The receipts would have been larger but for the release of the share of Babu N. G. Biswas in the Janbazar Estate No. 1 and the transfer of the management of the Balasore portion of Babu B. L. Mukerjee's trust estate to the Government of Bihar and Orissa.

*Revised Financial Statement.*

## VIII and 10.—Income-tax.

| Total ... | 1,52,964 | 1,62,754 | 1,74,172 | 1,78,000 | 1,86,000 | 2,12,000 |
| Provincial share (one-half) | 76,482 | 81,377 | 87,086* | 89,000 | 93,000 | 1,06,000 |

### REVENUE.

8. Considering that several companies, in particular those connected with the jute trade, earned profits far beyond expectation in the early part of 1917, while others, which had up till then been working at a loss, were able to pay dividends; the estimate for the year 1918-19 was fixed at Rs. 2,15,00,000. against the revised estimate of Rs. 2,11,00,000 for 1917-18. The nine months' actuals, however, show that the actual receipts are likely to exceed the estimate for 1918-19 by Rs. 5 lakhs. The profits of the jute industry have been still better this year, while there has been increased prosperity in certain mercantile trades, and taking into consideration as against this, the state of the cotton piece-goods trade, the exemption of all incomes below Rs. 2,000 per annum from assessment to income-tax with effect from the 1st April next, and the rebate that shall have to be given for the purpose of the income-tax, in respect of the amounts paid as excess profits duty, the budget estimate for the next year has been placed at Rs. 88,75,000. As owing to the changes in taxation there will be a loss in the Provincial share of the income-tax otherwise leviable on income below Rs. 2,000 per annum and on that portion of the higher income which will be paid to Imperial Government as excess profits duty, an assignment of the amount so lost will be made by the Government of India through the "Transfer Budget".

With effect from the 1st of April 1916 the Government of India imposed additional taxation, and that part of the increase which depends on the increased rates is made over to the Government of India by means of an assignment under the transfer head in accordance with their decision to appropriate the whole of the extra receipts from the new rates to the needs of the Imperial Exchequer. Excluding, therefore, the full increment due to new taxation, the revenue from income-tax is shared equally between Imperial and Provincial. No part of the super-tax on incomes imposed under Act VIII of 1917 and the duty on excess profits proposed to be imposed from 1st April next are included under this divided head, as the proceeds are wholly Imperial.

### EXPENDITURE.

9. The amount provided for 1919-20 is higher by Rs. 34,000 than this year's allotment and higher by Rs. 26,000 than the revised estimate. The

*Revised Financial Statement.*

increase in expenditure is due partly to an enhancement in the pay of the Deputy Collector of Income-tax, but mainly to the revision of the strength and pay of the assessors employed in Calcutta, to the revision of the clerical staff of the Calcutta Income-tax office, and to the appointment of additional assessors and establishment in the Rajshahi Division, necessitated by the large increase in work consequent on the introduction of the new Income-tax Act, VII of 1918. The Provincial share is one-half, and amounts to Rs. 93,000 and Rs. 1,06,000, respectively.

## IX and 11—Forests.

### Revenue.

| | Actuals. | | | Budget estimate, 1918-19. | Revised estimate, 1918-19. | Budget estimate 1919-20 |

| Total ... | 11,45,610 | 13,38,779 | 13,76,970 | 16,00,000 | 18,00,000 | 16,30,000 |

### Expenditure.

| | Actuals. | | | Budget estimate, 1918-19. | Revised estimate, 1918-19. | Budget estimate, 1919-20. |
|---|---|---|---|---|---|---|
| | 1915-16. | 1916-17. | 1917-18. | | | |
| | Rs. | Rs. | Rs. | Rs. | Rs. | Rs |
| Conservancy and Works ... | 2,36,698 | 2,49,992 | 3,58,840 | 3,75,000 | 4 57.000 | 3,73,000 |
| Establishments ... ... | 3,56,937 | 3,69,657 | 3,79,873 | 3,75,000 | 3,73,000 | 3,93,000 |
| Total ... | 5,93,635 | 6,19,649 | 7,38,713 | 7,50,000 | 8,30,000 | 7,66,000 |

### REVENUE.

10. Assuming that the demand of the Munitions Board for sleepers and timber for war purposes would be larger this year, the estimate for 1918-19 was fixed at Rs. 16,00,000 against the revised estimate of Rs. 15,00,000 for 1917-18. The demands of the Munitions Board for timber and of the Railway companies for sleepers have, however, far exceeded expectations, and a large increase in revenue under the head "Timber and other produce removed from the forests by Government agency" is therefore expected. The increase under this head is also due to the adjustment this year of the cost of timber and sleepers supplied to the Munitions Board at the end of last year. Considering this and the fact that there has also been an increase in the demand for timber by consumers and purchasers, the revised estimate for the current year has been fixed at Rs. 18,00,000.

Owing to the cessation of hostilities the demand for timber and sleepers for military purposes, will not continue next year, but following the end of the war, it is expected that there will be larger demands for all kinds of raw material from consumers and purchasers, and on this assumption the budget estimate for the next year has been placed at Rs. 16,30,000.

### EXPENDITURE.

11. The sanctioned budget for the current year is Rs. 7,50,000 and the revised estimate has been taken at Rs. 8,30,000 to provide for larger

*Revised Financial Statement.*

expenditure to meet the demand of the Munitions Board for increased supply of timber and sleepers. This increased outlay, however, it may be pointed out, will be accompanied by increased revenue during the year.

The budget estimate for the ensuing year has been passed for Rs. 7,66,000 which is higher by Rs. 16,000 than the sanctioned estimate of 1918-19, and lower by Rs. 64,000 than the revised estimate for the current year. Under "B—Establishment", besides provision according to the sanctioned scale, with the usual deductions for probable savings, a provision of Rs. 6,000 has been made for the appointment of two extra Assistant Conservators of Forests. The provision for timber operations by Government agency has been reduced, as the amount of business in timber contracts is not likely to equal that done in the current year. Provision has, however, been made for the feed and keep of a larger number of elephants and to meet the increased cost of maintenance of steam launches and flats. The next year's estimate also includes a lump provision of Rs. 24,000 for the purchase of barbed wire and sheep netting for the Buxa and Jalpaiguri divisions, and larger outlay on communications and buildings.

## X and 12—Registration.

### Revenue.

| | Actuals. | | | Budget estimate, 1918-19. | Revised estimate, 1918-19. | Budget estimate, 1919-20. |
|---|---|---|---|---|---|---|
| | 1915-16. | 1916-17. | 1917-18. | | | |
| | Rs. | Rs. | Rs. | Rs. | Rs. | Rs. |
| Fees for registering documents | 18,85,499 | 19,81,536 | 17,43,720 | 17,80,000 | 17,56,000 | 17,56,000 |
| Fees for copies of registered documents. | 70,625 | 77,763 | 73,605 | 80,000 | 64,000 | 64,000 |
| Miscellaneous ... ... | 79,944 | 89,628 | 86,702 | 1,00,000 | 80,000 | 80,000 |
| Total ... | 20,36,068 | 21,48,927 | 19,04,027 | 19,60,000 | 19,00,000 | 19,00,000 |

### Expenditure.

| | Actuals. | | | Budget estimate, 1918-19. | Revised estimate, 1918-19. | Budget estimate, 1919-20. |
|---|---|---|---|---|---|---|
| | 1915-16. | 1916-17. | 1917-18. | | | |
| | Rs. | Rs. | Rs. | Rs. | Rs. | Rs. |
| Superintendence ... ... | 74,457 | 78,883 | 79,591 | 74,000 | 74,000 | 74,000 |
| District charges ... ... | 10,52,871 | 10,55,887 | 10,61,448 | 10,83,000 | 10,51,000 | 11,47,000 |
| Total ... | 11,27,328 | 11,34,770 | 11,41,039 | 11,57,000 | 11,25,000 | 12,21,000 |

#### REVENUE.

12. Owing to adverse economic conditions the actual collections in the first nine months of 1918-19 show a falling off of Rs 1,25,000 as compared with those of the corresponding period of the preceding year, and the revised estimate has, therefore, been placed at Rs. 19,00,000 against the budget estimate of Rs. 19,60,000. As no increase in revenue is expected next year, the estimate for 1919-20 has been fixed also at Rs. 19,00,000.

#### EXPENDITURE.

13. The minor head "Superintendence" comprises charges on account of the Inspector-General of Registration, his office establishment and contingencies, while "District Charges" represent the salary of district sub-registrars and sub-registrars and their establishments and contingent charges. The decrease in the revised estimate for 1918-19 under the head "District sub-registrars and sub-registrars", as compared with the sanctioned estimate

*Revised Financial Statement.*

for the current year is mainly due to savings under "Salaries" and "Establishment". The savings would have been larger but for the increased rate of pay recently sanctioned for menials.

The budget estimate for 1919-20 is higher by Rs. 64,000 than the sanctioned estimate for 1918-19. The increase is mainly due to a lump provision of Rs. 48,000 for a partial revision of the pay of the ministerial establishment of district headquarters and rural registration offices, and to larger provision for the opening of new sub-registry offices. A provision of Rs. 11,000 has also been made for the revision of the cadre of district sub-registrars which has received the sanction of the Secretary of State, and the introduction, as a tentative measure, of a system of district registrars on the lines followed in Madras.

## 1.—Refunds and Drawbacks.*

**Expenditure.**

| | Actuals. | | | Budget estimate, 1918-19. | Revised estimate, 1918-19. | Budget estimate, 1919-20. |

| Total ... | 1,81,371 | 2,68,362 | 2,43,021 | 2,09,000 | 2,57,000 | 2,74,000 |

* Drawbacks occur under Customs only and are wholly Imperial.

**EXPENDITURE.**

14. The amounts shown above represents the debits to Provincial funds of the expenditure under refunds in proportion to the Provincial shares of the revenues under the respective heads in connection with which refunds are made. The charges under the head are of a fluctuating character and are not subject to any departmental control. Owing to the new procedure prescribed in the new Indian Income-tax Act, VII of 1918, in accordance with which income-tax is levied, in the first instance, at one anna in the rupee on the total profits of companies and owners of securities, refunds being subsequently allowed to individual share-holders or stock-holders, the amount paid in income-tax refunds has nearly doubled during the current year. The budget estimate for 1919-20 makes sufficient allowance for this.

## 2.—Assignments and Compensations.

*Revised Financial Statement.*

**EXPENDITURE.**

15. The minor heads under this major head are treated as wholly Imperial, wholly Provincial, or divided between Imperial and Provincial, according to the classification of the corresponding heads of revenue, but purely Imperial minor heads which are not under the financial control of the Government of Bengal are not shown in the above statement. The charges consist chiefly of pensions paid to landholders as compensation for lands resumed by Government, malikana allowances and other special compensations. Excise compensations represent mainly the compensation paid by Government in lieu of abkari rights which have been resumed in Native States. The main items under this head are an annual payment to the Bhutan Darbar of a sum of Rs. 97,340 as compensation for the removal of liquor shops from the borders of the State, and of Rs. 4,000 to the Cooch Behar State for the transfer to Government of the excise administration of certain isolated areas belonging to the State.

## XII and 13—Interest.

This head is not open to discussion.

**REVENUE.**

16. The revenue represents mainly the interest received by the local Government on advances and loans made from the Provincial advance and loan account. This account, the capital transactions of which are outside the budget figures, provides for the grant of loans to agriculturists, local bodies, etc. The monies required for the loans are furnished by the Government of India. The local Government pay interest thereon and bear losses due to bad debts. In order to cover risks and cost of management, the local Government charge a higher rate of interest than that which they have to pay to the Imperial Government. The revenue under this head also includes interest on Government securities belonging to institutions taken over by Government along with the endowments for the upkeep of such institutions, and also interest on advances to ex-students of weaving institutions. In spite of the enhancements, which are noticed below, of the rates of interest charged by the Government of India to this Government, no change has at present been made in the rate charged by this Government for loans to agriculturists. The rate of interest charged on loans to local bodies made after the enhanced rates came into force has, however, been raised to 6 per cent.

*Revised Financial Statement.*

The estimate of loans, as submitted to the Government of India, provides for a return in the way of interest during 1919-20 of Rs. 5,33,000 against Rs. 5,35,000, the revised estimate for 1918-19, as shown below :—

| | Revised estimate, 1918-19. | Budget estimate, 1919-20 |
|---|---|---|
| | Rs. | Rs. |
| Interest on advances to cultivators, etc. | 61,000 | 65,000 |
| Interest on advances to co-operative societies ... ... ... | 900 | 1,000 |
| Interest on drainage and embankment advances ... ... ... | 18,000 | 16,000 |
| Interest on loans to landholders ... | 1,68,000 | 1,54,000 |
| Interest on loans to municipalities and district boards, etc. ... ... | 2,68,000 | 2,77,000 |
| Interest on advances to ex-students of the Weaving Institute ... ... | 200 | 200 |
| Interest on Government securities ... | 12,000 | 12,300 |
| Miscellaneous ... ... ... | 7,000 | 7,300 |
| For rounding ... ... | −100 | +200 |
| Total ... | 5,35,000 | 5,33,000 |

The variations between the revised estimate for 1918-19 and the budget estimate for the ensuing year are small and call for no remarks.

**EXPENDITURE.**

17. The interest which is paid to the Government of India by the local Government, on sums placed at the disposal of the latter for advances and loans to cultivators, co-operative societies, notabilities, municipalities (excluding Presidency corporations), district boards and ex-students of the Weaving Institute and for advances on drainage and embankment schemes, is shown as expenditure under this head, the interest being calculated on the mean between the outstanding balance of the Provincial advance and loan account at the beginning and at the end of each year. The rate of interest charged to the local Government by the Government of India was until recently, 3½ per cent. per annum, but with effect from the 1st October 1916 this rate was raised to 4½ per cent. in respect of loans sanctioned by them on or after that date, and again to 5½ per cent. in respect of loans sanctioned on or after the 1st April 1917, while loans sanctioned prior to those dates are charged at the old rate of 3½ per cent.

*Revised Financial Statement.*

**EXPENDITURE.**

18. The estimate for 1918-19 was fixed at Rs. 25,88,000, but considering the actuals of the first nine months of the current year, the revised estimate has been fixed at Rs. 26,11,000. The excesses occur mainly under the heads "Civil Secretariat" and "Commissioners". The increase under the former head is partly under the head "Salaries" due to the appointment of special officers to carry out special work which could not be foreseen when the budget was framed, and partly under establishment and contingencies consequent on the large increase in work caused by the war. The increase under the latter head is mainly under "Salaries and Establishment". The excesses would have been larger but for savings under "Staff and household of the Governor" owing to the non-utilization in full of the allotments for band and bodyguard establishments.

Against the actuals of Rs. 25,84,000 in 1917-18 and the sanctioned estimate of Rs. 25,88,000 for the current year, the budget estimate for next year has been fixed at Rs. 26,38,000. The increase is mainly due to a provision of Rs. 12,000 for the revision of the establishment of the Outside Audit Department of the Accountant-General's office, for which this Government will be fully reimbursed by the Government of India by an assignment through the transfer head, and to a provision of Rs. 35,000 for the construction of a new metre-gauge bogie saloon for the use of His Excellency the Governor. The war-bonus recently sanctioned for menials also contributes towards the increase. Otherwise the usual provision has been made for officers on special duty and for temporary establishment, and the next year's estimates generally follow the sanctioned estimates for the current year.

*Revised Financial Statement.*

**REVENUE.**

19. The principal source of revenue is "General fees, fines and forfeitures". The revenue under this head is, however, liable to fluctuation as it depends largely on the amount of judicial fines inflicted. The total collections under the major head in 1917-18 amounted to Rs. 11,22,000, and taking into account the fees and commissions that would be realized by the Administrator-General and Official Trustee, the estimate for this year was fixed at Rs. 12,23,000. The actuals, however, indicate that the sanctioned estimate is not likely to be realized and the revised estimate for 1918-19, has therefore been passed for Rs. 10,67,000. The fall occurs under all the minor heads, but is most marked under the head "court-fee realized in cash" and under "General fees, fines and forfeitures".

Following the revised estimate and allowing for a small expansion of revenue, the estimate for 1919-20 has been placed at Rs. 11,88,000.

**EXPENDITURE.**

20. *High Court.*—Under this head are shown the salaries of the Judges and officers and establishments of the High Court, and the connected contingent expenditure. The saving in the revised estimate is mainly under "Salaries" owing to the two additional Judges, for whom a provision of Rs. 96,000 exists, not having been appointed; this provision has been appropriated to meet the cost of appointments of additional District and Sessions Judges in several districts. The ensuing year's estimates generally follow the revised estimates of the current year and include the following :—

| | Rs. |
|---|---|
| Provision for an additional Judge at Rs. 4,000 per mensem for four months ... ... | 16,000 |
| Additional establishment for the reorganization of the record-room on the Appellate side ... ... ... | 24,000 |

*Law officers.*—This minor head comprises the charges on account of the Advocate-General, the Legal Remembrancer, the Government Solicitor, the Standing Counsel, the Public Prosecutor and Government Pleaders in the High Court and in the mufasal. It also includes the fees paid by Government to pleaders in civil and criminal cases and the excess in the revised estimate is mainly under this head. The expenditure being dependent on the number and importance of the cases entrusted to pleaders, the charge is of a fluctuating nature. The decrease in the estimate for 1919-20 as compared with the estimates for 1918-19, is mainly due to less provision under "Fees to pleaders".

*Civil and Sessions Courts.*—To this minor head are debited the charges in connection with the Courts of District and Sessions Judges, Subordinate Judges and Munsifs and process-serving and copyist establishments.

The steady increase in Judicial work necessitated, in several districts, the appointment of additional District Judges, Subordinate Judges and Munsifs to relieve the congestion of work and there is consequently an increase in the revised estimate for the current year. The budget estimate for 1919-20 contains an enhanced provision of Rs. 1,35,000 under "Process-serving establishment", to meet the cost of the war bonus recently sanctioned for menials, and a lump provision of Rs. 1,25,000 for the improvement of the pay of the officers of the Provincial Judicial Service. It also includes a few other schemes involving small expenditure, details of which are given in the schedule attached as an annexure to this memorandum.

*Courts of Small Causes.*—The salaries of the Judges and officers of the Presidency and Mufassal courts, their establishment and connected contingent expenditure, are shown under this minor head. The only item of importance in the coming year's estimate is the provision of Rs. 14,724 for the appointment of a 7th Judge in the Calcutta Small Cause Court and his establishment.

*Revised Financial Statement.*

*Criminal Courts.*—Under this minor head the variations in the figures follow the corresponding alterations under the head "3—Land Revenue—Charges of district administration", a portion of which is transferred to this head. Larger provision under "Supplies and Services", and a lump provision of Rs. 1,25,000 for the appointment of circle officers, are the chief causes that have contributed to the increase in the budget estimate for 1919-20.

## XVIB and 19B—Law and Justice—Jails.

**Revenue.**

| | Actuals— | | | Budget estimate, 1918-19. | Revised estimate, 1918-19. | Budget estimate, 1919-20. |

**Expenditure.**

| | Actuals | | | Budget estimate, 1918-19. | Revised estimate, 1918-19. | Budget estimate, 1919-20. |
|---|---|---|---|---|---|---|
| | 1915-16. | 1916-17. | 1917-18. | | | |
| | Rs. | Rs. | Rs. | Rs. | Rs. | Rs. |
| Jails ... ... ... | 17,75,645 | 19,22,545 | 19,39,344 | 19,80,000 | 21,07,000 | 20,43,000 |
| Jail manufactures ... ... | 7,28,698 | 8,72,291 | 10,95,214 | 10,21,000 | 12,27,000 | 9,60,000 |
| Refunds ... ... | 2,274 | 1,482 | 571 | 2,000 | 2,000 | 1,000 |
| Total ... | 25,06,617 | 27,96,318 | 30,35,129 | 30,03,000 | 33,36,000 | 30,04,000 |

**REVENUE.**

21. The main source of receipts under the head "Law and Justice—Jails", is the sale-proceeds of articles manufactured in jails and supplied to the public and public departments. The revenue also includes the sale-proceeds of quinine packets. The fall in the revised estimate is mainly due to the Commissariat Department having ceased to indent for their supply of gunny cloth in the jails of this Presidency. The receipts during the last three years were swelled by the sale-proceeds of articles of jail manufacture to the Military Department, but as no such revenue is expected next year owing to the cessation of hostilities the budget estimate for 1919-20 has been fixed at Rs. 10,01,000.

**EXPENDITURE.**

22. Under this head are shown (*a*) the salary of the Inspector-General of Prisons and the cost of his office establishment and contingencies, (*b*) the expenditure connected with the staff employed in the supervision of jails, (*c*) the charges for the maintenance of convicts, and (*d*) the cost of the purchase of raw materials for jail manufactures. The items (*c*) and (*d*) are fluctuating being dependent on the strength of the jail population and on demands for jail manufactures. Variations in the price of food-grains, and outbreaks of epidemic diseases in jails, also affect the charges for maintenance of prisoners.

*Jails.*—Owing to the rise in the price of food-grains, cotton clothing blankets, and medicines and other hospital equipment, which has been accompanied by an increase in the number of prisoners, the revised estimate for 1918-19 has been placed at Rs. 21,07,000 on the basis of recent actuals. In

*Revised Financial Statement.*

the hope that economic conditions will be better next year, and that the prices of clothing, blankets, and medicine may gradually come down more nearly to the rates which prevailed in pre-war times, the ensuing year's estimate has been fixed at Rs. 20,43,000. The only noticeable item in the estimate for 1919-20 is the provision for the opening of a new sub-jail at Sherpūr in the Mymensingh district.

*Jail manufactures.*—The increase in the revised estimate for the current year as compared with the sanctioned estimate for 1918-19, is mainly due to the rise in the price of cotton, woollen yarn and other raw materials used by the jails. The enhancement in the cost of European stores and freight charges due to the war and larger demands for police uniforms also contribute to some extent to the increase. Owing to the cessation of hostilities it is hoped that there will be some diminution in the price of raw materials, and on this assumption the budget estimate for 1919-20 has been fixed at Rs. 9,60,000. The next year's estimate includes a provision of Rs. 2,400 for the establishment of a central depôt, in the Juvenile Jail, for the distribution of quinine.

*Revised Financial Statement.*

**REVENUE.**

23. The receipts under this head consist mainly of (*a*) fees and fines levied under the Cattle Trespass Act, (*b*) the recovery of the cost of Police supplied to public departments, private companies and persons and (*c*) fees levied under the Motor Cycles Act. The increase in the revised estimate for the current year as compared with the sanctioned estimate for 1918-19 is mainly due to the credit of a sum of Rs. 57,000 under this head, being the amount realized from the Military Department in payment for the steam launches commandeered by them for military purposes. With the passing of the Calcutta Hackney Carriage Act the control of vehicular traffic in Calcutta will now devolve on the Presidency Police. The budget estimate for 1919-20, therefore, includes an income of Rs. 30,000 from fees and fines leviable under the Act.

**EXPENDITURE.**

24. *Presidency Police.*—The sanctioned estimate for 1918-19 under this head was Rs. 22,13,000, but in view of the actuals of the first nine months, this has been reduced to Rs. 21,53,000 in the revised estimate for the current year. The decrease is mainly due to savings under "Police force" and to the non-utilization in full of the provision for river patrol arrangement, owing to the steam launch "John Lambert", which was being constructed in the dockyard for the purpose, having been commandeered by the military authorities for war purposes.

The budget estimate for the coming year which has been fixed at Rs. 22,77,000 includes the following noticeable items :—

| | Rs. |
|---|---|
| For the improvement of pay and prospects of European inspectors and sergeants ... ... | 50,000 |
| Reorganization and extension of the Indian traffic police ... ... ... ... | 24,550 |
| For the creation of three posts of Assistant Commissioners (Provincial) in lieu of three posts of Superintendents (Provincial) and the substitution of an Imperial Assistant Commissionership for one Provincial Assistant Commissionership ... ... ... ... | 3,220 |
| Additional police staff in connection with the loading and unloading of petroleum from vessels at Budge-Budge ... ... ... ... | 1,401 |
| Additional staff in connection with the Public Vehicles Department ... ... ... | 40,000 |
| Purchase of mosquito nets for head-constables and constables ... ... ... ... | 5,000 |
| Construction of a launch to replace the launch "John Lambert" ... ... ... | 40,000 |

*Revised Financial Statement.*

25. *District Executive Force.*—The salaries of District Superintendents, Assistant and Deputy Superintendents and of their establishments, and the cost of the District Police Force, and the Provincial police training schools at Sardah, Dacca and Berhampur are included under this head. The expenditure under this minor head represents nearly 69 per cent. of the expenditure under the whole major head. The decrease noticeable in the revised estimate is mainly due to the transfer of Rs. 5,75,000 to the Public Works Department for new works and works in progress in connection with the reorganization of the subordinate police in Eastern Bengal, but is also due to savings under the police force. A provision of Rs. 1 30,759 was made in the current year's budget in connection with the scheme for raising the proportion of the ordinary reserve of head-constables and constables. During the year a proposal was made that this provision should be utilized in the formation of a reserve police battalion, but this was subsequently abandoned. The recruitment of constables in part accomplishment of the original scheme thus began late in the year, and this accounts for a saving of Rs. 25,000 under this head. Four launches which were under construction in the dockyard were to have been delivered to the Police Department early this year, and provision for crew and stores was made for the whole year. Only three launches were delivered, and that not till after September, while one was not delivered at all, and consequently there was a saving of Rs. 22,000 out of the lump provision of Rs. 1,48,596 for the reorganization of the river police in Eastern Bengal.

The budget estimate for 1919-20 has been fixed at Rs. 93,22,000 against the sanctioned estimate of Rs. 96,58,000 for the current year. The large reduction in the next year's estimate is more apparent than real, as it is mainly due to large deductions of probable savings on the basis of recent actual expenditure, as well as to the absence of any provision for capital expenditure on buildings, in connection with the reorganization of the subordinate police in Eastern Bengal, the necessary provision for this purpose being made in the Public Works Department budget. Besides providing for normal development the coming year's estimate provides Rs. 2,50,000 to meet the cost of the revised rates of pay of Imperial Police officers recently sanctioned by the Secretary of State, Rs. 2,17,260 for raising the pay of head-constables, Rs. 1,38,037 for raising the proportion of the ordinary reserve in pursuance of the scheme already undertaken, Rs. 11,019 for the entertainment of crews of five thana launches, Rs. 12,126 for raising the number of head-constables in Eastern Bengal to ultimate strength, and Rs. 6,601 for the appointment of additional constables for employment as armourers.

*Special Police.*—Under this minor head are recorded the accounts of the Bengal Military Police, the Frontier Police, Chittagong, and the charges of the Upper Burma Police Depôt. The increase in the ensuing year's estimate as compared with the sanctioned and revised estimates of this year, is mainly due to a provision of Rs. 32,207 for raising the strength of the Dacca Military Police battalion by the addition of a company, and Rs. 6,570 for the payment of allowances to non-commissioned officers and sepoys of the Dacca Military Police deputed for guard duty at jails.

*Railway Police.*—This head includes the cost of the supervising staff and their establishments and the police force employed in the East Indian, Eastern Bengal, Bengal-Nagpur and Assam-Bengal Railways. Except in the case of expenditure in the Eastern Bengal railway, which is wholly met from Provincial revenues, the line being a State railway, seven-tenths of the total cost is realized from the railway companies concerned, the recoveries being shown as deductions from the charges. The budget estimate for 1919-20 provides for normal charges.

*Criminal Investigation Department.*—The large increase in the revised estimate is mainly due to the revision of pay of the ministerial establishment of the Criminal Investigation Department, and to the entertainment, as a temporary measure for two years, of three inspectors and 13 sub-inspectors and 19 constables for the surveillance of the registered members of criminal tribes in the districts of 24-Parganas, Midnapore and Bakarganj. The budget estimate for 1919-20 generally follows the revised estimate for the current year and calls for no remarks.

*Revised Financial Statement.*

| Refunds ... ... | 3,124 | 2,779 | 2,541 | 3,800 | 3,000 | 3,000 |
| For rounding ... | ... | ... | ... | -120 | ... | -100 |
| Total ... | 13,73,063 | 11,15,029 | 11,60,185 | 11,12,000 | 12,47,000 | 13,31,000 |

### REVENUE.

25. The large increase in the revised estimate as compared with the sanctioned estimate for 1918-19 is partly due to the imposition of surcharge pilotage fees in order to counter-balance the increase in expenditure due to the introduction of the system of guaranteed remuneration to officers of the Pilot service, and partly to the adjustment in the accounts of this year of Rs. 58,413 paid as hire by the Government of India for the pilot vessels "Fraser" and "Lady Fraser". The pilotage surtax, it may be mentioned, was discontinued from the 1st December last, as sufficient revenue had been obtained to meet the extra charges.

Owing to the cessation of hostilities, it is hoped that tonnage will gradually improve, causing a recovery in the receipts under the head "Pilotage receipts—Calcutta" and the budget estimate for 1919-20 has, therefore, been placed at Rs. 12,64,000.

### EXPENDITURE.

26. The sanctioned budget estimate for the current year was Rs. 11,12,000, but on the basis of the actuals of the first nine months of the current year, the revised estimate for 1918-19 has been placed at Rs. 12,47,000. In view of the decrease in the earnings of the pilots owing to the shrinkage of tonnage visiting the port of Calcutta, Government have guaranteed a minimum remuneration to them, and the increase in the revised estimate is partly due to this, and partly to a grant of Rs. 1 lakh

*Revised Financial Statement.*

sanctioned for the improvement of the port of Chittagong. As pointed out above the extra cost on account of the extra remuneration to the pilots will be more than covered from the revenue realized by the imposition of the surtax. The increase in expenditure would have been larger but for the savings caused by the failure of Mr. Mott to submit his report on the construction of the new Howrah Bridge and the non-payment to him of the fee of Rs. 15,750 provided for the purpose in this year's budget.

In the budget estimate for 1919-20 provision has been made for payment of remuneration to the pilots under the guaranteed system, besides larger provision for the purchase of marine stores and for mooring hire. It also includes Rs. 18,480 for the appointment of mate pilots as chief officers, and of outsiders as junior officers, of the two pilot vessels "Fraser" and "Lady Fraser", in order to set free the leadsmen apprentices to study the conditions of the river, Rs. 3,000 for the appointment of a superintendent for the branch shipping office, Kidderpore, Rs. 8,180 for the revision of the strength of shipping establishments and Rs. 2,400 for increase in the salary of first engineer and shipwright surveyor. The usual annual grant of Rs. 1,50,000 for the Chittagong Port Fund has also been provided.

## XIX and 22—Education.

*Revised Financial Statement.*

**REVENUE.**

27. The actuals in 1917-18 amounted to Rs. 9,52,000 and the budget estimate for 1918-19 was Rs. 9,79,000. This has been raised to Rs. 9,89,000 in the revised estimate with reference to the actuals of the first nine months of the current year. Considering the steady increase in revenue during the last three years, the estimate for 1919-20 has been passed for Rs. 10,29,000 and includes larger collections from Government colleges and schools—General.

**EXPENDITURE.**

28. The provision for education shows a decrease of about Rs. 5 lakhs as compared with the current year's sanctioned estimate and is mainly due to larger probable savings having been deducted in the light of the expenditure incurred by the department in recent years, as explained in detail below. Considering recent actuals, therefore, the budget for the coming year is a progressive one.

*University.*—The budget estimate of Rs. 16,15,000 is made up of recurring Imperial grants of Rs. 30,000 for administration, Rs. 20,000 for Law Colleges and Rs. 65,000 for the development of the University. Besides the above usual provision a lump provision of Rs. 15 lakhs has been made, at the instance of the Government of India, to provide for capital expenditure which the recommendations of the University Commission might entail. As it is unlikely, however, that any schemes following on these recommendations will mature early enough in the coming year to admit of so large an expenditure as Rs. 15 lakhs, a lump deduction of Rs. 12 lakhs has been made, and a net provision of Rs. 3 lakhs allowed to stand as the first instalment of the expenditure to be incurred in 1919-20.

*Direction.*—Under this minor head are shown the salaries of the Director of Public Instruction and of his Assistants; also the pay of the establishments of the Director's office and the connected contingent expenditure. The reduction in the revised estimate is mainly due to savings under "Salaries" owing to the permanent head of the department being absent on deputation and the post of the Director of Public Instruction being held by an officiating officer. The budget estimate for the next year provides for normal charges.

*Inspection.*—The sanctioned estimate was Rs. 9,28,000; but the revised estimate has been placed at Rs. 8,88,000 in view of the actuals of the first nine months of the current year. The decrease is mainly under "Inspectors of other Schools", "Salaries" and "Allowances" and is due partly to the deputation of certain officers to military duty, and partly to the discontinuance of the payment of exchange compensation allowance. The budget estimate for 1919-20 includes a provision of Rs. 36,134 out of the Imperial grants for the appointment of additional inspectresses of schools, Rs. 3,960 for house allowances to assistant inspectresses, and Rs 1,080 for the entertainment of additional establishment in the office of the inspector of European schools.

*Government Colleges—General.*—The decrease in the revised estimate for 1918-19 occurs under "Salaries" and "Allowances", and is due mainly to the difficulty of recruitment and to the deputation of certain officers to military duty. The reduction in the budget estimate of 1919-20 as compared with the sanctioned estimate for the current year, is mainly due to the deduction of large sums as probable savings based on previous actuals. The estimate for 1919-20 includes a provision of Rs. 5,550 for the extension of affiliation of the Hooghly College in philosophy and economics, and Rs. 1,500 for the appointment of a lecturer in mathematics for the Rajshahi College, besides provision for the whole year for one appointment of professor in the Hooghly College and one lecturer in the Chittagong College sanctioned in June and July 1918, respectively. A provision of Rs. 2,400 has also been made for the post of a lecturer of philosophy and logic in the Dacca College.

*Government Colleges—Professional.*—The reduction in the revised estimate for 1918-19 is chiefly due to savings under "Salaries" in the Law College,

*Revised Financial Statement.*

Training Colleges and in the Civil Engineering College, and to the non-utilization of the lump provision of Rs. 40,000 for the proposed Secondary Training College for women teachers at Ballyganj. The estimate for 1919-20 has been fixed at Rs. 3,77,000 against the sanctioned estimate of Rs. 3,94,000 for 1918-19 and the revised estimate of Rs. 3,65,000 for the current year. The decrease in next year's estimate as compared with the sanctioned estimate for the current year, is mainly due to the omission of the lump provision of Rs. 40,000 for the Training College for women teachers at Ballyganj. The coming year's estimate includes provision of Rs. 4,500 for the appointment of an instructor in mechanical drawing, and Rs. 1,728 for a lecturer in architecture, in the Civil Engineering College, Sibpur. Larger provision under "supplies and services and contingencies has also been made according to the requirements of the Civil Engineering College.

*Government Schools—General.*—The sanctioned estimate for the current year was Rs. 27,68,000, but considering the actuals of 1917-18 which amounted to Rs. 22,30,000 and the actuals of the first nine months of this year, the revised estimate has been fixed at Rs. 22,75,000. The large savings in the revised estimate are mainly due to the non-utilization of the provision of Rs. 14,25,000 from Imperial grants in full. In the budget estimate for 1919-20, though the Imperial grants have been repeated, large deductions have been made as probable savings on the basis of recent actuals. The next year's estimate includes Rs. 8,520 for the payment of house allowances to zenana governesses and mistresses, the provision being in pursuance of the policy to replace male teachers in girls' schools by women teachers, and Rs. 720 for the appointment of an additional teacher of English for the Eden High School for girls.

*Government Schools—Special.*—Considering the actuals of 1917-18 which amounted to Rs. 7,11,000 and the first nine months' actuals of the current year, the revised estimate for this year has been fixed at Rs. 7,09,000 against the sanctioned estimate of Rs. 10,49,000 for 1918-19. The savings are partly under "Salaries" and "Supplies and Services" and partly due to the transfer of allotments to the Public Works Department for the construction of educational buildings; large lapses also occurred out of the provisions from Imperial grants owing to schemes not having matured in time to admit of the full provision being utilized. In the next year's budget estimate the Imperial grants have been repeated, but as it does not appear probable that sanction will be accorded and expenditure incurred in full, large deductions have been made as probable savings. The coming year's estimate includes Rs. 9,600 for the appointment of a member of the Indian Educational Service as Principal of the Government Commercial Institute, Rs. 4,200 for special Islamic Matriculation examinations, Rs. 1,24,000 for the construction of buildings for *guru*-training schools, and Rs. 12,270 for the training of Moslem women teachers. Of the last two allotments Rs. 1,12,270 have been provided from the recurring Imperial grant of Rs. 5,50,000 for the improvement of popular education.

*Grants-in-aid.*—The sanctioned estimate of Rs. 23,29,000 for 1918-19 includes Rs. 10,22,000 out of the Imperial grants. The large saving noticeable in the revised estimate is due partly to the inability of the department to utilize the Imperial grants in full, and partly to the transfer of sums to the Public Works Department for the construction of educational buildings. Though the Imperial grants have again been repeated in the coming year's budget, large deductions as probable savings have been made on the basis of recent actuals. Noticeable features in next year's budget are a provision of Rs. 1 lakh to meet a capital grant to the Calcutta Girls' High School and Rs. 30,000 for the furtherance of the madrassa reform scheme.

*Scholarships.*—The sanctioned estimate for 1918-19 was Rs. 2,81,000, but this has been reduced to Rs. 2,69,000 in the revised estimate in view of the actuals of the first nine months of the current year. The budget estimate closely follows the revised estimate for the current year, and includes a provision of Rs. 2,000 for the grant of stipends to the children of Indian soldiers, and Rs. 5,400 to the children of indigenous *dhais*.

*Revised Financial Statement.*

*Miscellaneous.*—Under this minor head provision is made for the payments of grants for the encouragement of literature, examination charges and other miscellaneous charges of the Department. The large reduction in the revised estimate of the current year is mainly under the lastnamed head, and is chiefly due to the non-utilisation in full of the provision for Calcutta messes and hostels out of the imperial grants. In the next year's budget besides normal provision the following allotments have been made :—

| | Rs. |
|---|---|
| Calcutta hostels ... ... ... ... | 1,89,000 |

*Lump grant for the development of Primary Education.*—In passing orders in the second edition of the estimates for 1918-19, the Government of India sanctioned a recurring assignment of Rs. 5,50,000 from imperial revenues for the development of primary education. The assignment is shown on the receipt side in the budget for 1918-19 under the head, "Transfers between imperial and provincial revenues," and an equivalent amount is provided in lump under the head "22—Education". Out of the lump grant Rs. 5,26,000 have been distributed as follows in the budget for the coming year :—

| | Rs. |
|---|---|
| Increase in the pay of teachers of aided primary schools and maktabs for girls in District Board areas at the rate of Re. 1 per mensem and in urban areas by Rs. 2 a month ... ... | 80,000 |
| Establishment of primary schools for girls in panchayati unions ... ... ... | 30,000 |
| Building for model primary schools for girls ... | 16,000 |

| Total ... | 22,83,740 | 23,36,330 | 28,04,071 | 26,86,000 | 26,67,000 | 27,69,000 |

**Revenue.**

29. The estimate of Rs. 3,96,000 for the year 1919-20 is less by Rs. 9,000 than the sanctioned estimate of Rs. 4,05,000 for the current year

*Revised Financial Statement.*

This is mainly due to a fall in revenue under the head "Receipts from paying patients," owing to the transfer of the European inmates of the Bhowanipur Lunatic Asylum to Ranchi. The fall in revenue under the abovementioned head is, however, counterbalanced to some extent by the increase in income from hospital receipts.

**EXPENDITURE.**

30. *Medical Establishment.*—Under this minor head is shown the salaries of the Surgeon-General, the Civil Surgeons and their establishments and contingent charges. It also records the pay of the assistant and sub-assistant surgeons paid by Government and of the reserve medical officers and subordinates. The decrease in the revised estimate is partly due to the transfer of a part of the provision of Rs. 54,670 for the revision of the pay of sub-assistant surgeons to other minor heads, to which their pay is debitable, and to savings on account of the late introduction of the revised scheme. The estimate for 1919-20, which generally follows the sanctioned estimate for the current year, includes, besides the increased rates of pay sanctioned recently for sub-assistant surgeons for the whole year, a provision of Rs. 3,300 for the appointment of second clerks in the offices of certain Civil Surgeons, and Rs. 1,50,000 to give effect to the proposal for an increase in the emoluments of the officers of the Indian medical service, which has been recently announced.

*Hospitals and Dispensaries.*—The accounts of all the Presidency hospitals and of the grants to hospitals and dispensaries together with the Government share of expenditure in mufassal hospitals and dispensaries are recorded under this head. The expenditure of the Albert Victor Asylum for lepers is also shown here. The large increase in the revised estimate, as compared with the sanctioned estimate for the current year, is mainly due to the revision of the pay of sub-assistant surgeons and to the increase in the pay of menials recently sanctioned. Larger expenditure under contingencies in the Medical College and General Hospitals, and under "Supplies and Services" in the General Hospital, also contribute towards the increase. The increase in expenditure under "Contingencies" and "Supplies and Services" is mainly due to the general rise in the price of all articles of contingency and medical stores.

The budget for 1919-20 has been fixed at Rs. 12,39,000 against the sanctioned estimate of Rs. 12,85,000 for the current year. The reduction is mainly under the head "Grants to hospitals and dispensaries" and is due to the absence from the next year's estimate of any provision for the non-recurring grant to the Belgachia Institute, as the last instalment amounting to Rs. 1,62,000 of the promised grant of Rs. 5,00,000 towards the cost of the buildings of the Institute will be paid in full this year. Next year's estimate provides for normal growth, and includes Rs. 11,970 for the revision of the pay of the menials of the Medical College and Presidency General Hospitals for the whole year, Rs. 2,748 for the appointment of two emergency officers for the Campbell Hospital, and Rs. 5,000 for the grant of war allowance to the nurses of the Campbell Hospital, besides several other schemes involving small expenditure, the details of which are shown in the schedule appended to this note. A sum of Rs. 20,000 has also been added for converting the Dacca Mitford Hospital into a State institution.

*Medical Schools and Colleges.*—Against the sanctioned estimate of Rs. 5,10,000, the revised estimate for the current year has been fixed at Rs. 4,87,000 in view of the actuals of the first nine months, the savings being mainly under salaries. The estimate for 1919-20 generally follows the sanctioned estimate for the current year, the small increase in next year's estimate as compared with the sanctioned estimate for the current year being mainly due to the inclusion of the new schemes shown in the schedule attached to this note and to larger provision under "Supplies and Services" and "Contingencies" based on recent actuals.

*Lunatic Asylum.*—The reduction in the revised estimate for the current year and in the budget estimate for the coming year, as compared

*Revised Financial Statement.*

with the sanctioned estimate for 1918-19, is mainly due to the transfer of the European lunatics from the Bhowanipur Lunatic Asylum to Ranchi. For next year provision has been made for normal expenditure.

## XXB and 24B—Sanitation.

| Total ... | 5,43,345 | 3,93,456 | 4,69,180 | 11,71,000 | 9,04,000 | 18,66,000 |

### REVENUE.

31. The current year's estimate was framed in the hope that a grant of Rs. 12,000 would be received from the Indian Research Institute for the enquiry into diabetes. As this enquiry has been practically concluded a grant of only Rs. 2,000 is now expected and the revised estimate has accordingly been fixed at Rs. 8,000. In the year 1919-20, in addition to the normal revenue under this head, an income of Rs. 4,000 is expected from the sale of lymph and Rs. 3,200 as fees for water analysis. The estimate has therefore been fixed at Rs. 10,000.

### EXPENDITURE.

32. *Sanitation and Vaccination Establishment.*—The budget estimate for 1919-20. besides providing for normal charges on account of the staff of the Vaccine Department and the Sanitary and Deputy Sanitary Commissioners and their staff and establishment, includes Rs. 75,000 for an enquiry into the hookworm disease, Rs. 25,000 for an investigation into river pollution, Rs. 28,000 for the construction of a cold storage room in the Vaccine Depôt, Rs. 5,000 to give a course of training to enable young medical men to take the Calcutta D. P. H. degree, so as to qualify for appointment as district health officers, Rs. 4,500 for the appointment of a special officer to scrutinize college and school buildings from the point of view of hygiene and Rs. 10,000 for the establishment of a Publicity Bureau to educate the general public in regard to public health matters.

*Grants for Sanitary Purposes.*—Under this head are debited the grants to local bodies for minor sanitary works and for water-supply and drainage schemes which are sanctioned out of the lump provision for sanitation. This accounts for the increase in the revised estimate for the current year, which

*Revised Financial Statement.*

includes a grant of Rs. 50,000 to the Krishnagar municipality for water-supply, Rs. 10,500 for the Jungipur drainage scheme, Rs. 10,400 for the Utterpara water-supply scheme, Rs. 25,000 for the Kurseong drainage scheme, besides several small grants for sanitation purposes. The estimate of Rs. 12,000 in the budget of 1918-19 represents the provision for the enquiry into deabetes. As the enquiry has been stopped no provision has been made next year.

*Expenses in connection with Bubonic Plague, Malaria and Epidemics.*—The increase in the revised estimate for 1918-19 is mainly due to the purchase of quinine for distribution. The budget estimate for the coming year includes provision of Rs. 11,000 for Kala-azar investigation.

*Lump provision for Sanitation.*—The reduction in the revised estimate for the year 1918-19 is more apparent than real, as it is due partly to the transfer of a sum of Rs. 1,90,000 to the Irrigation Department for anti-malarial schemes, and of Rs. 23,000 to the Public Works Department for the improvement of the Berhampore sluice, and for the purchase of steel rods, etc., for sanitary projects to be undertaken by the Sanitary Department, and partly to some of the sanctioned expenditure having been debited under the heads "Grants for Sanitary purposes" and "Expenses in connection with malaria". The large provision in the budget for 1919-20 is in accordance with the policy initiated last year for schemes of sanitary improvement, and anti-malarial works. The details of the schemes proposed to be undertaken next year will be found in the schedule which forms an annexure to this note.

The head is not open to discussion.

### Expenditure.

33. The estimate for 1918-19 was Rs. 2,99,000 but in the revised estimate this has been reduced to Rs. 2,88,000, chiefly owing to a decrease in the charges arising from the internments under the Defence of India Act. The budget estimate for 1919-20 has been fixed at Rs. 2,70,000, and besides providing for the normal charges includes Rs. 2,25,000 for the payment of personal and family allowances to *détenus* under the Defence of India Act, and Rs. 8,796 for the introduction of the scheme for the reporting of Bengali and Urdu speeches of importance in Calcutta and in the mufassal.

## XXIA and 26A—Agriculture.

| Total ... | 11,39,162 | 10,86,600 | 11,71,522 | 14,20,000 | 15,34,000 | 17,48,000 |

**REVENUE.**

31. The agricultural receipts consist mainly of the sale-proceeds of farm produce at district farms and of receipts from sericultural nurseries. The budget provides for a small increase as compared with the sanctioned estimate for the current year, the increase expected being from the centres of demonstration of the Kakya Bombai jute and Indrasail rice cultivation, which the Agricultural Department have undertaken as an experimental "measure".

The head veterinary receipts includes mainly fees levied for the treatment of horses and cattle at veterinary hospitals.

**EXPENDITURE.**

35. *Veterinary charges.*—The small decrease in the revised estimate as compared with the sanctioned estimate for the current year is chiefly due to savings under salaries. The estimate for 1919-20, besides providing for the normal development of the veterinary department, includes a provision of Rs. 6,000 for the appointment of a second Imperial service officer in the staff of the Bengal Veterinary College, and a sum of Rs. 29,310 for the revision of pay of veterinary assistants; two-thirds of the cost of this revision, it may be mentioned, will be recovered from local bodies.

*Agriculture.*—The Agricultural Department at present comprises the following principal officers :—(*a*) a Director of Agriculture, (*b*) two Deputy Directors of Agriculture, (*c*) a Fibre Expert, (*d*) an Agricultural Chemist, (*e*) an Economic Botanist, (*f*) a Superintendent and a Curator for Botanical Gardens, and (*g*) Superintendent of Sericulture, and 22—District Agricultural officers.

The large increase in the revised estimate as compared with the budget estimate for 1918-19 is mainly due to the transfer of a sum of Rs. 20,000 to this head for the purchase and distribution of cotton seeds, to an additional grant of Rs. 7,000 for experiments in water hyacinth, and to a larger expenditure of Rs. 25,000 under sericulture with a view to utilize the exceptionally good mulberry crop of the year. The cost of removal of the Director's office from Calcutta to Dacca, the appointment of ten district agricultural officers, together with the additional expenditure incurred in the extension of the areas under experiment, also contributed largely towards the increase. In September last the Government of India sanctioned an additional grant of Rs. 1,80,000 from Imperial revenues for the development of agricultural education, and though this amount does not appear in the civil estimates among the sanctioned allotments of the current year, it is available for expenditure. A sum of Rs. 50,000 has already been transferred to the Public Works Department for the construction of certain buildings in connection with the establishment of an agricultural middle school at the Dacca farm. The budget estimate for the year 1919-20 provides for further development of the department. The estimate includes Rs. 90,000 for the establishment of two new district agricultural farms, and Rs. 19,872 for the entertainment of nine district agricultural officers, in pursuance of the scheme for the distribution of improved paddy and jute seed, Rs. 11,192 for the appointment of a third Deputy Director of Agriculture, Rs. 2,280 for the entertain-

*Revised Financial Statement.*

ment of 19 durwans for guarding the seed stores. Rs. 5,500 for the appointment of temporary establishment in connection with the census of cattle, Rs. 3,000 for additional establishment under the Economic Botanist, and Rs. 10,000 for the construction of a model rearing house at Berhampore. A provision of Rs. 1 lakh out of the Imperial grant of Rs. 1,80,000 for agricultural education has been made in next year's budget. A sum of Rs. 13,600 has also been added for the construction of certain agricultural buildings, and Rs. 1,080 for additional establishment under the Weaving Expert.

*Co-operative Credit.*—The budget estimate for 1919-20 has been fixed at Rs. 3.46,000 against the sanctioned estimate of Rs. 2,56,000 for the current year. The coming year's estimate includes Rs. 21,672 for the appointment of additional auditors, the entire cost of which will be recouped by the levy of audit fees on the societies, Rs. 21,192 for the appointment of 4 sub-deputy collectors, 8 non-gazetted inspectors and 12 peons for strengthening the inspecting staff and Rs. 5,000 for the revision of establishment of the Registrar's office. A provision of Rs. 38,000 has also been made for the development of cottage industries.

*Revised Financial Statement.*

**REVENUE.**

36. Owing to large demands from the Madras Government and the Military Department for the supply of sulphate of quinine, the current year's estimate under this head was fixed at Rs. 19,09,000, counting on a revenue of Rs. 18,00,000 from the sale of quinine alone. This expectation has not been fully realized, the revenue anticipated this year being Rs. 17,00,000 only.

For the next year an income of Rs. 10,82,000 is estimated, as with the cessation of hostilities a fall in the demand for quinine from the Military Department is expected.

**EXPENDITURE.**

37. The original estimate for 1918-19 was fixed at Rs. 19,60,000, but it has been raised to Rs. 22,09,000 in the revised estimate, mainly owing to increased expenditure in the purchase of quinine and to an expenditure of Rs. 47,000 on the Director of Civil Supplies. Of the excess expenditure under quinine Rs. 1,75,000 will be provided from Imperial revenues and the cost of the Director of Civil Supplies will be eventually fully recouped by an assignment through the transfer head from the Government of India. The expenditure under this major head would have been still larger but for the transfer of Rs. 75,500 to the Public Works Department for the acquisition of land and the construction of buildings for the research tannery at Tangra.

The estimate for 1919-20 which has been placed at Rs. 10,68,000, besides allowing for larger provision for extension of the areas under Cinchona plantation in each of the plantations at Mungpoo and Munsong, includes Rs. 18,000 as a grant to the Bengal Home Industries Association, Rs. 78,400 for the equipment, establishment and other recurring and non-recurring charges of the research tannery, Rs. 2,50,000 for the development of industries, to give immediate effect, as far as possible, to the proposals of the Indian Industrial Commission, Rs. 3,000 for experiments in connection with hand-loom and other industries, Rs. 4,500 for the appointment of three District Fishery officers, the cost of two of whom will be borne by this Government and the Government of Bihar and Orissa in equal shares, and of the third by this Government wholly, and Rs. 50,000 to meet the salary of the Director of Civil Supplies and the cost of his establishment and contingencies.

## XXII and 29—Superannuation.

| Refunds ... ... | 815 | 3 | 70 | ... | 200 | ... |
| Commuted value of pensions .. | 50,356 | 99,029 | 67,193 | 1,25,000 | 1,25,000 | 1,25,000 |
| Total ... | 31,41,809 | 33,01,098 | 33,75,972 | 35,30,000 | 34,78,000 | 35,47,000 |

**REVENUE.**

38. The receipts under this head consist chiefly of contributions for pensions and gratuities on account of officers of Government lent to foreign service for employment under the Court of Wards, municipalities and other local bodies and Native States. Deductions for pilot service pension funds are also shown under this head. The variations in the estimates are small and call for no remarks.

**EXPENDITURE.**

39. This head comprises charges for pensions, gratuities and compassionate allowances, and for the commuted value of pensions to Government servants. The decrease in the revised estimate for 1918-19 as compared with the sanctioned budget is due to smaller expenditure under "Superannuation and retired allowances". The budget for 1919-20 provides for normal expansion of the pension list.

## XXIII and 30—Stationery and Printing.

**Revenue.**

**REVENUE.**

40. The actuals of 1917-18 amounted to Rs. 1,40,000 and in view of the actuals of the first nine months of the current year, the original estimate of Rs. 1,22,000 for 1918-19 has been raised to Rs. 1,42,000 in the revised estimate. Following the revised estimate and allowing for small expansion the estimate for 1919-20 has been fixed at Rs. 1,49,000.

**EXPENDITURE.**

41. The increase in the revised estimate is under the head "Stationery supplied from central stores" for which Rs. 9,00,000 has been taken against the sanctioned estimate of Rs. 8,50,000. This is due to the rise in the prices of paper and other articles of stationery. The small decrease under "Government Press" is mainly due to savings in the Jail Press owing to less expenditure in contract and miscellaneous printing and European stores.

For next year Rs. 9,25,000 has been provided under "Stationery supplied from central stores" and Rs. 34,000 for the purchase of two linotypes and Rs. 4,000 for a book sewing machine for the Secretariat Press; otherwise the estimate provides for normal requirement.

| Total ... | 6,38,467 | 2,47,836 | 3,24,679 | 9 14,000 | 7,96,000 | 9,34,000 |

**REVENUE.**

42. The receipts for 1918-19 were estimated at Rs. 6,81,000 against the actuals of Rs. 5,66,000 of 1917-18, which included Rs. 4,50,000 from unclaimed deposits. In view of the actuals of the first nine months of the current year, the original estimate of Rs. 5,50,000 for 1918-19 has been reduced to Rs. 5,10,000 in the revised, while on the latest actuals the revised under "Fees from Government audit" has been raised by Rs. 16,000. The large increase under the head "Sale of land and houses" in the revised estimate is mainly due to the credit under this head of the sale proceeds of the Amherst Street Police Hospital.

The estimate for 1919-20 is Rs. 6,99,000 and includes Rs. 5,10,000 for unclaimed deposits, Rs. 66,000 for "Fees for Government audit" and Rs. 75,000 under "Miscellaneous".

**EXPENDITURE.**

43. The estimate for 1918-19 was originally fixed at Rs. 9,14,000, but in the revised estimate this has been reduced to Rs. 7,96,000. The reduction, which is more apparent than real, is chiefly due to the adjustment under appropriate heads of the expenditure sanctioned by His Excellency from his allotment for petty grants, to the adjustment under the appropriate heads, expenditure on grain compensation allowance, and to the reappropriation of the reserve provision of Rs. 2,00,000 in order to meet expenditure

*Revised Financial Statement.*

under other heads. The expenditure Rs. 1,50,000 on the War Publicity Board is debited to this head. The charges on this account will, in the first instance, be debited to provincial revenues, but will eventually be recovered from the Government of India. Savings under this head have also been utilized in paying off the loans on account of the Bistupur embankment, Uttarbagh work and the Moshagram-Dehaty embankment, and in making a remission in accordance with previous arrangements of Rs. 3,00,000 of the loan granted to the late Nawab Salimullah of Dacca.

As the War Publicity Board has been abolished no provision has been made for it in next year's budget. The coming year's estimate includes the following provision :—

| | Rs. |
|---|---|
| For allotment of petty grants by His Excellency ... | 40,000 |
| For payment of Grain Compensation Allowance ... | 4,00,000 |
| For gratuitous relief ... ... ... | 75,000 |
| General reserve for unforeseen requirements ... | 2,00,000 |

## XXIX and 42—Irrigation Major Works.

| Provincial share (one-half) | 98,011 | 92,902 | 85,650 | 1,35,000 | 1,19,000 | 1,02,000 |

**REVENUE.**

44. The increase in the revised estimate as compared with the budget estimate for 1918-19 is chiefly under navigation receipts, due to the diversion of railway goods traffic, on account of the shortage of railway wagons to boat traffic on the canals. It is not now anticipated that this increase in canal-borne goods traffic will continue, and therefore the budget estimate for

*Revised Financial Statement.*

1919-20 has been placed at a lower figure as compared with the revised estimate for 1918-19.

**EXPENDITURE.**

15. As compared with the actuals of 1917-18, the larger provision in the current year's budget is intended to meet necessary repairs which for many years had been postponed on account of the financial stringency. The decrease in the revised estimate is chiefly under "Establishment" and is due to the revised method of distribution of establishment charges recently adopted under the orders of the Government of India.

The decrease in the budget estimate for 1919-20 is chiefly under maintenance and repairs of the Hijili Tidal Canal and is due to the absence of any provision for special repairs to the canal next year.

**REVENUE.**

46. The large increase in the revised estimate as compared with the sanctioned estimate for the current year, is due in part to the increase in water-borne goods traffic consequent on the scarcity of railway wagons, and in a large measure to the increased traffic in the Madaripur Bil Canal. The estimate for next year follows the revised estimate for the current year.

*Revised Financial Statement.*

**EXPENDITURE.**

47. The revised estimate for the current year is higher by Rs. 1,34,000 than the sanctioned estimate for the year 1918-19, and is mainly due to the transfer to this head of a sum of Rs. 1,90,000 from the sanitation grant for expenditure on anti-malarial drainage projects. The excess would have been larger but for the credit of Rs. 89,000 on account of compensation awarded for the steam tug "Dunnedaw" and two coal barges which were taken over by the military authorities for service in Mesopotamia. The large provision in next year's budget, as compared with the sanctioned estimate for the current year, is due to provision for certain drainage projects, connected with anti-malarial measures, viz., Rs. 1 lakh for the Pichaboni project, Rs. 1 lakh for the Amirabad and Rs. 50,000 for the Bullee Bil projects, for the improvement of waterways in the district of Dacca, and for the formation of a new Waterways Division for the management and development of the inland waterways in the districts of Khulna, Jessore, Faridpur and Bakarganj. Large provision has also been made for the continuance of the works already started, with a view to the investigation of the effects of floods in the Presidency, which includes Rs. 1,50,000 for the Hoorhoora Khal, and Rs. 1,00,000 for the Sagarputul Bexibazar escape. Other items of importance are the provision of Rs 4,50,000 for widening the Madaripur Bil route, a work of urgent necessity owing to its great advantages as a route for steamers running to Cachar and Assam, and of Rs. 2,10,000 for creating a spill from the Bidyadhari river. The coming year's estimate also includes provision for the partial canalization of Tolly's Nala, for the reconstruction of the Kidderpore bridge, and for the purchase of one steam tug and barges as coaling plant for the dredgers "Foyers" and "Alexandra" to replace the plant taken over by the military authorities.

*Revised Financial Statement.*

**REVENUE.**

48. *Civil Works in charge of Civil Officers.*—The bulk of the revenue under this head is from tolls. Considering the first nine months' actuals the revised estimate has been fixed at Rs. 1,40,000. The budget estimate of Rs. 1,69,000 for the coming year allows for normal expansion.

*Civil Works in charge of Public Works Department.*—The large increase in the revised estimate is mainly due to the payment of Rs. 24,000 by the Calcutta Corporation as the difference in the value of Government and Corporation lands exchanged in connection with the improvement and extension of the Campbell Hospital, of Rs. 25,000 in part payment of the cost of the site of the Police outpost at Kalighat, taken by the Corporation, and Rs. 19,000 on account of arrear recovery from the Port Commissioners of Calcutta of the half-yearly rent of the Strand Bank land. The estimate for 1919-20 includes the balance of Rs. 55,000 payable by the Corporation of Calcutta for the Kalighat Police outpost site and provides for normal expansion.

**EXPENDITURE.**

49. *Civil Works in charge of Civil Officers.*—Commissioners of divisions and Collectors of districts have been empowered, with reference to the recommendations of the Decentralization Commission, to make discretionary grants for general purposes of a public nature calculated to be of benefit to their districts. The expenditure so incurred is budgetted for under this head in the first instance, and the actual charges incurred are subsequently adjusted to the appropriate heads of accounts.

The estimate for the coming year includes the following :—

| | Rs. |
|---|---|
| Augmentation grant ... ... ... | 8,04,114 |
| Grant to the Calcutta Improvement Trust ... | 1,50,000 |
| Special grants at the disposal of Divisional Commissioners and District Collectors ... | 1,52,000 |
| Imperial grant for the improvement of the port of Chittagong ... ... ... | 3,25,000 |

*Civil Works in charge of Public Works Department.*—The increase in the revised estimate is more apparent than real, as it is mainly due to the transfer to this head of allotments from other heads for new works and for works in progress of the Police, Education and other departments. The large increase in the estimate for 1919-20 is mainly due to larger provision for urgent new works, for works in progress, for repairs and for minor works. The table below shows the position :—

| | Budget 1918-19 | Budget 1919-20 |
|---|---|---|
| | Rs. | Rs. |
| Establishment ... | 12,00,000 | 12,40,000 |
| Tools and Plant ... | 60,000 | 50,000 |
| Stock and Suspense ... | 10,000 | 10,000 |
| Repairs ... | 28,00,000 | 32,00,000 |
| Works in Progress ... | 19,00,000 | 33,80,000 |
| New Works (including Minor Works.) | 25,18,000 | 34,20,000 |
| | 84,88,000 | 1,13,00,000 |

*Revised Financial Statement.*

Provision for buildings in connection with the Police reorganization schemes has hitherto been made under "20—Police", but from next year such provision will be made under this head. Next year's provision for works in progress includes Rs. 3,80,000 on this account. Owing to war economy the expenditure on repairs has been kept down to the minimum during the past three years, and the larger provision, for the purpose in the next year's budget, is to make up in part for the deficiencies thereby caused. A list of new works for the next year is annexed.

**TRANSFER BETWEEN IMPERIAL AND PROVINCIAL REVENUES.**

| Total Transfers between imperial and provincial revenues. | - 58,49,619 | - 17,69,961 | - 11,94,252 | - 7 67,000 | 8,84 ,000 | - 31,59,000 |

50. The increase of Rs. 1,17,000 in the revised estimate as compared with the sanctioned estimate is mainly due to the payment by the Government of India to this Government of Rs. 1,50,0 0 for the Bengal War Publicity Board, Rs. 47,000 for the Director of Civil Supplies, Bengal, Rs 95,000 for anti-malarial works, Rs. 1,07.000 for improvements and repairs to Belvedere, Rs 1.8 ),000 for agricultural education, and an assignment of Rs. 1,75,000 as compensation for the loss in exchange for the purchase of quinine at Java. Against these additional receipts must be set off the larger contribution from provincial funds to imperial revenues on account of the provincial share of the extra income-tax accruing from additional taxation.

Beyond the assignments from imperial revenues of Rs. 50,000 for the Director of Civil Supplies, Bengal, Rs. 6,000 to meet the cost of investigation of the fibre resources of India by the Bengal Fibre Expert, Rs. 3,25,0 0 for the improvement of the Port of Chittagong, Rs. 26,25,000 on account of the loss in income-tax revenue necessitated by the changes in taxation, and a larger payment to imperial revenues as the provincial share of the extra income-tax due to additional taxation, the assignment budget of the coming year calls for no remarks. No assignment will be made next year on account of the non-recurring grant to the Dacca University, the last assignment of the promised grant of a lakh each year for five years from 1914-15 having been paid this year.

J. DONALD,

*Secy. to the Govt. of Bengal, Financial Dept.*

*The 12th March 1919.*

*Revised Financial Statement.*

## RESOLUTIONS.

### APPENDIX TO THE LIST OF BUSINESS—ITEM No. 1.

**The Hon'ble Mr. Phelps** moved the following resolution :—

This Council recommends to the Governor in Council that—

(*a*) provision be made in the Budget for Rs. 2,00,000, or such sum as may be profitably spent, for the improvement of the medical services in the hospitals of Calcutta ;

(*b*) this sum be provided for by a corresponding reduction in the estimated expenditure under the head "Civil Works in charge of the Public Works Department ".

He said :—

"My Lord, in moving this resolution I desire to call attention to the item '21A Medical' on page 2 of the Amended Draft Financial Statement. So far as I can understand, it is proposed to spend Rs. 48,000 less in 1919-20 than in 1918-19, and Rs. 1,85,000 less than in 1917-18, on medical services.

It is admitted on all hands, I think, that the hospitals in Calcutta are on an imposing scale, but from personal experience and from what I hear from several quarters it would appear that these splendid hospitals are woefully under-staffed and the officers are overworked. I have had painful experience of this, and my experience is corroborated by others who are in a position to judge.

It is well known that a very large percentage of medical officers have been, and are, employed on military duty owing to the war, but it is felt some explanation is due to a patient public as to what steps are being taken to bring the cadre up to its full strength in the hospitals.

I have searched in vain for information on this point in the otherwise lucid explanations given in Part I by the Hon'ble Finance Member."

**The Hon'ble Sir Henry Wheeler** said :—

"My Lord, I think I can set the Hon'ble Member's mind at rest in respect of any idea that we have reduced the expenditure on Calcutta hospitals during the current year. Whatever alterations there may have been in the figures—and I have not, at the moment, traced the details to which he refers—they must be due to ordinary, what I might call, Budget corrections, made in view of the actuals of past years, for instance, or circumstances affecting the ordinary fluctuations as between year and year. There has been nothing in the nature of any general retrenchment of expenditure on the Calcutta hospitals.

In referring to the general standard of work in the Calcutta hospitals during this year, I think it is essential that we should bear in mind the overshadowing effect of the war. As we all know, our medical cadre has been particularly depleted owing to a large portion of it being put to the purpose for which it was intended, namely, that of a war reserve, and we have had to carry on the medical administration of the province, not only in Calcutta, but still more markedly in the districts, with a staff which is far below the level that would be maintained in normal times, and far below the level at which we would have maintained it, if we had had a free hand in the matter Obviously we have not had a free hand ; we had to give way to the preponderating necessities of the war. I think, too, that in considering the question we should bear in mind the strain under which these medical officers in Calcutta have been working, and pay a tribute to the devotion to duty and the energy which alone enabled the hospitals in Calcutta to run during these years of heavy strain at the level of efficiency at which they have been kept. It must be common knowledge to all of us that the strain has told on

*Resolutions.*

*Mr. Cumming.*

a good many of our officers, mostly senior officers, who are working in Calcutta at the present time. Some of them are overdue for retirement, and last year we would have had a serious break-down had we not been able to give a rotation of short leave to a few. Rotation of short leave does not make for efficiency, but if we had not done this, the officers would not have been able to carry on.

Well, Sir, the Hon'ble Mr. Phelps has asked particulary when we intend to bring the hospitals in Calcutta up to their full strength. The actual facts are that at present the Medical College is short by one resident medical officer, as also is the Presidency General Hospital, while in respect of the latter institution, had the conditions been normal, it is likely that we might have taken up a request that has been pressed upon us, namely, to post a third medical officer there. We have not been able to do that as no men are available owing to our inability to get back from military duty some of our officers who are still thus engaged. We are in constant communication with the Army Department, pressing our needs upon them, but there again, we can only bow to their decision, which is come to in the light of their military requirements. So much then, for the pre-war standard. There is, of course, the general question whether the whole staff of some of the Calcutta hospitals does not require to be strengthened. I think there is a considerable reason for thinking that step to be desirable, but it is impossible to undertake it now, while our cadre is so depleted, and, again, the whole question of the Indian Medical Service and its future is being examined by the Medical Reorganization Committee which is now sitting, and until we know the result of its deliberations, it is impossible to make large proposals involving gazetted officers.

That is the position as regards gazetted officers, but in respect of the minor establishments, we have, even during the war, been not neglectful of their needs. We have had to raise the pay of nurses, and we have raised the pay of menial servants. We have tried to the best of our ability to maintain a reasonable standard of efficiency, and when we complain of slight defects and deficiencies in Calcutta, let it be remembered how much more serious the defects and deficiencies have been for those living in the mufassal, most of whom have been deprived for the last four years of any hope of the ordinary Civil Surgeon to whom they ordinarily look. Let us bear their troubles in mind, when we harp upon our own.

Sir, for these reasons, I do not think a provision of Rs. 2 lakhs is required in the Budget, and I do not propose, therefore, to accept that recommendation."

**The Hon'ble Mr. Cumming** said :—

"My Lord, in this resolution and in several others which are in the agenda, proposals have been made for meeting suggestions for new expenditure by diversion from Civil Works in charge of the Public Works Department. It would probably be convenient if at this stage I make a general statement regarding the financial position of the Public Works Department in reply to these suggestions for diversion. The total Budget estimate for 1919-20 is Rs. 1 crore and 13 lakhs and is in excess over that of the previous year by Rs. 28 lakhs. Some Hon'ble Members have been tempted to consider that it is a sea of gold into which they can dip their hands at will. The position in some respects is not unlike that of the grant for railways in the Imperial Budget.

Now, let me shortly show what this total for 1919-20 really means. We may exclude the small item of 'Tools and Plant' and the fixed item of 'Establishment'. There remain 'Works in Progress,' 'Repairs' and 'New Works'. To complete 'Works in Progress,' Rs. 34 lakhs are required, and no one can suggest that there is any economy in stopping such works.

*Resolutions.*

*Mr. Phelps; Rai M. C. Mitra Bahadur.*

As regards 'Repairs', the grant of Rs. 32 lakhs is Rs. 3 lakhs less than the amount for which the Department has asked; and in view of the fact that during the past three or four years there has been a minimum of expenditure on public buildings, which, though inevitable for the time being, is not economical in the long run, this sum of Rs. 32 lakhs cannot be considered excessive.

Finally, as regards 'New Works' a sum of Rs. 5 lakhs has been devoted to 'Minor Works' distributed over all the departments of Government, and there is no extravagance in this item. Under the head of 'Communications', I made certain requests in my capacity as Member in charge of the Public Works Department, but my requests were cut down by half; and as regards 'New Civil Works', they are the ultimate residue of a very large number of works which were examined by the Finance Committee. It may be held that the Public Works Department is after all only an adjective department and that as far as its operations are concerned, they are at the instance of, and on behalf of, all the other departments of Government. Nevertheless, in view of the statement of facts which I have given, speaking as Member in charge of the Public Works Department, I deprecate any further reduction of any of the items in the Public Works Budget."

**The Hon'ble Mr. Phelps** said:—

"My Lord, I beg to thank the Hon'ble Member for his very kind and elaborate explanation. I have also got to thank him for the provision—a very substantial provision—in the Revised Statement for Hospitals, although the Hon'ble Member does not see his way to accept my resolution. I thank the Hon'ble Member for the liberal provision and I am perfectly satisfied with his reply. I would now withdraw my resolution."

The resolution was then, by leave of the President, withdrawn.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 2.

**The Hon'ble Rai Mahendra Chandra Mitra Bahadur** moved the following resolution:—

This Council recommends to the Governor in Council—

(*a*) that provision be made for two lakhs of rupees for the Medical College, Calcutta, for the following purposes:—

(*i*) a special Out-patient Department for skin, throat, nose and ear diseases,

(*ii*) a Dental College,

(*iii*) a Physical Laboratory, and

(*iv*) a Materia Medica Museum, and

(*b*) that the expenditure be met out of the grant of 2½ lakhs of rupees provided for the scheme for the development of Kalimpong.

He said:—

"My Lord, in this connection I would refer to the letter No. 14471, dated Calcutta, the 21st September, 1918, from the Hon'ble Surgeon-General with the Government of Bengal to the Secretary to the Government of Bengal, Financial (Medical) Department, published in the annual report of the Medical College, Calcutta, for the session 1917-18.

With these few words, I move this resolution for the acceptance of your Excellency's Council."

*Resolutions.*

*Sir H. Wheeler; Mr. Cumming.*

**The Hon'ble Sir Henry Wheeler** said :—

"My Lord, on the merits of the four schemes on which the Hon'ble Member would like to see money spent, there is no disagreement, and obviously that will be so, as I think he has taken them from the annual report of the head of the institution, and the advice that Colonel Calvert gives us as to the improvement of the Medical College is more likely than not to be sound. All these projects figure in our papers as desirable works. Also, among the list there is that which is the subject of the third resolution, and which is equally desirable. A special out-patient department for skin, throat, nose and ear diseases is undoubtedly wanted, and a dental college is a need of Calcutta at the moment. Unfortunately these schemes are terribly expensive, and, as an example, I may mention that in a project for a dental college which was sent up to us not long ago, we had an item of Rs. 4,71,000 for the acquisition of land alone, and apart from the cost of buildings, which has not yet been estimated, we had items of Rs. 37,000 for equipment, Rs. 7,800 for furniture and Rs 33,000 for establishment. It will thus be seen that these works, eminently desirable as they are, do entail a great deal of money. The physical laboratory and a materia medica museum would, I believe, be most useful, but they have not yet attained even the dignity of an outline scheme. All these works we should like to see accomplished, and the reason why we have not been able to insert them in the Budget is that we have given preference to matters connected with the Medical College which we thought even more urgent. These are briefly, the improvement of the nurses' quarters, which is a most necessary work, because, on the provision of accommodation for more nurses depends all these subsequent developments and enlargements of the institution. They will call for more nurses, and if there are more nurses, there must be somewhere to put them, so that work really stands on the threshhold of all these subsidiary projects. Secondly, after consideration in the Finance Committee, we decided to make a beginning with the Eye Hospital, and the provision in the Budget is only a beginning. This is a very large and expensive scheme which has been hanging fire for many years, and which I am assured by Colonel Maynard is a most crying need. Apart from that, let it not be overlooked that in this year and in the ensuing year we have spent, and shall spend, some Rs. 8 lakhs on the acquisition of land near the Medical College for future extensions. That is a very heavy bill, and in the light of it, it cannot rightly be said that we have not recognized the needs of the Medical College. When the large new avenue was being put through by the Improvement Trust to the west of the College, thus clearing frontage sites which would serve as an excellent boundary to the College on that side, we thought it would be folly to let the chance slip through our fingers, and we took up this land even at a very high cost. We now have room for expansion and it will be a matter of carrying out these different works in an orderly programme as our funds permit. I can assure the Hon'ble Member that we have not overlooked them, but our feeling is that we must consider other demands upon us, and, compatibly with them, it is not possible to spend more money this year on medical institutions in Calcutta. We have done more than we have been able to do for several years past, while we have also got to remember that there are the needs of the districts, and that it is a complaint which we have heard in the past, not altogether without justification, that, in proportion, more money is spent on medical institutions in Calcutta than on those in the *muffasal*. Therefore, Sir, I do not see my way to accept this resolution."

**The Hon'ble Mr. Cumming** said :—

"My Lord, in view of what the Hon'ble Sir Henry Wheeler has said, it is hardly necessary for me to make any remarks on the second item, namely,

*Resolutions.*

*Rai M. C. Mitra Bahadur; Sir N. Sarkar.*

that provision be made by a corresponding reduction in the estimated expenditure under the head 'Civil Works in charge of the Public Works Department'; but, as this appears in the agenda, I may simply inform the Council that Government are already committed to the expenditure, and, in the second place, that the project will be a remunerative one."

**The Hon'ble Rai Mahendra Chandra Mitra Bahadur** said :—

"My Lord, I am thankful to the Hon'ble Members for explaining the situation. I am also thankful to get the information from them that Government has full sympathy with the resolution which I have had the honour to move before the Council, that it is desirable that these improvements should be taken up, and that Government has spent and is spending large sums of money over the improvement of medicial institutions is a matter of gratification to me; but it will be for your Lordship to consider whether the improvements which have been suggested in my resolution demand the immediate attention of the Government. If it be said that these matters may stand over for some time longer, I have nothing to say on the subject, and, therefore, I think it necessary, after the explanations given by the Hon'ble Sir Henry Wheeler and the Hon'ble Mr. Cumming, that I should withdraw the resolution."

The resolution was then, by leave of the President, withdrawn.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 3.

**The Hon'ble Sir Nilratan Sarkar** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that a sum of Rs. 1,00,000 non-recurring and Rs. 20,000 recurring be allotted for the extension of the Eden Hospital and for starting an Extern Maternity in connection with the same; and

(*b*) that the non-recurring expenditure be met out of the sum of Rs. 33,80,000 provided for works in progress (Civil Works in charge of Public Works Department), and the recurring expenditure be met out of the sum of Rs. 2,00,000 provided as General Reserve for unforeseen requirements.

He said—

"My Lord, I would have been the last person to move this resolution if I had not felt that the proposal contained in it was for some unforeseen requirements of an extremely urgent character. The Eden Hospital is the only hospital for clinical training in obstetrics for the students of the Medical College, Calcutta. The number of beds that are available for the purpose of such training are 16 and the number of admissions to such beds in the course of a year comes up to about 600 or a little over. Out of these 600 cases the students generally get about 400, the other 200 being allotted to the clinical teaching of the *dahis* and nurses. It would thus appear that these 400 patients have to be utilized for the training of about 180 students, 150 of whom are the University students, 20 military students and about 10 lady students, on an average. The average number of patients allotted to each student thus comes up to 2·2, while the University requirement is a minimum number of 6 patients to each student. It would thus appear that the number of patients in the Eden Hospital is inadequate to meet the

*Resolutions.*

*Sir N. Sarkar.*

requirements of clinical teaching and that extension is necessary in the interests of the students This has become particularly so on account of certain developments in which our students—I mean the local medical graduates—are about to loose some privileges in Great Britain and elsewhere which they had been enjoying for some time past, on account of inadequacy of training in this particular subject of obstetrics.

I have said something about the needs of the students, and I may be permitted to devote a few minutes to discuss the needs of the carrying-women in Calcutta. The number of women in Calcutta of the child-bearing age comes to about 108,000. The number of births registered annually comes up to about 18,000. About 1,600 of such confinements take place in hospitals and the remaining 16,400 outside hospitals. Probably 50 *per cent.* or about 8,000 of these women go without any help or they can get only the help which is worse than any help—the help of ignorant *dahis.* The infant mortality in this city during the first week of delivery comes to about 33 *per cent.* There is no organization for treatment in pre-puerperal or post-puerperal state.

It would appear from the facts that I have already given that the average stay of a patient in the Eden Hospital cannot be more than 9 days, which means that many of those patients are admitted into the hospital already in a certain stage of labour, and they stay there for a week or a little over, and then discharged. In this country, my Lord, it is generally held that 4 weeks would be the proper time for which a woman should receive treatment in confinement. The higher authorities everywhere hold that a woman in a delicate condition should receive proper treatment for 4 weeks before and 6 weeks after labour. If we compare the state of things in Calcutta with those prevailing in Madras, we find that in the Medical College Hospital there a fairly good number of patients in delicate condition are kept for a certain period during which they are well fed, well taken care of, and in proper time they receive proper help. On the other hand, we have here in Calcutta only 16 beds for about 600 patients, and the average stay is only 9 days. Some of the patients in the most delicate condition have to incur the odium of overcrowding the wards on extrabeds or even on the floor; and they have to do that in preference to leaving the hospital unattended. There is no question about the need of extension from the point of view of patients also.

One word, my Lord, about the need of the extension from the point of view of professors and teachers. Every teacher in the medical line thinks of enlarging the bounds of his knowledge by observations and at the present moment prenatal physiology and prenatal pathology have become extremely interesting subjects of study. There is no opportunity for our professors and demonstrators to make such study in the Eden Hospital.

Looking at the matter whether from the point of view of the pupil, the professor, or the patient, the need appears to be urgent. I know there are difficulties. I know also that one ward accommodating another 16 beds could not solve the difficulty, but it would give relief to another 600 women and that is a good deal. My resolution seeks to give relief to a larger number of patients by the introduction of a system of an Extern Maternity in connection with the Eden Hospital. I am extremely happy to find that the Calcutta Corporation has realized the necessity of such a step and have already made some progress in this direction. The Extern Maternity that I propose is somewhat of a modified form of the maternity that has been introduced by the Calcutta Corporation. With the Eden Hospital as the centre, a maternity may be organized with a presiding officer, say of the rank of an assistant surgeon, who will always be present in the hospital, with 2 or 3 nurses and *dahis* and a number of students and who would be always available

for helping such patients. I know there is a misapprehension in some quarters that this help would not be availed of on account of the prejudices in the minds of our women. It is held in certain quarters, and I believe without sufficient justification, that many of our women would prefer death to being treated on such occasions. I claim to know something of our women in Bengal, particularly of the Hindu community, and in my experience I have never met with a case in which a woman has refused to be treated under such circumstances when treatment was necessary for her; and my assertion would be borne out by the fact that at the present moment there are about a dozen of practitioners who practise in this line, and in this line alone, some of whom have turned to be specialists of the highest order. The increasing number of patients in the Eden Hospital which has made it necessary for the Campbell and Belgachia Hospitals to admit labour cases also supports my view that there is a great demand for such help. I have no doubt that if an Extern Maternity be organized with the Eden Hospital as the centre, our women folk would avail themselves of the help and it would be also of great benefit to the students who will be able to profit by the clinical experience gained there.

I believe, my Lord, that I am not justified in trying to enforce upon the Hon'ble the Finance Member a resolution like this, particularly after the decisions in the Finance Committee. But my plea is this: that it is one of the unforeseen requirements for which provision has been made to the extent of Rs. 2,00,000, and as regards the capital expenditure I have just nervously proposed to utilize a portion of the Rs. 33,80,000 which is reserved for works in progress. So far as I understand, all these works are not likely to be finished within the course of the next year and, I believe, if Government will graciously accept this resolution there will not be much difficulty about spending this small sum for meeting the very urgent needs that I have pointed out.

With these few words I beg to commend the resolution for the acceptance of the Council."

**The Hon'ble Sir Henry Wheeler** said :—

"My Lord, the general line of answer to which I would refer the Hon'ble Member is that which I have just followed in connection with the previous resolution, and I would ask him to take those arguments in the main, without their repetition by me, viz., that we are already spending heavily on these Calcutta institutions, and in fact, up to the limit to which in the current Budget we think we are justified in going. Two points have a particular bearing on this question of the Eden Hospital, viz., preliminary provision for the accommodation of more nurses—obviously nursing plays an important part in cases of this kind—and the acquisition of land, part of which is specifically designed for this extension of the Eden Hospital. As to the merits of this project I am in full sympathy, and in fact, I have here before me notes outlining the very urgent needs of this hospital to the extent roughly of 2 wards with 20 beds in each, 10 more private rooms, a new out-patient block for the diseases of women, and accommodation for private rooms for nurses, surgeons, clerks, servants' quarters and out-patients. So we are perfectly conscious of the need, and I am also aware that the wards are overcrowded. Indeed, I am told that the Calcutta University Commission are likely to refer to that fact. Therefore, I do recognize this scheme as one of the most pressing wants, and when we get through with those works which we have in hand, I should *primâ facie* be inclined to put this Eden Hospital extension as the next scheme to be undertaken. That may not be pleasant to the Hon'ble Rai Mahendra Chandra Mitra Bahadur since it does not figure in his list, but it is essential to bring people into the world under as healthy conditions as possible, and we may well give a high place to this work in

*Resolutions.*

*Sir N. Sarkar; Rai M. C. Mitra Bahadur.*

anything connected with the medical improvement of the country. But, Sir, we do not see our way to make this addition to the present Budget, and there is another point of practical difficulty. ' At the present moment the Public Works Department is depleted in its staff, like every other department, and I understand that with the projects which we contemplate in the Budget they will have their hands full, if not more than full, during the coming year. But I can assure the Hon'ble Member that I will see that all the requisite preliminaries of plans and estimates to the best of our ability are pressed on, and that if I find any opportunity during the year of beginning this work, we will seize it.

As regards his suggestion for an extern maternity work, which I understand is on the lines followed in hospitals in London, where students attend outside cases, thereby helping the patient and gaining experience themselves, the idea, in connection with the Eden Hospital, is new to me, and I am glad to hear from Sir Nilratan Sarkar that he does not think that prejudices will stand in its way very much. *Primâ facie* I should have anticipated obstacles of that kind, but I am quite willing to refer the suggestion to the Superintendent, and if anything can be done on those lines, to try it. But the expenditure involved in this respect would scarcely be heavy, even if there would be any addition at all ; anyhow, it would not be more than we can find funds for. But regarding the major project of the building scheme, our attitude will be that of pushing on the preliminaries with a view to undertaking it at the first opportunity that presents itself, although we cannot now promise when that opportunity will arise."

**The Hon'ble Sir Nilratan Sarkar** said :—

"My Lord, having regard to the sympathetic attitude of the Hon'ble the Finance Member, I would ask permission to withdraw the resolution."

The resolution was then, by leave of the President, withdrawn.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 4.

**The Hon'ble Rai Mahendra Chandra Mitra Bahadur** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that provision be made for four lakhs of rupees in the Budget Estimates for 1919-20 for Famine Relief for Bankura and other districts ; and

(*b*) that the charge for the Provincial share be met from the General Reserve Fund of rupees two lakhs under the head 32—Miscellaneous for unforeseen requirements.

He said:—

" My Lord, I had not the opportunity of receiving the Revised Statement which has been subsequently brought to the notice of the Council ; the reason which led me to bring this resolution to the notice of this Council was that I felt strongly as to the distress prevailing in Bankura. Being one of the representatives of the Burdwan Division I thought it my duty to bring it to the notice of Government and that was the reason which led me to place the resolution for the consideration of the Council. It is a great pleasure to me to read the Revised Statement and to find that a provision of Rs. 50,000 has been made out of the Rs. 2,00,000—Imperial Reuenue is to be one of the component parts. My Lord, it is a gratificmperial Revenue is to be one small

*Resolutions.*

*Maulvi A. K. Fazl-ul-Haq.*

provision has been made. I have great doubts whether Rs. 50,000 will be sufficient for the purpose, but I shall not venture any discussion on the subject. I ought to be satisfied now with the provision that has been made, and therefore, My Lord, with your Excellency's permission, I would withdraw the resolution."

The resolution was then, by leave of the President, withdrawn.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 5.

**The Hon'ble Maulvi A. K. Fazl-ul-Haq** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that a lump-provision of Rs. 3 lakhs be made for famine relief operations in Bankura ; and

(*b*) that the money required be provided for—

(*i*) by curtailing the expenditure by Re. 1 lakh under Agriculture 26A—Co-operative Credit (reducing the Budget allotment from Rs. 3,46,000 to Rs. 2,46,000) ;

(*ii*) by curtailing expenditure under Sanitation 24B (reducing the Budget allotment under the sub-head "Sanitation and Vaccination Establishment" by Rs. 1 lakh) ; and

(*iii*) by alloting Re. 1 lakh from the lump-provision of Rs. 2 lakhs for unforeseen requirements (Misc.—32).

He said :—

"My Lord, the resolution about which I have given notice deals with the subject of making some provision in the Budget for the relief of distress in the district of Bankura, and if I may now add 'in some other places in this Presidency'. I would not have pressed this resolution but for the fact that in my humble opinion the provision that has been made is grossly inadequate. The reports that we have received during the last few days from Bankura and certain parts of the Tippera district point to the very widespread scarcity that has been prevailing in those parts for some time past, and which threatens to turn into a very widespread famine unless precautions are taken at once and in an adequate measure. Rupees 50,000 would hardly be a sufficient contribution towards the money which would be requisite. Even with the Imperial contribution of Re. 1½ lakh it would mean only Rs. 2 lakhs and I need hardly take up the time of the Council by trying to emphasize the fact that a sum of Rs. 2 lakhs is hardly sufficient to cope with the immensity of the work which officers on relief duty will have to face. I, therefore, press this resolution, although I do so with some regret. The question arises as to where the money, which I have proposed should be set apart, is to be got. I propose that the Provincial share should be Rs. 3 lakhs, and the balance should be got from the Imperial grant. Rupees 10 or Rs. 12 lakhs would, therefore, be at the disposal of your Excellency's Government, and it would be in some respects a tolerably good contribution towards the funds for the relief of distress. The suggestion that I have made refers to two of the departments of Government as to which there has been an impression that there ought to be as much grant as possible from Provincial revenues. As regards the Department of Co-operative Credit Societies which appeals so much to popular fancy, and which has received the benediction of the highest in the land on several occasions, and is daily praised by officials and non-officials, I might perhaps be accused of being a

*Resolutions.*

*Maulvi A. K. Fazl-ul-Haq.*

heretic for standing up in this Council to propose that there should be a curtailment of the Budget allotment on this head. I consider it my duty to point out that although this department is one of the most important of which the Government has got to take charge, there is still a limit to the extent to which public money should be spent on this department, and there are occasions when one has got to point out that these Government grants will not only do no good, but may be instrumental in doing positive harm and mischief. My Lord, I do not know if many of my colleagues are aware of the fact that I was connected with the working of this department some years ago, and at the time when this movement had to be guided through the struggles of early infancy. It was in those days that in consequence of the agitation over the Partition of Bengal, anything that was being proposed by Government was regarded as ban and anathema by the people. They used to think that every movement started by Government carried with it a sort of insidious desire to decoy people into unknown regions where they might be landed in some unforeseen difficulties. In those days there was one Registrar only, Mr. K. C. De, who is now the Commissioner of the Chittagong Division, and he had only two gazetted assistants and half-a-dozen Inspectors, and every time the Registrar went up to Government for financial help, he was told that this was a movement which ought to grow up spontaneously, and that it should not be forced on the people, as if it were an exotic growth on an uncongenial soil. We were also told, on the authority of no less a man than Mr. Woolfe, who is justly regarded as one of the highest authorities, not merely in England, but also on the continent and America, about the inadvisability of officialising a popular movement like this. I, therefore, submit that although Government ought to contribute towards this department in order to help the growth of this movement, Government should also take care that in course of time it does not become an official department like the other departments which your Excellency's Government has got to control. I find from the Budget estimates that the allotment this year exceeds by a little over a lakh of rupees the actual expenditure that has been incurred within nine months, and on that basis the actual expenditure which will be credited to this department by the end of this month will be a lakh and-a-half of rupees more than last year's expenses. The plain question is whether there is any necessity for increasing the Budget allotment by so large an amount, even conceding that the movement has been making progress and some Government help is necessary.

Now, my Lord, I looked up the figures and I find that there are at the present moment something like 52 central banks, and agricultural societies numbering a little over 3,300. For the control, and if I may say so, for the guidance of these societies it is proposed to give the Registrar not merely a Personal Assistant but four Joint Registrars on so high a salary as Rs. 500 and Rs. 400 a month, *plus* Rs. 100 local allowance, one Chief Auditor, 42 Inspectors and 2 Additional Inspectors. This means that the staff is going to be increased by 20 Inspectors and two Additional Inspectors, although the increase in the number of societies is not to be more than 300 in all. I would not have grudged this expenditure but for the fact that this large army of officials going about the country would naturally place the people in a position from which they will gradually lapse into a condition of lethargy and indolence. Why should this large army of officers be required? Hon'ble Members may not be aware, because one who has not actually been in touch with the working of the department, is not in a position to know that the work of these officers in the co-operative department is not of a very exacting character. The societies are situated somewhere in the interior of the district; the Inspector or the Joint Registrar or any other high officer of the department goes there and sends for the Chairman of the society, a few members may

*Resolutions.*

*Maulvi A. K. Fazl-ul-Haq.*

appear and he enquires of them whether there has been any defalcation or embezzlement. The actual auditing does not take more than twenty minutes even in the biggest societies that now exist. That is not the sort of work which puts any strain either on the physical or mental capacity of these officers. There are Government servants who are four times as hard-worked who have not got this local allowance of Rs. 100 nor have they got the privilege of seeing their services mentioned in eulogistic terms evey year in Government resolutions. My own impression is that the advance in this movement has not been so great or so marked as to necessitate an extra expenditure of a lakh and more which it is proposed to place at the disposal of the department. The extra expenditure will entail an allotment of over Rs. 60,000. Then, I find there is provision for temporary establishment costing over Rs. 15,000. There is then a lump-provision for additional establishment costing over Rs. 32,000, and office expenditure under head 'Miscellaneous Works' works out to Rs. 15,000. I submit, my Lord, that going over the question very carefully I do not find any sufficient justification for all the big provision that is going to be made for this department. There is another item which has called for lengthy changes costing over Rs. 9,000. I do not understand the utility of that lengthy change ; at any rate Rs. 9,000 is a very big figure. I, therefore, think that instead of spending this money in this way it might be more usefully spent in alleviating the distress and discharging one of the highest and most humanitarian duties of which mankind can be capable.

On the second head, I have referred to 'Sanitation' under head 24-B. This is another department about which it would be blasphemous to say anything except in praise, but if I venture to make one or two remarks it is only with a view to point out that there are some allotments under this head, the money for which might be more usefully employed in affording relief to famine-stricken people ; I hope I shall be excused. There is a provision relating to the hookworm disease of Rs. 75,000 ; then there is a lump-provision of Rs 10,000 for the Publicity Bureau ; then there is a provision of Rs. 25,000 for investigating the cause of river pollution. So far as some of these works are concerned I do not know, at least the necessity of investigating the causes of hookworm disease as I am not a medical man, but I know the disease is somewhat prevalent amongst the people of this country ; this is a kind of disease whose germs flourish very much in tropical countries, and if we find it prevalent in this country we may be sure that it is owing to our people living amongst the most insanitary surroundings which tend to develop the disease. I do not know how this money is to be spent for investigation ; at any rate I consider it a high figure for an investigation of this kind. Then there is Rs. 10,000 for the Publicity Bureau. That figure seems to me to be very high, because, so far as the dissemination of news is concerned, it can be done through the vernacular newspapers, and for which no Publicity Bureau is necessary. Then, about the question 'of river pollution' I do not understand the problems nor appreciate the money spent over it, but even admitting that this Rs. 10,000 is necessary, I would suggest that the money be found from the lump-provision under head 'Sanitation' of Rs. 13,17,000, of which, by the way, we have not been given any details, but I think that this Rs. 1,10,000 can very well be got out of that lump-provision. All things considered, that sum might easily be set apart from allotments made under the head 'Sanitation.'

Lastly, there is a reference to unforeseen charges. There again, I submit that a lakh of rupees can easily be set apart for these purposes. My Lord, on these grounds I beg to propose that over and above the allotment that has already been made, viz., Rs. 50,000, another allotment of about 3 lakhs of rupees ought to be made under the 'head Famine Relief' and that the money be found by curtailing expenditure under the heads 'Co-operative Societies,' 'Sanitation' and 'Unforeseen Charges'. Before I sit down I do not wish to say

*Resolutions.*

*Mr. Cumming.*

that the expenditure of the Co-operative Societies is as a rule very much more than its normal requirements. What I mean to say is that the expenditure might be kept for the present within the limits which appeared to have been sufficient for the work during the last year. I only object to the extra expenditure for which I see no warrant."

**The Hon'ble Mr. Cumming** said :—

"Sir, the substantive part of the Hon'ble Member's resolution is that a sum of half-a-lakh which he understands is devoted to famine relief is not sufficient. It may be pointed out that his resolution refers only to one district, Bankura; and I suggest that he went beyond the bounds of his resolution in discussing areas in which scarcity is likely or imminent. He should have spoken on the previous resolution of the Hon'ble Rai Mahendra Chandra Mitra Bahadur, which was a general resolution. However, I may point out that had I spoken on that resolution, I would have been quite prepared to place the Council in possession of the facts regarding famine relief regarding which both Hon'ble Members appear to be under a misapprehension; but before doing so now, I think it is only right to point out that the Hon'ble Member who has spoken has devoted a disproportionate part of his time to the discussion of defects which, he alleges, exist in the existing co-operative organization.

I proceed to the substantive part of his resolution. It is not a fact that only Rs. ½ lakh has been given. The total sum placed under the head '33—Famine Relief' is Rs. 2 lakhs altogether, because one and-a-half lakh is obtained from Imperial sources and half-a-lakh is derived from Provincial sources. Practically the whole of that will be devoted to Bankura. A sum of Rs. 75,000 also appears in our Budget under another head and is available for gratuitous relief; and for the present it is ear-marked for the other area, Brahmanberia, to which the Hon'ble Member drew attention. Both Hon'ble Members who have spoken have entirely overlooked the fact that in famine relief organization there is, to use the language of the United Provinces Government, 'a recognized prophylactic', the free and liberal distribution of agricultural loans. For both areas during the present year I have placed at the disposal of the District Officers more money than they have been able to distribute so far; and for the forthcoming year, we have entered no less than Rs. 6 lakhs in the Loans Budget. Originally the amount estimated was Rs. 4 lakhs, and that has been increased to Rs. 6 lakhs; and if operations are extended and we require more, more will be obtained; but the sums which have been allotted for relief work, gratuitous relief and agricultural loans in the ensuing year will not bear unfavourable comparison with the amount spent in the previous years for which we have records of distress in these two areas. If we are fortunate enough to have a good monsoon in the present year, I foretell that by October next in both areas there will be no further necessity for any special expenditure by the State. We should not overlook the fact that in both areas the District Boards are expected to do something, and I think we are entitled to call upon them to do something. So much, Sir, for the substantive part of the resolution.

As regards the excessive expenditure in the co-operative credit movement to which the Hon'ble Member has taken exception, he no doubt is a practised advocate and can argue on both sides of any question. I have heard him accusing Government for its laxity in not spending more on this movement. As regards the head 'Sanitation' the Hon'ble Maharajadhiraja Bahadur will deal with that point. I propose to visit shortly the two areas in question. I have refrained from doing so hitherto in order that the situation might sufficiently develop. The Hon'ble Members will realize that after many years of experience of famine conditions, not only in Bengal, but in other Provinces, I am not likely to be lax in seeing that Government do their duty."

*Resolutions.*

*Babu S. N. Ray ; Mr. P. C. Mitter.*

**The Hon'ble Babu Surendra Nath Ray** said :—

"My Lord, I am sorry I have to oppose that part of my hon'ble friend's resolution which seeks to curtail expenditure under 'Sanitation—24B' (reducing the Budget allotment under the sub-head 'Sanitation and Vaccination Establishment' by Re. 1 lakh). As a member of the Sanitary Board I have seen the work which has been done and also as a member of the Malaria Sub-Committee I have seen the work which is now being done by that Sub-Committee. Hitherto our grievance has been, at least for the last two or three years, that Government have not allotted a sufficient sum for 'Sanitation', but this year a decent sum has been set apart by Government for sanitation—Rs. 13,00,000—that will meet some of our crying needs. Having got that sum allotted for sanitation we now say that a sum of Re. 1 lakh ought to be curtailed and spent for other purposes.

Then, as regards the hookworm disease, it is well known that it is prevalent in damp places, in mining districts and in tea gardens. In fact, it came as news to us when we heard for the first time from some of the experts that nearly 80 *per cent.* of the people of these localities were infected with the disease. Your Lordship was pleased to convene a meeting of the representatives of the mining districts and tea gardens here, and we all here heard your Excellency's speech and also what the other gentlemen, some of them experts, had to say on the subject. It is necessary, we all thought, that a sufficient sum of money should be set apart to tackle this question, and it is better to spend money, not in driblets, but in a lump-sum, so that we shall be in a position to exterminate the disease, root and branch, from the infected localities. My friend says that it is much better that we should spend money in feeding people ; that is no doubt a very good thing, but can you say that simply by feeding people you guard against this hookworm disease? I was told just now by a friend of mine that it is just like building a house at a very large expense in order to prevent the house from catching fire. We may spend any amount of money, but if there is a fire near by, the house is sure to catch fire. So we must spend sufficient money to try to exterminate this disease, especially in mining districts, and in those tea garden areas and also in damp places where it is prevalent. The purpose of my hon'ble friend is no doubt very good—he wants Rs. 3 lakhs for famine relief operations in Bankura. Government will provide a sufficient sum of money for famine relief, but I am bound to say that this provision ought not to be made by curtailing expenditure on sanitation."

**The Hon'ble Mr. P. C. Mitter** said :—

"My Lord, I do not really know whether my hon'ble friend Maulvi A. K. Fazl-ul-Haq, is serious. So far as I remember, last year about the Budget time I moved a resolution for allotting Rs. 50,000 for improvement of co-operative societies, and so far as I remember the then Hon'ble Member in charge, Mr. Beatson Bell, opposed my motion. That motion was put to vote, and if I remember aright, my hon'ble friend, Maulvi Fazl-ul-Haq, voted with me. Since then and in spite of the opposition of the Government the motion was passed and Government, to give effect to that resolution, provided Rs. 12,000 last year, because no complete scheme was ready then. This year as that resolution had already been passed by the Council I brought it to the notice of the members of the Finance Committee and the Finance Committee came to the conclusion that the balance of Rs. 38,000 should be provided. Last year when my hon'ble friend voted with me perhaps he was not a great disbeliever in the benefits which our people derive from the co-operative movement. I do not know what is the real reason which makes him change his opinion. Perhaps my hon'ble friend's reason is that whatever the Government does must be opposed irrespective of any consideration as to

*Resolutions.*

*Maharajadhiraja Bahadur of Burdwan.*

whether such opposition is detrimental or beneficial to the interests of his countrymen whom he professes to represent in this Council. If that be the reason then his position is explained :—when I was against Government my hon'ble friend was with me and now that the Government is giving effect to the resolution which was passed with his support he his consistent in his principle of opposing the Government. My Lord, I should have thought that of all persons my hon'ble friend who was connected with this department for some time as a member of the Provincial Civil Service and who is presumably conversant with the rural areas knew what great benefits this department could confer upon the poorer section of my countrymen. I should have thought that my hon'ble friend knows that although a large sum like one and-a-half crore is now invested in agricultural credit loans, not even 5 *per cent.* are the members of the co-operative societies. I should have thought that my hon'ble friend knows that in jute alone the raiyats of Bengal lose 28 crores of rupees through middlemen. My Lord, I do not desire to deal with this question further, but my hon'ble friend's opinion is so contrary to all opinions—Indian or European—that I can hardly think that my friend is serious especially after his vote last year in favour of extension of co-operative movement.

My Lord, his second point of attack is 'Sanitation.' For years past educated Indians have been urging that Government were not spending enough on sanitation. Only the other day I was reading in the papers of a slight breeze between the Hon'ble Mr. Ironside and the Hon'ble Babu Surendra Nath Banerji. If that debate had taken place a few days later Mr. Ironside could use Mr. Hughe's speech as a very effective weapon against Mr. Banerji.

But here again I hardly think my hon'ble friend is serious. His position seems to be that whatever Government do must be attacked. About sanitation we all know that 71 persons out of every 100 in Bengal die before they attain the age 30, 85 per cent. die before 40 and 93 persons out of 100 die before they reach 50. In view of this deplorable state of public health, can any one who represents the public in this Council urge the curtailment of provision made for expenditure on sanitation? I do hope, my Lord, that my hon'ble friend is not serious and that he will yet see his way to withdraw the resolution and withdraw his remarks opposing spending money on sanitation and co-operative societies."

**The Hon'ble Maharajadhiraja Bahadur of Burdwan** said :—

"My Lord, I have to get up to defend the provisions that have been made under the head of 'Sanitation' by the department under me. Already the Hon'ble Babu Surendra Nath Ray and the Hon'ble Mr. P. C. Mitter have spoken on the necessity of the provision made by the Government under head 'Sanitation', and it is not my desire therefore to make a further defence of any provision under the head of 'Sanitation' generally, but to point out to the hon'ble mover of this resolution that when he made those remarks about the provision which we have made under the head 'Sanitation', he evidently did not take the trouble to study the question carefully. I think pages 75, 76 and 83 of the amended draft Financial Statement make amply clear all the various important schemes that we have to take up and propose to take up in this connection, and hope to try and start within the year under Budget. I think his memory is particularly short regarding the discussion that took place in this Council in connection with river pollution, and it was because although I was not able to meet the requirements of the Hon'ble Rai Mahendra Chandra Mitra Bahadur at the time that I promised on behalf of Government to go into the question of river pollution that this provision has been made. If we turn to the figure for the amount provided for enquiry

*Resolutions.*

*Sir R. N. Mookerjee; Kumar Shib Shekhareswar Ray.*

into the hookworm disease, the survey regarding the havoc played by kala-azar and other matters connected with the prevention of disease in Bengal, it will be seen that in view of the well-established fact that these different diseases are playing such havoc on the public health of Bengal that the provisions really are very modest.

He perhaps might attack us on the question of the establishment of the Publicity Bureau. Here again, what I have to bring forward is that in every country, in every civilised country, it has been thought necessary to educate the public mind through such a medium and we are only following the lead given in other countries in a matter of this nature. Therefore here again if we look at the provision and if we look at column 9 of the remarks on page 76 where this provision occurs, we will find that the provision is really a very modest one. I do not think, Sir, that any very strong case has been made out by the hon'ble mover of this resolution. He brings it in first of all with a pleading for the famine-stricken people of Bankura with whom I am personally concerned. Then he attacks the co-operative movement with which I have no concern directly, but regarding the question of sanitation all I can say is that the amount that we have provided under the different heads is the minimum amount that we could possibly have provided and that it would not be possible to reduce it further, and I therefore strongly oppose any amount being taken from the head of Sanitation for the purposes which the Hon'ble Member has in view."

**The Hon'ble Sir R. N. Mookerjee** said :—

"My Lord, I have listened to the debate with great attention. There is one important point which I think has not been touched upon, viz., the direct effect of the improvement of sanitation on the economic condition of the masses. It is amazing to me that our political leaders, who either in this Council room or on outside platforms always advocate the improvement of the condition of the masses and the development of industry should take up such a position and ask for a curtailment in the expenditure on sanitation. It is true that Indian labour is apparently very cheap, but it is also true that we cannot compete with foreign labour. The reason is that Indian labour is generally inefficient owing to their bad health. Your Excellency has very prominently brought to the notice of the public the bad effect of the hookworm disease on our labour. It has been satisfactorily proved in the investigation by the Industrial Commission that hookworm disease renders our labour inefficient. Although we generally pay only four to eight annas a day per head as compared with two to three shillings a day in Europe, still the quality and quantity of work of our cheap labour is from $\frac{1}{4}$th to $\frac{1}{3}$th to that of foreign labour. The reason for this is the inefficiency of our labour chiefly owing to bad health from hookworm disease. It is indeed amazing to me that a member like my friend Mr. Haq who takes so much interest in the general welfare of the country should come forward and ask for a reduction of grant under the head of 'Sanitation' and to divert it to Famine Relief Fund. The object of my friend's resolution is undoubtedly very noble, but we know from past experience that whenever there has been a famine, Government has always come forward to save the lives of the people and we therefore need not and should not ask Government to reduce expenditure on sanitation to save money for famine relief."

**The Hon'ble Kumar Shib Shekhareswar Ray** said :—

"My Lord, I do not accuse the hon'ble mover of the resolution of opposing the Government for the sake of opposing them, as my friend the Hon'ble Mr. Mitter has done. In fact, I have the greatest regard for him as our political leader, and a more unselfish and devoted patriot is hard to get in the

*Resolutions.*

*Maulvi A. K. Fazl-ul-Haq.*

whole of the presidency of Bengal. But I must oppose the resolution. Perhaps my hon'ble friend, when he sent in notice of this resolution, did not know that a sum of Rs. 2,00,000 was to be spent on famine relief, but it is now a fact and so in a way, out of my hon'ble friend's demand for lakhs, 2 lakhs have already been allotted for famine relief and for the remaining 1 lakh he can certainly depend on the Government, and should a necessity arise the Government would not be so irresponsible and callous as not to come forward with the necessary contribution from the Unforeseen head. The hon'ble mover wants to curtail the expenditure on Co-operative Movement and also on Sanitation and in doing this he apparently overlooks the fact that it is by the difiusion of the principles of co-operation and proper sanitary arrangements that we hope to fight famines in future. It is therefore that every pie spent on co-operation and sanitation is an investment which would in times of real necessity repay hundredfold. My friend remarks that the work of auditing accounts is an easy job, but, my Lord, I think it otherwise. I am connected with two or three rural banks—of course they are not co-operative banks—and I know that it took two weeks for an auditor to audit their accounts and we had to pay Rs. 150 for each of them. I therefore object to any curtailment of the budgeted amounts on Co-operative Movement and Sanitation."

**The Hon'ble Maulvi A. K. Fazl-ul Haq** said :—

My Lord, I find from the discussion that if I carry this resolution to a division I will find very few supporters, but having been responsible for having made two suggestions at any rate, which have brought down on my devoted head remarks from the other side of this House, I do not think I can with justice to myself make a precipitous retreat without saying a word or two by way of personal explanation.

It has been remarked that I have been labouring under a misapprehension as regards this point, but I also beg respectfully to point out to Hon'ble Members who have accused me of carelessness, if nothing worse, that they have misunderstood not merely the purpose of the resolution but what I submitted for the consideration of this Council when I moved this resolution. It was never my intention, so far as the Co-operative Societies Department is concerned, that the expenditure should be curtailed below what experience has taught us to be the normal requirements of the department, but what I suggested was that the increased allotment that now figured in the Budget estimates should be deleted, and this money be utilised for a very exceptional purpose—a purpose not merely exceptional but of the utmost urgency, and regard for which should take precedence of our anxiety to help the administration in other matters. I simply suggested that the extra staff that it is proposed to place at the disposal of the Registrar is not necessary and therefore that expenditure might very profitably be postponed for one year more.

My hon'ble friend, Kumar Shib Shekhareswar Ray, has pointed out that I was not quite correct when I said that it required only a few minutes to audit the accounts of a society. Ordinarily my own experience is that it does not take more than a few minutes. If certain auditors took two weeks to audit the accounts of a rural society, they must have been very dull. I do not know who they were, but the society's accounts may also have been of abnormally large proportions. So far as my recollection goes it never took me or any of the officers who were working at that time more than half-an-hour to audit the accounts of the most complicated society that then existed. I know that the movement has made great progress, but at the same time what the department is doing is this :—It is splitting up large societies into

*Resolutions.*

*Maulvi A. K. Fazl-ul-Haq.*

smaller ones so that the increase in number is more illusory than real. However, I am not here to say anything as to the merits of demerits of the movement because I do not for the moment wish the Council to believe that I am not one of the greatest enthusiasts that can possibly be in favour of this movement. I have spent some of the best days of my life in whatever service I could render in popularizing the movement among my own countrymen, and I do not think that I would be recanting the many advantages that I derived from my life as an officer of that department were I at this moment to express anything but approbation of the work that is being done by this department.

My Lord, as regards 'Sanitation' I fully agree with the Hon'ble Babu Surendra Nath Ray that this one of those departments as to which Government cannot be too generous in making allotments in the annual Budget, but this I pointed out as one of two items of expenditure which might not do much harm or injury if postponed for a year, and I even said that if no postponement was possible that the money requisite might be got from the lump-provision of about 13 lakhs under the head of 'Sanitation'. I know that the Sanitary Board is going to wage war against the hookworm; I do not propose to take sides either with them or with the bureaucrats; let them fight it out, but what I suggested was that if the money was absolutely necessary, the money could have been got from the unallotted lump-provision that was made under the head of 'Sanitation'.

Before I sit down, my Lord, I must say a word or two as regards the observations made by my friend, the Hon'ble Mr. P. C. Mitter. He has got the great privilege of being one of my friends ever since the time we entered the Presidency College together, and he can certainly draw upon that circumstance with as much liberty as he likes in making any remarks that he pleases, but I wish to point out that it never occurred to me that during my activities in this Council I posed always as an unrelenting antagonist of Government. I cannot see how a proposal to allot Rs. 3 lakhs could be called going against the Government. I think one ought to be credited with the best of intentions when one really comes forward with suggestions to fight famine, and if I have ventured to make a suggestion I have done so in response to a duty which I think Government equally like myself owe to the people of this country. It is difficult for men in the position of my hon'ble friend living in palatial buildings in Elgin Road and Theatre Road to conceive the appalling distress which prevails in mufassal districts when agricultural conditions become unfavourable—conditions which at the present moment are aggravated by the fact that the price of cloth and other commodities of life has taxed to the utmost the slender resources of the people of the land. My Lord, it was not in a spirit of opposition that I brought up this resolution before the Council. I do not know if I can be accused of being a perpetual antagonist of Government just as much as there are some persons in this Council who can be accused of going in favour of Government on every and any occasion whether Government take a reasonable attitude or not. There are people who always oppose the Government and there are people whose mission in life is always to support the Government, but I belong to neither category. When I put forward my suggestion it was with the best of intentions to suggest to Government ways and means for finding out necessary expenditure on famine relief operations. I placed before the Council my most earnest conviction that Rs. 2 lakhs will be absolutely insufficient to meet the needs of the situation. Two lakhs of rupees would not be sufficient to meet the funeral expenses of the dead, it would not be sufficient for the needs of the dead if there is a widespread famine. It is for this reason that I suggested that a larger allotment

should be made. With Rs. 9 lakhs to be got from the Government of India it would make Rs. 10 or 12 lakhs which I wanted for this purpose. There has been tremendous opposition lest the co-operative fund be depleted or the funds of the Sanitary Board, but this is also a duty of your Excellency's Government, and it is for your Excellency's Government to decide what to do in this matter."

**The Hon'ble Mr. Cumming** said :—

"Sir, I may be permitted to make two observations before this debate closes. The first is that I am sure there is really no difference of opinion about the propriety of making due provision for famine relief. If that general proposition is accepted, I must still protest against the abuse of the English language. The word 'famine' has a very definite signification. I have seen famine in the United Provinces; I have seen it in Bihar; but except for a certain period in Bankura there has not been in Bengal famine—as the word is really understood in the Famine Code—for almost twenty-five years.

In the second place I wish to observe that the total amount that has been allotted during the current year is not inconsiderable. Hon'ble Members should remember that considerable sums have been given for relief works, for agricultural loans and for gratuitous relief. In the forthcoming year, the estimates of which we are discussing to-day, the total amount allotted under different heads, apart from expenditure which the district boards may make, is 8¾ lakhs; and as I have said before if, as time progresses, it is found necessary to spend more money in view of developing circumstances Government will be prepared duly to recognize and meet the new situation."

The resolution was then put and lost.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 6.

The following resolution stood in the name of the Hon'ble Babu Bhabendra Chandra Ray :—

This Council recommends to the Governor in Council—

(*a*) that the provision for gratuitous relief under the expenditure head "Miscellaneous" be raised from seventy-five thousand rupees to two lakhs of rupees; and

(*b*) that a deduction of Rs. 1,25,000 be made from the provision for Police buildings to counterbalance the said increase.

He said :—

"My Lord, in view of the provision already made under the head 'Famine Relief' in the revised Financial Statement, I think that I should withdraw this resolution."

The resolution was then, by leave of the President, withdrawn.

*Resolutions.*

*Babu K. M. Chaudhuri.*

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 7.

The Hon'ble BABU KISHORI MOHAN CHAUDHURI moved the following resolution :—

This Council recommends to the Governor in Council that no expenditure be incurred next year for the Dacca University pending the action taken on the recommendations of the Calcutta University Commission, and that the sum of Rs. 3 lakhs set free be spent for the spread of primary education.

He said :—

"My Lord, before I say anything on this resolution I think I should make my ground clear in order to guard myself against any attack coming from any of my friends from the Eastern Quarters interested in the establishment of the Dacca University. I know fully well that it is a decided proposition now and that it is sure to come into existence at no distant future. But I think the sum set apart in the next year's Budget could be spent for some more useful purpose for the present. Your Excellency's announcement, if I remember aright, at Dacca was that at least Rs. 15 lakhs would be spent next year for the furtherance of that scheme. It is mentioned in the Budget that Rs. 15 lakhs would have been spent, but for reasons known to the department at least Rs. 12 lakhs would be set back and only Rs. 3 lakhs would be spent. As far as I understand it is pending the consideration of the recommendation of the University Commission upon the report of which body the Government's policy will have to be considered, which will surely take some time. It may be, my Lord, that at the end of the year we would hear that money could not be spent. This year at least a very large sum could not be spent for reasons best known to the department, though we hear that out of the Rs. 18 lakhs shown to be unspent some amount had been spent for the construction of building and so forth. My idea therefore is that this paltry sum of Rs. 3 lakhs may not be provided in the next years' Budget. The establishment of the Dacca University would require a large sum and your Excellency's Government would be able to secure that amount out of the cash balance with the sanction of the Government of India which can be provided next year. No useful purpose will be served by an expenditure of Rs. 3 lakhs. As soon as my hon'ble friend Babu Surendra Nath Ray's Primary Education Bill is passed into law, which, I hope, is sure to be passed on the 27th of this month, a large sum would have to be spent by Government to give it a fair start, encouraging the mufassal municipalities to come forward and take advantage of the provisions of the Bill; and it is for that purpose that I have put forward my proposal that the Rs. 3 lakhs set apart for the Dacca University be allotted for the spread of primary education. I know Government are very anxious to develop the village life, and the village self-government is also very likely to come into existence; but in the village life the most important thing is the adequate arrangement for the primary education. So any sum that can be spent for primary education ought to be spent at any cost. I need not say much on the importance of the primary education, but whatever is done either for imparting improved knowledge in sanitation or any knowledge in agriculture or industrial knowledge, primary education is the basis. The sum set apart for primary education, to my mind, is very inadequate. I do not like to take much of the time of this Council by discussing this question and with these few words I beg to recommend the resolution for the acceptance of this Council."

*Resolutions.*

*Babu S. N. Ray.*

**The Hon'ble Babu Surendra Nath Ray** said :—

"My Lord, I have great pleasure in supporting this resolution. It appears that your Excellency's Government have already made some provision for the development of primary education in rural areas. I find in page 33 of the draft Financial Statement that there is a lump-grant of Rs. 5,50,000 for the development of primary education, but it appears that a large portion of this amount will be spent in rural areas. It appears that the following are some of the items :—

| | Rs. |
|---|---|
| Increase in the pay of teachers of aided primary schools ... | 80,000 |
| Establishment of primary schools for girls in Panchayeti unions ... ... ... ... ... | 30,000 |

and so on. I find that out of this Rs. 5,26,000 only Rs. 78,000 or in round numbers about Rs. 80,000 may be said to be allocated to municipal areas, and one of them the following :—

| | |
|---|---|
| Building for model primary schools for girls ... | Rs. 16,000 |

Even if the whole amount be spent in municipalities, the grant to local bodies to enable them to raise the rate of stipends of untrained teachers in aided primary schools and muktabs for boys will be Rs. 60,000, provision for lower primary schools in municipal areas Rs. 2,664, making a total of Rs. 78,664, but as my friend has already suggested that if the Primary Education Bill be passed, a sum of at least 3 lakhs will be necessary for the development of primary education in municipal areas. I find from the opinions given on the Primary Education Bill one opinion given by Mr. Samman who was the Education Secretary to your Excellency's Government and he gives this opinion. He says : 'Municipalities already spend more than one lakh of rupees a year on education of all sorts. With a population of less than 2 millions only, four lakhs would be required for universal free education of boys between the ages noted. The difference of 3 lakhs represents an incidence of only $2\frac{1}{2}$ annas a head of the municipal population of Bengal outside Calcutta.'

According to his estimate, and he was an authority on those matters, it will be necessary to have at least 3 lakhs of rupees for the development of primary education in municipalities. Of course I admit that we ought to levy an education cess for the development of primary education in mufassal municipalities, but if we depend entirely upon education cess for the development of primary education, then all I can say is that primary education will not be developed. We require some help from Government, and I find also from the last report of the progress of education in India a remark by the Education Secretary to the Government of India, Mr. Sharpe, that the Government ought to be prepared to meet some portion of the cost for the development of primary education and ought not to leave everything to local bodies. The other day when the Hon'ble Mr. Sarma asked for a grant of one crore and 80 lakhs for the development of education and sanitation of the country, the Finance Member said that those are local matters and ought to be tackled by the local Governments. So I think it is a matter which entirely rests with your Excellency's Government. I find that provision has been made for all and sundry requirements, but no provision has been made for the development of primary education in the mufassal municipalities. I am glad to see that a very good sum, I think about

*Resolutions.*

*The Maharajadhiraja Bahadur of Burdwan.*

5 lakhs of rupees, has been set apart in the Budget of the Calcutta Corporation for the development of primary education within the town of Calcutta, and that without the imposition of an education cess. So it will be necessary to make some allocation of funds for the development of primary education in the mufassal municipalities.

Then as regards ways and means, I do not agree with my hon'ble friend ; it is for your Excellency's Government to find out ways and means."

**The Hon'ble Maharajadhiraja Bahadur of Burdwan** said :—

"My Lord, the resolution before us has been worded in the usual characteristic picturesque way of the Hon'ble Member, but I am not very much concerned with that. From the point of view of Government what I have to say is that it is quite impossible for the Government to divert the three lakhs of rupees from the scheme intended for the Dacca University. On the question of primary education generally, which has been brought forward not only by the hon'ble mover of this resolution, but by the gentleman who has followed him, I shall say a few words when I conclude. Meanwhile, I would like to point out to the hon'ble mover of the resolution that I confess I cannot follow the working of his mind regarding the Dacca University scheme. He does not want that the Dacca University scheme should not be proceeded with, but then he argued that because he thought all the money would hardly be spent, that it may be spent on something more useful. Well, of course, primary education is undoubtedly a matter on which, as this Council knows very well, the Government is only too anxious to make a real start, but when it comes to taking that money from the Dacca University, I am afraid that that cannot be done. The hon'ble gentleman has himself said that we are pledged to the scheme ; he has himself referred to the speech your Excellency made the other day when at Dacca in connection with making an early start with this scheme, and in spite of these two very important facts, he still wants to defer making any expenditure during the current year. He knows full well, if he had the time to read this morning's paper, that the report of the University Commission is likely to be sent in soon, and that the European members of that Commission are about to proceed to England after their work. What does all this mean ? It means that before very long the Government may naturally expect to know what the Commission have recommended. I may say at once that in the matter of the Dacca University, the Government are bound to fulfil its pledges. What is more, we have been recently told by the Government of India that they consider it very important that no time should be lost in giving effect to such of the proposals of the Commission as may be approved after full consideration, that in view of this we must really begin the work during next year. I therefore do not see how we can possibly expect the large saving which the Hon'ble Member says we shall have in the provision we have made for the University requirements. It is a curious working of the mind, too, when we come to realise that when the question of primary education is perhaps more before the country than it is now, whether Hon'ble Members of this Council would propose that higher education is to suffer at the expense of primary education. On this large question I do not propose to go into at present.

I shall now turn to what has fallen, curiously enough, from the Hon'ble Member in charge of the Primary Education Bill which he thought would be passed into law at the last meeting of the Council. He has brought in a Bill for the introduction of a voluntary system of education for rural and urban

*Resolutions.*

*Babu K. M. Chaudhuri.*

areas, and to-day we find him not only stating facts which we know to be true, namely, that we cannot entirely depend on the levy of an education cess, but what is surprising is that he is supporting this resolution because he is jealous that we have provided Rs. 5½ lakhs for district boards and not for municipalities ; well, that is a very narrow point of view to take, especially when he knows that ample opportunity will be given to municipalities when the new Bill becomes law to try and improve their requirements so far as the needs of primary education in these areas are concerned. My Lord, I regret that I cannot recommend to this Council the acceptance of the resolution moved by the Hon'ble Babu Kishori Mohan Chaudhuri. I think that the Government have delayed long enough giving effect to the recommendations of the Dacca University Commission, and it was only because Government thought that as the Calcutta University Commission had been appointed that they stayed their hands for the time being so as to enable them to give effect to whatever changes in the Dacca University scheme the Commission might recommend. This Government did not for a moment think and do not think that the University Commission would in any way recommend the abandonment of the scheme or modify it in such a manner as would again mean further delay, and I therefore recommend that the resolution be opposed."

**The Hon'ble Babu Kishori Mohan Chaudhuri** said :—

"My Lord, I am sorry I am opposed in this by the Hon'ble Maharajadhiraja Bahadur of Burdwan, the Member in charge of Education. I am not really convinced that this paltry sum will be of any avail in giving a start to the establishment of the Dacca University. Of course, I saw from your Excellency's announcement at Dacca that at least Rs. 16 lakhs would be provided, and if that was so, I should have been the last to say anything about it. I think if it be necessary to give the Dacca University a start Rs. 3 lakhs would be a very unsuitable sum to provide for it. What I mean, my Lord, is that if it is urgently necessary to start the college this year, then a large amount which is in the hands of Government may be made available. I have seen the detailed Budget and I have not heard any details of the Rs. 3 lakhs which it is proposed to provide in next year's Budget. The only thing which struck me is that the sum is a very paltry one and to give a start to the Dacca University that sum is quite inadequate. If it be necessary to do something for the satisfaction of the Dacca people, that a start is being made, that can be done in other ways. Without seeing the details of the Budget I am sorry I have not been convinced as to the necessity for keeping this sum especially reserved for the purpose and not spending anything out of it for any better purpose. Though there is some provision for the levy of an education cess, still if anything is to be done to give a fair start to the working of the Primary Education Act when it is passed into law, I think Government should be liberal enough to spend a decent sum for the help of the mufassal municipalities for the present. It is with this view that I brought this motion forward, and I would have been glad if anything came of it. I propose Rs. 3 lakhs; if Government think a lesser sum would be enough, I would accept it, but I am sorry, my Lord, that I am opposed entirely. It was far from my mind to doubt the utility of the establishment of the Dacca University. I did not bring forward this proposal with any idea that we should discourage the establishment of the Dacca University in any way. My idea was that to give a fair start to primary education, an adequate sum is necessary and that Government should come forward with some substantial help, and in that view I brought forward this proposal. I still hope that Government will see their way to accept the resolution."

*Resolutions.*

**APPENDIX TO THE LIST OF BUSINESS—Item No. 8.**

In the absence of the **Hon'ble Babu Akhil Chandra Datta** the following resolution which stood in his name went by default :—

This Council recommends to the Governor in Council—

(*a*) that suitable provision be made in the next year's Budget to give effect to the scheme of water-works for the Chandpur Municipality; and

(*b*) that the necessary amount be taken out of the provision of Rs. 1,25,000 in the Land Revenue Budget as a first instalment of the expenditure to be incurred on circle officers.

**AFTER LUNCH.**

**APPENDIX TO THE LIST OF BUSINESS—Item No. 9.**

**The Hon'ble Maulvi Abul Kasem** moved the following resolution :—

This Council recommends to the Governor in Council that the sum of Rs. 1,620 allotted for the grant of personal allowance of clerks in the office of the Commissioner of Police, Calcutta, be added to the grant for the provision of primary scholarships.

He said :—

"My Lord, by moving this resolution I beg to bring two facts to the notice of your Excellency's Government. Firstly, it is proposed in the Financial Statement to grant personal allowances to five of the clerks in the office of the Commissioner of Police, and it appears from the statement that these clerks draw a salary of Rs. 100, Rs. 125, Rs. 150 and Rs. 200 and it is proposed to add to their remuneration by the grant of personal allowances, and the only reason that I find in the statement for the grant of these allowances is that they have had no increase of pay for 5 years. My Lord, I beg to submit that if an increment is to be granted in the pay of ministerial officers, the case of the clerks and assistants in the offices of District Magistrates and District Judges should receive prior consideration than that of those ministerial officers employed in Calcutta. The head assistants and superintendents as well as the senior assistants in a Magistrate-Collector's office and the sheristadars, nazirs and head clerks in the District Judge's office have to perform certainly more responsible duties than the assistants in the office of the Commissioner of Police and their work is certainly much harder than that of these clerks. I am afraid, my Lord, that in the case of the presidency police the Government have to concede generally the proposals made by the authorities of the police, and in making these allotments the cases of other officers of Government are not properly considered. I suggest that this sum may be added to the funds allotted for the provision of primary scholarships and I make this suggestion because I think the amount allotted for these scholarships which is a little over Rs. 2,000 is not sufficient for the purpose. I beg to submit, my Lord, that this grant of personal allowance is to my mind a little bit of extravagance and should not be granted, and that the money can be better utilized either by increasing the grant for primary scholarships or in even other better purposes than this. With these words, my Lord, I beg to commend the resolution to the acceptance of the Council."

*Resolutions.*

*Mr. O'Malley; Maulvi Abul Kasem; Babu K. M. Chaudhuri.*

**The Hon'ble Mr. O'Malley** said :—

"My Lord, the hon'ble mover is under a misapprehension in stating that only Rs. 2,000 has been allotted for scholarships. If he will turn to page 110 of the Civil Budget Estimates, he will see that altogether Rs. 14,500 are allotted for upper primary scholarships and Rs. 1,500 for lower primary scholarships; the total provision for primary scholarships in the Budget therefore comes to Rs. 16,000 and this figure is based on actual requirements. It represents the sum which Government provides for primary scholarships, and in addition to them scholarships are also provided by local bodies. The resolution starts with the assumption that the sum of only Rs. 2,000 is allotted for primary scholarships, and that it is necessary to increase it by Rs. 1,620 to bring it up to the total of Rs. 1,000; and I think therefore that when a total of Rs. 16,000 has already been provided, it will be realised that the object of the mover is met. I submit also that it would not be fair to dock the clerks of the office of the Commissioner of Police of their allowances. The sum of Rs. 1,620 would not go far in providing scholarships throughout the province, but its loss would mean a great deal of difference to clerks living in Calcutta in these days of high prices, who receive these allowances only in cases of hardship and long service on the same pay. For these reasons, I am unable to recommend the resolution to the acceptance of the Council."

**The Hon'ble Maulvi Abul Kasem** said :—

"My Lord, when I gave notice of this resolution I never intended to press it to a division, but I only wanted to bring to your Excellency's notice and that of your Excellency's Government the fact that the money was wanted for primary scholarships and also the fact that it is not fair to grant personal allowances to clerks in the office of the Commissioner of Police whose office is situated at Government headquarters. The Hon'ble Mr. O'Malley has said that it will not be fair to deprive them of these personal allowances in these hard times, but I submit, my Lord, that in these days the work of the clerks and ministerial officers in mufassal stations is much harder than that of the ministerial officers at headquarters. What I wanted to do was to submit for your Excellency's consideration and that of Government the fact that the first party who deserves consideration at the hands of the Government in the matter of personal allowance were the ministerial officers employed in mufassal offices, but if Government think otherwise I must submit to it and I must withdraw the resolution."

The resolution was then, by leave of the President, withdrawn.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 10.

**The Hon'ble Babu Kishori Mohan Chaudhuri** moved the following resolution :—

This Council recommends to the Governor in Council that the increase in fee receipts and the savings, if any, for each of the Government colleges be spent for the improvement and development of that institution by bettering the prospects of the teaching staff and meeting other requirements of the college, and that necessary changes be made in the Budget accordingly.

He said :—

"My Lord, recently, about a year ago, increment has been made in fee rates for the Krishnagore, Hooghly, Chittagong and the Rajshahi Colleges.

*Resolutions.*

*Babu K. M. Chaudhuri.*

and last year I brought forward a resolution—that fee rates should not be increased—for the benefit of the poorer section of the student community. Unfortunately I was not successful. The reply of Government was that a uniformity of rate should be observed. I expected not only a uniformity in fees but a uniformity in other advantages, that uniform educational facilities would be provided and the money would be utilized for that purpose. I do not know what has been done about the other colleges—I mean the Krishnagore, Hooghly and the Chittagong Colleges—but I know something of the Rajshahi College. The number of students in Rajshahi College is about 800, next to Dacca I believe, where the number is about 900, only a difference of about 100 students, and in other colleges, namely, Krishnagore, Hooghly and Chittagong Colleges, the number does not exceed 250. The fee rate in the Rajshahi College has been raised from Rs. 4 to Rs. 6, thus effecting a monthly gain of about Rs. 1,500 with 800 students which comes to about Rs. 18,000 annually. If this increment be utilized for providing facilities in educational matters and other requirements of the college, the institution will no doubt be much benefited, but unfortunately this is not done, inasmuch as there is not a single officer of the Indian Educational Service in that college. I noticed from the last quinquennial report that there are about 11 officers of the Indian Educational Service in the Dacca College and even in the Krishnagore, Hooghly and Chittagong Colleges there is one such officer in each of these institutions, though their number of students does not exceed 250. On account of the absence of an officer of the Indian Educational Service in the Rajshahi College the senior officers in that college do not get the benefit of officiating vacancies, while in other colleges the junior professors do benefit by acting allowance, and the result has been that some of the best professors have left the institution for better prospects and some are trying to go elsewhere. That is a thing, my Lord, which I think that Government should not consider reasonable, and it is for this reason that I have brought forward this resolution to draw the attention of your Excellency's Government to it. If the students are to have the benefit of getting lessons from the best professors in the department the prospects should be made attractive to draw the best men to the service. In this year's Budget there is a provision of Rs. 120 a month for the appointment of a lecturer in Mathematics. I think a man standing high in Mathematics cannot be satisfied with Rs. 120 for any length of time. One may be very anxious to get the appointment, but after a year or so he will be dissatisfied and will go elsewhere. As far as I know there is no adequate arrangement for the library in the Rajshahi College. There are lots of other requirements. Then there is the question of the erection of a hostel for the construction of which only Rs. 50,000 has been allotted, though there has been such a large increase in the recurring income, while the cost of a decent hostel cannot be anything under 2 or 3 lakhs. It is more for drawing the attention of your Excellency's Government to this inequality of advantage in the Rajshahi College that I bring forward this resolution. My proposal is that if an uniformity of rate is to be observed the uniformity of advantages for imparting education in all these colleges should also be considered. Then there is the case of the Professor of Mathematics who is serving for the last 30 years with credit and that of the Principal of the institution who, at a time when Government was anxious to abolish the institution, saved the situation, and it is now one of the most efficient Colleges in the mufassal, still nothing has been done for them, and I hear that they are discontented with their present appointments. I therefore venture to think that arrangements should be made for giving two or three officers of the Indian Educational Service to this college, and if the professors who are serving there for a long time are thought competent may be promoted or transferred elsewhere, they being replaced by men of superior merits. Such an arrangement will benefit the students also considerably."

*Resolutions.*

*Mr. O'Malley.*

**The Hon'ble Mr. O'Malley** said :—

"My Lord, the hon'ble mover refers in this resolution to certain orders of Government which were passed nearly two years ago which raised the fees in four Government colleges from Rs. 4 and Rs. 5 to Rs. 6 a month. My hon'ble friend now wishes that the additional income obtained from fees in these colleges should be spent on their improvement and development. He has fortified his case by referring solely to the Rajshahi College in which he himself is keenly interested, and as I have told him before I am myself interested as having been at one time President of the Governing Body. As regards his reference to savings, I presume he means the excess of fee receipts over the cost of maintenance. I can assure him that in none of these schools are there any savings at all. After allowing for the receipts from fees and endowments, the last of which are comparatively small—the amount is only Rs. 17,000 a year—there is a deficit every year in every Government college, which has to be made good by Government. So far, therefore, from the increased fees to which I have referred having resulted in savings, there is still a heavy deficit. I will quote some figures.

The Krishnagore College costs Rs. 56,000 a year, of which only Rs. 15,000 is obtained from fees. In the Sanskrit College, another college in which fees were increased, the fees after the increase accounted for Rs. 11,000, and there is a difference of Rs. 17,000 which is made up by Government. The cost of the Chittagong College is Rs. 49,600, of which only Rs. 26,000 comes from fees. The expenditure on the Rajshahi College is Rs. 89,000 and fees and endowments account for Rs. 65,000, leaving Rs. 24,000 a year to be found by Government. There is no surplus to be spent on the improvement and development on these colleges ; they have to depend on the grants made from our general revenues. The increase in fees has undoubtedly increased the income which Government derive from the colleges, but they are far from being paying concerns ; and as I shall mention shortly, Government has incurred considerable additional expenditure since the fees were increased and will shortly incur more. In any case it is out of the question for Government to treat each college as a separate entity in this way. Government is anxious to improve the colleges in which fees have been increased ; but it is also equally anxious to improve colleges in which fees have not been raised. The claims of all the different colleges have to be considered and money allotted for their requirements according to the relative urgency of the reforms which have to be introduced. Apart from this, it would be out of the question to spend extra receipts in bettering the prospects of the teaching staff in four out of our eight Government arts colleges. The hon'ble mover has drawn rather a moving picture of the poor prospects of the professors and lecturers of the Rajshahi College, but I may remind him that the teachers and professors belong to graded services and they must receive the pay and promotion common to those services. It would be impossible to give them preferential treatment while they are at a particular college, say, the Rajshahi College, and to give them extra pay temporarily as a special concession merely because the fees in that college had been raised two years ago. If this were done, the teachers of other colleges would be clamorous for transfer to the Rajshahi College, simply in order to get the extra pay, and the teachers left in the other colleges would have good cause for complaint.

I would remind the hon'ble mover too that since the fees were increased Government has done a great deal for these colleges. My hon'ble friend has referred to the proposal to entertain an extra lecturer in Mathematics at the Rajshahi College. There is an increasing number of students taking Mathematics up to the B. A. and B. Sc. standards and the work has proved to be too much for the existing staff, and it is therefore

*Resolutions.*

*Babu K. M. Chaudhuri.*

sought to relieve the staff by appointing an extra lecturer. Then again, Government has provided the sum of Rs. 50,000 for a new hostel. Here I think the hon'ble member is under some misapprehension. He assumes that that is all that Government intend to give for the hostel. He says that the hostel will cost 2 or 3 lakhs. I think his estimate is somewhat excessive—it may have been raised since I last saw the plans—but I think it is under two lakhs. The half-lakh now budgetted for is merely the first instalment of the cost of that scheme. The whole amount has not been provided for in one year because the building will not be built in one year; the requisite amount sufficient to carry out the scheme will be provided in subsequent years. He has neglected the case of other colleges like Krishnagore for which Government is doing a great deal. It is important that these mufassal colleges should be developed, especially in regard to the selection of subjects taught, because in the mufassal colleges, unless there is a considerable variety of subjects, students will flock to Calcutta and the mufassal colleges will not attract them. The Krishnagore College up to 1917 had only limited affiliation. It was affiliated in Political Economy, Political Philosophy and Persian up to the B. A. Pass standard, and the only affiliation up to the B. A. Honours standard was in Sanskrit, which does not appeal to a very large number of students. It was desired to extend the affiliation. In order to do that a number of additional appointments were made last year—a professor of English, a lecturer in English and a teacher of Mathematics and a professor of Philosophy. The college has consequently been able to obtain affiliation in English up to the B. A. Honours standard, in Philosophy up to the B. A. Pass standard, and in Mathematics up to the B.A. and B.Sc. Honours standards. Additions to the building and equipment of the college as well as to its library have also been made, and Government is now considering the question of appointing a Professor of Political Economy and Political Philosophy. The efficiency and popularity of the college have been greatly increased by these measures since the fees were raised. To take the case of Chittagong, another college in which the fees were raised, only last year Government appointed a lecturer in English, a lecturer in Logic and a professor in Economics so as to allow of affiliation in English up to the B.A. Honours standard and in Economics up to the B. A. Pass standard, and in Logic up to the Intermediate standard. The Hon'ble Member has also referred to the case of the Hooghly College. He is under a misapprehension in thinking that the fees were raised in that college. Before 1917 the fees stood at Rs. 6 and they have remained at that figure. I may however tell him that in that college an additional Professor of English was appointed last year. It is also proposed to extend the subjects taught at this college and to obtain affiliation in Philosophy and Economics up to the B. A. Pass standard from the commencement of the next session. It is on this account that Rs. 5,500 has been provided in the budget for a Professor in Economics and a Professor in Philosophy as shown at page 71 of the Financial Statement.

I am afraid, my Lord, that I cannot recommend the resolution for the acceptance of the Council."

**The Hon'ble Babu Kishori Mohan Chaudhuri** said :—

"My Lord, I am glad that attention is being given to the reforms of these colleges, but what I complain of is this :—I know that Government is spending a good deal on these colleges, but what I mean is that there is no uniformity of expenditure in these colleges. A large sum is spent for Rajshahi, but the expenditure per head would not be more than Rs. 50 or Rs. 52—it ought to be Rs. 150 per head. In the Presidency College it is of course very high ; in Dacca it is over Rs. 200. Government in introducing a uniform fee rate should see that there is uniformity of advantages allowed to

*Resolutions.*

*Babu K. M. Chaudhuri.*

the students as well as to the teachers. I explained in detail the difficulties of the professors in the Rajshahi College. I understand that Chittagong and Hooghly are going to be affiliated in Economics and by that arrangement they are going to have professors of the Indian Educational Service for Economics. In the Rajshahi College in the last 6 or 7 years. they have been teaching Economics—it is only affiliated in Pass standard—and a man in charge of Economics is a lecturer on Rs. 100 or Rs. 150 a month—and the result is that the man is anxious to leave and is trying to secure an appointment either in the Hooghly or Chittagong College. If there is a new affiliation the man who is doing good work for the last 6 or 7 years ought to be given some preference, but that has not been done and in other colleges where there is new affiliation, men in superior service are going to be appointed. In the case of the Rajshahi College, the present incumbent is anxious to leave. My point is that if there is some increment in fee rates—I do not mean to say Government is going to be relieved of the entire charge for the college—that increment should be utilised in the improvement of the college. The per head expenditure in the Rajshahi College was previously about Rs. 50 or Rs. 52; it is now come down below Rs. 30; that should not be the case. It is to bring these inequalities to your Excellency's notice that I brought forward this resolution. I do not press for any decision at once. With these remarks I beg to withdraw my resolution."

The resolution was then, by leave of the President, withdrawn.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 11.

**The Hon'ble Babu Kishori Mohan Chaudhuri** moved the following resolution:—

This Council recommends to the Governor in Council—

(*a*) that provision be made for additional medical schools either in Calcutta or in suitable mufassal districts other than Burdwan, as may be recommended by a special committee appointed for the purpose; and

(*b*) that the same be met from the allotment of Rs. 1,25,000 provided for the appointment of circle officers.

He said:—

"My Lord, the arrangements for medical help in the mufassal are very inadequate. I know that in my thana, though there are over 80 villages, with a population of 2 lakhs, there are only two or three qualified civil hospital assistants under the service of the district board, and there is no other qualified doctor there. This is the case in the interior of Rajshahi. I believe that this is the case almost everywhere in the mufassal in this Presidency. The other day my hon'ble friend, Mr. P. C. Mitter, was giving me details of the state of medical aid in the mufassal, and he has made a special study of this, and I hope in this resolution he will see his way to say something about the state of medical help in the mufassal. There are some arrangements for municipal town headquarters of each district where there is a supply of medical practitioners, but the state of things in the mufassal is very deplorable. Your Excellency's Government are anxious to develop the resources of village life, and the proposed Act of Village Self-Government that is going to be passed very soon is an instance. The Act will no doubt develop the resources of the village and will see to the needs of sanitation and agriculture and so forth, but anyone having means will naturally be anxious to leave the village for the safety of his life and for the sake of his health, owing to the fact that there is no adequate arrangement for medical help in the

*Resolutions.*

*Mr. P. C. Mitter.*

mufassal. In this state of things, my Lord, it is urgently necessary that some more medical schools should be started. I am glad arrangements have been made for opening a medical school at Burdwan and that enquiries had been made for starting a school elsewhere, but the difficulty of want of suitable hospitals stood in the way. But in Calcutta there are several hospitals, such as the Mayo Hospital, the Sambhu Nath Pundit Hospital and other institutions where a medical school on the lines of the Campbell Medical School can be started. Recently there is a great demand for medical education, and most of the students applying for admission in medical schools are being disappointed. On the one side there is great demand and on the other side there is great anxiety for it. In the mufassal, I think some quacks supply the need or some homeopathic doctors are doing something, but that is not enough, and that is no real help. In this state of things my proposal is that some more money should be spent on medical schools. I see that there is an allotment of Rs. 1,25,000 provided for the appointment of circle officers who are to educate the people in the better management of local institutions to be started under the new Act, I mean the Village Self-Government Act. As far as I have been able to follow, I think the final arrangement is that the local boards are not going to be abolished as was the first proposal. The officers under the district boards and local boards for the present may be sufficient for the purpose of additional supervision. The people should live first and then they should have political education or political training. So these circle officers I do not think will be of very great utility to the villages. When the Act comes into operation there will be many other officers who will be able to educate the people in respect of political education and training, and the appointment of circle officers may be postponed for the present. The present need of medical aid may be considered and the appointment of circle officers postponed for the present."

**The Hon'ble Mr. P. C. Mitter** said :—

"As the Hon'ble Member has invited me to speak I should like to indicate that I am strongly in favour of clause (*a*) of the resolution, but I am sorry I cannot support clause (*b*) of the resolution. The question referred to in clause (*a*) of his resolution is what I consider to be one of utmost importance for Bengal and for rural Bengal specially. At the present moment we have 3,000 registered medical practitioners for the whole of Bengal, of whom about 2,000 practise in municipal areas where 3 out of our 45 millions live. So that in rural areas we have less than 1,000, or in other words we have one qualified medical man to every 42,000 of inhabitants. It is apparent that this is very inadequate. In England I believe there are about 1,200 or 1,250 inhabitants to one medical man. I speak subject to correction, as I speak from memory. I think the average in Europe is 1 to 1,500. Although our country is poorer in the rural areas of Bengal medical men can make a living by earning fees which are comparatively smaller than what medical men in Europe require. Bengal however is so insanitary that there is greater necessity of having more medical men in rural areas. I venture to think, my Lord, that if we have 10,000 or 12,000 more medical men in rural areas it will mean about 3,000 or 3,500 men to one medical man. Therefore these medical men will not only be able to make a living for themselves, but they will be filling up a great necessity of society and society will be very greatly benefited by them. At the same time these medical men will relieve congestion in clerical appointments and other professions. For this reason I am strongly in favour of clause (*a*) of my hon'ble friend's resolution.

As regards clause (*b*) I for one venture to think that if we are to take away the allotment made for circle officers then the line on which the future

*Resolutions.*

*Babu S. N. Ray.*

development of rural areas and the village union committees are contemplated by Government would be seriously interfered with. I do not think that the question of the future programme of medical education is a question which can be properly considered and adequately given effect to in a discussion on the Budget by suggesting that a sum be taken away from this particular item or that particular item. I would therefore appeal to my hon'ble friend to withdraw his resolution and at the same time I would appeal to Government to take this matter into their consideration and formulate something definite next year by which Government can provide for more medical men. There are many hospitals where with comparatively small expenditure provision for medical education can be arranged for. My friend has referred to the Mayo Hospital, Sambhu Nath Pundit Hospital and various other hospitals where at a comparatively small expense medical education can be provided for. But it is a problem which must first of all be considered by the Government in consultation with its own officers For these reasons I strongly ask my hon'ble friend to withdraw his resolution."

**The Hon'ble Babu Surendra Nath Ray** said :—

"My Lord, I wish to say a few words with reference to this resolution. The need of more medical institutions in this country is admitted on all hands and I think it is in contemplation of Government to establish more medical institutions. It appears that the Hon'ble Babu Akhil Chandra Datta has also given notice of a resolution to have a medical institution in Comilla and Sir Deba Prasad Sarbadhikari has also given similar notice to raise the status of the Medical School at Dacca to that of a college. All these resolutions point to the fact that people feel the need of more medical men in the country. I think it was in the year 1913 that the public came to know that more than 500 boys apply every year to the Calcutta Medical College for admission, but only about one-fourth of the number got their admission. That is in the Calcutta Medical College. In the Campbell Medical School I think a larger number of boys used to apply and they were refused, and the reason given is that there is not sufficient laboratory arrangements for all these boys. The best solution of the difficulty would be, I think, to have more medical institutions outside Calcutta, but to have more medical institutions outside Calcutta it is necessary that there should be proper hospital arrangements in mufassal towns, and unless there are proper hospitals it is useless to have medical schools. I think about two years ago Dr. M. N. Banerjee moved a resolution in the Supreme Council to impart medical education in vernacular and to have a number of such institutions all over the country. That resolution was accepted on behalf of Government by the then Surgeon-General Sir Pardey Lukis, but since then it appears that nothing has been done. In answer to my question at the last meeting of the Council as to whether anything has been done towards this direction, the answer given was in the negative. Though that resolution was accepted by the Imperial Council it appears that nothing has been done by the local Governments at least by your Excellency's Government. Then as regards the ways and means, I quite agree with my Hon'ble friend, Mr. Mitter, that this item of Rs. 1,25,000, which has been allotted for the appointment of circle officers, ought not to be diverted to any other purpose. If the Village Self-Government Bill be passed into law, as we hope it will be in April next, it will be necessary to appoint these circle officers in order to give the union boards a good start, and I think not only Rs. 1,25,000 but more money will be needed if we want a very large number of union boards all over the country. So in these circumstances I think this allotment of Rs. 1,25,000 should not be diverted from the purpose for which it has been made. I need hardly say that Government will be able to see their way to provide funds for this purpose from another allotment."

*Resolutions.*

*Sir Henry Wheeler.*

**The Hon'ble Sir Henry Wheeler** said :—

"My Lord, this resolution is one of three which deal in varying aspects with the same subject, and it may possibly shorten the discussion hereafter, and enable a more comprehensive consideration of the whole question, if I now make remarks which are more or less applicable to them all. The first resolution is that which has just been moved and which recommends the opening of additional medical schools at places to be determined by a committee. The second is to open a medical school at Comilla, and the third, so far as I am now concerned with it, is to open a medical school either at Mymensingh or Chittagong. Therefore they all have the same object in view, namely, an increase in the number of medical schools, though two of them are more specific than the present one as to where they want the schools to be located.

With the desirability of offering additional facilities for medical education in Bengal the local Government are in agreement, but I would venture to utter a word of warning against our being carried away by the appreciation of the medical needs of the country (a striking demonstration of which was afforded by the recent influenza epidemic) into thinking that we should embark headlong on an indiscriminate policy of placing a medical school at any district headquarters which in any way could be imagined to lend itself to it. We must proceed with caution. We have got to consider the facilities of the particular centre we are choosing, the opportunities it offers for supervision and hospital practice, and the area from which it is likely to draw both patients and pupils, as well as other incidental factors. But, Sir, we admit the need of increasing the number of these schools, and in our present Budget we have taken a step in that direction by making provision for a school at Burdwan. That is a beginning of a forward policy, and for the present I submit that we would do well to complete this scheme, and see how it works before we proceed to rather indiscriminate expansion. The provision of one lakh is not sufficient even to complete the Burdwan scheme. The total capital expenditure involved is Rs. 1,57,000, while if we add another desirable feature, a hostel, it would cost another one and-a-half lakh. So we may reasonably finish what we have begun before embarking on anything new.

I would also like to explain to the Council the circumstances in which we chose Burdwan, especially as one of the suggestions of the Hon'ble Babu Kishori Mohan Chaudhuri is that we should send round a peripatetic committee to discover other centres. Most of the facts which are relevant in this connection are already known to us, and when we selected Burdwan, we had regard to what the alternatives were. First of all, there were certain alternatives in Calcutta. There was a possibility in connection with the National Medical School of Dr. Mullick, which was examined very carefully by a special committee, but which, after full consideration, did not appear to afford a thoroughly satisfactory solution. The financial position was in no sense assured; the aid which might have been expected from private sources was vague and ill-defined; the buildings could never have been made entirely satisfactory for the purpose; the facilities for clinical teaching would have been inconvenient, and, at best, it would have meant opening another medical institution in Calcutta, thus adding to the congestion of students which already exists in this city. On the educational side we are always talking of the evils of that congestion, and we have to spend large sums on hostels, etc., in order to try to remedy them. Therefore it is only reasonable that we should exercise caution before embarking on a policy which can only add to the present number of such students. Another alternative was to start a medical school at Howrah. We have there a very fair hospital, thanks largely to the energies of Colonel Waters and the liberality of the local mill-owners, but there again it would have been a repetition, in only a slightly less degree, of the objections of adding

*Resolutions.*

*Sir Henry Wheeler.*

to the number of metropolitan students, while again it would have involved the acquisition of a site amid very expensive surroundings. I have given instances this morning of the Medical College, where every addition and every improvement which has been made or has to be made hereafter, runs into lakhs of rupees for land before even building operations are commenced. Therefore we discarded that idea. Mention has been made of the possibility of utilising the Mayo Hospital or the Sambhu Nath Pundit, but I believe the Belgachia authorities are rather anxious to obtain facilities for training their students at the former hospital, which, if that scheme went through, would not be available. No definite plan has yet been formulated, but the possibility was mentioned to me by Surgeon-General Robinson before he left.

Going outside Calcutta, we then looked round for other possible centres. We did not consider the particular case of Comilla, which the Hon'ble Babu Akhil Chandra Datta has indicated in his resolution because, I think, he must have been moved more by local patriotism than by arguments justifying any such expenditure. I have visited the hospital at Comilla. It is one of the worst mufassal hospitals I have ever seen, and only contains 28 beds, and it is impossible to start a school there.

Next we considered the case of Chittagong, which *primâ facie* offered various advantages. It is in an out-of-the-way corner of the province, which is apt to be neglected; it is a large railway centre and a port. However, we found that the local hospital, though it is a very fairly well-run institution, did not lend itself to teaching; it was inconveniently placed, and the wards were too narrow; the proposition, as put before us by the Civil Surgeon and the local officers, was that we should build an entirely new hospital on a better site. That obviously would have increased very largely the cost of the total project. Then we thought of Mymensingh, where the hospital has been rebuilt in recent times; a little while ago it was in financial difficulties, and last year in addition to sums that we had already given, we made a further grant, but just recently, I am glad to say, the leading zemindars of the district seem to have come forward and subscribed with commendable generosity, which, I hope, will enable the hospital to be placed on a satisfactory footing. But for the present it is rather in the making, and one objection to choosing Mymensingh was that it would be rather next-door to Dacca (at any rate it is not very far away), where we already have a flourishing school.

For these reasons we turned to Western Bengal, and chose Burdwan because there is a good hospital there and facilities which held out good expectations of the success of the school, not the least being the co-operation which was generously promised to us by the Maharajadhiraja Bahadur. For these reasons we settled upon Burdwan, and I mention these facts merely in order to explain to the Council that while we have sought for other places, there are in this matter factors to which weight has to be given. It is very easy to say—'Here is a district headqurters, let us place a medical school here,' but it does not follow that a suitable scheme would be achieved. I would further again remind the Council that in addition to this new school, we have given additional facilities by raising the number of admissions substantially both at the Campbell and the Dacca schools.

I would merely add a few words as regards the resources from which it is suggested that this new expenditure may be met.

Taking the three resolutions, the suggestions which cover the finding of the money are, firstly, that we should take it from the provision for circle officers. I may have more to say about that when the Village Bill comes up, and I will only remark briefly here that circle officers, to my mind, are an integral part of any scheme for the furtherance of village government in

*Resolutions.*

*Babu K. M. Chaudhuri.*

Bengal, and the cutting away from the complaint, which is so often advanced against the provincial administration, that we do through the police so many things which in other provinces are done through the subordinate revenue establishments. Things have been done through the police in Bengal because there has been nobody else to do them, and the scheme of circle officers helps to remedy that defect by supplying a local agency which will be in constant touch with the villagers, and will enable them by encouragement and advice to foster the growth of small village organisations. It has been correctly remarked by one Hon'ble Member that the provision of Rs. 1,25,000 is only a portion of what will be required, if, as is hoped, there is a general development of village government and a gradual extension of it throughout the province.

The next resolution proposes to take the money from the nurses' quarters at the Medical College Hospital, but that would entirely frustrate progress in the improvement of that institution—progress which, it has been argued this morning, is already too slow.

The third resolution, in addition to mentioning public works, with which Mr. Cumming has already dealt, refers to the expenditure on the traffic police in Calcutta, and on the improvement of the prospects of European sergeants and inspectors. The traffic police is already working in this city, and the reasons for its employment can be demonstrated to anybody who cares to take a walk along the streets. The improvement of the prospects of European sergeants has been forced upon us in order to get men to fill these posts. At present there are 58 vacant posts, and some 35 which should be held by a better class of men, and we see no prospect of getting better men unless we offer better prospects. There is, therefore, no very satisfactory head amongst those which have been enumerated which lends itself to economy, and from which we can find sums for carrying out any alternative proposal.

For the reasons I have given I would represent to the Council that, in doing what we have done in making a beginning with this new school at Burdwan, we are taking a reasonable step towards the advancement of medical education, and a step which we had better complete before we look round for fresh ground to break."

**The Hon'ble Babu Kishori Mohan Chaudhuri** said :—

"My Lord, I am glad that there is no difference of opinion as regards the necessity of the spread of medical education and I am glad that it is engaging the serious attention of Government and that Government is going to open a school at Burdwan. That is no doubt very desirable, but we should see how the circumstances stand. I am also glad to learn that arrangements have been made for taking more students at the Medical College as well as at the Campbell Medical School. I did not mean that a committee should be appointed and that it should go from place to place—a sort of peripatetic committee. Of course in view of the enquiries that have been made by Government, I do not think it is necessary to make any further enquiries. These enquiries may be taken as a guide when further provision is made for medical education either in Calcutta or the mufassal. As the matter is already engaging the attention of Government, I am not particularly anxious for a decision at once. As regards ways and means, there is some difference of opinion As regards the utility of Circle officers, we should not anticipate the decision on a Bill which will come up for consideration very soon. If it is considered that there is need for further medical education and supply of more medical men, I am fully convinced that the Government has been and is doing their best. In that view I do not think I would press this resolution and beg leave to withdraw it."

The resolution was then, by leave of the President, withdrawn.

*Resolutions.*

*The President; Mr. P. C. Mitter.*

## APPENDIX TO THE LIST OF BUSINESS—ITEMS Nos. 12 and 13.

12. The following resolution stood in the name of the Hon'ble Babu Akhil Chandra Datta :—

This Council recommends to the Governor in Council—

(*a*) that a sum of Re. 1 lakh be provided in the next year's Budget for the foundation of a Medical School at Comilla ; and

(*b*) that this sum be taken out of—

(*i*) the provision of Rs. 4,30,000 in the Budget for the acquisition of land for the new nurses' quarters in the Medical College Hospital ; and

(*ii*) the provision of Rs. 2,00,000 in the Budget for nurses' quarters in the Medical College Hospital.

13. The following resolution stood in the name of the Hon'ble Sir Deba Prasad Sarbadhikari :—

This Council recommends to the Governor in Council—

(*a*) that provision be made in the Budget for a non-recurring expenditure of two lakhs and a recurring expenditure of Rs. 74,540 for—

(*i*) the purpose of raising the Dacca Medical School to the status of a Medical College ;

(*ii*) establishing a Medical School at Mymensingh or Chittagong as the Government may think fit ; and

(*b*) that the necessary funds—

(*i*) for the non-recurring expenditure be obtained by reducing the expenditure under the head 45—Civil Works in charge of the Public Works Department by two lakhs and

(*ii*) for the recurring expenditure be obtained by omitting the items of Rs. 50,000 for the improvement of pay and prospects of European Inspectors and Sergeants and the reorganisation and extension of the Indian Traffic Police Rs. 24,550.

**The President** said :—

"No. 12 is already covered, so is No. 13(*a*) (*ii*). but I understand the Hon'ble Mr. P. C. Mitter will move 13(*a*) (*i*)."

The Hon'ble Mr. P. C. Mitter, in the absence of the Hon'ble Sir Deba Prasad Sarbadhikari, moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that provision be made in the Budget for a non-recurring expenditure of two lakhs and a recurring expenditure of Rs. 74,540 for—

(*i*) the purpose of raising the Dacca Medical School to the status of a Medical College ;

*Resolutions.*

*Mr. P. C. Mitter.*

(*b*) that the necessary funds—

(*i*) for the non-recurring expenditure be obtained by reducing the expenditure under the head 45—Civil Works, in charge of the Public Works Department, by two lakhs; and

(*ii*) for the recurring expenditure be obtained by omitting the items of Rs. 50,000 for the improvement of pay and prospects of European Inspectors and Sergeants and the reorganization and extension of the Indian Traffic Police, Rs. 24,550.

He said :—

"After what has fallen from the Hon'ble Sir Henry Wheeler I propose to be very brief as regards the resolution which stands in the name of the Hon'ble Sir Deba Prasad Sarbadhikari, so far as item (*a*) (*i*) is concerned. My Lord, the question of the condition and the number of medical men generally in this province is a question which has great bearing on the question of the establishment of a medical college at Dacca. While I admit that Government has taken, if I may say so, a step in the right direction by establishing a medical school at Burdwan, the needs of the province are such that there is much scope for extension of medical education, whether it be in medical colleges or medical schools. My Lord, we are going to have a University at Dacca, and if we have a medical college at Dacca even on a modest scale, say, a college with about 50 students, it will be, I venture to submit, of great assistance to the University when it is actually established. My Lord, I hope in the residential University of Dacca the troubles and difficulties which we had in our University in Calcutta will not be repeated. I hope that the bulk of our students will not be forced to drift into law colleges for want of any better vocation in life. I hope, my Lord, that the establishment of this college will divert our youths from striving after Government appointments. When the needs of society require training of our educated men in the medical profession rather than in literary walks of life, we cannot blame those young men if they drift to law and Government service if the Government or the University does not provide for suitable education in other walks of life. I think it would be helpful if your Excellency's Government, which is so anxious to make the Dacca University a success, will do a little spade-work and start a medical college there in advance. My Lord, we know that medical education takes a fairly long time. It is generally divisible into three stages. The first is the stage of preliminary scientific training when the student is taught chemistry, physics, botany and zoology. In the second stage he is taught anatomy, materia medica, physiology and organic chemistry. In the third stage he is taught medicine, midwifery, biology, hygiene and medical jurisprudence. I believe it takes about six years. If your Lordship's Government is pleased to make a beginning now, the immediate expense will not be very much, but ultimately I think the expense estimated by my hon'ble friend Sir Deba Prasad Sarbadhikari, namely, a recurring expenditure of Rs. 74,540, would prove to be too little, but the question of ultimate expense is involved in the question of the total expense of the Dacca University as a whole. For the first year it will be the preliminary scientific course with which we shall be concerned. Of course we should not start a medical college unless your Excellency's Government is prepared to have a medical college there as soon as the Dacca University is started. But as I think your Excellency's Government will be so prepared, I venture to think that this is an additional reason why a beginning should be made as early as possible for starting a medical college at Dacca. The general aspects have already been discussed, and I do not propose to take up

*Resolutions.*

*Sir Nilratan Sarkar.*

the time of the Council long, but I would like to say this, my Lord, that after the last speech of the Hon'ble Sir Henry Wheeler, I do not think I would press for this resolution, if the Government would be pleased to accept the general idea of starting a college at Dacca, I leave it to the Government to find out whether money would be arranged from the grant for the Dacca University."

**The Hon'ble Sir Nilratan Sarkar** said :—

"My Lord, I have looked at the matter from the point of view of the future university of Dacca whether the University of Dacca would be complete without a medical college—I believe it will not be complete without a medical faculty. Such a defect would be extremely prejudicial to the interests of the University. In the first place such a defect would materially restrict the scope of the activity of the workers whose duty it would be to build up the fabric of the University. Many of the professors will miss the opportunity of making research work in connection with many of the sciences concerned in the study of medicine. Such a defect would also restrict the number of the careers open to the graduates of the University—careers which we need so much in Bengal, careers other than law. Sir, such a defect would deprive young men of the opportunity of growing under the constructive, creative and original influence of the training in the sciences of life. I have no doubt that very soon the defect of such a training would be found out in the new University if it were started without a faculty of medicine. Another effect of such a defect would deprive the University of the sympathy of future benefactors who would not come forward with endowments. No University in these days can depend upon grants from Government alone. The public must come forward with help and endowments, and it is not likely that the University without a medical faculty would enlist the sympathy or the enthusiasm of the public in this connection. It would be like a fungus baby with one of its most important limbs mutilated—not exactly a case of mutilation—but with one of the limbs stifled because already that limb is in a nascent state. Any medical school can be developed with a little effort into a well-grown college.

My Lord, there is the other side of the question—the question of indefinitely multiplying the number of medical men with higher training, but I submit that in our colleges the training given to medical students is not exactly what is called higher training in medicine. In Great Britain there is one standard of training prevailing in all the colleges and schools. In this country having regard to the circumstances prevailing here at present, there are two standards of training prevailing in different schools and colleges. In the colleges there is a higher standard than that prevailing in schools, but I submit that the standard that is prevailing in these schools will disappear in the course of time and that the time is not so very distant, and in the near future it will be quite possible that all our schools will be raised to the standard of existing colleges, and I believe that one advantage of the addition of one college in Bengal will be an acquisition to the people of Bengal generally and not to the people of Dacca only. As regards the practicability my hon'ble friend has already spoken, and I will not repeat it. I am concerned in showing that there is necessity from the point of view of the authorities and from the point of view of the professors and of the students. It would be a boon to the people of Eastern Bengal. It is a practicable scheme and the expense is not very high. Under the circumstances I submit that Government would kindly consider the desirability of establishing a medical college in the Dacca University from the very start."

*Resolutions.*

*Sir Henry Wheeler; Mr. P. C. Mitter.*

**The Hon'ble Sir Henry Wheeler** said :—

"My Lord, apart from such considerations as I have already represented and which more or less are relevant in this connection also, my chief objection to the acceptance of the resolution is that, as matters stand, it is somewhat premature. It has been recognised by both the Hon'ble Members who have spoken that the scheme is closely wrapped up with the project of the Dacca university. I find that when the details of a university at Dacca were first under consideration by a committee, it was proposed that medical students should be taught at Dacca up to the level of the first M. B. Examination, leaving them to come to Calcutta to complete their course. That was the definite proposal of the first committee. The total outlay involved under their proposals was, as probably we all know, very large, and in the hope of getting something done a call was made by the Government of India for what was known as the 'minimum scheme'; that was meant to cover the essential features of a university, which it might be possible to finance immediately and so make a beginning. In preparing the 'minimum scheme' this idea of medical education was jettisoned in order to lighten the ship, but even the 'minimum scheme' did not go through, as the whole matter then became involved in the investigations of the Calcutta University Commission, the result of which we are still awaiting. Therefore, obviously, when we get the report of the Calcutta University Commission, and see, as we hope we shall see, their recommendations in connection with the initiation of a university at Dacca, we shall have to consider what remarks, if any, they have made on the subject of medical education, and we shall then have to decide what we can do. But at present I find it difficult to give any assurance beyond that. The idea of a new medical college at Dacca has obvious attractions, as Sir Nilratan Sarkar has said, and a medical faculty is a desirable part of any complete university. We want to see the Dacca university a success, and we would willingly see it provided with these facilities, quite apart from any wish to enhance the status and reputation of the ancient city of Dacca. In all these ways, the scheme, as I say, is attractive. Again, Dacca has already a hospital which is considerably above the *mufassal* standard, and although there may be reasons for caution, I am prepared to investigate the facilities at Dacca for running a medical college. Of course Calcutta is an ideal centre for such an enterprise, largely because of its size, which gives ample material for clinical training, and because of the prospects which it offers of private practice, hospital experience, and general enhancement of medical reputation, which attract the pick of the service from Northern India as professors. Obviously in these respects Dacca will fall short of Calcutta, and that aspect of the question will have to be considered. I would ask the Hon'ble Members who have spoken to be content to leave it at that, that when we get the report of the Calcutta University Commission the question will receive our careful consideration."

**The Hon'ble Mr. P. C. Mitter** said :—

"My Lord, it cannot be doubted that there is need for extension of medical education and it cannot be doubted that wherever facilities for giving further medical education exist full advantage should be taken of such facilities. The Hon'ble Sir Henry Wheeler has been pleased to indicate that Government will take the matter up, although for certain reasons given by the Hon'ble Member Government is not prepared at the present moment to move quickly. I am sure that apart from the reasons given by the Hon'ble Member in charge, your Excellency's Government agree with our view. The difference between us is more a difference of one of ways and means than anything else. But when the time ultimately comes for consideration of the question perhaps it will be helpful for your Excellency's Government to

*Resolutions.*

*Mr. P. C. Mitter.*

know what the views of the Indian representatives in the Council are, and from that point of view especially I would press the resolution."

The question being put the Hon'ble Kumar Shib Shekhareswar Ray asked for a division. A division was then taken with the following result :—

*Ayes—14.*

The Hon'ble Sir Nilratan Sarkar, Kt.
" " Mr. Provash Chunder Mitter, C.I.E.
" " Kumar Shib Shekhareswar Ray.

" " Babu Akhil Chandra Datta.
" " Babu Mahendra Nath Ray, C.I.E.
" " Mr. K. B. Dutta.

The ayes being 14 and noes 26, the motion was lost.

*Resolutions.*

*The President; Maulvi A. K. Fazl-ul-Haq.*

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 14.

The following resolution stood in the name of the Hon'ble BABU AKHIL CHANDRA DUTTA :—

This Council recommends to the Governor in Council—

(*a*) that suitable provision be made in the next year's budget for establishing a Medical College at Dacca; and

(*b*) that the necessary amount be taken out of—

(*i*) the provision of Rs. 4,30,000 for the acquisition of land for the New Nurses' Quarters for the Medical College Hospital; and

(*ii*) the provision of Rs. 2,00,000 for the Nurses' Quarters, Medical College Hospital.

**The President** said : "Item No. 14 is covered by the decision at which the Council has just arrived."

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 15.

The Hon'ble **Maulvi A. K. Fazl-ul-Haq** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that a lump provision of Rs. 4 lakhs be made for the relief of distress in the country consequent on the high prices of cloth; and

(*b*) that the requisite money be found by curtailing expenditure under the following sub-heads :—

| | | Rs. |
|---|---|---|
| (*i*) Agricultural Education | ... | 1,00,000 |
| (*ii*) Experimental Farms | ... | 1,57,000 |
| (*iii*) Agricultural Experiments | ... | 1,52,500 |
| (*iv*) Divisional Seed Stores | ... | 30,000 |
| (*v*) Sericulture ... | ... | 1,54,000 |

He said :—

"My Lord, I do not think I need take up the time of this Council by saying very many words as to the acute distress that is prevailing in this country in consequence of the high price of cloth. The complaint about this high price of cloth has been going on in this country for nearly two years, and although efforts have been made to bring some relief to the people, so far as can be said at the present moment, all these efforts have hitherto proved futile. I believe everyone who knows anything at all about the situation is most anxious that some relief should be afforded to the people, and the only question is one of ways and means. It has struck me in glancing through the various budget allotments that some money might profitably be set apart this year to relieve the distress from which the people are suffering. Coming to the suggestion that I have made I feel that I have suggested the curtailment of expenditure with regard to another department which appeals very largely to the imagination of the people and as to which also I might be accused of something like want of sympathy for a movement which is apparently of immense good to the agricultural population of the Presidency. I confess that in theory the department of agriculture is all that can be desired, but so far as my own personal experience goes, I do not think the

*Resolutions.*

*Kumar Shib Shekhareswar Ray.*

achievements of this department in improving the methods of agriculture have been such as to justify the large outlay which Government proposes to set apart with references to the activities of this department. I have suggested that the Rs. 4 lakhs be taken from the following sub-heads : (1) Agricultural education for which Rs. 1 lakh has been budgetted for. I do not quite understand what this agricultural education means. It is very good in theory, but I do not think the officers of the Agricultural Department have been so far successful in imparting any kind of education to the agriculturists either towards teaching them to improve their methods of agriculture or enabling them by the education that has been imparted by the department to make even one single blade of grass grow than they grew before. Whatever that may be, even conceding that some money should be set apart for agricultural education, I think Rs. 1 lakh is a little too much and some portion of it might be set apart for the purpose which I have in view in the first portion of my resolution. Then there comes the item Experimental Farms, under which there is a provision for miscellaneous expenditure to the extent of Rs. 81,000. I do not understand what this miscellaneous expenditure means, and unless I find something definite to prove that the department is going to undertake work of a substantial character, I am disposed to think that this Rs. 81,000 represents more or less a wasteful expenditure. Then the next item is Agricultural Experiments, and under this sub-head I find a provision of Rs. 1 lakh for the distribution of seeds. The distribution of seeds is not so urgently needed at the present moment, and even if some money is required I again consider that the provision that has been made is extremely liberal, at any rate not what the department could claim in view of their achievements in the past. Then there is the item of Divisional Seed Store, and under the head Seeds and Implements I find there is a provision of Rs. 32,000. Here again I consider this expenditure to be not justified by the work which the department will have in hand ; and lastly there comes the item Sericulture, under which there is an allottonent under the head miscellaneous of Rs. 60,000. I again confess I cannot understand what this miscellaneous expenditure is going to be. This seems to be an extravagance and having regard to the fact that we have not been given any explanations as to how this miscellaneous expenditure is going to be met, I will submit that this expenditure ought not to be sanctioned. If we add up the allotments that have been made under these various sub-heads I find that Rs. 4 lakhs can easily be budgetted out of these amounts which can be more usefully employed in relieving the distress owing to the high price of cloth than in carrying on experiments with the officers of the Agricultural Department—experiments which are more or less of a doubtful utility. I submit, therefore, for the consideration of this Council the resolution which stands in my name, and I hope it will be accepted by your Excellency's Government."

**The Hon'ble Kumar Shib Shekhareswar Ray** said :—

"My Lord, I rise again to oppose my esteemed friend. I admit that just at present there is an acute distress prevailing in the country owing to the abnormal rise in the price of cloth, but I also believe that we have somehow managed to get over the worst. In view of the probable increased output of cloth in England and transport facilities, I am sure that the prices would soon come down, and, moreover, we expect a good price for our jute this year. Thus, it would seem that much of the prevailing distress would soon cease to exist. I am, therefore, led to believe that my friend's resolution comes a bit too late to be of any real service to my countrymen. But what my chief objection to my friend's resolution is that he wants to curtail the expenditure on agriculture and allied subjects, and I beg to remind my friend that the Agricultural Department has been long neglected by the Government

*Resolutions.*

*Sir Henry Wheeler.*

It was my friend himself who on several occasions in the past brought this fact to the notice of the Government. Now that the Government have come forward to our help, I do not think it would be quite judicious on our part to ask them to curtail their expenses in this direction. In our country much depends on how the Government take to a subject. Because the Government neglected agriculture, we also found it hard to take to it. The whole thing appeared so vast and beset with difficulties that we became rather pessimetic and left it to the State to do what they could. Now, because the Government are enthusiastic about it, we too are considerably encouraged, and I am sure my community, I mean the landlords, would not fail to notice that the Government are showing active sympathy and would heartily co-operate with them. There is another matter, my Lord—some of the items under this head, as, for example, Sericulture, form part of a settled programme. Much has already been spent on them. If we now stop the work it would only mean a total loss of what has already been spent on them and, along with the monetary loss, it will mean a waste of much useful work. I would, therefore, request my Hon'ble friend not to press his resolution, and even if he does, I would appeal to him to leave the Department of Agriculture alone and cast his eye on some other really extravagant departments of the Government. Perhaps my Hon'ble friend thinks that the Agricultural Department is not properly worked. Well, if this is so, then it is our duty to watch the working of the department and not to give it up as hopeless."

**The Hon'ble Sir Henry Wheeler** said :—

"My Lord. I trust I may be excused from speaking at length on this resolution, firstly, because it was only a few days ago that we discussed at length this problem of cloth supply in Bengal, and secondly, because the Hon'ble Mover, as in another resolution which he has fathered to-day, has been little concerned with the actual proposal on which he desires to incur further expenditure, but has chiefly directed his criticisms to the working of a department from which he hopes to abstract some of its present allotments. I am particularly concerned with the cloth problem, and as regards that one finds it difficult to answer the resolution, as the Hon'ble Mover has told us so little as to what he wants to do with this large sum of Rs. 4 lakhs which he wishes us to put in the budget. He expressed a vague hope that, in some way undefined, we may relieve the distress consequence on the high price of cloth, but before we could consent to setting aside this very substantial sum, we may reasonably ask for something more definite. One can best consider the question in respect of those areas in which actual distress may prevail during the year—distress necessitating relief by Government measures in the ordinary sense. As regards the areas in which distress does not exist to that extent, but in which people are pinched, as they have been pinched all over the world, Government can hardly do anything. But as regards the first category, I said on the occasion of our debate about cloth the other day that if it seemed desirable, as a matter of relief, that facilities should be given for bringing in cheaper cloth into these areas, Government would consider that course as part of the machinery of assistance of distress, and if as a result of the Hon'ble Mr. Cumming's approaching visit to Bankura, Brahmanberia and elsewhere, we are told that it would help to give relief to the poor in those areas in which distress prevails in the matter of cheap cloth, we shall have to do our best to do so. But as regards the other areas, I cannot give the same assurance. The ordinary remedy which has been mooted since the price of cloth has risen is that of the manufacture of standard cloth and the placing of it upon the market. But the standard cloth scheme does not contemplate the incurring of expenditure by Government, so a provision of Rs. 4 lakhs is not necessary for the purpose. All that will be, and that is being, done in other provinces in the working of that

*Resolutions.*

*Maulvi A. K. Fazl-ul-Haq.*

scheme is to arrange for the supply of cloth at a particular price by special arrangements with the Bombay mills, to bring it to the local market, and to sell it at a price which covers the original cost and the transit expenses. There is little need to make a provision of Rs. 4 lakhs for this purpose, but, as I explained the other day, we have not hitherto thought it desirable to embark upon that enterprise. If we do not work the standard cloth plan in the usually accepted sense, what does this resolution really want us to do? If it desires us to exercise indiscriminate charity in the sense of buying cloth, whether it be standard or any other cloth, and placing it on the market at less than cost price, accepting the difference as a legitimate charge against the general tax-payer, then I am afraid we must say we cannot contemplate such action. I am talking of areas in which distress does not prevail in the sense that Government has undertaken measures and recognized the necessity of relief. There is no doubt that people would be more happy if times were more normal, but in such areas we cannot contemplate a general pauperization of the people in the sense that we should buy a certain amount of cloth at a high price and retail it at less. Therefore, Sir, on the merits of the proposal I submit that a case has not been made out.

As regards the sources from which the Hon'ble Member would find the money, I scarcely think that to-day he has been as happy as usual in his proposals for retrenchment. He enumerates five heads which altogether cover approximately Rs. 6 lakhs, and he says that we can easily find Rs. 4 lakhs out of them. If we can easily find Rs. 4 lakhs, all I can say is that it reflects most seriously on the reckless carelessness with which Mr. Donald has passed the departmental budget, and I have no reason for thinking that Mr. Donald has shown any such extravagance. Therefore, practically, to take Rs. 4 lakhs out of Rs. 6 lakhs, obviously means breaking up the work of the Agricultural Department, which, as the Kumar Shib Shekhareswar Ray has said, is carrying out work of benefit and utility. Therefore, on neither ground can I advise the Council to accept this resolution."

**The Hon'ble Maulvi Fazl-ul-Haq** said :—

"My Lord, I have very little to add to what I have already said in respect of the recommendation contained in this resolution. It is true I have not been able to formulate any definite proposals as to how the money would be spent for the purpose of relieving the distress. The reason is that it is very difficult to make definite proposals unless and until the materials necessary for coming to a decision on a question like this are at one's disposal. But I thought that if the money could be procured, Government might by some means or other find out suitable means of utilizing the amount in undertaking work which Government has as much at heart as myself or any other member of this Council. The question of getting Rs. 4 lakhs out of the allotments of Rs. 6 lakhs under the various sub-heads in the Department of Agriculture has given rise to a little adverse criticism from my esteemed friend Kumar Shib Shekhareswar Ray. I did not for a moment belittle the importance of the Agricultural Department, but what I really meant is this—and the Kumar has already anticipated me there—that I do not think that the department is being properly worked, and I, therefore, feel that if this large money is placed at the disposal of the department it may not serve the very useful purpose which the Government has got in view. I do not wish to take up the time of this Council by going into details so far as this question is concerned, but I wish to point out to the Council one singular fact which will throw some light on the exact question which arises out of the proposals which I have made. We find in every year's budget provisions made of large sums of money for the distribution of seeds, for agricultural education and so forth. I know something of the condition prevailing in mufassal, but personally I have not

*Resolutions.*

*Babu B. C. Ray.*

yet come across any tangible results of the activities of this department within at any rate the last five or six years for which I have scrutinized the budget for the purpose of making suggestions for curtailing the expenditure of this department. When I say that the department is not being properly worked I mean in reality that they have already got more money than they can usefully dispose of, and I, therefore, see no merit in accumulating money for the purpose of the expansion of a department which has not yet shown its aptitude for taking up the work and spending the money as usefully as one would expect from a department like that of Agriculture. Then, as regards the question which has been discussed by Sir Henry Wheeler of purchasing cloth at a low price and distributing it in selected areas, that was not exactly what I meant when I gave notice of this resolution. As I have said I have no definite proposals to make and I have only suggested that the money should be set apart and if necessary expert advice should be taken in order that some definite scheme may be formulated for spending this money for the purpose which I recommend by means of this resolution. If Government thinks that the proposal cannot be accepted, of course there is an end of this matter; but I want once more to emphasize the fact that the distress prevailing in consequence of the high price of cloth is still a very acute one, and it is not quite correct to say that we have somehow managed to tide over the period of real difficulty. The distress is still real and very acute, and if not by the means I have suggested, some other means ought to be found for removing the acute distress that is now prevailing. I do not wish to waste the time of this Council and with these words I beg to recommend the resolution for the acceptance of this Council."

The motion was then put and lost.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 16.

The Hon'ble **Babu Bhabendra Chandra Ray** moved the following resolution:—

This Council recommends to the Governor in Council—

(*a*) that an allotment of Rs. 2 lakhs be provided as subvention to the District Boards and the mufassal municipalities for enabling them to make arrangements for the retail sale of food-grains and other necessaries of life at cost price in selected areas; and

(*b*) that a corresponding reduction be made in the provision for the nurses' quarters in connection with the Calcutta Medical College.

He said:—

"My Lord, it is obvious that scarcity does not prevail all over the country in the same degree just now, though prices of rice, and particularly pulses, rule very high everywhere. Relief in its usual forms can be expected to be organized only in localities where definite famine conditions prevail. And even then, the middle classes—who are in one sense the worst sufferers—are not benefited thereby, because they prefer to starve in secret, as pointed out by Mr. Vas in his appeal in connection with Bankura famine.

My Lord, I do not desire to take up any more time of the Council in discussing my proposal in details. I believe the resolution carries with it its conviction. It is to be hoped that my suggestion, if accepted, will enable the district boards and municipalities to bring relief to the door of such people as are now beyond the reach of existing relief organizations, without, at the same time, doing violence to Government's policy of non-interference with trade.

*Resolutions.*

*Mr. Cumming; Babu B. C. Ray.*

Now, to turn to the retrenchment suggested by me, I think that if once the contention put forward by me is accepted, there is hardly any item in the budget which ought not to submit itself to a process of shearing. If I have selected the new nurses' quarters at the Medical College it is because I agree with Sir Henry Wheeler that they are 'unfortunately expensive', and for the additional reason that this capital expenditure may with advantage, be spread over two years."

**The Hon'ble Mr. Cumming** said :—

"My Lord, in this matter I do not think that it is necessary to say anything further than what was stated by the Hon'ble Sir Henry Wheeler on the occasion of the debate at the previous meeting of this Council. It was then stated that in the areas in which scarcity exists special measures might be taken. The Hon'ble Member proposes that Rs. 2 lakhs should be given to local bodies to enable them to make arrangements for the retail sale of food grains and other necessaries of life. He qualifies his proposal by saying that he does not wish to effect any interference with trade, but I would suggest to him—how can any such arrangement be effected without interference with trade? In fact, it is self-evident that it is not a business proposition that Government should take over the detailed distribution of these articles. As regards the particular items that might be considered, I may mention what has been done and what can be done. As regards salt, it is within the knowledge of all members present that the situation has been considerably improved by ensuring a sufficient supply and also by taking measures regarding the price. As regards kerosene oil, another practical essential to the life of the mufassal, it may be said that the measures taken under Sir Henry Wheeler's auspices in co-operation with the great importers of oil, have been successful in ensuring as far as possible a fair supply at a fair price, and also in preventing profiteering as far as possible. There remains the item of food grains itself. As has been stated earlier in to-day's proceedings, Government will take measures within areas in which scarcity exists and the normal procedure of relief will follow. As regards the particular class of persons whom the Hon'ble Member has mentioned, viz., the middle class community who are reluctant to come forward for public relief, in the areas in which such people have been found special measures have been taken; and Government have already given special grants which have been placed at the disposal of the local charitable relief committees who may distribute relief at their discretion. These being the facts, Sir, I do not think it is sound to ask for a subvention; and certainly a subvention of Rs. 2 lakhs for the whole province of Bengal would be of very little benefit. I, therefore, consider that the resolution in its present form should not be accepted.

As regards the second portion of the resolution, viz., that money should be taken from the provision for the nurses' quarters in the Calcutta Medical College, the matter has already been the subject of debate, and Sir Henry Wheeler has placed before the members of Council the reason why no further deduction should be made from this head."

**The Hon'ble Babu Bhabendra Chandra Ray** said :—

"Knowing full well, my Lord, what the fate of my resolution will be, I do not wish to press it. Of course I am assured, and I have come to know that special arrangements have been made for the relief of the middle class people by giving money by charitable associations. I think it would be waste of time to press this resolution. I therefore beg leave to withdraw it."

The motion was then, by leave of the President, withdrawn.

*Resolutions.*

*Babu K. M. Chaudhuri; Mr. Cumming.*

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 17.

The Hon'ble **Babu Kishori Mohan Chaudhuri** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that at least three model dairies be started at suitable centres in the mufassal with special arrangements for the improvement of the cattle breeding ; and

(*b*) that the sum required be met from a portion of the sum provided for agricultural education.

He said :—

"My Lord, Mr. Blackwood some time ago submitted his report in connection with the improvement of cattle in this province, and he suggested that cattle farms should be established here and there, and that would give a training to the people. It is in this connection that I bring forward this proposal. It is intimately connected with the improvement of agricultural education. What I say is this. that in these cases Government should show the way, and I suggest that three model dairies—whether three, two or one, it does not matter—may be started by Government. At least a beginning should be made. It will be a training-ground for the people in general, and it will serve the purpose of bull-rearing and improvement of cattle. People will learn by seeing the result of what is being done in the experimental agricultural farms, and they will see the utility of maintaining cattle, and what can be done for the supply of fodder, and how the supply of milk can be improved, and the benefits that can be derived. It is in this view that I have suggested the opening of a few model dairies, and I hope there will be no difficulty in accepting this resolution."

**The Hon'ble Mr. Cumming** said:—

"Sir, the request of the Hon'ble Member is to the effect that three model dairies should be started at suitable centres in the mufassal, special arrangements being made for the improvement of cattle breeding. It is somewhat difficult for Government to satisfy such contending requests as have been put forward to-day. On the one hand Government is accused of going too fast and too far in connection with agriculture and on the other hand of not going far enough or fast enough. The model dairy cannot be a commercial success if it is attached to a cattle farm. The main object is the improvement of cattle and not the sale of milk. We have already one such model dairy attached to the Rangpur farm, as regards which I made the following remarks at a recent meeting of this Council : 'Already there is an indication that the selection of the best cattle from acclimatized indigenous stock produces better results, both in the outturn of milk, and in bone and muscle. If this inference is supported, as time goes on, it will be desirable to create similar farms at many other places in the Presidency ; and this, I suggest, is the proper line of action for the improvement of cattle.' At the present moment I cannot recommend to the Council the starting of other dairies, inasmuch as the data to be obtained before taking such a step can only be obtained by the slow, gradual process of time ; and we must see whether the data satisfy us that the selection of indigenous cattle is desirable. We shall, however, endeavour to open new farms with the ultimate object of improving the breed of the cattle and the milk supply in Bengal. But as the resolution stands at present I am afraid I must ask the Council not to accept it."

*Resolutions.*

*Babu K. M. Chaudhuri; The President; Maulvi A. K. Fazl-ul-Haq.*

**The Hon'ble Babu Kishori Mohan Chaudhuri** said :—

"My Lord, I have very little to add to what I have suggested. My idea is that it is intimately connected with agricultural education, and of any sum set apart for this purpose, a portion may be usefully utilized in starting these model dairies, which will have the effect of improving cattle-rearing, bull-rearing and other connected matters. Of course it is for Government to consider in what way it should be done, but it was recommended by Mr. Blackwood and in that connection I have brought forward this resolution. I beg permission to withdraw this resolution."

The resolution was then, by leave of the President, withdrawn.

**The President** said :—

"The Hon'ble Rai Radha Charan Pal Bahadur is absent for the moment on public duty elsewhere. In these circumstances I have agreed to the postponement of the motions (items Nos. 18, 19 and 22) standing in his name until he is able to return."

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 20.

**The Hon'ble Maulvi A. K. Fazl-ul-Haq** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that a lump provision of Rs. 3 lakhs be made for hostels for Muhammadan students in Calcutta and the mufassal ; and

(*b*) that the money be provided for by a grant of Rs. 2 lakhs from the budget provision for Calcutta hostels (Rs. 2,89,000) and the mufassal hostels and messes (Rs. 1,09,376), and Rs. 1 lakh by a lump deduction from the budget provisions for the Departments of Fisheries and Director of Industries (26-B).

He said :—

"My Lord, I beg to move the resolution which stands in my name on the agenda paper. It will be in the recollection of this Council that this question has been pressed upon the attention of Government many times within the last few years, and if I have ventured to bring this question for discussion again to-day, it is in view of the fact that the question of hostel accommodation for Muhammadan students is becoming day by day one of increasing difficulty and also of urgency. I wish to place before the members of this Council for their consideration certain figures which I have collected and which will show how urgent and pressing is the necessity for providing hostel accommodation for Muhammadan students. To begin with, I wish to emphasize the fact that the need of the hostel accommodation for Muhammadan students is far more pressing than the necessity for such accommodation for non-Muhammadan students and for that purpose I will mention the following reasons amongst others. In the first place the existing hostel accommodation for Muhammadan students is insufficient as I would presently show ; secondly, if any private houses are hired and the students are to live there according to the rules and regulations of the University, there are

*Resolutions.*

*Maulvi A. K. Fazl-ul-Haq.*

very few Muhammadan landlords in Calcutta and the Hindu landlords are very reluctant to let Muhammadan students occupy their houses. I do not make this a point of complaint. It may be from their point of view the Hindu landlords are quite justified, but the result is that the Muhammadan students cannot, without much difficulty, hire a house belonging to a Hindu landlord. Then the Muhammadan students have, comparatively speaking, fewer relatives in Calcutta or in the headquarters stations in the mufassal with whom they can stay, and that again makes it very important that there should be hostel accommodation for them.

As regards my first point that the need for hostel accommodation is very pressing, I wish to submit for the consideration of your Excellency's Government the following figures The total number of Muhammadan students in all the colleges in Bengal—I am speaking not merely of Calcutta but of the mufassal also—comes up to about 2,600. Of this number about 700 reside in hostels, about 350 with approved guardians, about 200 with their own guardians and about 150 in attached messes. And, therefore, it would appear that about 1,200 are living in very undesirable surroundings. Hostel accommodation is, therefore, needed for about 1,200 college students, not to speak of a large number of high school students. The need is greatest in Calcutta where the number of Muhammadan students—to be exact—is 1,483, of whom about 300 live in hostels, 110 in attached messes and about 510 reside in approved hostels as will appear from the following figures : in the Elliot hostel 45, in the Baker hostel 196, in the Tayler hostel 73 and in the Carmichael hostel 166. Therefore, it would appear that there are in Calcutta 575 students for whom there is no approved hostel accommodation. Now, my Lord, if there are 1,500 students in colleges and if we have only been able to find accommodation for about 950, it is high time that steps should be taken as early as possible to remedy a state of things which compel students to live not only in insanitary surroundings but also under conditions which are absolutely condemnable from all points of view.

I find that there are provisions in the budget for Calcutta hostels amounting to nearly Rs. 2,89,000 and for mufassal hostels amounting to Rs. 1,00,000. But I do not find anything in the budget to show what portion of the grants should be utilized, if at all, for hostels and messes for Muhammadan students. I think that out of this sum, a large portion should be set apart for the Muhammadan hostel, and if there is any residue left it might be got from the provision under the head Fisheries and Industries. Here again I touch upon controversial grounds. I am not denying the importance of the Departments of Fisheries and Industries, although I am not quite prepared to give a certificate of efficiency to the Department of Fisheries, but at the same time I think that out of the large allotments that have been made under these two heads some money might be found which could be set apart for Muhammadan hostels in Calcutta and mufassal. This is a matter about which there can be no difference of opinion, and it is a matter about which I know Government is extremely anxious, and, therefore, I need not take up the time of the Council by dwelling on this point at some length. Government themselves have acknowledged that as much money as could possibly be found should be spent on Muhammadan hostels and they have given their pledges on it from time to time. I have collected some figures—which I have reasons to believe are correct—to show that in Calcutta about 600 students and in Calcutta and mufassal together about 1,200 students cannot find any accommodation. Under these circumstances I think that more provision should be made under this head, and I do not know what stronger case I can make out for this need of the Muhammadan students and for more provision for it in the budget. With these words I commend the resolution for acceptance by your Excellency's Government."

*Resolutions.*

*Maulvi Abul Kasem ; Mr. Wordsworth.*

**The Hon'ble Maulvi Abul Kasem** said :—

"My Lord, I rise to support the resolution which has been moved by my hon'ble friend Maulvi Fazl-ul-Haq. In doing so I must in the first place acknowledge our gratitude to the Government of Bengal for the steps taken by them in providing hostel accommodation for Muhammadan boys in Calcutta and at certain mufassal towns, but what I submit, my Lord, is that the accommodation provided is as yet quite insufficient and further provision should be made. As has been said by my Hon'ble friend Government are only too anxious to provide such accommodation and to help the cause of advancement of Muhammadan education, and the only difficulty Government finds is that of ways and means. We, on our part, my Lord, have tried several measures in order to provide funds for the advancement of Muhammadan education, but we have failed in all directions, and naturally we have to fall back on public revenue. The need for Muhammadan hostels is specially necessary on account of the fact that the system of education now imparted in our collegiate schools is not well suited to the members of the Muhammadan community. We want to give some sort of home training and religious education ; that we cannot do unless we have special Muhammadan hostels. For that reason and also for the reason stated by the Hon'ble Maulvi A. K. Fazl-ul-Haq that the Muhammadan boys find it extremely difficult to find a place to live in during their student career, this makes our case strong enough for the favourable consideration of Government. As regards the amount to be secured by a deduction from the Department of Fisheries, I might remind this Council, my Lord, that a couple of years back I suggested the abolition of the department, and my proposal was criticized by the Hon'ble Member in charge as preposterous. For these few years, my Lord, I have tried to find out whether the Department of Fisheries has in any way helped either the cultivation of fish or has increased the supply in this province, but I fail to see any improvement at all. We have now a Director of Fisheries, and he has got a larger staff than he had formerly, on which much money is spent, but as yet we have had no tangible result of the work of the department beyond certain experiments which are as yet only of academic value and nothing more. I submit, my Lord, that the question of providing hostel accommodation for Muhammadan boys is a very important question and should receive early consideration at the hands of Government, and as soon as funds are available that provision should be made. I think that according to the relative importance of the Department of Fisheries and the provision of hostel accommodation for Muhammadan boys, preference should be given to the latter. With these remarks I beg to support the resolution of my Hon'ble friend."

**The Hon'ble Mr. Wordsworth** said :—

"My Lord, I would first say a word about the items that are proposed to be reduced. The first educational item is described as Rs. 2,89,000 for Calcutta hostels ; Rs. 1,89,000 of that is pledged to the University in continuation of schemes almost completed, and in view of the urgency of the case Rs. 1 lakh is pledged to the Civil Engineering College at Sibpur for certain improvements in their sanitation. The item Rs. 1,09,000 is not capable of reduction. This is an item of recurring expenditure and represents our proper recurring expenditure according to arrangements entered into with various hostels and colleges in the mufassal. I am informed that the budgets for the Departments of Fisheries and Director of Industries represent merely the actuals with the exception of Rs. ½ lakh for development under the Director of Industries. This Rs. ½ lakh itself is not capable of reduction because it is an instalment towards carrying out certain proposals made in the report of the Industrial Commission, and I am informed—although on

*Resolutions.*

*Maulvi A. K. Fazl-ul-Haq.*

this point I do not speak with authority—that a representation has already been made for an increase of the budget provision under this head.

Turning now to the constructive part of the resolution, I may remind the Council that the matter has been debated here several times, and that last year in particular it was discussed at some length. The Hon'ble Mover on that occasion after hearing the situation explained on behalf of Government, withdrew his resolution, and the language with which he withdrew it is this : 'I have taken the assurance of the Director of Public Instruction and beg to withdraw the resolution, especially as there is no help for it.' I trust, my Lord, that the assurance then given and now repeated will be accepted as equally satisfactory. If it was then agreed that the Department of Education had done its best to meet the needs of the Muhammadan community, I would venture to assure the Hon'ble Mover that there has been no relaxation of will and vigilance in the department since that time. For such purposes as are contemplated in this resolution we have as resources either Imperial grants or Provincial grants. The Imperial grants are distributed for such purposes and on such conditions as the Government of India may care to lay down. Provincial grants are distributed under the grant-in-aid system and the grants-in-aid system of the Government of Bengal is the contrivance for testing needs and differentiating them from mere wishes or aspirations. Judged by this test there are few needs in the Muhammadan community in the matter of accommodation in college hostels. We have a fairly elaborate machinery in the Education Department for finding out these needs. The University itself is always accessible and as a member of the Department of Education and of the University, I would say that very few needs have been brought to notice during the last year. It is rather a naive way of representing the situation to subtract the number of students in hostels from the total number in educational institutions and to assume that their number is a measure of the need. I am unable to accept that as a test of the situation ; nor am I aware that the needs of the Muhammadan community in this respect are any greater than the needs of the Hindu community or of those classes that are known as backward classes. I would gladly see more provision made under this head if we were likely to spend it, but schemes mature slowly and, especially grants-in-aid schemes, depend on local contribution, and I am not acquainted with any scheme or needs or definite proposals that need pledge the department to greater expenditure during the next year than the expenditure already provided for. During the last three years we have spent practically Rs. 3 lakhs in capital expenditure for this purpose—I have not the figures for recurring expenditure immediately available. We have a number of schemes for hostels in Government institutions and non-Government institutions ; the schemes for Government institutions come to about Rs. 1½ lakh and those for private institutions to Rs. 1,30,000, and only one new scheme has recently been presented to us ; this will cost about Rs. 12,000 ; it is receiving attention, and if it matures, will be financed without delay. I, therefore, consider, my Lord, that we have sufficient provision in our budget for probable needs under the appropriate head of grants-in-aid, and I would assure the Hon'ble Mover that if our expectations are not fulfilled, and if the demand proves greater than our expectations, we strain every nerve and make every effort to meet the just needs of the Muhammadan community."

**The Hon'ble Maulvi A. K. Fazl-ul-Haq** said:—

"My Lord, I have placed certain figures before this Council for the consideration of the members and I may say that I took some pains to ascertain the facts as correctly as I could possibly do, and the figures that I have placed before the Council are, I believe, substantially correct. The Director of

*Resolutions.*

*Maulvi A. K. Fazl-ul-Haq.*

Public Instruction has said that it is not a good test to subtract the number residing in hostels and messes from the total number of students in colleges and schools, and then inferring from the figures arrived at that the question of hostel accommodation is of any great urgency or necessity. There is one little matter which I would respectfully like to remind him of and it is this: There are hundreds of students every year who cannot pursue their studies in Calcutta for want of sufficient hostel accommodation and who cannot take admission in colleges simply because of the insufficient accommodation in Muhammadan hostels. Therefore, the number which we have got at present on the college rolls—I mean the number of Muhammadan students—is much less than what it would have been if we had sufficient hostel accommodation for them. The absence of sufficient hostel accommodation really reacts on the number that take admission in colleges, and I think it is a very safe guide to find out whether the necessity is urgent or not by finding out how many of the college students are without any kind of hostel accommodation. It is true that on the last occasion when I brought this question up before the Council, the Director of Public Instruction speaking on behalf of Government was pleased to give me the assurance that the matter would receive his anxious consideration and that he would, as he has promised this afternoon, strain every nerve in its accomplishment if we could make out that the case of hostel for the accommodation of Muhammadan students is one of urgent necessity. It is very difficult for us to go about seeking students who go away from Calcutta disappointed by not getting seats in colleges and hostels and bringing every such instance to the notice of the Director. But, if he wishes it, I can do so, though I warn him that it would greatly interfere with his departmental duties if he is going to be beseiged by an army of Muhammadan students every day. It is true that assurances have been given from time to time, and although I greatly acknowledge the efforts that have been made for providing hostel accommodation for Muhammadan students from time to time, within the last 12 years in this very Council, very little tangible effect has been produced towards that direction. I find various budget allotments, under the head Education which the department has not been able to utilize. I wonder how, with the anxious solicitude on the part of Government, grants that have been made by the Imperial Government and other large sums of money were allowed to lapse simply for want of suitable schemes for spending the money on—the money at the disposal of the Provincial Government. I cannot understand why with such a pressing need before them—a need to which attention of the Government is drawn every year in the Council by discussions and resolutions—that money is allowed to lapse for want of definite schemes. I do not wish to say anything further on the subject, because I find that I have not been able to convince the Director of Public Instruction that the need for hostel accommodation for Muhammadan students is really as urgent as I have represented it to be. I wish to challenge only that portion of his statement wherein he says that the difficulty of Muhammadan students in getting hostel accommodation is not greater than non-Muhammadan students. I have already pointed out the special difficulties of the Muhammadan students. I need not go into details. These difficulties do not stand in the way of non-Muhammadan students, and I have not come across one non-Muhammadan leader who has not acknowledged his anxious solicitude for Muhammadan education even at the sacrifice of the interests of his own community. Whenever we have brought up the question of Muhammadan hostel accommodation and Muhammadan education, we have received nothing but sympathy from the leaders of the non-Muhammadan communities. Because they appriciate our difficulties at the present moment they sympathize with us, and if I am to press this resolution to a division I am sure every one of them will vote for me. But I do not wish to take up the time of the Council. I brought up this matter for consideration and it rests with your Excellency's Government to accept it or not."

*Resolutions.*

*Sir D. P. Sarbadhikari.*

A division then taken with the following result :—

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 21.

In the absence of the **Hon'ble Sir Deba Prasad Sarbadhikari** the following resolution which stood in his name went by default :—

This Council recommends to the Governor in Council—

(*a*) that a sum of Rs. 3 lakhs be provided in the budget for the improvement of private colleges ; and

(*b*) that the necessary funds be obtained by a corresponding reduction in the provision for Civil Works in charge of the Public Works Department.

*Resolutions.*

*Rai M. C. Mitra Bahadur.*

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 23.

**The Hon'ble Rai Mahendra Chandra Mitra Bahadur** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that provision be made for Rs. 5 lakhs for granting some allowance to all clerks drawing a monthly salary of one hundred rupees and less, employed under the Government of Bengal ; and

(*b*) that the expenditure be met out of the grant of Rs. 34,20,000 provided in the budget for New Works (including Minor Works) under the head 45—Civil Works in charge of the Public Works Department.

He said :—

"My Lord, the resolution speaks for itself. I need not take much time of the Council in moving this resolution. It is well known to your Excellency's Government that the price of all food-stuffs such as rice, flour, *ghee*, mustard-oil, spices, etc., etc., and other necessaries of life, *e.g.*, cloth, medicine, etc., have risen abnormally high. The hard-worked clerks under your Excellency's Government drawing a monthly salary of Rs. 100 and below find it very difficult to make both ends meet and maintain the members of their family and dependents properly. It is no exaggeration to state that many have been obliged to take one meal a day. Respectable merchants have kindly increased the salary of their clerks and further granted them a war bonus. Persons employed in the printing department of the Government of India in Calcutta and also a large number of persons in the Postal and Telegraph Department clerks under the various provincial Government have been granted allowances as detailed below :—

**Statement showing allowances sanctioned by different Local Governments and Imperial Departments.**

| Name of Local Government or Imperial Department. | Date from which the sanction has effect. | Rate of allowances sanctioned. |
|---|---|---|
| Post and Telegraphs | 1st November 1917 | Five per cent. of salary to all non-gazetted officers drawing pay up to Rs. 600 in addition to all other emoluments (*i.e.*, grain compensation allowances). |
| | 1st November 1918 | Additional 5 per cent. of salary to all non-gazetted officers drawing pay up to Rs. 70. |
| Controller of Printing, Stamps and Stationery. | 1st April 1918 ... | Five per cent. of salary to all members of superior establishment up to Rs. 600. Clerks drawing under Rs. 25 to get Rs. 25. Inferior servants to receive allowance under the Bengal Government scheme. These allowances may be drawn in addition to grain compensation allowance. |
| | 1st November 1918 | Additional 5 per cent. of salary to all members of superior establishment drawing pay up to Rs. 70. |

*Resolutions.*

*Rai M. C. Mitra Bahadur.*

| Name of Local Government or Imperial Department. | Date from which the sanction has effect. | Rate of allowances sanctioned. |
|---|---|---|
| Government of Madras. | 1st January 1919 | Rupees 4 when salary is Rs. 9 and under; Rs. 5 when salary exceeds Rs. 9 but not Rs. 16; Rs. 6 on salaries of Rs. 50 and under; men drawing over Rs. 50 but less than Rs. 56 should be given such sum as is necessary in each case to bring the pay to Rs. 56. Grain compensation allowance is not admissible in addition. |
| Mysore Presidency (Bangalore). | 1st March 1918 ... | Five per cent. of salary to all public servants drawing Rs. 50 and less in addition to grain compensation allowance. |
| United Provinces of Agra and Oudh. | 1st December 1918 | Rs. 4 to all whole-time Government servants on pay exceeding Rs. 30 but not exceeding Rs. 50 till declaration of peace. |
| Punjab Government | 1st October 1918 | Five per cent. of salary to all public servants drawing Rs. 50 and less in addition to grain compensation allowance. |
| Government of Bombay. | 1st January 1918 | Thirty-three per cent. on salary from Rs. 20 to Rs. 30; 25 per cent. on salary above Rs. 30 to Rs. 70; minimum pay of all clerical appointments to be raised to Rs. 20 and war allowance paid on it; and Rs. 4 to other superior servants on pay less than Rs. 20. Rs. 4 to inferior servants. Grain compensation allowance is not admissible in addition. (It has also been decided that a substantial portion of this allowance is to be eventually consolidated in pay.) Those drawing between Rs. 30 and Rs. 32 to be brought by an allowance to Rs. 40 and those above Rs. 70 to be brought to Rs. 87-8. |
| Central Provinces ... | 1st October 1918 | Rupees 3-8-0 to all whole-time Government servants drawing Rs. 16 and less; Rs. 6 to those drawing more than Rs. 16 but less than Rs. 50. (Grain compensation allowance is not admissible in addition.) Men drawing over Rs. 50 but less than Rs. 56 should be given such sum as is necessary in each case to bring the pay up to Rs. 56. |

Building materials including bricks are very costly now. If the construction of buildings be postponed for a year, the charges will be less. I, therefore, move this resolution for the kind consideration of your Excellency's Council that provision be made for Rs. 5 lakhs for granting some allowance to the clerks and this expenditure be met from the grant of Rs. 34,20,000 provided in the budget for new works (including Minor Works) under the Head 45—Civil Works in charge of the Public Works Department.

The question for consideration is whether the prices of food-stuffs and other necessities of life has risen abnormally high. On a previous occasion I brought to the notice of your Excellency's Council that this is a fact which cannot be denied and it is beyond dispute, and labouring under that idea I have ventured again now to bring forward the case of poor and hard-working clerks to your Excellency's notice. It is not necessary for me to plead their

*Resolutions.*

*Sir Henry Wheeler.*

case, but I base my arguments entirely upon facts. I have brought the matter to your Excellency's Council, and it would be an act of justice to take their case into consideration and increase their pay as suggested by me. With these words, my Lord, I commend the resolution to your consideration."

**The Hon'ble Sir Henry Wheeler** said :—

"My Lord, this resolution is by way of being an echo of a resolution which was moved by the Hon'ble Maulvi Fazl-ul-Haq at Dacca on the 19th August last, with this difference that while that resolution referred to public services in general, the present resolution refers only to clerks. Otherwise the Hon'ble Maulvi Fazl-ul-Haq made a somewhat similar proposal to that now put forward. I then opposed it on the general ground that in these days of economy we cannot always be as generous as we would like to be ; at that time grain prices were not high, which was a great relief to the poorer classes, and what we had done was mainly directed towards helping our menial establishments. With reference to them we had given relief involving an expenditure of Rs. 4 lakhs, out of a total scheme which would have entailed an outlay of some Rs. 17 lakhs. I said that, all things considered, that was about as far as we found that we could go. The proposal of last August is now practically repeated, but a general proposition of this kind should not be allowed to obscure the fact that in individual cases, according as they arise and according to their merits, we do give, and have given, relief even since August last to various lowly paid servants of Government. I have already referred to the fact that we have raised the pay of the menial servants in certain of the Calcutta hospitals. We have raised the pay of our press establishment on the lines of the action taken by the Government of India, which are included in the statement which the Hon'ble Member read out, and in the budget of this year we have a provision for helping the lowly paid clerks in the Registration Department. Therefore, it is not correct that we are unmindful of the needs of these low paid establishments, and in minor cases their grievances are constantly coming before us. That being so, the question is whether we should undertake a liability for this very large expenditure which the Hon'ble Mover estimates at Rs. 5 lakhs. I am not aware on what basis he has arrived at these figures, and bearing in mind that what we recently did for our menial staff involved us in an expenditure of Rs. 4 lakhs, I should think any measure of relief on the scale he has outlined must be a decidedly more expensive matter than he has mentioned. I do not think, Sir, that we should be justified even if we found the money, which it would be very difficult to do, in undertaking the liability suggested, and neither do the precedents that he has given us altogether make out a case for so doing. It is perfectly true that relief has been given to the Post and Telegraph Departments as well as to the Press and Railway establishments, but these are under the control of the Government of India and are more or less commercial departments which were subjected to a very heavy strain during the war, and I imagine that to that fact weight was attached. But apart from those instances, I cannot find in the statement a single province that has gone up in the way of relief to anything like those who are drawing Rs. 100 or under. Bombay seems to have gone up to those in receipt of Rs. 70, but the conditions of Bombay have been very special ever since the beginning of the war ; references to it have appeared in the papers, and I mentioned it in this Council, in particular, in the course of the Dacca debate. Otherwise other provinces do not seem to have admitted to help anyone drawing more than Rs. 50, and even such action has been taken only in Madras, the United Provinces, the Punjab and the Central Provinces, in all

*Resolutions.*

*Rai R. C. Pal Bahadur.*

of which areas, I may remind the Council, famine conditions are prevailing, which is not the case with us here in Bengal. On the precedents, therefore, I do not think the Hon'ble Member has justified his claim that we should help everybody up to Rs. 100, and the most I can hold out any hope of doing is in connection with papers which have just been handed to me to-day in Council. I see that in connection with one of these complaints which are constantly coming up from various sections of our staffs, we have been trying to work out a proposal to extend grain compensation allowance, possibly, to the clerical establishments in receipt of Rs. 30 and under. Grain compensation allowance, as the Council is aware, is an allowance which has now been in force for some years, and in this province it is regulated by orders passed in 1912. Its general principle is that it is regulated by a standard price of grain; if grain rises above a certain price those in receipt of a pay of Rs. 12 and under automatically get certain additions to their pay. In these papers it is suggested that we might give a similar measure of relief to clerks who are in receipt of Rs. 30 and under, and for that there is some precedent, since this Rs. 30 rate was in force at one time in place of Rs. 12 which is now adopted. I am willing to examine this suggestion further, and if we can see our way to find the money and work out a practical scheme on these lines, I will prepare a case and put it before your Excellency and my Hon'ble colleagues. There is some justification for doing so, as in my remarks at Dacca in August last I claimed that food prices were low; that, unfortunately, is no longer correct, although the prices are even now not as high as they have been in past years. However, they are not now low, and I think it is arguable that we should try and do something on these lines. I cannot be more explicit as I have not had time to examine the figures and work out details, but as a general measure of relief it looks as if something of this kind might be feasible. It does not go as far as the Hon'ble Member represents, but as I have explained, the conditions here are not the same as in other provinces, and we cannot go as far as he would wish. It is not unfair that we should relieve those drawing Rs. 30 and under, because it is those on the lowest rates of pay who have the first claim on our sympathy. I cannot accept the resolution, but I offer this possible solution to the Hon'ble Member for what he may consider it to be worth."

**The Hon'ble Rai Radha Charan Pal Bahadur** said :—

"My Lord, I rise to support the motion of my Hon'ble friend the mover of the resolution, and in doing so I may say that I have listened with very great attention, as far as I could hear, the observations of the Hon'ble Member who spoke on behalf of Government. My Lord, I acknowledge with gratitude that relief has been given in individual cases in the case of menial servants in hospitals, in the case of the press establishment and in the case of some low-paid clerks in the Registration Department. But, my Lord, the members of your Excellency's Government and the experienced members of the Indian Civil Service who are Government members here are well aware of the fact that the poorer *bhadralog* classes have been much impoverished in recent times. They are, generally speaking, people of very moderate means, earning Rs. 2 or Rs. 3 a day. They belong generally to the smaller trading community and also to the subordinate clerical establishment of Government. And, although, I observed a note of sympathy in the observations that have fallen from the Hon'ble Sir Henry Wheeler that he is prepared to grant some grain compensation allowance to clerks drawing up to Rs. 30 a month, I would ask him and your Excellency to consider this fact that in these days a man earning Rs. 2 a day cannot maintain a family of 10 or 12 heads, and such persons have consequently to starve on one meal a day

*Resolutions.*

*Rai M. C. Mitra Bahadur.*

or run into debt. I am not exaggerating, and I feel bound to give expression what is already prevailing in Bengal. I would respectfully ask your Excellency and specially the members of your Excellency's Executive Council to consider how it is possible for a *bhadralog* earning Rs. 2 or Rs. 3 a day to maintain a family of 10 or 12 persons in these days of high prices of food-stuffs and cloth and everything else. There is lamentation throughout the country. Of course, I know it is so all over the world. But in those countries Government is prepared to help the people under their charge, and if I may be permitted to make a suggestion, your Excellency's Government may be pleased to raise the Rs. 30 standard to a maximum of Rs. 60. It will then to some extent relieve the distress of the poorer *bhadralog* classes who are very hard pressed in these times of high prices. They are a mute class and they do not shout forth their grievances from public platforms or send lengthy memorials to Government. But all the same they are a long-suffering class and, therefore, if the Government can see their way to raise the maximum to Rs. 60 it will be received with as much gratitude as the announcement of the exemption from income-tax of incomes below Rs. 2,000 a year. If the Government of India can show that generosity I think your Excellency's Government can also extend their generosity by granting a grain compensation allowance to persons getting Rs. 60 a month or under. Mention has been made of the Post and Telegraph men who, it has been said, have been granted allowances because they worked very hard during war time. No doubt they have worked hard, but they surely got extra remuneration. Besides, the Posts and Telegraphs men are comparatively better paid than the class I am speaking of who are getting Rs. 60 and under and towards whom, I hope, the same concession will be shown. In Bombay, it has been stated, allowances are given to those who are drawing Rs. 70 or under—I do not know whether I have heard the Hon'ble Member right—but if that is so, I think it will be no extravagance if we extend the allowance to men drawing Rs. 60 or under. I hope this question will be sympathetically considered and that something will be done to give relief to the poorer *bhadralog* classes."

**The Hon'ble Rai Mahendra Chandra Mitra Bahadur** said :—

"My Lord, I have listened to the speech delivered by the Hon'ble Sir Henry Wheeler. I consider it a very important subject, because, when I put to the Council the condition of those clerks who are suffering much, I think I should also appeal to the generosity of your Excellency's Government. The Hon'ble Rai Radha Charan Pal Bahadur has said that they are suffering much ; they are toiling much from day to night ; no one to take care of them and no one to plead for them. Now, that, my Lord, is the position of these clerks. It is very gratifying to hear from what the Hon'ble Member of Government has said that Government will consider the case of those who are drawing Rs. 30 or so. My proposal is to the effect that the case of those who are drawing monthly Rs. 100 or below should be considered. The state of things if described properly to the Council is that every person who knows the conditions of life of these poor clerks will sympathize with me when I put forward the resolution. I repeat once more that your Excellency's Government ought to take notice of these poor clerks. I did not formulate the amount which is to be fixed as increased pay over the amounts which these men are drawing. The reason is simply because I left the matter entirely to Government officers to settle. It is not for me to formulate or to put forward an *ipsi dixit* on the point, but I left the case to the Government and the consideration of the Council."

*Resolutions.*

*Babu A. C. Mazumdar.*

[The discussion on the Resolutions on the Revised Financial Statements was resumed.]

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 24.

In the absence of the Hon'ble Sir Deba Prasad Sarbadhikari the following resolution which stood in his name went by default :—

This Council recommends to the Governor in Council—

(*a*) that a sum of rupees five lakhs be provided in the Budget for—

(*i*) providing counter-attractions against drink and drug habits in Calcutta and selected district towns ;

(*ii*) improving the pay and prospects of the Excise service ; and

(*iii*) facilitating temperance teaching in educational institutions; and

(*b*) that the necessary funds for the purpose be obtained by reducing to the necessary extent the charges for Civil Works in charge of the Public Works Department.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 25.

**The Hon'ble Babu Ambika Charan Mazumdar** moved the following resolution :—

This Council recommends to the Governor in Council :—

(*a*) that a sum of Rs. 75,000 be provided in the budget of 1919-20 for the construction of the proposed record-room at Faridpur for the custody of the District Settlement records ; and

(*b*) that this sum be met—

(*i*) by curtailment of the provision for "Criminal Investigation Department" under head 20—Police ; or

(*ii*) from the provision made for "sub-deputy collectors as circle officers" under head General Establishment.

He said :

"My Lord, the subject matter of this resolution is one of purely local interest, and I cannot expect to attract much sympathy from the non-official members of this Council, so I shall mainly appeal to the official members of the Council. I think, at the very outset I ought frankly to confess that I do not pretend to be altogether so very disinterested in this matter as the wording of this resolution might apparently indicate. Your Excellency is aware that a College has recently been established at Faridpur mainly through your Excellency's generous considerations, and I take this opportunity of giving public expression to the debt of gratitude which the Faridpur people owe to your Excellency personally in this connection. It was your Excellency who as Governor of the Presidency granted the land required for the College without which the project would have been nipped in the bud and again it was your Excellency who as Rector of the University obtained the affiliation of the College under circumstances of no ordinary difficulty. My Lord, the humble individual who is now addressing you will always remember with gratitude and respect the generous considerations which your Excellency has from time to time shown for the accomplishment of this project. Now, my

*Resolutions.*

*Babu A. C. Mazumdar.*

Lord, the land granted by the Government for this College contains an old building which the College Council has purchased from the Municipality, but it is occupied at the present time with the settlement records of the district. In granting this land your Excellency's Government insisted upon two conditions, namely, that the College building in whatever shape and form it might be started at the beginning must be constructed independently of, and perfectly detached from, this old building and the other condition was that this old building though purchased from the Municipality would not be given to the College authorities until Government were in a position to remove these valuable records somewhere else. The College Council has loyally submitted to both these conditions and the College building which is now nearing completion is being constructed entirely on one side of this old building and perfectly detached from it. The College has fortunately proved a success much beyond our expectation, and there seems to be a great future before it. Although we have in constructing this new building provided for nearly 500 students I believe as the run for admission in the College seems to be so great that probably even with this building the accommodation will be found insufficient, so that the College Council will shortly have to look to this old building for further expansion of the College. This old building which is now occupied by the settlement records cannot be availed of until Government constructs a record-room of its own. It may be remembered that an estimate was prepared soon after the completion of the settlement in the district of Faridpur for the custody of the settlement records—a portion of the materials was also collected and they are still lying on the ground where the building is to be constructed, but soon after the project was started the war broke out and the matter was allowed to drop. This has involved some loss also to Government, as in keeping the settlement records in this old building Government have to maintain a separate establishment of not only record-keepers and copyists but also a number of guards, and besides it has to pay a rent of Rs. 720 a year to the municipality for the use and occupation of this building. With all this, my Lord, the supervision of the Collector over this building is very imperfect for the reason that this building stands, on an isolated ground far remote from the other buildings of the Collectorate. The valuable records are kept in this building in huge masses. My esteemed friend, the hon'ble Mr. Wordsworth, who went to inspect the locality at the very inception of our project knows very well how heavily it is stuffed from floor to ceiling with these records with scarcely two feet of space between each two racks for a man to pass through and then these records are being subjected to ravages of cockroaches and whiteants : so that the sooner the Government construct the record-room which was already in contemplation in 1914 the better for Government as also for the College, because in that case the College authorities will be in a position to utilize this building and expand the College further.

In placing this resolution before your Excellency's Council I have referred to two sources from which money might be drawn—first, from the allotment made for the Criminal Investigation Department under head 20—Police. My Lord, from the Financial Statement it will be seen that ever since 1915-16 the provision under this head has steadily gone on increasing. I think we live in much calmer times at the present moment. Whatever the situation might have been in 1916-17 I think we have passed the breakwater-line and are now sailing on a much smoother water. Consequently I think it will not be too much for me to expect that the provision for the Criminal Investigation Department, however necessary it may be, is susceptible of some reduction when affairs are so much changed for the better. The second source to which I have referred is the allotment for 'Sub-Deputy Collectors as Circle officers'. I would be the last man to ask for any curtailment from the allotment for the expansion of village self-government, but I do not know if I am labouring under a mistake. It seems to me that the Village Self-Government Bill, as amended by the Select Committee, does away with circle

*Resolutions.*

*Mr. Cumming; Babu A. C. Mazumdar.*

boards which was the original intention of the Bill, and if the circle boards are eliminated I doubt if the Circle officers should not go with it. In this view I have referred to this source also. I do not know, my Lord, if I am quite happy in my suggestions about the sources, but whatever that may be if I have made out a good case for the construction of a room for settlement records I believe Government will be able to find money—not a very large sum—in order to complete the record-room at Faridpur and thereby not only preserve the records in a much better form and condition but also provide expansion for a college for which the Government has done so much. With these observations I commend the resolution to your Excellency's Council."

**The Hon'ble Mr. Cumming** said :

My Lord, as the Hon'ble Member has stated, this resolution is one of purely local interest, but even so I am glad to be in a position to meet the Hon'ble Member, although not perhaps to the extent as stated in his resolution. The project to which he has referred, viz., the construction of a record-room at Faridpur is mutually advantageous both to Government and to the Faridpur Rajendra College, the construction of which is so near to his heart. On the one hand, this project has been an important one for which Government have been desirous of supplying funds for several years. It was administratively approved five years ago. As the Hon'ble Member has explained, the existing arrangements are by no means suitable and owing to the difficulties which have arisen on account of the war it was not possible to obtain the materials which were required ; and so the project has been allowed to remain in a state of suspension. It is now hoped that it will be possible to make a start with the building in the present year. On the other hand the proposal is primarily in the interest of the college for which Government have given a grant of land of over 5 acres in the immediate vicinity of this building ; and my last visit to Faridpur has confirmed me as to the suitability of the proposed arrangement whereby the existing record-room should be given up for the purposes of the college as soon as possible. On these two grounds, Sir, that it is advantageous to Government and advantageous to the new college, an endeavour will be made to erect the building during the ensuing year. The Hon'ble Member, however, has entered a sum of Rs. 75,000 and has made a suggestion that it should be met from two heads. Government, however, think it more appropriate that the money should be supplied from another head regarding the diversion of which there can be no dispute. We have a sum of Rs. 40,000 under the heading of General Administration which is immediately available for diversion ; and, if the Hon'ble Member would be prepared to substitute Rs. 40,000 for Rs. 75,000 in the substantive part of his resolution and will cancel clause (*b*), he may rely on Government that the financing of the building will be started and carried out in due course. So far as this resolution goes, Government will accept it if the Hon'ble Member accepts the changes to be made which I have indicated.

**The Hon'ble Babu Ambika Charan Mazumdar** said :

My Lord, after the very kind assurance which has been given by the Hon'ble Mr. Cumming I do not think I need press for a division in this case. I am glad that something is being done in this direction, whether it be Rs. 75,000 or Rs. 40,000 it will not matter much. As the Hon'ble Mr. Cumming has said, I know that if Government once takes it up it will be able to complete this building within a much shorter time than we can possibly expect. I again thank Government and the Hon'ble Mr. Cumming for the suggestion he has made and with your Excellency's permission I would beg leave to say that instead of Rs. 75,000 it may be reduced to Rs. 40,000 to

*Resolutions.*

*Sir Henry Wheeler; The President; Babu A. C. Mazumdar; Babu A. C. Datta.*

suit the convenience of the department, and that it may be taken from the General Administration head.

**The Hon'ble Sir Henry Wheeler** said :

My Lord, I would like to say just a word to elaborate what the Hon'ble Mr. Cumming has said about the source from which this allotment is to be taken. I do not wish Hon'ble Members to think that there are odd sums of Rs. 40,000 lying about in the budget which can without inconvenience be diverted to other purposes. The head to which Mr. Cumming refers is the provision for the Press Censorship. There is money available under that head because when the budget was under preparation we made a provision on the same scale as in the previous year, but, as Hon'ble Members may have seen, we have recently closed down the Press Censor's establishment, and therefore the full sum will no longer be required. This change of policy was adopted after the estimates were framed.

**The President** said :

The position is this. Government are prepared to accept the Hon'ble Member's resolution subject to certain modifications. The first modification is the substitution of the words '40,000' for the word '75,000' and the second modification is the substitution for part (*b*) of the following : " from the lump provision for the Press Censor and his establishment under head 18—General Administration." If the Hon'ble Member is prepared to move his resolution in that form, Government will accept it.

**The Hon'ble Babu Ambica Charan Mazumdar** said :

I thankfully accept both the amendments.

The resolution was then put in the following modified form and agreed to :—

"This Council recommends to the Governor in Council :—

(*a*) that a sum of Rs. 40,000 be provided in the budget of 1919-20 for the construction of the proposed record-room at Faridpur for the custody of the district settlement records ; and

(*b*) that this sum be met from the lump provision for the Press Censor and his establishment under head 18—General Administration."

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 26.

In the absence of the **Hon'ble Babu Akhil Chandra Datta,** the following resolution which stood in his name went by default :—

This Council recommends to the Governor in Council—

(*a*) that a sum of twenty thousand, or some other suitable sum, be provided in the next year's Budget for the improvement of the Comilla Civil Court's compound and the buildings thereof; and

(*b*) that this amount be taken out of—

(*i*) the provision of Rs. 2,00,000 for the improvement of the Duars Road in Jalpaiguri ; or

(*ii*) the provision of Rs. 1,00,000 for laying the Maidan Roads in Calcutta with tar macadam metalling.

*Resolutions.*

*Maulvi A. Kasem.*

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 27.

In the absence of the **Hon'ble Babu Akhil Chandra Datta** the following resolution which stood in his name went by default :—

That this Council recommends to the Governor in Council—

(*a*) that suitable provision be made in the Budget for 1919-20 for a project for mitigating the effects of flood in the country in the district of Tippera ; and

(*b*) that the necessary amount be taken out of the provision of Rs. 4,54,000 for widening the Madaripur Bil route.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 28.

**The Hon'ble Maulvi Abul Kasem** moved the following resolution :—

This Council recommends to the Governor in Council that the sum of Rs. 40,000 allotted for the construction of a steam-launch, be allotted for the purpose of mitigating the effects of the floods of the Adjai in the Ausgram, Mungulkot and Ketugram thanas of the Burdwan district.

He said : "My Lord, I would be failing in my duty if in moving this resolution, I do not on behalf of my countrymen acknowdge with thanks the sympathetic attitude taken by your Excellency's Government and the Public Works Department towards the mitigation of the effects of the floods in the Burdwan Division. Even this year in the Financial Budget, provision has been made for the mitigation of the floods both on the side of the Damodar as well as Adjai, and last year also some provision was made under this head, but up till now as far as the Adjai floods are concerned, the attention of the department has been directed entirely to the scheduled embankments up to Sagarputul and no further, and my grievance is that the people lower down the river in the whole of the Kutwa sub-division are suffering and their crops are destroyed every year, but that has not drawn much attention because it has been the normal state of affairs for the last 30 years. I do not ask for any embankment. I myself have tried in this Council on various occasions by several resolutions to draw the attention of Government and I understand that a survey has been made of the whole tract of land, but no scheme has yet matured and no funds provided for the purpose. But I hope, my Lord, this matter will receive the attention of the Government and as I had to suggest the amount to be found somewhere, I thought that the provision of a steam-launch to replace the 'Sir John Lambert' was the proper thing to do, because, I believe, that not much necessity has been shown for the construction of this launch. However that is a minor matter, and I am less anxious for the non-replacement of this steam-launch than that some provision should be made for mitigating the effects of the floods in the area mentioned in the resolution. The situation is very grave, and I might say that in several villages in this area many people have had to leave their homes on account of the distress caused by these floods. I do not mean abnormal floods like the great floods of 1913 and 1916 and 1917, but I mean the ordinary rise of the river on account of large breaches on the banks of the Adjai, the whole tract of the land lying on the right side and some portion of the left side up to Katghiri are practically desolated because the crops are destroyed every year and sand is laid on arable land making it unfit for further cultivation, and as enquiries have already been made into the matter by the Public Works Department, I hope this question will be taken up without further delay. I appeal to the officers of the Department as well as to your Excellency's Government to give this matter consideration. With these words I commend the resolution for acceptance.

*Resolutions.*

*Mr. Cumming, Maulvi A. Kasem.*

**The Hon'ble Mr. Cumming** said :

In this case also, my lord. I am speaking from personal experience. I visited the area in question with the Hon'ble Mr. Cowley. It was decided that in addition to the improvement of the embankments under the control of Government which are known as schedule D embankments, there should also be expenditure for the purpose of mitigating the floods lower down in the areas to which the Hon'ble Member has drawn attention. He complains that no money has been set aside for the purpose. It is true that the money that has been set aside is now borne in the grand total under the head of Minor Irrigation ; but it is not Rs. 40,000 but one lakh of rupees which has been set aside for the purpose of constructing a scheme which will prevent anything but the super-excessive floods from deluging the country, and will permit the overflow in the case of ordinary floods to be kept within bounds. In view of these facts, Sir, that far from there being no provision of outlay there is a provision of one lakh and that the money provided will be sufficient not only for the initiation of the scheme, but for its completion within the present year, I hope the Hon'ble Member will see his way to withdraw his resolution.

**The Hon'ble Maulvi Abul Kasem** said :

My Lord, as I began by saying that I cordially acknowledge that some provision was made for Safarpulat escapement, but my point was that that escapement will no doubt mitigate the effects of the floods in the western area in certain portions of the Sadar subdivision, my point is that no escapement has been provided in the Kutwa subdivision. Owing to breaches on the banks of the Adjai the country is inundated every year on account of the river bed being much higher than the land on the opposite side. There are breaches even this year, all the water passing through the river instead of passing through the canal escapement from these breaches into the whole area. Therefore I wanted to draw the attention of Government to this matter, but as I have done so I do not think any good will come in pressing this resolution, therefore I beg to withdraw it.

The resolution was then, by leave of the President, withdrawn.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 29.

**The Hon'ble Maulvi Abul Kasem** moved the following resolution :—

This Council recommends to the Governor in Council that the sum of Rs. 32,207 allotted for raising the strength of the Dacca Military Police Battalion be allotted for the purpose of increasing the pay of teachers in primary schools in rural areas.

He said :

My Lord, there is a provision made in this year's budget for increasing the pay of teachers in primary schools in rural areas by Re. 1 a month, but I submit, my Lord, that this is very inadequate. Government spend a fairly good amount of money in guru-training schools where teachers in these primary schools are supposed to be trained, but the difficulty is that when these teachers are trained they cannot find any employment because the pay and the remuneration of the teachers in these primary schools in the rural areas is much less than the ministerial officers in Government offices and so they can better employ their time in other vocations than in teaching little boys in rural areas, and I think it is the duty of Government to see that proper qualified teachers and that a sufficient number of

*Resolutions.*

*Mr. Wordsworth; Sir Henry Wheeler.*

teachers are attracted to their work by at least a living allowance and for this reason, my Lord, I beg to move this resolution and in doing so I might only add that at the present moment there is not much necessity for adding any other battalion to the Dacca military police. It might be said that the necessity has been felt and that it will certainly improve the police administration at Dacca, but I submit that the relative necessity and importance of the two questions should be considered, and in my opinion I think the teachers of rural schools have better claims than the strengthening of the military police, and if we go through the budget for the last three or four years we find that the expenditure on the police and the strengthening of the police force has gone on increasing in a rather high proportion, and I submit, my Lord, that it is time now to curtail it or an attempt be made to curtail it. With these words I submit this resolution to the Council for acceptance.

**The Hon'ble Mr. Wordsworth** said :

"My Lord, the improvement of the condition of teachers in our rural primary schools has long exercised us and is likely long to exercise us. The difficulties are, as the Hon'ble Maulvi has pointed out, difficulties relating to resources, but there are also difficulties relating to the esteem or rather the want of esteem in which primary school-teachers and primary school work is held even by those sections of the community who profit most by it. We have devoted of late generous resources, using the word generous in a comparative sense, towards the improvement of the position of these teachers. So far as I remember the figures there was spent last year directly on primary education something over 7 lakhs from district board funds, about 16 lakhs from Government funds contributed by the Government of India and about 2 lakhs from provincial revenues. This Government was amongst other things able to increase the aid which was given to trained teachers in primary schools by a figure of Rs. 6 a month and to untrained teachers, that is, teachers who have no qualifications at all for the work, up to Rs. 2 a month. We would gladly welcome any additional resources, but the additional resources which the Hon'ble Member proposes would enable us to increase the pay of teachers in rural areas by something between half and three-fourths of an anna a month. I presume that the item which it is proposed to reduce has been framed in accordance with strict necessity, but even if that were not so, I doubt whether I should be able to recommend the Council to accept the resolution, seeing that it would have very little influence upon the welfare of the class whom it is intended to serve."

**The Hon'ble Sir Henry Wheeler** said :

"My Lord, I would like just to say a word as to the source from which the Hon'ble Member wishes to take the money, as he seems to be under the impression that this is some unnecessary provision for the improvement of the local Dacca police. That is not so. As the Council is aware, in this province (apart from Darjeeling) we have practically no troops outside the city of Calcutta. If, therefore, there were disturbances necessitating the intervention of other than the ordinary police, we should either have to bring troops from Calcutta or look to the only other force which we have, namely, the military police, which happens to have its headquarters at Dacca. That force at present consists of six companies, four of which are supposed to be concentrated at Dacca, one at Hooghly, to control the large mill population employed on the banks of the river, and the other at Buxa in connection with frontier precautions. Experience has shown that we cannot ordinarily move either the company at Hooghly or that at Buxa.

*Resolutions.*

*Maulvi A. Kasem.*

The four companies at Dacca number 448 men; our object is to provide a moveable column of 150 men which can be sent rapidly to any place at which disturbances may take place. Far from the cases being few in which such a need has arisen, there have been 65 occasions since April 1912 on which we had to utilise the military police at Dacca. But the miscellaneous duties which this small detachment at Dacca is called upon to perform take away so many men that we cannot in the event of an emergency count with certainty upon even the small column of 150 which our scheme contemplates. It is therefore proposed, and it has been approved by the Government of India, to add another reserve company to the Dacca military police, and only last year we would have very much welcomed the presence of such a reserve in connection with *hât* looting. Owing to its not being available, we had to ask Assam for assistance, which they were unable to give owing to their own frontier troubles, and we had to warn the Government of India that we might have to ask them for help. It is that contingency which this scheme is intended to meet."

**The Hon'ble Maulvi Abul Kasem** said :

My Lord, I beg leave to withdraw the resolution.

The resolution was then, by leave of the President, withdrawn.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 30.

**The Hon'ble Maulvi Abul Kasem** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that a sum of Rs. 10,000 be allotted for the grant of special scholarships for Muhammedan boys in rural areas; and

(*b*) that the amount be met from the lump sum of Rs. 23,158 unallotted.

He said :

"My Lord, I need hardly submit to your Excellency's Government or to this Council the necessity for granting scholarships to Muhammadan boys. It is well known that the members of my community are very poor and the greatest block to the advancement of education among Muhammadans in this province, at any rate, is due to the want of means on the part of Muhammadan parents to educate their boys. The number of scholarships reserved for Moslem boys in primary and also secondary schools are very few, and I think the time has come when that number should be increased and the poor boys in rural areas, who prove themselves intelligent and industrious, should receive encouragement to prosecute their studies further. In this connection, my Lord, I beg to submit, and this I do with some amount of diffidence, that the attention of the department and of Government have of late been directed towards the Muhammadans of Eastern Bengal districts more favourably than the Muhammadans in the Burdwan and Presidency Divisions. The distribution of scholarships both for higher schools and colleges, as well as for primary schools, among the Muhammadans of Eastern and Western Bengal is in my humble opinion neither fair nor just, and that distribution has been made, I believe, on the strength of the Muhammadan population in Eastern Bengal which is very large. That may be so, but I think that the Moslems of the western districts of this Presidency have also by their past record proved

*Resolutions.*

*Mr. Wordsworth.*

themselves deserving of special consideration, and as this amount is suggested to be drawn from the unallotted balances, I hope, my Lord, that this resolution will be accepted by your Excellency's Council."

**The Hon'ble Mr. Wordsworth** said :

"My Lord, the case of additional scholarships for Muhammadan boys has been receiving consideration for the last year. It was recommended by the last Muhammadan Conference that more scholarships should be reserved for Muhammadan boys in lower primary schools, and Government has accepted that resolution among others as a basis for further consideration of the question. It has long been part of the policy of Government to reserve special scholarships for Muhammadans, while at the same time allowing them full opportunity of competing for all other scholarships available. The principle has been accepted and the proposal now under consideration is merely one of degree and not of principle. It was pointed out by that Muhammadan Conference that of the scholarships in lower primary schools, which are given by district boards and not by Government, only some 40 out of a number of 700 were specially reserved for Muhammadans. We have been in correspondence with district boards for the last year endeavouring to secure accurate facts and to arrive at the basis of proposals for the consideration of Government. Progress has been slow mainly owing to the difficulty that district boards appear to have found in giving us facts, but I think the end is in sight and our proposals will soon be submitted to Government. It must, however, be remembered that these proposals were not based on any inequality in opportunities of education as between Muhammadans and any other class. The recommendation of the Committee was simply this : 'The results of the scholarship examinations for the past few years show that the ratio of the number of scholarships gained by Moslem boys to the number gained by Hindu boys is much less than the ratio of the number of Moslem school boy, to the number of Hindu school boys. We think that this may be due to the method of selecting candidates from the various schools. Government has already accepted the principle of reserving scholarships for Moslem boys, but we consider that the number reserved is totally inadequate.' The problem therefore before us is to consider whether we should by any administrative regulations provide that Muhammadan boys should receive that proportion of the total number of scholarships available which their number would appear to justify. That is the question under consideration. It might be advisable if I explain to the Council the position of Muhammadan boys in regard to scholarships and the number of scholarships reserved for Muhammadan students. This number is not so small as the Hon'ble Member would suggest. In upper primary schools 24 are reserved out of 210, in middle schools 55 out of 210 ; of junior scholarships in the first two years of college including scholarships paid for by Mohsin endowments, the Muhammadans have 163 reserved out of 279, and of senior scholarships for the last two years of college the Muhammadans have 59 reserved out of 103. This does not mean that the other communities have the balance. The Muhammadans have their own preserve, and have also equal opportunities with all other classes in relation to other scholarships. There are no scholarships reserved for Hindus with the exception of one or two trust scholarships which we administer, and of a few for those classes which we call the backward classes. It is not clear, therefore, that the Muhammadans are at present at any great disadvantage in this matter although Government will be shortly addressed on the question of increasing the number of scholarships to be reserved for Muhammadans by district boards. These scholarships are not proposed by the Muhammadan Conference with a view to redress any inequality of numbers between the members of the various communities in schools. My last figures are that in primary schools Muhammadan pupils

*Resolutions.*

*Maulvi A. Kasem.*

are 50 per cent. of the whole; in middle schools 33 per cent. and in High schools 20 per cent. The Hon'ble Member has stated but has given no arguments in proof of his position that the distribution of these special privileges for Muhammadans as between Eastern and Western Bengal has not been fair to the Muhammadans of Western Bengal. As I am not aware of his arguments or his evidence, I am taken at a disadvantage. I can only say that I have never had this brought to my notice before and that I shall give it my careful attention at once. There is nothing in our scholarship rules, nothing in our distribution of scholarships under these rules, to suggest such an inference, and I think that so far as privileges in high schools are concerned I believe we have been careful to equalise opportunities of special scholarship as between Eastern and Western Bengal so far as lies in our power. The sources which it is proposed to use for this purpose consists of the sum of a number of small balances left from Imperial grants. These Imperial grants are large recurring grants given to us for specific purposes. We have worked out various schemes and the Rs. 23,000 merely means that our schemes have not worked up to the full allotment; *e.g.*, for female education we have Rs. 2,000 a year left, for technical education, we have Rs. 4,000 a year left. These small sums will enable us to finance any small needs in connection with the expansion of those schemes as they may arise."

**The Hon'ble Maulvi Abul Kasem** said:

"My Lord, I have to thank the Hon'ble Mr. Wordsworth for the hope held out to us that the question of granting more scholarships to Muhammadan boys is now engaging the attention of his Department and that he will move Government in the matter at an early date. I have only to say in reply to his statement that in moving this resolution I never meant to say or to suggest that there was an inequal treatment between Hindu boys or Muhammadan boys or the Muhammadan boys as such were not receiving the same facilities which are open to the Hindu boys. I know that no scholarships are reserved for Hindu boys except the few mentioned by him, but my grievance is, and on which I base my claim, the fact that Muhammadans are comparatively very poor and they have up till now been backward in education. A time will come, and I hope it will come very soon, when there will neither be an occasion or reason for asking for special facilities for Muhammadan boys. We do it to-day because we want that the Muhammadan boys should come up to the standard of the Hindu boys and that they may compete with each other on equal terms in the open field. The Director of Public Instruction has said that the number of Muhammadan students in primary schools is 50 *per cent.*, that is, about the proportion of the population of this Presidency, that in Middle schools it is 33 and that in the High schools it is 20 *per cent.* and I believe if we come up to the college classes, we will find the proportion reduced further, and I may tell him that the reason why this proportion goes down is mainly, if not solely, due to the fact that the Muhammadan boys find the want of means to prosecute their studies further after the primary stage, and for this reason I move this resolution and submit to your Excellency's Government the need for further additional scholarships for Muhammadan boys. As an assurance has been given by the Director of Public Instruction, I beg to withdraw this resolution. But as regards the fact that the division between Western and Eastern Bengal is not fair, I submit that according to the population the number may be fair, but if I may say so, that of the Muhammadan scholarships the larger number goes to the eastern districts and the smaller number go to the western districts. This is a matter which I hope the Director of Public Instruction will look into and I need not trouble the Council or your Excellency's Government with any remarks on it."

The resolution was then, by leave of the President, withdrawn.

*Resolutions.*

*Maulvi A. Kasem : Mr. Cram.*

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 31.

**The Hon'ble Maulvi Abul Kasem** moved the following resolution :—

This Council recommends to the Governor in Council that the sum of Rs. 50,000 allotted for the improvement of the pay and prospects of European Inspectors and Sergeants be added to the sum of Rs. 80,000 allotted for the extension of Panchayati Union School for boys.

He said :

"My Lord, in moving this resolution I have only to submit that in my opinion and I believe that my opinion is shared by a good many of my Indian colleagues on this side of the house, that the pay of the European inspectors and sergeants is already sufficiently attractive and that they get better and more pay than officers of equal rank who have to perform similar duties. I have to add that these inspectors and sergeants in addition to their pay also get accommodation free, and the accommodation which is provided for them is very good and comfortable and much higher rent is paid for their houses than many of the judicial officers have to pay for their houses in mufassal towns, and considering all this, to add to it will be rather an extravagance. I therefore submit that the Government will not be justified in increasing the pay of these inspectors and that the money might be better utilised by the extension of primary schools in this province. With these few words I commend this resolution to the Council."

**The Hon'ble Mr. Crum** said :

"My Lord, I think the Hon'ble mover must be under a misapprehension as to what the European sergeants at present draw and as to the present cost of living. At the present moment there are two grades of European sergeants, as I understand. In the first, the appointment is on Rs. 100 rising by Rs. 2-8 a year to Rs. 125 a month and the second is on Rs. 130 rising by Rs. 5 to Rs. 150 a month. They also, as the Hon'ble mover says, get quarters, that is to say, the married sergeants get quarters and the rest live in barracks. About the quarters of the married seargeants, which are not very satisfactory, the Finance Committee was, I may say, very much pressed by the Police for their improvement. But the Committee have decided that nothing could be done now but that they will have to take up the question in the near future. There are now considerable difficulties in getting an improved class of sergeants. I have been a member of the Bengal branch of the Employment and Labour Board and one of our duties is to recommend to the military authorities the releasing of soldiers. Long before this question of Police came up, we had discussed very fully the rate of pay at which men of the status of sergeants in the British army could live on in Calcutta. The rate of pay proposed for the sergeants was considerably higher than what the Police sergeants get at present, but it was also higher than what is proposed to be given to them now, that is, Rs. 125 rising by Rs. 5 a year to Rs. 175 a month. The present position is this : I understand the Police require 70 new sergeants and they have applied to the Employment and Labour Board for the releasing through that Board of all the policemen required from the army. But even with the improved pay the Employment and Labour Board are exceedingly doubtful as to whether they will recommend the military authorities to release these men for service. It comes to this : Unless this Council are prepared to pay a reasonably living wage to the European sergeants in Calcutta, there won't be any European sergeant left here. And I may say that as long as Government is entrusted with the looking after of law and order I hope this will not be the case. I hope the Hon'ble Member will therefore withdraw his resolution."

*Resolutions.*

*Mr. O'Malley; Maulvi A. Kasem.*

**The Hon'ble Mr. O'Malley** said :

"My Lord, Mr. Crum has pointed out that the Hon'ble Member is under some misapprehension as to the pay and prospects of European inspectors and sergeants. It is now my duty to point out that he is also under a misapprehension regarding the provision which has been made in the budget for the extension of punchayati union schools. If he will refer to page 33 of either the revised or amended financial statement, he will find that the allotment for the extension of punchayati union schools for boys is Rs. 1,20,000 and not as stated in his resolution Rs. 80,000. He has proposed a diversion of Rs. 50,000 in order to make a total allotment of Rs. 1,20,000, but Rs. 1,20,000 has already been provided, only Rs. 10,000 less than the total provision which he wishes to make. I think that he will scarcely quarrel about this small difference. The term 'Extension of punchayati union schools' is a somewhat cryptic phrase, and I may therefore explain briefly to the Council that this is a scheme to which Government attaches considerable importance. The idea is to make provision so that boys in each locality shall have some chance of proper primary education. The object is to provide in each punchayati union for at least one decent school staffed by teachers drawing a reasonable salary instead of the poor pittance drawn by many gurus in pathsalas. It is not altogether a new scheme; it was started some years ago and carried on till about 5,000 unions had been provided with union schools. It is now proposed to revive this scheme thanks to the grant of 5½ lakhs which has been given by the Government of India, and the sum of Rs. 1,20,000 has consequently been allotted. This will enable 120 new schools to be started. The grant will be recurring; each year more schools will be started and at the same time provision will be made for the maintenance of those schools previously established. I trust that the Hon'ble Member will accept this assurance and I suggest that in the circumstances it is scarcely necessary for him to proceed with his resolution."

**The Hon'ble Maulvi Abul Kasem** said :

"My Lord, when I said that the pay of the European sergeants and inspectors was sufficient, what I meant was this : when the Government pays sub-inspectors of the Calcutta police who are in charge of thanas or outposts, whatever you may call them, they get only a salary of Rs. 125, I thought that the pay of the sergeants was sufficiently attractive, but from the statement made by the Hon'ble Mr. Crum and the Hon'ble Mr. O'Malley, I have to withdraw this resolution, and I have only to point out that when I gave notice of the resolution, it was only by mistake that I put the figure 80,000 instead of 1,20,000. I got the figure from that very page which is just above that allotment. I am glad that the question is engaging attention, and I think no useful purpose will be served by pressing this resolution and I therefore beg leave to withdraw it.

The resolution was then, by leave of the President, withdrawn.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 32.

In the absence of the Hon'ble Babu Akhil Chandra Datta the following resolution which stood in his name went by default :—

This Council recommends to the Governor in Council—

(*a*) that suitable provision be made in the next year's Budget for a grant to the Comilla Municipality for the introduction of water-works ; and

*Resolutions.*

*Babu K. M. Chaudhuri.*

(*b*) that the necessary amount be taken out of—

(i) the provision of Rs. 1,00,000 in the Budget for laying the Maidan roads in Calcutta with tar macadam metalling; or

(ii) the provision of Rs. 4,30,000 for acquisition of land for the new nurses' quarters for the Medical College Hospital.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 33.

**The Hon'ble Babu Kishori Mohan Chaudhuri** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that the salary of the lecturers of first grade colleges be raised to a minimum of Rs. 200 a month ; and

(*b*) that a corresponding reduction be made in the provision for miscellaneous charges under 32—Miscellaneous.

He said :

My Lord, yesterday my friend the Hon'ble Rai Radha Charan Pal Bahadur made a very pathetic appeal for some of those hard-pressed clerks and to-day I rise to make an appeal of a similar nature on behalf of the lecturers engaged in the first grade Government colleges. My resolution is that the salary of the lecturers of first grade colleges be raised to a minimum or Rs. 200 a month, and that a corresponding reduction be made in the provision for miscellaneous charges under 32—Miscellaneous. These officers are now included in the Subordinate Educational Service, and I am sure the case of these members of the Subordinate Educational Service will come up for the consideration of Government very soon, but what I mean to say is this—that the case of these lecturers may be considered specially. These officers are engaged in the performance of important duties. It is not only for the benefit of those lecturers but also for the benefit of the students committed to their charge that I make this appeal. These officers were appointed some on Rs. 100 or Rs. 125 and they are now drawing a pay of Rs. 150 or so at most or it may be Rs. 175. They are engaged not for teaching school students for which no work at home is necessary. If they are to make their lectures interesting, if they are to look to the interest of the students committed to their charge and examine papers and point out deficiencies and make suggestions to their pupils in what way they are to improve their lessons, I beg to submit, my Lord, that all this work requires at least a considerable time to be devoted at home to it, so that the work may be quite up to the mark. But now-a-days it is very difficult for any man of ordinary means, specially of Indian habits, who are generally beset with a number of dependants upon them to manage with a pay of Rs. 100, Rs. 125 or Rs. 150 and they naturally look to other sources of income either by literary work or by doing some work as a private tutor to some pupils. It is not possible for them to be self-supporting without looking to other sources of income, and it is impossible for them to devote their whole time to college work. It is for this reason and for the fact that they have become very hard pressed owing to the fact that the necessities of life have become very costly, that I have ventured to make this appeal on their behalf to your Excellency's Government and I hope your Excellency's Government will do something as early as possible for the relief of these members of the Subordinate Educational Service. Of course I have suggested that a corresponding reduction be made in the provision for miscellaneous charges under 32—Miscellaneous, but this

*Resolutions.*

*Mr. Wordsworth.*

is a mere suggestion. If your Excellency's Government are convinced that something ought to be done, money may be found anywhere. All I can say is that something ought to be done to relieve these officers. With these words I commend this resolution to the acceptance of the Council.

**The Hon'ble Mr. Wordsworth** said :

" My Lord, the Hon'ble Member has spoken in generous terms on behalf of the lecturers in our Government Colleges, but has spoken in such general terms that I find it difficult to reply. At one moment his arguments appeared to be based entirely on the economical ground that the cost of living is such as to make their salary insufficient. If this is so, the same conditions apply to headmasters of Government schools and to other officers in the Subordinate Educational Service. At another moment he appeared to base his arguments upon the consideration that lecturers work harder than masters in schools. That, sir, is not my experience. I believe that the work of the headmasters and other masters in our schools is more arduous and headmasters certainly have larger responsibilities. The Hon'ble Member moved the same resolution last year. On behalf of Government I then replied at considerable length, and, I thought at the time, with considerable illumination. I do not appear to have convinced the Hon'ble Member and I can only repeat briefly now what I then said at greater length. Our Government Colleges are manned by two classes of officers—professors and lecturers. Professors are either Englishmen brought out from England in the Indian Educational Service or Indian gentlemen recruited locally in the Provincial Educational Service. They are assisted in their work by a class of junior officers whom we call lecturers and who are supposed to do less responsible and less arduous work, and are placed in the subordinate service. They are usually appointed on Rs. 125 a month and rise by degrees to a maximum of Rs. 250 a month. It has been frequently pointed out—I believe it was pointed out by the Hon'ble Member last year—that the academic and other qualifications of the lecturers are fully equal to those of Indian gentlemen in the Provincial Educational Service. I admit this in many cases. I must question it in many cases. But the position from the administrative standpoint is that when they applied for lecturers' appointments they were prepared and even anxious to get those posts and they knew that the posts carried with them an assurance but not a certainty of appointment as professors in the higher service when opportunities arrived. Appointments to Colleges are made in fact by the governing bodies who are expected to consider, and it is their practice to consider, the claims of all lecturers already in Government service whenever they make appointments. A man who is already serving in a Government College has certain claims to consideration. He has certain advantages in his favour in all competition for posts in the higher service. But it depends partly upon the fortunes of life whether he succeeds in obtaining a higher post or not. For those who are acquainted with colleges in England I may instance a similar arrangement whereby we have assistant lecturers to profesors. Those assistant lecturers are usually paid at a much lower rate than profesors. They are often equally qualified with their professors in an academic sense and they hope to become professors some day. We have full sympathy with those of our lecturers who do not succeed in obtaining entrance to the higher service but we can scarcely be called upon to redress the inequalities of fortune by administrative action especially as that administrative action would mean a considerable additional burden to the Indian taxpayer and would mean very little, if any, addition of efficiency to the work of our colleges. We have nearly 50 such lecturers. The proposal is to give them an initial salary of Rs. 200 a month, that is to say, to include them in the Provincial Educational Service. This will mean roughly a recurring charge of Rs. 90,000 a year and the proposal is to meet this recurring charge out of a head which

*Resolutions.*

*Babu Kishori Mohan Chaudhuri.*

is non-recurring. It may be that some other member will speak on that point, but the meaning of this item which it is proposed to reduce—Miscellaneous item—is set out in the pages of the Financial Statement, and I think it is clear that what is budgetted for is nearly actual expenditure. These lecturers are in pay practically on the same basis as our headmasters, but while the headmasters of our schools who have more arduous and more responsible duties to perform and who carry them out at least with equal efficiency and loyalty, are seldom appointed headmasters until they have done many years' service as assistant masters on small pay, these lecturers who may be equally qualified with more highly paid officials or who may not be better qualified than many of our school-masters, commence at a much younger age on a salary of Rs. 125 a month. Therefore, as compared with our headmasters, they are many years ahead in advantage. For these reasons I am unable to recommend to the Council the acceptance of this resolution."

**The Hon'ble Babu Kishori Mohan Chaudhuri** said :

"My Lord, I have been trying no doubt for some time past to effect an improvement in the pay and prospects of the poorly-paid professors. I stated on some other occasion that we must arrange to attract better qualified men to these posts. It is no answer to say—'why they accept a post on so low a pay and very soon begin to clamour for higher pay'. When one is in need of some employment he must be anxious to get any whether it be on small pay or high pay. But some consideration ought to be shown to him for the special nature of work in which he is engaged. Even in the Reforms Scheme the pay and prospects of the civilians are under consideration. It is true that the head masters are also engaged in doing important work and that they also get a very small pay, and if it is necessary to do something for them I have no objection, but my point is that something should be done for these lecturers also so that there may not be any demoralising effect upon their zeal and devotion to work. It is hardly necessary for me to point out that the amount allowed to them is hardly sufficient to maintain them with decency. Considering the nature of work in which they are engaged—which I have already explained to your Excellency—I think their case deserves separate and special consideration, and it is with this view that I have brought forward this resolution. I am sorry for the reply that has been given to me and I would have been glad even if some hope had been held out that something would be done for them in the near future. If something is done for them then the present incumbents of the posts of lecturers would not be anxious to go elsewhere whenever they get an opportunity. I would say that either at once or as early as possible something ought to be done and I have nothing more to add."

The resolution was then put and lost.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 34.

In the absence of the Hon'ble Babu Akhil Chandra Datta the following resolution which stood in his name went by default :—

This Council recommends to the Governor in Council—

(*a*) that suitable provision be made in the Budget for 1919-20 for giving effect to the scheme for raising the Comilla Faizennessa Girls' School to the standard of a High English School ; and

*Resolutions.*

*Rai R. C. Pal Bahadur ; the President.*

(*b*) that the necessary amount be taken out of—

(*i*) the provision of Rs. 1,24,000 for the construction of buildings for guru-training schools ; or

(*ii*) the provision of Rs. 1,00,000 for a capital grant to the Calcutta Girls' High School ;

(*iii*) the provision of Rs. 50,000 for the extension of the Dow Hill Girls' School, Kurseong.

**The Hon'ble Rai Radha Charan Pal Bahadur** said :

"My Lord, I have a personal appeal to make to your Excellency. I am grateful to your Excellency for having allowed my resolutions to stand over during my temporary absence yesterday. I was late in coming to-day, but I was under the impression that my resolutions will be taken up last. And if your Excellency will kindly allow me to move my resolutions, I shall be glad to move them now."

**The President** said :—

"The Hon'ble Member yesterday asked me to postpone his resolutions on the ground that he had to be absent in connection with public work elsewhere and I regarded that as sufficient reason for acceding to his request for postponing his resolutions. When I called upon him this morning he was not present. I understand he now says that he thought that I intended to postpone his resolutions until the end of the Agenda paper. If that is so, I am prepared to grant the Hon'ble Member permission to move his resolutions."

**The Hon'ble Rai Radha Charan Pal Bahadur** said :—

"My Lord, I beg to express my gratitude to your Excellency in giving me permission to move my resolutions."

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 18.

**The Hon'ble Rai Radha Charan Pal Bahadur** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that Rs. five lakhs be provided for the extension of primary education within the municipal limits of Calcutta ; and

(*b*) that the amount be met by a corresponding reduction in—

(*i*) the provision of Rs. 6,30,000 for building nurses' quarters at the Medical College Hospital ; and

(*ii*) the grant-in-aid for education amounting to Rs. 26,43,000.

He said :—

"My Lord, it is an old question and it has been raised for years past in this Council. I am myself one of them who have for the last two or three years moved in the matter and tried to divert some money for the promotion of primary education in Calcutta. The history of the subject is this : Mr. Hornell, the then Director of Public Instruction, finding the keen interest taken by the people of Calcutta in the matter of primary education delivered an interesting lecture on educational organization in Calcutta under the auspices, I believe, of the Social Study Society. In the course of his admirable address he observed that the condition of primary schools in

*Resolutions.*

*Rai R. C. Pal Bahadur.*

Calcutta was simply disgraceful. This attracted the attention of the Calcutta Corporation who, under the guidance of the late Sir Charles Allen, submitted to Government that they were prepared to take charge of the primary education in Calcutta if the Government would favour them with sufficient grants for the purpose. The matter was further inquired into by the Corporation and it was found by Sir Archdale Earle, the then Chairman and who was sometime the Director of Public Instruction, that the minimum cost would be not less than six lakhs of rupees to start with. The cost seemed to be prohibitive and a representation was made by the Corporation to the Government to the effect that they would be prepared to confer with Government in this matter if the Government would furnish them with a practical scheme on the subject. The question was then further considered by Mr. Hornell who said that if the Corporation were prepared to capitalize the present grants-in-aid contributed towards primary schools to defray the cost of building houses for these schools in Calcutta the Government might consider the question of maintaining these schools. The Corporation without definitely committing themselves stated that they were prepared to consider Mr. Hornell's proposals and that they were also prepared to pay a contribution from the capital loan fund extending over a certain number of years to meet the cost of building several suitable houses for primary schools in Calcutta. At a rough estimate it was found that the whole thing would cost ten lakhs of rupees but that if it were spread over a number of years the Corporation was prepared to finance it from the loan fund. This matter was raised in this Council and during the Budget debate of 1915-16 the Hon'ble Mr. Hornell stated that it was a very complicated and difficult subject and that nothing could be done without a proper survey. In reply to my motion he said :—

'. . . . . the Corporation of Calcutta appointed a Committee to consider the question of school arrangements for Calcutta. The Committee decided that they could do nothing until they had ascertained what Government proposed to do. I was consulted in June last, and I advised Government that they would not be able to move in the matter until they knew more of what the problem of school provision in Calcutta really is, both as regards boys and as regards girls. I urged that the next step should be the carrying out of an educational survey of the whole municipal area, and, as a result, Mr. K. C. De was placed on special duty with specific instructions for the drawing up of the survey. When the war broke out, Mr. De's services were requisitioned for other activities, but he decided, in addition to his other labours, to do what he could to carry on the survey which he had begun with considerable vigour, and I understand though he has not completed his work which he would have done if he had not been called upon to do other work in connection with the war, he is well on with it, and that before very long the survey will be submitted. . . . . Besides, we do not really know what the problem in Calcutta is, and until we do know this, I do not see how we can inaugurate a scheme of improvement even if we had the money, which we have not.'

My Lord, that was in 1915-16. That report, however, could not be finished by Mr. De as he was soon after placed on certain special duty and Mr. J. N. Roy was asked to take up the work. He finished his work and the report was submitted to Government on the 15th November, 1915. The account that is given in the report of the conditions of primary schools in Calcutta was enough to make not only the residents of Calcutta but also the Corporation and the Government feel ashamed. The majority of them were badly equipped and the staff was insufficient. The houses were ill-lighted and the ventilation was bad. I need not quote anything further from Mr. Roy's report. But that was the condition of the primary schools in Calcutta. Mr. Roy suggested in his report that there was urgent need for model primary schools in Calcutta and that they should be started at once. He also suggested that strict rules should be laid down for all

*Resolutions.*

*Rai R. C. Pal Bahadur.*

middle English and primary schools as to the condition of buildings and the adequacy of sanitation and the distance of one school from another. As regards Muhammadan schools he suggested that the Moslem schools attached to mosques were very neat and tidy but that they should be developed and that they should have well-paid teachers on their staffs. These are the recommendations that were made. In subsequent years I again moved in the matter and to my great disappointment I was told again that although the report had been received another report was awaited and that maps must be prepared to show the location of the existing schools so that they might determine where the model schools should be constructed. In reply to my resolution the Hon'ble Mr. Hornell said :—'The Inspector of Schools in the Presidency Division is now having maps prepared of the whole of the Calcutta municipal area showing what schools there are, both primary and secondary, and indicating on this map with reference to the population, what primary schools should be erected, when funds are available.' That was in the year 1917-18. A copy of the report is now in my hands, but I have not got the plan although this report says that the plan accompanies the report of Mr. Dunn who was Inspector of Schools, Presidency Division, in 1918 when he wrote the report just one year ago. He says that in addition to the informations contained in that communication there were certain maps compiled by the Survey of India Office showing the location, etc., of these schools. It will be seen that this second report was prepared by Mr. Dunn and submitted to Government last year with the map. Mr. Hornell assured us that he was arranging for a survey showing the different places in which the schools are situated. The Government seemed to be anxious to take up the matter in right earnest as soon as informations were forthcoming. All informations were collected last year. But unfortunately nothing has practically emerged from the Government assurance. I do not know when something practical will be done. And therefore I have returned to my subject this year and whatever may be the fate of this resolution—we all know what fate awaits it—I still think it my duty to press the resolution to the attention of Government. But before doing so, I will also place certain other facts before them. Here in Calcutta we have got a population of 896,000. Out of that, 15 per cent., that is, about 135,000 are of school going age. Forty eight per cent. of the latter are at present receiving their education in Calcutta. And I am glad that Mr. Dunn mentions in his report that the credit of giving education to these boys is due to private enterprise of public-spirited individuals. When a responsible officer of Government states that it is entirely due to private efforts and private enterprise then I think the people of Calcutta might take some credit and ask the Government for more help. How far the public can proceed? I find the Government grant is only Rs. 32,600, and the Corporation grant is Rs. 66,000 besides remission of rates to school premises. It will therefore be seen that the Government grant is deplorably inadequate. Turning to the report again I find some very interesting statements. Mr. Dunn has found that there is a laudable demand for education by the people of Calcutta—by the lower class population. The report says that the working class people are very anxious to get some sort of elementary education and that is a very hopeful feature. Mr. Dunn also states that out of 521 primary schools in Calcutta 169 are *maktabs* or primary schools for Muhammadans and that the Muhammadans are also very anxious to extend primary education. These schools although aided by Government depend on subscriptions from local people. These schools are without control although Government grants Rs. 32,000 for their aid and the fees realized by them amount to Rs. 70,000. There is a Sub-Inspector for these schools but he visits them once a year only and the ward Commissioner reports once a year how they are conducted before the Corporation grants their aid. These schools are started in a perfunctory way by pandits here and there and

*Resolutions.*

*Mr. Carter.*

they are never conducted in an efficient manner. As regards teachers, out of 711 teachers 586 are untrained and I find from Messrs. De and Roy's report that they get even lower salaries than menial servants, only Rs. 7 or 8 a month and they can give lessons only in বর্ণপরিচয় etc. There is hardly any other training in these schools. Another difficulty is this. Out of 135,000 boys only 65,000 receive some sort of education in some schools; 69,000 go without any education. And if my hon'ble friend Babu Surendra Nath Roy's Bill becomes law and its provisions are extended to Calcutta then these boys must receive compulsory training. Therefore it will be seen that there is an urgent need for provision by Government. Of the boys who receive education I find that about 36,000 only are comparatively better instructed in secondary schools where there are more efficient primary classes, as in Metropolitan College, City College and other institutions where there are better qualified teachers. The remaining 29,000 receive only a sort of *namka waste* education which is very unsatisfactory. Mr. Dunn says in his report that the condition of these schools for 29,000 boys requires immediate improvement and this is a matter of great urgency. He also suggests the creation of new schools for those who are not receiving any education at all. It will be thus seen that the question of providing funds for the improvement of primary education in Calcutta can no longer be deferred. It may be said and it has often been said that the Corporation should take up this task. As Sir Charles Allen observed and as has been observed in the Corporation debates that although the Corporation have recently agreed to share in this task, it is not part of their duty to do so. The Calcutta Municipal Act lays down certain statutory obligations on the Corporation. But this does not come under these obligatory duties. There is what is called a discretionary clause under which the Corporation can, if funds permit after meeting the obligatory duties, devote surplus funds towards objects of public utility. When this provision was being discussed in Council I think no less an authority than Sir Alfred Croft laid down that the duty of contributing towards education did not come within the purview of the Corporation. I think Sir Gurudas Banerjee moved a motion to the effect that as the suburban municipalities which were going to be incorporated with the Calcutta Municipality, paid Rs. 3,000 to some patshalas, that sum should now be paid by the Calcutta Corporation towards education in the suburban areas. The Council after some discussion agreed to the proposal. That sum of Rs. 3,000 has become one lakh at the present day. The case of Bombay is cited. But in comparison with Bombay our case is quite different. Bombay maintains well conducted primary schools and spends Rs. 6,93,000 towards education, but my Lord, Bombay, in addition to rates and taxes, has got an extra revenue which Calcutta has not. From town duties alone Bombay gets 20 lakhs of rupees. Then there are the excise duties from which they get Rs. 1,44,000 and from other duties Rs. 3,71,000. It will therefore be seen that while Bombay gets about 26 lakhs of rupees over and above their income on rates and taxes, Calcutta gets nothing. If we are to spend anything outside our statutory obligations we must in the absence of an extra revenue impose additional rates. That will not be fair to the population of Calcutta. The Government should contribute substantially towards this object or surrender some revenue and that was also the opinion of an eminent member of the Civil Service who, if he were alive to-day, would have occupied a seat on your Excellency's right—I mean the late Sir Charles Allen. The Corporation is prepared to share the burden with Government, but the Government should make substantial contribution at least—

[The Hon'ble Member having exceeded his time limit, resumed his seat.]

**The Hon'ble Mr. Carter** said:

My Lord, I am not quite sure that the Hon'ble Rai Radha Charan Pal Bahadur is justified in making the suggestion contained in the second part

*Resloutions.*

*Sir R. N. Mookerjee.*

of his resolution which is that the provision of Rs. 6,30,000 for building nurses' quarters at the Medical College Hospital should be taken away for the purpose of giving effect to the suggestion made in the first part of his resolution. The position as regards house accommodation for the nurses at the Medical College Hospital has already been explained fully by the Hon'ble Sir Henry Wheeler, but I notice that the Hon'ble Member still wants, from the wording of his resolution, to cut down the sums allotted for this purpose. No less than five resolutions at this meeting aim at reducing this grant. I do not know that I am very much surprised at this as for some time now the non-official Indians of this city have never taken any great interest in this most deserving Institution—the Calcutta Hospital Nurses' Institution. Subscriptions towards this fund from my Indian friends are far below those contributed by the Europeans and yet the whole group of hospitals at the Medical College are for the relief of dying and suffering amongst the Indians. I can assure my hon'ble friend that the accommodation is really needed and I should like to say that there are now in the nurses' quarters exclusive of *dhais* 125 nurses and the quarters are so crowded that many of the smaller rooms contain two beds. In addition to overcrowding the quarters have not a sufficient number of bathrooms and other sanitary accommodation. It is not possible to find accommodation for a single extra nurse in the present quarters, and it is proposed shortly to construct a new Eye Hospital containing 175 beds as also to extend the Eden Hospital which is at present very greatly overcrowded. In addition to these there are the new Tuberculor Wards which are shortly to be constructed. The new Tuberculor Wards, the Eye Hospital and the extended Eden Hospital cannot be got into use until quarters have been built for more nurses. The nurses' duties are highly arduous and laborious and the work they are expected to perform in a tropical climate like this will entitle them to double pay elsewhere. Perhaps the Hon'ble Member has never visited the nurses' quarters at the Medical College to see the misery there with his own eyes. Had he done so I am pretty sure that no attempt would have been made on his part to reduce the sum budgetted for the building of their quarters. No arrangement to make the nurses willing to stay on should be questioned by anyone, least of all by those who from lack of professional knowledge are unable to appreciate their priceless services. I hope in the next budget Government will see their way to set aside a sum to improve the nurses' quarters at the Presidency General Hospital which also badly requires reconstruction.

**The Hon'ble Sir R. N. Mookerjee** said :

My Lord, I beg to oppose the motion not that I am opposed to the extension of primary education not only to Calcutta but to every corner of Bengal. I am an advocate of primary education and I think that it is essential to extend primary education throughout Bengal in such a manner as to enable us to keep pace with the progress of the world. I object to the method which my Hon'ble friend suggests to adopt to find money—I mean the sources from which he wants to draw the money. My Lord, I do not belong to the medical profession and therefore I am not an authority to say anything on the necessity of these nurses. My Hon'ble friend Mr. Carter, who is the President of the Calcutta Hospital Nurses' Institution, of which I am also a Member, has told the Council how necessary it is to provide accommodation for these nurses, but in my opinion a patient is more competent to give his opinion as to the best means of alleviating human suffering in the sick bed. It is universally admitted by the medical profession and by the outside public that since the introduction of this nursing system that human suffering or at any rate the mortality has been reduced to almost an irreducible minimum. Now-a-days a physician finds himself helpless to attend a typhoid or pneumonia case if there is no nurse to attend the patient. A surgeon also refuses to make a

*Resolutions.*

*Rai D. C. Ghose Bahadur.*

major operation if he does not find a nurse ready to help him. In these circumstances I am surprised that my friend has come forward with a proposition interfering with the provision of quarters for nurses who obviously mitigate human suffering. Calcutta has been very meagre in its supply of nurses to all the hospitals. Owing to the war Government I believe could not make sufficient provision for the construction of nurses' quarters for the last four years, and when Government have provided a good sum for completing these quarters, I am really amazed that a man of the standing of my Hon'ble friend, who takes such interest in the mitigation of the distress of the poor, should come forward and ask Government to postpone the construction of the nurses' quarters. Secondly, I am also opposed to his proposal of taking money from one item and devoting it to another. He must be aware as a Member of the Finance Committee that after great deliberation the Finance Department have allotted certain amounts of money to certain heads and to come forward at the eleventh hour asking for diversion of money is simply, to say the least, to bring the machinery to a standstill. Finally, my Lord, I think it is time that our countrymen should recognise that if we want to extend our primary education we must nationalise it. It will never make any progress or headway if we are dependent only on the doles of Government. The Calcutta Corporation, the Corporation of the premier city of India, should first take the lead and set an example of nationalising the primary education system. It is nothing for the Calcutta Corporation to provide 6 lakhs and I would say that the poorer municipalities have a stronger claim on Government in these matters than the Calcutta Corporation which is rich enough to maintain their own schools.

**The Hon'ble Rai Debender Chunder Ghose Bahadur** said :

"My Lord, I should take a different position from that taken up by Sir Rajendra Mookerjee. I think I ought to support the motion of my hon'ble colleague Rai Radha Charan Pal Bahadur—not that I deprecate the idea of constructing the nurses' quarters, but as a rule the non-official members have to indicate the source from which the funds required have to be taken and I think my hon'ble friend Rai Radha Charan Pal Bahadur found no other alternative than to fall on this allotment of 6 lakhs, which is rather an expensive grant. But having regard to the fact that there had been no appeals in this Council for the construction of such quarters and that there had been repeated appeals in this Council for the extension of primary education, it is somewhat extraordinary that Government find their way to allot the whole sum necessary for the complete construction and equipment of the nurses' quarters and are not content to make an allotment for a partial construction of these quarters this year, leaving the completion of it to the succeeding year. I am a little familiar with the working of the Hospital Nurses' Institution, and therefore I am not one who is wanting in appreciation of the benefits arising from the labours of the nurses belonging to that institution. A remark has been made by the Hon'ble Mr. Carter about the want of support by the Indian community to this institution. The remark is quite true that the Indian community as a whole have not actually supported this institution, and the reason for it is clear. The Hospital Nurses' Institution has to bring its efforts to the knowledge of the people of the Indian community who ordinarily do not avail themselves of medical aid in hospitals. Our people from the lowest to the highest refuse to go to the hospital, and that being so they cannot imagine what benefits the nurses can give to the patients in hospitals. The efforts of this institution would have been brought to the knowledge of the Indian community if calls for attendance on sick patients at their homes had been responded to. But I can say that the nurses of this institution do not go for attendance at the residences of members of the Indian community. There might be some social difficulties

*Resolutions.*

*Maharajadhiraja Bahadur of Burdwan.*

or other difficulties and I can quite understand why they are not sent out by the authorities, but there remains the fact that such nurses are not sent out to the residences of members of the Indian community, and that being so, the complaint of the Hon'ble Mr. Carter loses much of its force. What I suggest, my Lord, is this—that half the amount which has been budgetted for the Hospital Nurses Institution this year may be allotted for the actual construction of the building and the rest next year. We know that the cost of a building this year would be much more than the cost of a building next year, owing to the present abnormal rise in the price of all sorts of building materials. It would certainly be an economy if you do not spend the whole of this 6 lakhs this year, and therefore I would pray to your lordship that a certain portion of this money, say a sum of 1 lakh or 2 lakhs, and a certain sum from the grant-in-aid for education might be devoted for the purpose of starting primary schools in the town of Calcutta. If the Hon'ble Sir R. N. Mookerjee had honoured the Corporation with his presence he would have probably seen that the Corporation are not wanting in their duty and that they have certainly been doing their best unaided for the last 10 years, and that although Sir Charles Allen and his successors tried to do something in this direction, I may mention that only this year during the Chairmanship of the Hon'ble Mr. Payne a sum of 5 lakhs has been earmarked in the budget for the promotion of primary education in Calcutta. The true difficulty is this—there is a certain want of earnestness on the part of Government in this matter of promotion of primary education. We have read and heard that elsewhere very lately. Whenever there has been any question about primary education, the reply has been that unless there are trained teachers you cannot have primary schools and that this is a matter for the Provincial Government and not for the Imperial Government.' When we come to the Provincial Government we are told that there are no funds : there are funds for every possible thing but there are no funds for this thing, and we are told on the eve of the constitutional reforms by one party that you cannot enlarge the franchise because there is no mass education. I appeal to your Excellency whether my Hon'ble friend Rai Radha Charan Pal Bahadur has been failing in his duty in bringing this question to your Lordship's consideration or whether he has been trying to do his duty. Nothing has been said as yet by any Hon'ble Member as to why we should not get in the matter of promotion of primary education in the city of Calcutta a certain decent sum from the sum of 33·86 lakhs for works in progress as we find in the budget. That being so, I think that Government will feel some difficulty in not allotting a sum equal to what the Corporation has earmarked, that is a sum of 5 lakhs of rupees for the promotion of primary education in the city of Calcutta. The Hon'ble Mr. Wordsworth who wants that the purse strings of Government should be held very tight has found to his satisfaction that a sum of over .8 lakhs of rupees has remained unexpended when the year came to a close. I think better consideration of the educational needs of the province would have enabled him to expend the whole of this balance, and I think that if he will place himself in the position of an inhabitant of this place he, instead of counting his days for pension and retirement, would have sympathised with us and would have done something better than what he has done.

The President said :—I think it would be a convenience to the Muhammadan members if we take the adjournment now.

(AFTER LUNCH.)

**The Hon'ble Maharajadhiraja Bahadur of Burdwan** said :—

My Lord, the Hon'ble Rai Radha Charan Pal Bahadur has brought to the notice of the Government the question of the extension of primary education in Municipal Calcutta, and he has given a history of the activities of the

*Resolutions.*

*Maharajadhiraja Bahadur of Burdwan.*

Corporation and its Chairman and members from time to time drawing the attention of Government on the subject. If I have caught him aright, he begins by saying that an early speech of Mr. Hornell really drew the serious attention of the Calcutta Corporation to the subject. Then he refers to certain matters which the late Sir Charles Allen, Sir Archdale Earle and others had expressed on the subject in the Corporation. I think that so far as his case regarding the proposal that Government should make a grant of Rs. 5 lakhs is concerned. I do not think that at the present moment he has been able to make out a strong one at all. On the other hand, of course, he is justified to a certain extent in complaining that he is not aware what action has been taken on the subject of Mr. Dunn's report on an exhaustive survey of the question of primary and technical education in the city of Calcutta. First of all. I shall take the point about Mr. Dunn's report. I regret that there has been a good deal of delay in the department concerned regarding the taking up of this report. It is quite true that the date of the report is February 1918, and that practically a year has elapsed since the report was submitted, but there have been certain circumstances over which the Education Department had no control and, further, there has been this general question of primary education receiving the attention of Government which has. I may say to a large extent, been responsible for no departmental action having been as yet taken on Mr. Dunn's report excepting the fact that the Director of Public Instruction has informed the Chairman of the Corporation of the report and has also intimated the Government of it. The Government is awating the opinion and proposals of the Director of Public Instruction on Mr. Dunn's report. The hon'ble mover will admit that although there has been delay, Government must now await the report from the Director on the subject and send it on to the Corporation and stay action until the proposals of the Corporation are received.

I shall now deal with the question of the proposed provision of Rs. 5 lakhs on the part of Government, the Hon'ble Member himself knows that although the Calcutta Corporation, according to a subsequent speaker Rai Bahadur Debender Chander Ghose, has earmarked Rs. 5 lakhs for the purpose of the extension of primary education—and that information is no doubt gratifying to Government—there are no schemes ready at present, I think therefore that before Government could be expected to provide any funds in the budget it must have from the Corporation the information as to whether or how far they are willing to accept Mr. Dunn's proposals and on those proposals what they themselves propose to do for the extension of primary education in the city, because it may be quite possible that when they have considered Mr. Dunn's report they may find that the sum which they have earmarked may be quite inadequate, or that revised figures will be required. All these matters have got to be taken into consideration before one could expect Government to put in any figure in the budget. But on this point I may say that if during the current year the Corporation after hearing from Government officially on Mr. Dunn's report and after going into the thing thoroughly they bring forward before the Government a crystallized scheme for consideration, that later on we might possibly be able to give it a start say, by next year, and Government would then consider favourably the question as to whether or not it would be possible for Government to make a grant from the savings from the grants-in-aid, but at the present moment it is quite impossible for Government to hold out any promise or to put into the budget any definite figure. Moreover, I think the Hon'ble Rai R. C. Pal Bahadur must realize that we are about to go into the whole question of primary education on a voluntary basis if the Bill of Babu Surendra Nath Ray is passed into law which contemplates the provision of an adequate system of voluntary education; and that being so, I may say that Government is bound, in making any programme for the extension of primary education, to look into the claims of municipalities

*Resolutions.*

*Rai R. C. Pal Bahadur.*

and district boards first. I do not say for a moment that Government does not propose to consider favourably the question of primary education in this city, but as Sir R. N. Mookerjee has very rightly pointed out, the poorer municipalities and urban areas should, I think, have prior claim in this matter. As I have already said, when Mr. Dunn's report has been sent on officially to the Corporation and the Corporation has considered the proposals carefully, I am quite prepared to look into the matter and see if it be possible, say this time next year, to contribute something towards it. But as things are at present, while I regret the delay on the part of the department concerned in going into the merits of Mr. Dunn's report and proposals, there being no proposals of the Corporation before Government, Government would not be justified in making any provision in the budget, and I think also that the Bill of Babu Surendra Nath Ray and the effect it has on municipalities at large should be watched. For these reasons I trust that the Hon'ble Rai Radha Charan Pal Bahadur will not press for his resolution. All that I can say is that Government are fully alive to the requirements of the City of Calcutta and it is for that very reason that they appointed Mr. Dunn to go into the question. It is to be regretted that the consideration of the report has been delayed, but there is no reason why it should not be gone into in the present year and that a crystallized scheme might be possible to work upon from the very next year. For these reasons, my Lord, I cannot recommend the Government to accept the proposal made by the Hon'ble Rai R. C. Pal Bahadur.

**The Hon'ble Raj Radha Charan Pal Bahadur** said :—

My Lord, I have listened to some of the criticisms on my resolution and the most courteous way in which the Hon'ble Mr. Carter has opposed my motion with special reference to my proposal to appropriate some of the money in connection with the nurses' institution deserves a courteous reply. I quite recognize the importance of the provision of quarters for nurses in connection with the Medical College. I was in the Finance Committee, when this matter came up, and I may say, if I am permitted to observe, there was some suggestion that the whole sum may not possibly be spent this year. This Rs. 6,30,000 comprises Rs. 4,30,000 for acquisition of land and Rs. 2,00,000 for building. From our experience in other public bodies with which I am connected, I may state that the acquisition of land cannot be done in the twinkling of an eye. It goes through a certain process and there is inevitable delay and I do not know whether it would be possible to acquire the land and construct the buildings, that is to say, to spend the whole sum of Rs. 6,50,000 during the next twelve months. I made this suggestion not with a view to curtail the expenditure but with a view to utilize the probable savings. This is my explanation. The proposal was not made in an unsympathetic spirit or in a spirit to deprive the nurses of the quarters which they well deserve, and I hope this explanation will be accepted by my hon'ble friend. As regards the observations of Sir R. N. Mookerjee I must say that I do not know what reply I should give. As regards the nurses I have submitted my explanation which covers also his observation with reference to my proposal. I suggested that a certain sum of money from the grant-in-aid for education be given towards primary education and Sir Mookerjee said that Government after considering all the needs had prepared the Budget. As far as I have been able to follow him, he does not think that a responsible member of this Council should propose any reduction of the allotment which Government have thought fit to make from the budget and suggest utilization in another way. My Lord, I have been for two generations associated with the public affairs of the city and I do not know whether any responsible member would be doing his duty shrinks from making a suggestion in moving a resolution that a certain sum of money may be appropriated from a particular head because Government have thought fit to allot that sum of money on that head

*Resolutions.*

*Maharajadhiraja Bahadur of Burdwan; Rai R. C. Pal Bahadur.*

It may be that the proposal as regards the appropriation from this particular head is not quite possible or feasible, but we non-official members are outside the Government machinery and if we do not suggest possible items from which appropriation may be made our resolutions will not be admitted, and if we are not to say anything on any item and to sit quiet and say "*Sallam* Sir, we pass the budget" then what is the good of holding these Council meetings. I do not think, my Lord, that is the experience of public life whether in your country or mine.

I am quite grateful to the Hon'ble Maharajadhiraja of Burdwan for the sympathetic way in which he has received the proposal and as your Excellency must be well aware during your short stay in this country that we Indians are very grateful for a little sympathy, whether it may prove substantial or not and, therefore, I am rather grateful to the Hon'ble Member for the assurance he has given. But, my Lord, I may be permitted to state that to a certain extent I have been justified in my observation that there has been such a long delay in this matter that one cannot help drawing the attention of Government to the urgency of the matter. I forgot to mention that the Corporation has earmarked Rs. 5 lakhs in anticipation of any scheme that may be prepared, but there is one thing in the speech of the Hon'ble Maharajadhiraja Bahadur of Burdwan: He says that the Corporation should prepare the scheme, but I find from Mr. Dunn's report that the Education Department will prepare the scheme, because they are in a better position to do so, and then the scheme will come up to the Corporation for consideration. That was the proposal, and I do not know whether it is now to be left to the Corporation to prepare the scheme.

**The Hon'ble Maharajadhiraja of Burdwan** said:—

May I explain? What I meant was this, that when the Government sends to the Corporation the proposals made by Mr. Dunn it will no doubt at the same time outline the scheme which Government thinks should be considered by the Corporation and that I think is what the Hon'ble Rai Bahadur Radha Charan Pal is aiming at. No doubt the scheme will be outlined by Government itself and not by the Corporation and it will then be for the Corporation to consider the proposals they receive from Government.

**The Hon'ble Rai Radha Charan Pal Bahadur** then continued:—

Now I quite follow it. I understand that the report will be forwarded with the proposals of the Director of Public Instruction to the Corporation. I hope, my Lord, that will be soon done, and then, I think, that during the next twelve months perhaps some progress will be made, and having regard to the present state of primary schools in Calcutta, I think, if some provision is made in the budget, there will be a possible chance of expediting the work or rather the education department would be compelled to bring the subject to a practical shape. This is another aspect of my proposal. Further, the Corporation has earmarked Rs. 5 lakhs without any scheme before them, and the amount of Rs. 5 lakhs which I have proposed is only an equivalent sum and nothing more, and if this sum is also set apart for the promotion of primary education in Calcutta, I do not think that will be spent at once, but possibly a certain sum of money will be available for a workable scheme within the next 6 months. It may be said—why should we so earmark Rs. 5 lakhs when the scheme is not before us? But, there is such a thing as transfer from one head to another or savings and utilization of savings. I do not think Government will be hampered in any way. If the amount of Rs. 5 lakhs is set apart and if the whole sum is not spent together with the Corporation money, I think Government will be in a position to transfer the savings to another item they may think fit. This is

*Resolutions.*

*Sir Henry Wheeler.*

important and it will have the effect of urging the Education Department to go on more expeditiously than they have hitherto gone in connection with this matter and that some practical results will ensue within a reasonable time during the next twelve months. I do not know whether I should press this motion, because I quite see the fate of this motion, but I am quite content to leave the matter in the hands of Government. I have done something, that is, I have drawn the attention of the Government and I hope this subject will not be allowed to lie pigeon-holed anywhere. I may be pardoned if I say tha Government may be charged with the same charge that the Corporation was charged some years ago—it is, of course, ancient history. Towards the end of seventies a very clever Secretary to Government who was always opposed to the Corporation—I refer to Sir Alexander Mackenzie—in this Council said : "the Corporation is an arsenal of delays and manufactory of speeches." May I not also say that the Government department is an arsenal of delays and manufactory of red-tape. I hope that now that this matter has been brought prominently to your Excellency's notice speedy progress will be made.

**The Hon'ble Sir Henry Wheeler** said :—

My Lord, there are two points on which there appears to be a misapprehension which I should like to clear up at the close of the debate. The first is with reference to the remarks which have just fallen from the Hon'ble Rai Radha Charan Pal Bahadur, that there will be no harm in reducing the allotment which has been made for the acquisition of land for the nurses' quarters, in so far, as I understand, that land acquisition proceedings ordinarily take time and therefore money to this large extent is not likely to be spent during the ensuing year. I think the Hon'ble Member forgets the fact, which as a member of the Improvement Trust he might have remembered, that we are taking up this land on the frontage of the avenue which has already been acquired by the Trust, and we can pay the Trust for it in one lump-sum by a cheque, a process that should not take an undue time, even in a red-tape Government office.

The second point has reference rather to an incidental issue, and I mention it, especially in the absence of the Hon'ble Mr. Carter, who, if he had been here, would probably have desired to challenge the implication made. I have not the slightest intention of going into the merits or demerits of the comparative subscriptions respectively made by the European or Indian community to the Calcutta Hospital Nurses' Institution, but I gather from the speech of the Hon'ble Rai Debender Chunder Ghose Bahadur, that he argues in extenuation of the allegation that adequate Indian help is not forthcoming, that the Institution is rather designed to supply private aid to Europeans which is denied to Indians. The facts are not so, and I think it should be made clear that they are not. I have here the report of the Calcutta Hospital Nurses' Institution for the year 1917, and I find that the Institution was founded in 1859 chiefly owing to the influence of Lady Canning, wife of the first Viceroy of India. *The main object of the Fund is to train and provide nurses free of charge in the leading Calcutta hospitals*, although it is true that the Lady Canning Home nurses are supplied at moderate charges for private cases. A few *dhais* are also maintained at the Eden Hospital for private work among Indian families. It is hospital nursing which is the main object of the scheme. When we turn to details, we find that in the Presidency General Hospital, as against the hospital staff which numbers 67, there are only 6 Canning Home nurses. Even as regards them it is mentioned in the report that these out-nurses nursed only 110 cases, and that many had to be refused especially in October and November when Canning nurses had to be employed on ward and night superintending duties owing to shortage of the hospital staff from illness and nurses leaving. When we come to the

*Resolutions.*

*Rai R. C. Pal Bahadur.*

expenditure on the Canning Home nurses we find 3 items totalling Rs. 7,817, against which we have fees from out-cases amounting to Rs. 8,541. Thus it will be seen that these out-nurses are apparently self-supporting. When we come to the Medical College, we find in the Medical College Hospital, Prince of Wales Hospital and Eden Hospital altogether 90 nurses, and no out-nursing staff except *ahais* who are employed in Indian homes. I think, my Lord, it is desirable to correct the misapprehension that the work of the Institution is primarily concerned with private European out-nursing instead of with the hospitals, in which European and Indian patients are nursed alike.

The resolution was then put and lost.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 19.

**The Hon'ble Rai Radha Charan Pal Bahadur** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that a provision of Rs. 1 lakh be made for water-supply and for the general sanitary improvement of the riparian municipalities in the vicinity of Calcutta ; and

(*b*) that the expenditure be met from the allotment of Rs. 33,80,000 for works in progress.

He said : —

" My Lord, in moving this motion I have to make one preliminary observation to make it clear. It is a very modest sum of Rs. 1 lakh that I have asked for and my object is that that sum may be given to the riparian municipalities by way of subvention for the improvement of water-supply and drainage for those municipalites. Looking to the history of the water-supply to the riparian municipalites I find, my Lord, that the long-thought of scheme of a combined water-supply has been before the Government for the last twenty years. I do not know where that scheme may be lying now—rather what has become of that scheme. This scheme was brought forward, as far as my memory goes, some twenty years before to enable the riparian municipalities in the vicinity of Calcutta to introduce water-supply in their area. I think it was estimated to cost about Rs. 30 lakhs. But very little attention has been shown to it in this Council. The Hon'ble Sir Syed Shamsul Huda, in the budget debate of 1916-17, in reply to the Hon'ble Babu Surendra Nath Banerjee, who referred to the scheme of water-supply to the riparian municipalites and who said that the municipalities concerned know nothing whatever as to what was going on, declared that nothing would be done without consulting the municipalities concerned. Again, in the budget debate of 1916-17, we were told that there was a large scheme, known as the riparian water-supply scheme and that details of that scheme were being worked out and that the report of the Sanitary Board was being awaited. The Bihar and Orissa Government have already established a water-board at Jherria. But here this scheme is being considered and re-considered over and over again and it has not yet taken any practical shape or effect. I think, my Lord, that something should be done in view of there being so much delay in maturing that scheme to help these neighbouring municipalities to improve their water-supply and drainage and also in view of the fact that the surplus population of Calcutta is moving in that direction. The operations of the

*Resolutions.*

*Rai M. C. Mitra Bahadur : Rai D. C. Ghose Bahadur.*

Improvement Trust and the operations of the Calcutta Municipality are displacing a large number of people. Having regard to this fact and also to the fact that there is a pressing necessity of improving the water-supply and drainage of the suburban area, I have moved the resolution.

**The Hon'ble Rai Mahendra Chandra Mitra Bahadur** said :

"My Lord, I wish to make a few observations in this connection. It is a known fact that the supply of filtered water to the riparian municipalities is a great advantage to them who have to reside there. Malaria, cholera, etc., have now been stamped out by the introduction of water-works. If your Excellency refers to municipalities on this side of the river in the vicinity of Calcutta your Excellency will find a desire for filtered water prevailing to a great extent among the people. The matter was brought to the notice of the Government several times and the Sanitary Engineer, I am told, have prepared schemes for water-supply. But these schemes have not been operated upon and nothing has yet been done. My submission is that early steps should be taken to give effect to these schemes. The Hon'ble mover of the resolution has asked for a grant of Rs. 1 lakh. I submit it is a very small amount. But whether small or great the question before the Council is that the riparian municipalities should be provided with a supply of filtered water. The question, as my hon'ble friend pointed out, was proposed twenty years ago. Even before that the scheme was considered but nothing definite was done. Some riparian municipalities who have independent means have been able to provide water-supply without the help of Government, but others have been left in the dark. As the question has now come before the Council I think Government should lose no time in giving effect to the scheme. If the scheme is not a general one I submit to your Excellency's Government that they will take the matter up in right earnest. All that I can say from the weight of my limited experience is that if the scheme is to be in operation many diseases will be stamped out and even malaria would cease to exist. My Lord, I think there ought to be a scheme for the supply of filtered water within the jurisdiction of District Boards. I myself thought out a plan in this connection and, if the scheme which is now under the consideration of Government, I am sure that the days are not distant when all the villages and towns in Bengal will be supplied with filtered water, and if this is done I am sure that malaria and other diseases will go away for ever. With these words I beg to support the resolution."

**The Hon'ble Rai Debender Chander Ghose Bahadur** said :—

"My Lord, I will not take up much of the time of the Council and that for one reason. I have no exact knowledge of affairs of the riparian municipalities except in the 24-Parganas. I would, therefore, confine myself to one particular point. If these riparian municipalities were to get a supply of filtered water it will not only be of help to the people in those localities, but also a great relief to the residents of Calcutta. At the present moment we have to sell a good portion of our water to these municipalities. It is not a case of voluntary sale, but we are commanded by the Government to do so. Of course we get a price, but it is also a fact that we do not sell the water of our own accord. We have got a great need for water ourselves. My Hon'ble friend, Mr. Phelps, may not feel the want of it as he lives in the southern portion of the town, but those who live in the northern division feel the insufficiency of water-supply. That has been a grievance with our people, but I am glad to say that the Chairman of the Corporation and many of the Commissioners are alive to it. It stands to reason that these riparian municipalities on the river Hooghly, or very close to it, should have their own machinery for the supply of filtered water and they should discontinue having filtered water from the

*Resolutions.*

*Babu S. N. Ray.*

Calcutta Corporation. I do not know whether the grant of Rs. 1 lakh will be a substantial help in forwarding this project. Probably the Hon'ble Member has mentioned this sum for the consideration of this Council, showing the necessity of getting the riparian municipalities to combine to have their own water-supply. I beg to support the resolution."

**The Hon'ble Babu Surendra Nath Ray** said :—

"My Lord, I should like to say few words with reference to this resolution. My Hon'ble friend, Rai Radha Charan Pal Bahadur, is probably under a misapprehension when he said that there has been a scheme—a matured scheme—for the last twenty years. A scheme was prepared only about four years ago, and that scheme was matured through the kind exertions of the President of the Sanitary Board—the Hon'ble Mr. Stevenson-Moore ; and by that scheme we wanted to supply all the municipalities from Cossipur-Chitpur up to Kanchrapara—there are about 13 to 14 municipalities—and the original cost of that scheme was estimated to be at least Rs. 35 lakhs, and now it is estimated to cost about Rs. 43 to Rs. 44 lakhs. There was a conference of mill-owners on the east of the river Hooghly as well as some of the leading municipal Commissioners and Chairmen of municipalities and some of the members of the Sanitary Board under the Presidentship of the Commissioner of the Division, Mr. Lang. At first the mill-owners wanted to co-operate with the Government in this riparian scheme, but on account of the war nothing happened. In the meantime the number of mills increased and the mill-owners installed their own machinery ; and in Garulia, Jagadal. Bhatpara and in Naihati, the mill-owners set up their own machinery and supplied the people of the locality with their own water. So the original scheme which would have cost about Rs. 35 to Rs. 40 lakhs cannot be given effect to. It is only in municipalities from Cossipore-Chitpur up to Barrackpore that we can give effect to a portion of the scheme. So it is no doubt a fact that we wanted to bring the scheme as early as practicable to the notice of Government, and in fact a draft Bill was ready, but on account of the war nothing could be done. But now it would be impossible to give effect to the original scheme, having regard to the attitude of the mill-owners. Probably it is not a fact known to my friend that most of the municipalities from Garulia up to Naihati are managed by mill-owners, and it is the mill-owners who supply filtered water in many places not only to their own workmen but also to the people of those localities. Even if the scheme be revised and a new scheme be prepared, designed to supply filtered water to the municipalities from Cossipore-Chitpur up to Barrackpore, that scheme would, I think, cost no less than Rs. 35 lakhs, and the grant of Rs. 1 lakh to these riparian municipalities would mean a drop in the ocean. Of course, it will be for the Sanitary Board to approach Government with this modified scheme, and now that the war is over it is probable that Government will also be able to help us with some money, and then it will be necessary for us to find out the ways and means. The Calcutta Corporation has always been a very conservative Body—at least that has been my experience of the institution. My Hon'ble friend told us an ancient history. I have also some ancient history to tell. It is about eighteen years ago that I was Vice-Chairman of the Garden Reach Municipality and a Commissioner of the Calcutta Corporation. The Garden Reach Municipality wanted filtered water very badly. I moved a resolution in the Calcutta Corporation to supply the Garden Reach Municipality with filtered water. But the attitude of the Commissioners was anything but friendly and it was only through the help of the then Chairman, Mr. Bright, that the Garden Reach Municipality was supplied with filtered water, and then a clause was inserted in the Bill of 1899 that some of the municipalities in the neighbourhood of Calcutta would get a supply of filtered water from the Calcutta Corporation—I think it is section 278 of the Calcutta

*Resolutions.*

*Maharajadhiraja Bahadur of Burdwan; Rai Radha Charan Pal Bahadur.*

Municipal Act. That gave power to the Government to order the supply of filtered water to the neighbouring municipalities. Some of the municipalities have already been supplied with filtered water by the Corporation; and they are the South Suburban, Tollygunge and Cossipur-Chitpur municipalities, because these municipalities agreed to take a certain quantity of water. But now on account of filtered water being appreciated by other municipalities, the demand on the Calcutta Corporation is daily increasing, and what is the result? The result is that instead of charging four annas per thousand gallons as they used to charge before, the Calcutta Corporation is now charging six annas, not only for the excess quantity but also for the agreed quantity; I do not suppose that the supply of water of the Calcutta Corporation is unlimited, but still they have got to supply the neighbouring municipalities with water. Therefore, I think, that the Government might consider the desirability of supplying the Calcutta Corporation with new pipes so that these neighbouring municipalities might be supplied with a larger quantity of water and the charge which the Calcutta Corporation is now making be reduced to four annas per thousand gallons as before.

**The Hon'ble Maharajadhiraja Bahadur of Burdwan** said :—

My Lord, the Rai Bahadur at first sight appeared to be approaching this subject with a very charitable intention towards these riparian municipalities, but now that he has let the cat out of the bag I gather that the real object is that the Calcutta Corporation should be relieved of the amount of water they have to supply to these riparian municipalities. Hence this resolution. Government have not been idle over this matter. I do not know of any old scheme which perhaps the Rai Bahadur who generally has a weakness for looking up old reports might have come across; we only know of the scheme that was prepared a few years ago by Mr. Williams and regarding which reference has been made by the Hon'ble Babu Surendra Nath Ray. That matter has been before the Sanitary Board and, I believe, it is still before them, and has to be taken up again. The question is this: There are quite a number of these municipalities, regarding which Government have prepared a large water-supply scheme, the cost of which comes up roughly to about Rs. 36 lakhs, and of this, the share of the municipalities concerned is estimated at a little over Rs. 9 lakhs. Of these municipalities two have declined to join—one municipality has said that it cannot afford to take advantage of the scheme. Then, we come to the mill areas to which some reference has already been made by the Hon'ble Babu Surendra Nath Ray. We find that a number of these mills have got their own arrangements for water-supply and are therefore strongly opposed, because they fear that water-tax will be levied on them in spite of their having their own water-supply. We have thoroughly gone into the question, but so far have been unable to meet the mill-owners so we have again referred the matter to the Sanitary Board whose views are awaited. That being the case, I think it must be apparent to the Hon'ble Members present here that to ask to provide Rs. 1 lakh, when there is no definite scheme before us and when no particular municipality has been specified, would be not only futile, but, if I may say so, absurd. That being so, my Lord, I do not think that any case has been made out for which the Government should make a provision of Rs. 1 lakh for the improvement of water-supply to the riparian municipalities, and I cannot, therefore, recommend to Government the acceptance of this resolution.

**The Hon'ble Rai Radha Charan Pal Bahadur** said :—

My Lord, I have listened to the observations made by the Hon'ble Maharajadhiraja Bahadur of Burdwan. He thinks that the cat is out of the

*Resolutions.*

*Rai R. C. Pal Bahadur.*

bag because the Corporation wanted to be relieved of the obligation for the supply of water to the neighbouring municipalities. I think, my Lord, that was not letting the cat out of the bag, because it is well known,that the Corporation desire to be relieved of the obligation and that, although they are willing so far as practicable to help the neighbouring municipalities with their limited resources, they think that we must press the Government to bring the scheme to a head. Of course I do not want to quarrel about the age of the scheme. I would not care how many schemes have been superseded or not. The question is one of combining these municipalities into one for the purpose of promoting a water-supply scheme as was proposed in 1878. If my hon'ble friend would look into the proceedings of the Legislative Council of the year 1878, he will find that the scheme was proposed in Sir Ashley Eden's time. This subject is as old as 1878 and probably older. I distinctly remember, and I am speaking from my memory that the scheme was started in Sir Ashley Eden's time when the Hon'ble Mr. Mackenzie was the Municipal Secretary, and the Government insisted on the Calcutta Municipality supplying water to the neighbouring municipalities. Though the Corporation are supplying water their resource is limited. I know, of course, that Rs. 1 lakh is merely a drop in the ocean considering their needs. I have explained that I have suggested that amount only to bring the matter to the attention of Government who may see the necessity of doing something to provide riparian municipalities with an efficient water-supply. That is the reason that I have mentioned this sum.

The resolution was then put and lost.

## APPENDIX TO THE LIST OF BUSINESS—ITEM No. 22.

**The Hon'ble Rai Radha Charan Pal Bahadur** moved the following resolution :—

This Council recommends to the Governor in Council—

(*a*) that a grant of Rs. 1 lakh be made in favour of District Boards and Municipal Charitable Dispensaries for the introduction of the Ayurvedic system of medicine, and

(*b*) that the amount be met from—

(*i*) the provision of Rs. 45,000 for the Press Censor under the general administration charges, and

(*ii*) the balance from the general reserve of Rs. 2 lakhs for unforeseen charges under 32—Miscellaneous.

He said :—

My Lord, with reference to this motion, I understand that some of the municipalities and district boards are inclined to take up this matter themselves, so there is no need for me to move this resolution. They have expressed a very laudable desire, but I do not know how far the desire will be fulfilled. But I should like to wait and see the result. But I think the sum of Rs. 45,000 for the provision of Press Censor may be utilized otherwise, as I understand the Press Censorship has been abolished, and there is no need for this sum now.

*Resolutions; Adjournment.*

*Sir. Henry Wheeler.*

**The Hon'ble Sir Henry Wheeler** said :—

I may remind the Hon'ble Member that this sum has already been allotted on the resolution of the Hon'ble Babu Ambika Charan Mazumdar.

The resolution was then, by leave of the President, withdrawn.

## ADJOURNMENT.

The Council was then adjourned to Thursday the 27th March, 1919, at 11 A.M., at Government House, Calcutta.
